FOX VALLEY SECTION

MERRILL STEEL

COMPLEX FABRICATION

The American Welding Society Fox Valley Section would like to invite you to join us in a tour of Merrill Steel

From Merrill Steel:

For more than 60 years, Merrill Steel has grown to meet the unique needs and ever-changing demands of the steel fabrication industry. Now as we enter our third generation of family ownership, we are proud to be a leading supplier of complex structural steel and heavy plate fabrication. Our customers rave about our fully-integrated engineering, detailing, project management, fabrication, delivery, and erection services.

With nearly one million square feet of combined fabrication and production space in the US, we stand out from competitors by building quality and efficiency into everything we do.

Merrill Steel offers our customers a commitment to quality and a promise of superior performance, durability, and satisfaction. Our efficient processes and the benefit of owning our own shipping company ensure unparalleled speed to completion. All of this means we save you time and money on top of delivering the highest quality product.

When: Thursday, November 12th tour to begin at **1:30**

Where: 900 Alderson Street Schofield, Wisconsin
