THE WHITE HOUSE

WASHINGTON

August 20, 1990

Dear **Mrs. DeLeon,**

Thank you for your recent letter to the White House regarding Special Assistant to the President Doug Wead.

Over the years Doug has been a valuable member of the President's team and has served him faithfully. For several months, however, Doug has been discussing with a variety of people, and specifically with me, his decision to leave his White House position to pursue other avenues. During that period of time, several options were presented to Doug and discussed.

A short time ago, a mutual decision was made that Doug would end his tenure here as of September 1. Both Doug and others here recognize that there have been rumors and innuendos regarding his decision to leave. None of these have any basis in truth.

The President has named Ms. Lee Ann Metzger as Special Assistant to the President for Public Liaison. Lee Ann shares your values and concerns. You will find that she brings a wealth of experience to the job and will be a valuable addition to our team.

Thank you again for taking the time to write and share your thoughts with us.

Sincerely,

Andrew H. Card, Jr.

Deputy to the Chief of Staff

President George Bush,
The White House,
Washington, D. C. 20500

Dear President Bush:

We want to express our disagreement with your firing of
Doug Weed from his position in your administration.

We have actively supported you since you first ran for the
U.S. Senate and visited McAllen. However, we feel that you
are turning your back on we Evangelicals and those who have
supported you so strongly.

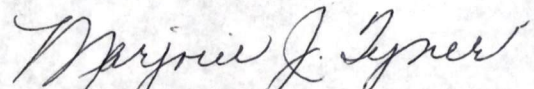

We hope we are wrong but it seems that the homosexuals and
other small groups are winning your support at the expense
of Christian believers.

We sincerely ask you to reconsider this decision and return
him to his former position.

Sincerely yours,

Max R. Tyner

Dear Mr. President:

I am writing to register my strong disagreement with firing of Mr. Douglas Wead. It is my understanding that he was released from his job as Special Assistant to the President for Public Liaison because of his criticism of the invitation to homosexual activists to attend the signing ceremony for the Hate Crimes Act. I feel Mr. Wead was voicing the opinions of many Americans who were very disappointed to see homosexual representatives invited to the White House for the first time by a President who stands for and practices traditional family values.

I believe it was a mistake for members of your staff to fire Mr. Wead who has demonstrated loyalty to you over the years. It does not give conservative Christians, such as myself, much confidence that we are being listened to when a strong Bush supporter is fired for expressing our views. We overwhelmingly

supported you in 1988 and the homosexual community did not do so. They will not support you in 1992 and our support will be important to your reelection.

Despite this disagreement, I pray that God will bless you and your family and give you the wisdom and courage to lead this great nation during these important times in our and the world's history.

Respectfully Yours,

We respectfully request that you reinstate
Mr. Doug Weed as your liason to the

It is our opinion that he has been a real
asset to your staff, and that he has done
an excellent job as your liason to the

We urge you to please give Mr. Weed an
opportunity to finish the job you assigned him.

We shall continue to pray God's protection

Dear President Bush:

I wish to comment on your recent termination of Mr. Doug Wead, Special Assistant for Public Liaison. I feel that this firing was unjustified and something that would warrant your reconsideration.

I feel that you have been a very efficient and effective President thus far. However, I know that at times decisions are made perhaps you would like to recall. I am asking that you relook the termination of Mr. Wead and I thank you for taking the time to do this.

Dear Mr. President:

First let me compliment you on the job that you are doing for our country. I feel that you have made a strong and effective President and that as a whole you do have the entire nation's best interest at heart.

However, I must find fault with your recent firing of Doug Wead, Special Assistant for Public Liaison. Mr. Wead has done an excellent job and I feel that your terminating him was a mistake.

May I ask that you kindly reevaluate Mr. Wead and reinstate him to his position of Special Assistant for Public Liaison. I thank you for your time and cooperation in this matter.

