CHAIRMAN

Mr. John Sununu
Chief of Staff
The White House
1600 Pennsylvania Avenue
Washington, D.C. 20500

Dear Mr. Sununu:

Enclosed please find my letter to the President, requesting an opportunity to join in welcoming King Hussein of Jordan and President Mubarak of Egypt upon their respective state visits to Washington this Spring.

As you probably know, I am a member of Team 100 and have been a California Republican Eagle for the past eight years. More importantly, I have been a Republican since my college days, more than 25 years ago. I have been an active supporter of the Bush Campaigns since 1979, and am proud to support the Bush Administration now.

As an American businessman who, for the last fifteen years, has been involved in taking American business and technology to European, Middle and Near-Eastern markets, I have had many occasions to meet with leaders of the moderate Arab states, and developed close personal friendships and ties which may help promote the cooperation and trust between our nations.

Would you please use your good offices to find a place at the table for a loyal supporter? Please let me know by return mail if I can expect a favorable response to my request.

As always, I remain....

Cordially,

Sam Bamieh

March 23, 1989

Dear Mr. Sununu,

I have on my desk a proclamation scroll that my son Stephen J. Boland brought home to us after his visit with you last Summer. The scroll was proclaiming "National Research Day". Steve worked for New England Interviewing located here in Nashua. He was so proud to have met and talked with you.

Steve, as you may or may not know, was returning from London on PAN AM Flight 103. He was as Junior at Syracuse University's SI Newhouse School of Public Communication. He thought that by studying for a Semester in London he would gain valuable information to help him in his chosen field of Advertising. He loved all the traveling he did but was very anxious to get home for Christmas and to return to the Syracuse campus.

This tragedy did not have to happen to us or any of the other families. I have enclosed a flyer I made and sent to our State Senators and Representatives hoping that you will all realize these victims are not just statistics but REAL sons and daughters.

Please help in anyway you can to make reforms in the present security procedures at airports throughout the United States and throughout the World where we all would like to travel.

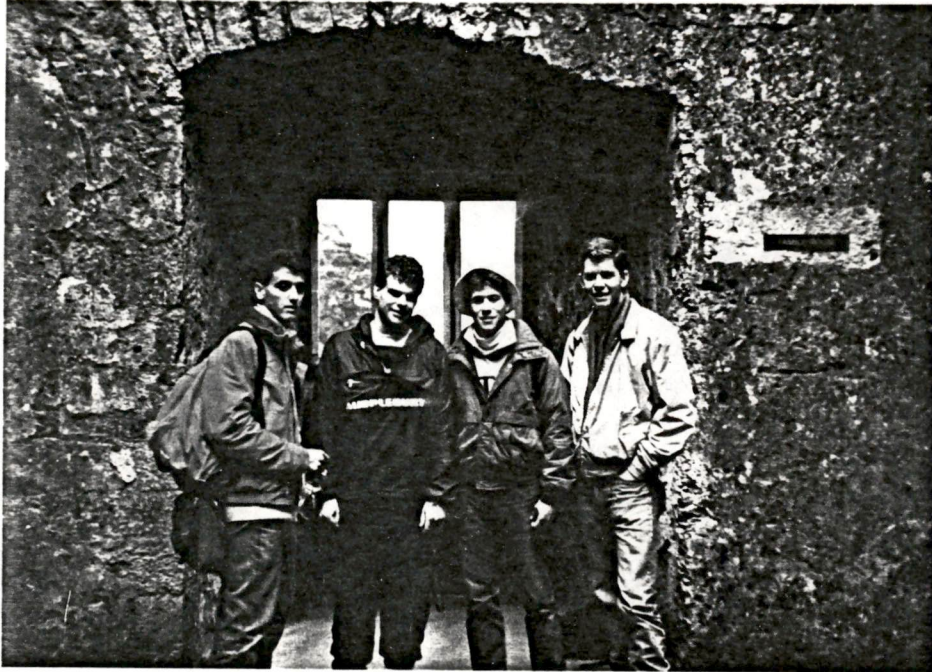

We will be in Washington on April 3rd for a Memorial vigil at 2 PM. Steve's father, sister, girlfriend and I will be there. We need your support.