Dear President Bush,

We would like to express our disappointment at the firing of Mr. Doug Wead. It has been said that we will approve of your choice that will replace him. What if this new person finds himself or herself in the same position as Mr. Wead? How could you think that firing Mr. Wead was the acceptable decision?

We have heard that you welcomed homosexuals to the White House for a ceremony. It seems your stands on these issues have certainly changed from the "traditional" viewpoint.

1 Corinthians 6:9 "...Neither the sexually immoral nor idolaters nor adulterers nor male prostitutes **nor homosexual offenders**....will inherit the kingdom of God."

We are in our early twenties and you have seriously hurt your political party with all your recent decisions. You support art that is pornographic and blasphemous, the situation with Mr. Doug Wead, and you certainly haven't done much with the killing of babies in abortions.

We would hope that you make known your stands on all of issues by acting on them. We know that it is difficult with everything else that is expected of you, but these are the issues that concern us. We do expect to have our government listen.

Thank you,

Dear Mr. President,

The firing of Doug Wead was uncalled for. Who is in control over there. Does the Gay-Lesbian movement have ~~the~~ enough pull to get this evangelical Christian off the staff?

We will be looking at these things come election time. Mr Bush you are in my prayers. May God give you the guidance you need.

Dear Mr. President:

I am writing to protest the firing of Mr. Doug Weed from his assignment as a Special Assistant to the President. Does he not have a right to think and make a decision based on his considered judgment, or does a person in that position have to be a "yes" man?

Even as a registered Republican I respect the statement made by President John F. Kennedy--"Ask not what your country can do for you, but ask what you can do for your country." Was the evidence weighed before making the decision to fire Doug Weed? What has Doug Weed done for his country? What have the homosexuals done for our country? The second answer is easy--they have given us a needless epidemic of staggering proportions which is costing the taxpayers of our country billions of dollars, and costing the lives of countless numbers of innocent people (even their own loved ones for whom they have no concern).

Your reconsideration of the dismissal of Mr. Weed is urgently requested!

Dear Mr. President:

I am writing this letter to you with regard to Mr. Doug Wead, the former Special Assistant for Public Liaison. Mr. President, I feel that you have committed an error in allowing the removal of Doug Wead from his position. A person should not be made to leave his position because of his beliefs and opinions, this is a violation of a person's rights; I believe that people should be used like Mr. Wead because we need someone in government who has an moralistic and objective opinion. I believe that you should see that Doug Wead is reinstated to his position of Special Assistant for Public Liaison.

Thank you for your time in reading this letter, and I would greatly appreciate your cooperation in this matter.

Dear Mr. President,

I am so sorry to hear that Doug Theod has been fired.

I feel that through him we with traditional values were able to have a voice and he was our only liaison with the White House.

He is such a fine person and was doing a remarkable job and I cannot understand what brought about this action.

I know you are a concerned President and are interested in the opinion of the people, so I decided to write.

Thank you.

Dear Mr. President,

I am writing to you about the recent firing of Doug Wead, Special Assistant to the President for Public Liaison. I strongly disagree with this action and frankly am worried about your support of Christian Conservative values. I am curious as to why you would blatantly oppose the opinions and values of the large group of voters who put you into office? I am afraid that your advisers are really your adversaries and are interested in furthering their own agenda. If this is not so, then you are politically blown with the wind and not the man of firm commitment that I voted for President. I feel betrayed.

My hope is that you will reconsider the decision to fire Doug Wead and restore my faith in the word of a Politician. Do not turn your back on the very people who voted you into office. The gay activists did not vote for you in 1988 and probably will not in 1992. I intend to talk to my church, inform them of this and encourage them to get involved in the political process. We must keep elected officials accountable for their vote and actions. In the long run, elected officials will be able to vote their conscious, knowing their constituents stand behind them spiritually and vocally.

YOUR JUDGEMENT ON DOUG WEEDE MATTER.

Re: Dismissal of Doug Wead

Dear President Bush:

This is to protest the unwarranted dismissal of Doug Wead from his White House post. It is hard to believe you could issue such an affront to the evangelical constituency as you have by allowing Mr. Sununu to dismiss him for his stand against White House recognition of the homosexual pressure groups.

I will find it very easy to vote for ANY Democratic candidate in 1992 if you continue to disregard the Christian constituency.

Dear President Bush:

I know your mind is on the Middle East now, but I hope you will look into the firing of Doug Wead. I am appalled at all the so-called Gay rights! It is disgusting to say the least, and now to have our government bowing down to these so-called rights!

If aids had been treated as the plague that it is, we would not have the epidemic we have today. By the year 2000, half the population will have it. It is worse than a war, and yet it goes on killing our people, and now our children and babies.

I had hoped you would stand up for our rights; moral rights, family rights, and save America, because without these rights our country will be destroyed.

Their rights are to live immoral lives and spread aids like the bubonic plague. Unless aids is teated like a plague and people are isolated when it is discovered instead of letting them work on and with other people, it would not be out of control.

Doug Wead is a man of morals. It was our understanding during your election that the party was for moral rights, but we are seeing a different picture portrayed lately. I hope you will take the time to look into the matter as it is important to us all.

To my President,
I felt inclined to write this letter in
response to the firing of Doug Weeks by
Bobbie Hilbey that is under your authority.

I have heard that the dismissal was
based on his moral stance against the
gay community and they had some influence
in his firing. I am a firm believer in
equality in relation to race, color, religion.
But I feel a wave pushing toward homosexuality
to be forced upon the people because of their
growing influence. Right is right & wrong is
wrong however many votes they can produce.

I ask that you would consider firing
Bobbie Hilbey and replacing him with
a Godly man, perhaps Doug Weeks.

If rumor is wrong about this whole
situation I beg every one's forgiveness.

I don't know how you feel about God
and his Son but I believe that the farther

the lower we will become. I realize many, if

I am deeply saddened by the news of Doug Wead's dismissal. If news reports are correct and Doug was dismissed as a result of lobbying efforts by Nat'l gay and lesbian rights contingencies, then I am doubly saddened for our country.

Please ask Roger Porter to look at civilizations whose moral decay had reached a point where there was acceptance of homosexuality. I think you will find this information conclusive.

Mr. President:

I read in the paper today about the firing of of Doug Wead. (I know it said resignation. We know the pressure put on in the business world.)

It seems the wrong people left. It's a "big" black eye on your administration to invite any gays to any meeting. They didn't vote for you last election and they won't the next. What's more they are a minority group and the only power they have is a loud mouth so they can be heard.

It seems Doug Wead ~~on~~ was one of your best one of the few with guts. You need to surround your self with that kind not with people who invite the wrong crowds, or wrong advice.

You've done a fair job so far in a troubled time, I hope you keep up good works so that I will be able to vote for you again.

Weed

Dear President Bush,

I am writing in regard to the firing of Doug Weed from your administration. We have heard that he was fired because of his opposition to some Gay Rights Groups being invited to the White House.

Mr. Bush, a lot of us conservative Christian people helped elect you to office, because we felt that you more clearly represented our beliefs than did Mr. Dukakis. And also I believe that most of these homosexual individuals supported and voted for Mr. Dukakis, not for you Mr. President.

We conservative Christians represent about 50 million people in the United States. The homosexuals probably number about one million. Is it worth alienating us in order to cater to this small, but very vocal minority? They probably will not vote for you anyway when you run for re-election.

We also do not appreciate the National Endowment for the Arts using our money to produce child pornography and art that is blasphemous to Jesus Christ.

You said you would be tough and would stand for what is right when you campaigned for President. The time to start doing that is now!

Please don't let us down now. We
put our trust and confidence in you. Please
have the "guts" to stand for what is right.