Thank you for your time and considerations.

Sincerely,

Jane Boland

March 24, 1989

The Honorable John Sununu
Chief of Staff
The White House
Washington, DC 20500

Dear Mr. Sununu:

My wife, Edna, joins me in extending to you our congratulations on your appointment as Chief of Staff for President Bush. We are certain that the outstanding manner in which you performed as Governor of New Hampshire has resulted in your being eminently prepared for the challenges of your new position of leadership. Certainly our President needs persons such as yourself, with the training, experience and vision to assist and counsel him in these troubled times. You have our very best wishes in all that you will be called upon to undertake.

We are planning to attend the Government Affairs Conference of the New England League of Savings Institutions which is being held at the Washington Court on Capitol Hill, April 26-28, 1989. This conference is being held for the purpose of presenting the views of the New England thrift industry on the "Bush Plan" for resolving the FSLIC crisis, to our New England Senators and Representatives. The intent is to do this through individual meetings with the New England delegation. During this conference there will be two early evening receptions, one on Wednesday, April 26, and the other on Thursday, April 27, 1989. If your schedule permits, we would be both pleased and honored if you and Mrs. Sununu could join us at either (or both) of these receptions. The conference will be attended by leaders of the New England thrift industry, and I am sure that you will find many old friends there. Also, again - your schedule permitting, Edna and I would be most pleased if you and Mrs. Sununu could join us for dinner following the reception. I will advise you of the time at a later date.

Obviously, this invitation extends to President and Mrs. Bush; however, I am unsure of the protocol involved. Would you please, at your discretion, either discuss this with the President or advise me of the proper steps to follow when issuing such an invitation.

In closing, I must express my admiration for President Bush's prompt action in presenting a comprehensive plan for dealing with the insolvency of the FSLIC. Although the plan itself may not be totally acceptable to all parties involved, the very fact that President Bush acted promptly and in a positive manner in offering a solution to a problem which has been sidestepped and ignored for many years, bodes well for his administration. I would be very pleased if a brief appointment with President Bush could be arranged during our stay in Washington in order that I might extend my personal congratulations to him; however, if this is not possible, will you please do so on my behalf.

The Honorable John Sununu
March 24, 1989

Edna and I are looking forward to our Washington visit and sincerely hope that your schedule will permit you and Mrs. Sununu to join us.

Most sincerely yours,

The Honorable John H. Sununu
Chief of Staff
Executive Office of the President
The White House
Washington, D.C. 20500

Dear Governor Sununu:

I much appreciate your taking time in what must be an almost impossible schedule to talk with me last Friday.

The Science Adviser position is one that I believe offers major opportunities for service to the Bush Administration and to the nation both in the science for policy and policy for science areas, and I was very much heartened to hear of your desire to return the office to something more like the level of influence and activity it enjoyed under President Kennedy.

Members of the President's Council on Science and Technology — or whatever the exact title may be — will I am confident, be prepared to devote substantially greater time and effort to the activities of the Council themselves, as well as attract a larger fraction of the nation's most able scientists and engineers into related subpanel and other activities, than has been characteristic of the White House Science Council. The development of improved communication and understanding between the Administration and the broader scientific and engineering communities that will flow from such activities will be of particular importance. As one of the very few Republicans on this academic campus I have been very much disappointed by the depth of my colleagues' lack of understanding of the extent to which the Reagan Administration was working on their behalf and by their unwillingness to give it even the benefit of doubt on many important issues. That such attitudes are passed on to generations of students can be very destructive, although as I mentioned to you, our students, at least, are becoming increasingly resistant to them.

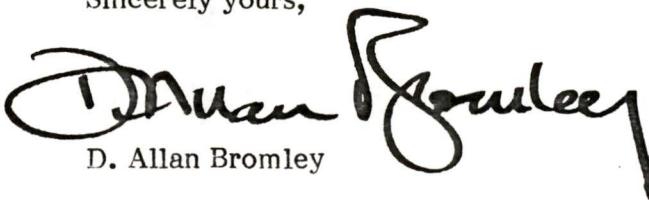

I have long felt that both the Department of Defense and the academic world — particularly the scientific and technological component of it — would greatly benefit from a rebuilding of the bridges between them that functioned so well in the immediate post World War II decades — and indeed until the late 1960's and Vietnam. Real progress is being made but much remains to be done.

I had planned to leave the enclosed biographical and bibliographical material with you on Friday but found that the copy I had with me was faulty; the enclosed copy is an up-to-date one.

Again my thanks for taking time to talk with me. I should be happy to provide any additional information that you might find useful. Having admired your activities as Governor of New Hampshire — particularly with reference to Seabrook! — for many years, it was a particular pleasure to finally have the opportunity to meet you.

With all best wishes,

Sincerely yours,

D. Allan Bromley

John H. Sununu

Dear John:

One of the more difficult problems facing the Bush Administration is the savings and loan disaster. I use the term disaster because it is impossible to define the problem - the "go-go" company vs the company living off imprudent accounting standards set by their regulators.

My associate, Arnie Danielson of Danielson Associates, Inc., has a way of getting to the heart of a problem. Enclosed is an overview of his analysis which I hope you will have someone read. His ideas were reported recently in the Washington Post and the American Banker. These recommendations call for a dramatic restructuring of the thrift industry. If we don't do it now, while a crisis provides the stage, the problem will be left to a future administration. President Bush has the appearance of a man who wants to solve problems, not coat them over for someone else to deal with at a later time.

Best regards to you and Nancy, and keep up the good work.

Sincerely,

William S. Bushnell

Dear Governor,

A few months ago we invited you to be our

Ms. Kennedy at your New Hampshire office,
received all the information sent by Silvester DeThomasis
our board member. We are trying with Chairman
Lee Atwater's help, who was our Fall Guy, March 15th, to
get you to agree to be with us by being our honoree
Wednesday, June 14th. Enclosed is information about our
Club.

We are anxiously awaiting your reply for luncheon
June 14th. It will be a great opportunity for our
people and their guests to see what a great human being
you are.

We need 3 8x10 photographs, 3 biographical sketches
and a short note of acceptance. I hope to hear from you
soon.

Dear John:

You were awfully kind to write to me on the Lieberman matter. I got a nice letter from him. It is a relief, in a way, to know that, after all, his vote was not critical: John would have lost even if he had L's vote. I take advantage of your kindness to ask you please to give special attention to the nomination of Schuyler Chapin for head of the National Endowment on the Arts. Chapin is one of the truly valuable human beings in the cultural world -- hell, I'm not going to belabor his qualifications, but I guarantee that his appointment would be greeted by universal approbation. He is apolitical, and between you and me, I think that's okay for a figure in the arts. But he is an administrative genius with the highest taste, and a wonderful record, as General Manager of the Metropolitan Opera and dean of the School of Arts of Columbia.

Now are you sorry you wrote me such a nice letter?

With warm regards, my friend, and don't hesitate to call on me if I can help you or the President.

As always,

Dear Governor Sununu,

It was an honor and pleasure to meet with you yesterday. Your efforts to assist the National Marrow Donor Program (NMDP) will undoubtedly result in the saving of thousands of American lives. The LIFE-SAVER button you pinned to your coat provides a succinct and apt description of you in this regard.

As you may know, LIFE-SAVERS FOUNDATION is the NMDP's newly formed charitable organization charged with (1) increasing public awareness, (2) recruiting and testing donors nationally, and (3) raising private sector funds to pay for testing costs.

We are appealing to the inherent humanitarian spirit within the American public and the American business community. Thus far we have been extremely gratified by the response and impressed with the American people's willingness and ability to forge effective solutions to major human needs.