Dear Mr. President,
Weed I was shocked when I read of the firing of Doug Weed. This man has devoted much of his life to serving your best interests. He was extremely instrumental in securing the support of over 50 million conservative Christians in your primary and presidential campaigns. He was our liaison to you, our assurance that you were a man of your word, and now he's fired for criticizing the White House's decision to invite homosexual leaders to the signing of the Hate Crimes Bill! Did this group support your campaign in 1988? Will they support you in 1992? Will the other liberal groups and

causes the White House seems to be counting on to be there for you in '92. I think not; and even if they were, they don't come to nearly 50,000,000 plus - the group you're now in the process of alienating.

Small respect, as one of those 50 million, I feel betrayed and deceived; and if I feel that way, what must your devoted friend, Doug Wead, feel?

I ask you to please rethink your decision, and I pray you're wise and strong enough to correct it.

Sincerely,
Laurie Baxter

1
Dear President Bush,

I'm writing this letter first because I respect you and the office of the Presidency and because as a Christian I feel a dire responsibility to the principles which God has laid down as a prerequisite to the success of any nation.

The Bible I believe is our blue print from God himself to construct a faith and lifestyle that will lead an individual and even a nation to a successful end.

To break and disregard these principles is to shake our fist in almighty God's face and lead inevitably to our own judgement and destruction.

This brings me to the reason I am writing you this letter and in hope that this will change your mind.

2 My concern is in your recent decision to fire Doug Weed.

As a representative and one of the only representatives of the conservative Christian cause, I find this as a major mistake in the future of our country.

It was the conservative Evangelical voters that put their faith and trust in you as our desired leader and without their vote I believe Mr. Dukakis would have edged you out.

Since Mr. Weed was the major representative of our cause, we feel a sense of great loss in regards to his recent dismissal.

Mr. President, we realize that as far as our nation is concerned you are the key authority of this Government and therefore we respect you and desire your support, but there is an authority which supercedes your authority as President and that is the Lord

3 Jesus Christ who's title is King of Kings and Lord of Lords. He must be our ultimate authority, both yours and mine. 1 Timothy 6:15

It is my great concern for you and for the great responsibility upon your shoulders to denounce the Gay, Lesbian rights movement in behalf of the principles of God's Word. (Romans 1:16-32) and the principles which are so basic to family structure and the furtherance of mankind.

The aids epidemic is just the tip of the iceberg. God's judgement against Sodom and Gomorrah is a clear indication of allowing this lifestyle to exist uninterrupted in our nation. Gen. 18:20 Gen. 19:4-24

I realize the great pressure and threat you are under concerning this issue, but remember, you're not alone. It states in

4 The Bible if God be for us
who can be against us. Rom. 8:31

Abraham Lincoln stood up for
a cause even though half this
country was against him, but
he knew his cause was in God's
will and to this day he is
celebrated as one of the best, if
not the best Presidents.

Many lives were lost and much
blood shed, but now many enjoy
freedom and peace because of his
stand.

Gay and lesbian rights are
freedoms that are definitely wrong.

Our Creator created Adam and
Eve not Adam and Steve.

He knew what was right and
pure and intended us to uphold
his design.

Mr. President I will pray
for you and for your decisions
on these matters in the future.

Please yield to God's will in
these areas and stand against

5 the evil pressures that are
destroying our country. If you do
Jesus Christ will stand with
you and the future of our fami-
lies and culture are in your
decision making. May God bless
you and strengthen you to do
what is right.

Sincerely Wayne Brandt

Dear President Bush,

I've just learned of the firing of Mr. Doug Head. He can't help but be greatly disturbed by this news. He was a very important representative of the millions of Americans who hold to traditional American values.

The Evangelicals of America drew together and supported you because we believed that you held the same moral Biblical values that we held to.

It's most difficult to understand why you would choose to shift your support to the homosexual community, and apparently turn your back on those who supported you. They are loud, most boisterous and very militant, but a small minority of Americans. Why would you apparently change your own moral values because of their noise?

Sir, if you are a Christian, as you have led millions to believe, then surely

you know what God says about the homosexual lifestyle. Just as surely, you should also know that one day you (as certainly as all the rest of us) will stand before a most holy God, and give an account for the choices you made while on this earth.