The National Marrow Donor Program and LIFE-SAVERS are proud to be emerging as one of the "thousand points of light" referred to by the President. Our heartfelt thanks to you, your staff and of course to the President for graciously welcoming us to The White House and for lending your genuine support.

Sincerely,

United States Senate

WASHINGTON, DC 20510

February 6, 1989

The Honorable John Sununu
Chief of Staff to the President
The White House
Washington, D. C. 20500

Dear Governor:

I am writing in strong support of Michael Winn to serve in the Bush/Quayle Administration in a Congressional Relations or Public Affairs capacity.

From my position as a recent candidate for the U.S. Senate, I had the opportunity to observe Mike in action and can attest to the fact that he would serve the Administration very well. Mike served as Director of Campaign Finance and as PAC Director for the Republican Senatorial Committee. He worked to ensure that the campaign had the necessary resources to succeed. Mike was a valuable part of our team and contributed greatly to my ultimate success.

As you will note on the attached resume, Mike has spent the last eight years helping to elect Republican candidates to federal office. His years in private political consulting and with the Republican Senatorial Committee have made him well-known and well-respected among members of the U.S. Senate and their staff. I think he would be an outstanding choice for any Congressional relations office.

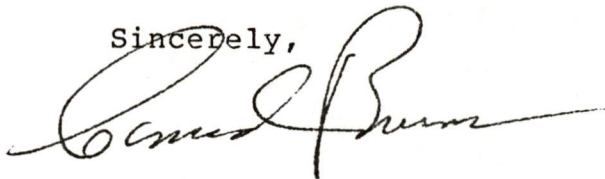

I understand that Mike is primarily interested in the Energy and Commerce Department, the Small Business Administration, or, the U.S. Information Agency.

The Honorable John Sununu
February 6, 1989
Page 2

I hope that Mike will be given very serious consideration as the Administration moves to fill the Republican vacancies. I am confident that he would be a valuable asset to the Administration.

With best wishes,

Sincerely,

Thanks for the Business Week article. It is one of those magazines we get at the office, but I never seem to get around to reading.

This piece has some really good achievements for us to use in our talking points. I have a couple of speeches to national groups in September, and this will fit in nicely.

Keep me posted on what I can do to help.

I'm sorry that I missed you during my recent visit to D.C. However, since I periodically make the trip, I will try again.

Actually, I felt a little guilty in calling since I have no issues nor problems to discuss and no requests to make. I just wanted to say hello.

I hope your family made the move without too much trauma. We are looking forward to grandchild number six, soon to be born.

Keep up the good work.

The Honorable John Sununu
Chief of Staff
The White House
Washington, D.C. 20500

Dear John:

The Republican Eagles have scheduled their final national meeting for 1989 in Washington, D.C., October 12 and 13.

I would like to take this opportunity to extend an invitation for you to address the Eagles, as well as to participate in this meeting's very special activities.

Our Cabinet Member Briefing will take place on Friday morning, October 13 at the Park Hyatt Hotel between 9:00 AM and 11:00 AM. If your schedule permits, we would like you to address the membership with ten minutes of remarks and 20 minutes of questions and answers. If this time is inconvenient, we would be happy to work within your schedule.

Again, your schedule permitting, I hope you and Nancy will consider joining us for the many special activities we have planned for the meeting, especially the luncheon with the President and Mrs. Bush, Friday at the Grand Hyatt Hotel. I have enclosed a tentative agenda for your review.

In the past, you have been very gracious in donating your time and energy to the Republican Eagles and your continued support of our program is greatly appreciated. The Eagles would be very excited if you would join us for the national meeting.

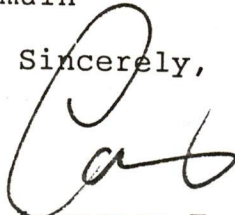

To RSVP, please have a member of your staff contact Dulce Zahniser of the Eagle office at (202) 863-8720. If you have any additional questions or concerns, please do not hesitate to contact me directly.