We feel you have made a most disastrous mistake in the dismissing of Doug Head.

Your Truly
Mrs. Wayne L Hill

Dear Mr President:

I just heard that Doug Weed had been fired for some advise he had given you - As a tax paying citizen I'm angry. Why doesn't Christians have the same free speech as the anti-christian? Why is a righteous advisor fired in favor of the immoral (homosexuals)?

We want morality in our government
We need more honesty and christian ethics.
Remember we are your friends and pray
for you and our country each day.

May God bless you and help you keep
your campaign promises.

President Bush:

My prayer is that you will read this letter.

It has come to my understanding that 'Roug Wead' was recently relieved of his position on you staff for doing a job "well done" as the Lord, your God, called him to do.

President Bush what has happened to our country?

Why are Christians being persecuted all across this nation?

Will your faith be put to the test? Will you also hold true to the Saviour?

"May God give you Revelation Knowledge and open

the eyes of your understanding."

You & your staff have
been prayed for.

We are expecting a good
report.

Dear Mr. President:

I am writing to express my appreciation for your strong support of traditional family values. A recent decision, however, by the White House staff concerns me as to your ability to continue this commitment.

R. Douglas Wead, Special Assistant for Public Liaison, has admirably represented the view of conservative, traditional values which I and a great number of your constituents share. He has now been let go from that position for criticizing unnamed White House officials for their invitation of activist homosexual leaders to the signing of the so-called "Hate Crimes" Bill.

Many leaders in the homosexual community are actively expressing an intolerance for the protected freedoms of others while demanding constitutional protection for lifestyles not within or intended by our constitution. Their lifestyle, unfortunately, promotes neither the procreation of, provision for or the permanence of our society.

Your interests are not well served with the departure of Mr. Wead. You have lost the voice of a man representing many of your constituents and have been left with a White House staff which seems headed in a direction other than one in which you intended. I would urge you to reinstate R. Douglas Wead to protect your interest and those of our nation.

Thank you for your consideration of this letter. I appreciate your decisiveness in decision-making and your inspiration of leadership. Our nation is better as a result of your leadership.

Cordially yours,

Dear President Bush,

I am sending you this short note to inform you that my wife and I are very disappointed with the firing of Doug Wead.

You have attempted to appease the Homosexual lobby who fought against your election in '88 and will do so again (most assuredly) in '92. In the mean time you have alienated the people who support you. Please re-evaluate who is advising you on these matters.

Dear Mr. President:

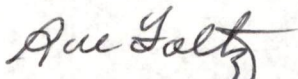

I have admired you, and you had my vote and support. Recently some of your decisions have particularly offended me, and many of those who elected you.

I disagree with the firing of Doug Wede. He represented our views in the Christian community, and I feel this is very unwise on your part in view of those who elected you. I hope you will reconsider.

I also disagree with the Federal funding of NEA. How can we accept the type of debase "art" which shows immoral acts, the total disregard of the sacredness of Jesus, and the fondly of children in inappropriate ways? It is unthinkable that our government's stamp of approval of such is there by supporting it. What a sorry condition we have stooped to. I don't want my tax dollars used in this way. There is a bias against morality that should not be tolerated, right is right. Please stand strong...do not cave in to the bigots who cry "discrimination," for those who stand for upright living and high morals are the ones being discriminated against, and this country will not long stand if even our government supports such degradation. What about the freedoms of those who have been violated by such portrayals? I urge you to reconsider your views.

Thank you, Mr. President. You have an awesome responsibility, and I am praying for you to have wisdom above all else.

Sincerely,

Mrs. Richard Foltz

✓ A personal letter to Mr. President, Its a long letter,
but please hear me out! August 4, 1990

Wend Dear. Mr. President George Bush,

I feel as though you have made a big mistake in firing Mr. Doug Wead. My husband and I voted for you and we are Christians. We thought you held these same values, pro-family + pro-life. But your actions speak louder than words and its not the same language as a Christian Community. The firing of Doug Wead shows the power of the Homosexuality at the White House and it looks like you have given the stamp of approval for Sodomy. Doug Wead gave his whole life for you + he speaks for millions of Americans on Family Traditional values on concerns and issues of this day and age. The anti Christian Bigotry in Washington is an outcry. We would hear an outcry if an art picture was done on Homosexuality like the anti Christian art has been portrayed with urine in a jar with a cross in it. If this was done with any other group of people you would pass a Hate Crime Bill. But yet you still funding the NEA giving support to anti-Christians. It looks like more of a political act so the homosexuals will vote for you in 1992.

There is some very serious misinformation that has been given to you with the NEA and on other important issues with the homosexuals being added to the dissabled list so they won't be discriminated against. The world is up side down, What is good, is bad, Whats bad is good. People who see the light + the truth are called being in the Dark. Taxes has more than doubled in 10 years. We Americans are not undertaxed. Washington cannot control their spending expenditure. Government has gone bisserk.

Mr. Doug Wead was doing what he was suppose to be doing which is shedding some light on these issues to

protect you from the misinformation given to you on these matters. This was a very stupid Political decision to fire him just for speaking out on an issue. Your administration would like to cater to the homosexuals activists and I feel as though it was a trade off for evangelicals for homosexuals. Why have you turned your back on us now. On the same people who supported you + who got you in office because we ~~we~~ trusted you on Traditional values.

Why has the Christian Voice been silenced? We as American people need to take a stand + pray that God will be with us when we step out ~~in~~ Faith! We are now involved in a cultural war. This is the gay 90's, The agenda is pushing, pushing + pushing until they get their way into Washington which they have already got their foot in the door.

God's response is directly to the amount of prayer offered. Massive prayer brings massive results. No prayer brings no results. Little prayer brings little results. When a nation's leader rejects God, the entire nation can be affected. God responds to nations on the basis of their leaders. When a nation's leader dishonors God, God dishonors that nation.

The economy of this nation is in a recession + we are being oppressed by homosexuals, this ^{nation} is only getting worse + worse deeper + deeper in sin, darker + darker. Yet this is where moral relativism leads and is the ultimate product of Human endeavor which accepts no standards, honors no cultural values, acknowledges no absolutes, and serves no "God" except The Human Mind! It is a system that bears the approval of the Creator himself and will remain viable for as long as mothers and fathers and children cohabit the face of the earth and will surely outlive humanism and the puny efforts of

mankind to find an alternative lifestyle.

God's Judgement of nations, where evils like sex ed. in schools, sexual perversion, pornography and abortion are given free rein. It is better to know the truth and beware than to believe a lie and not care. For the sinful ~~world~~ and rebellious of this world, a terrible storm ^{of Judgement} is coming, but the biblical warnings of the Great Tribulation seems remote and irrelevant. Many people live in relative peace and the world's trouble spots of conflict and violence seem far away. Most people are complacent and see no cause for concern. But the wrath of God will fall. He will judge this sinful world.

If our society is ever to return to the balance and integrity that the founders intended, then the church will have to reclaim its legacy. "When the righteous increase, the people rejoice, but when a wicked man rules, people groan." (Proverbs 29:2)

The bible teaches us ~~that~~ about moral behavior. Homosexuals are people too, but the issue here is not the acceptance of them, but the acceptance of an alternative life style of Homosexuality. The old + The New Testament teaches us that it is immoral and unnatural behavior. "You shall not lie with a male as ^{with} a woman: it is abomination." (Lev. 18:22, Lev. 20:13)

"For this cause God gave them up unto vile affections; for even their women did change the natural use into that which is against nature: and likewise also the men, leaving the natural use of the woman, burning in their lust one toward another: men with men working that which is unseemly, and receiving in themselves that recompence of their error which was meet." (Romans 1:26, 27)

Given the context in the passage, it is quite clear that homosexuality is contrary to the will of God, as a transgression

of the basic moral law of God known in all cultures.

Please don't side with these ungodly people and take a firm stand in what you believe in for Jesus Christ our Lord and Savior. Our prayers will be with you and I will pray you will return with the Christian values and to lead this nation under God, indivisible, with justice and Liberty for all. Amen.

Sincerely Yours,
Mr. + Mrs. Erland Goodwin

Dear Mr President

I am very concerned that you have fired Doug wead.

Concerned for you personally. I have seen you turn and give support to many things that are very wrong. And you will have to answer to God for. En example - Funding for the national Endowment of Arts - Our taxes! Funding something that shameful! Abortion! Our taxes funding murder!

We believed in you. We helped get you elected. Did they? We feel betrayed by you, plainly, betrayed. Is this really what you meant to do?

You are our leader. Our children look to you for their future. We know the nation that follows God - God blesses. The nation that spurns God and refuses to obey Him falls. I know that you know this is true.

What will you say when you see God face to face? That sodomy is right? That

it is ok to support a group that shows
jesus sitting in wine? Would you hang
this picture in the White House? If
you wouldn't - then you should not
allow our taxes to be used for it.

Because in your heart - you must
admit is wrong.

I must say it is a difficult time.
We want to do what is right. But can
you imagine how we feel paying taxes
that are used for things like abortion
and National Endowment of Arts? To say
nothing yet of planned parenthood &
what harm is being done in our
public schools!

We thought we could count on
you. Have we made a poor choice?
Did you just use us?

Mr President - most of all I want to
remind you you will see Him face to face.
I know that you can't change all the things I've
mentioned. I want to just encourage you
to not do what people of any group wants.
Don't listen to the clamor about you. Make
you decisions listening to your heart.

Our life will be measured most
by what God says about us. My
prayer for you is that when you see
him face to face, that He will look
at you and say "Well done."

Dear President Bush

Weed I believe you've been ill advised to have Mr. Doug Weed fired from his position. This last presidential election is the very 1st that I ever voted Republican since I started voting 25 years ago. I'd like to see this man re-instated, sounds like he was fired for doing his job.

I pray for you & your family for the Wisdom & REVELATION of God to be imparted to you.

My husband & I both very much admire your wife for her straight forward & honest attitude.

Dear Mr. President;

As a Christian and registered voter who supported and voted for you in 1988, I am writing this letter in protest for the firing of Mr. Doug Weed. Mr. Weed is an eloquent spokesman for We Christians. He was selected by you to advise him as to the Christian perspective, but when that advice became contrary to you or your staff's view he was silenced. Why would you approve the firing of a man for doing his job?

If in fact Mr. Weed was fired for his position on allowing homosexuals and their life style to have "White House Support", this certainly reflects the view of most Christians. The President of the United States can not make legitimate what God says is sin.

Mr. Weed was at our Church (Phoenix First Assembly) early this year and spoke to us about your faith in God and America. I was greatly touched. He asked us to pray for you, and now I feel betrayed.

I am asking you to reinstate Doug Weed as your Christian adviser.

God Bless You,

Dear President Bush;

It is with great disappointment that I heard of the firing of Doug Weed as one of your advisors, particularly since he was especially instrumental in your receiving the position of President of the United States. I also understand that the reason was because of your desire to welcome the "gay" community into the republican party. As you well know there is no place for the "practicing gay" community in a party that is to represent traditional family standards. We are very disappointed that you have made the choice to turn down the the traditional family standard. We could have lived with your breaking your promise not to raise taxes, but this decision is intolerable. I have never written a letter of this nature before but we feel that you have let us down and it is such a disappointment.

On the other hand, we probably should thank you for your decision because this will probably force the Christian Community to start their own party. Make no mistake about it! If this is done, it will succeed because of all of the rebuff we have received from the Legislators, Courts, and now the President.

Very Disappointed,

Clarence W. Huntley