The Honorable John Sununu

Dear Governor Sumner,

Forgive the delay, please,
in writing to thank you for that extraordinarily
kind and thoughtful letter about John.

It was quite an imposition
upon your time and attention to ask
such a favor, and I appreciate deeply
your willingness to write for John.

We had hoped that he might
transfer in September, however. John
does not want to detour from his original
course which was to transfer at mid-year.

Wesleyan will be a great challenge
for John. It is quite a liberal environment,
and he will enter into the dialogue at full
bore, as he has strong and often eloquently
stated beliefs in Republicanism.

We hope he will join, because his
heart is set on it. He applied when a

you asked me to suggest a draft.

I now do so in the hope that the

Dear Mr. Sununu:

As an engineer, you undoubtedly are aware of the critical importance manufacturing plays in driving this country's economy.

Therefore, as the President of the Society of Manufacturing Engineers' Manufacturing Engineering Education Foundation (SME Foundation) I am requesting your help.

Briefly, the SME Foundation was created by the Society of Manufacturing Engineers in 1979 to strengthen productivity by stimulating manufacturing engineering and technology programs through annual grants made at the university level.

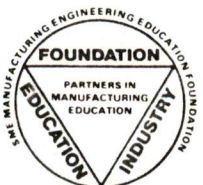

Since its inception, the Foundation has provided nearly \$4 million in cash grants and \$2.5 million in equipment gifts to 239 colleges and universities.

As an impartial group, the Foundation brings the resources of SME, industry, and academia together to increase productivity.

Our Board suggested that I write to you for your recommendation regarding a government candidate to serve on our Board of Directors.

Sixteen vice presidents, directors and presidents come together twice a year to set Foundation policy and authorize grants.

Once again, our objective to increase productivity is vitally important to this country's welfare. We are the only group with a clear mission and propose to build the university manufacturing education programs necessary for continued economic well-being.

Mr. John Sununu
August 22, 1989
Page 2

U.S. industry must have the trained manufacturing engineers and technicians it needs to utilize modern manufacturing methods. The Foundation was formed because no guarantee exists that these individuals will be available in the numbers our country will need.

In fact, the National Science Foundation predicts that if nothing is done to enhance U.S. higher education systems, "Our country could suffer a shortage of 700,000 scientists and engineers by the year 2010."

Our next Board meeting will take place on October 10 and 11, 1989 in Raleigh, North Carolina. Please contact our Foundation Manager, Keith Bankwitz, in care of our address with your reply.

Thank you in advance for your consideration. Please find enclosed some materials for your review.

Sincerely,

Reginald W. Barrett
President

Dear Governor:

Our '92 Group would like to have you as our special guest for the Tuesday, September 12 meeting.

We'll meet at 4 p.m. in a room to be designated, probably Bob Michel's conference room in the Capitol, and will have our hearty band of about twenty members in attendance. You being the star, we'll likely draw more.

What we would like as a format is to have a few opening remarks from you and then get right into the discussion with questions/answers on where we go from here.

Assuming it will be agreeable with you, I'll have a House photographer for the opening of our session to get one and one shots with you and each of our members. Then we'll each send them back to our local papers with a story trying to impress our constituents with the fact that we know important people in Washington and are working cooperatively with the Administration to guarantee a better day for all and a majority for the Republicans.

Please have your secretary confirm with Dorothy Vagnozzi of my staff on 225-3665.

Looking forward to our get-together.

Sincerely,

Dear Governor Sununu,

As you know, this year Americans celebrated the Bicentennials of both the legislative and executive branches of government. Coming up during 1990-91 are the 200th anniversaries of the federal Judiciary and of our Bill of Rights.

These further commemorations will provide us with an opportunity to encourage government workers and all Americans to learn more about their Constitution and their rights and responsibilities under it. We have a continuing opportunity, one I hope we do not forfeit.

Congress created this Commission to coordinate and promote activities, over five years, to commemorate the Bicentennial of the U.S. Constitution. In 1987 we celebrated the writing and signing of the Constitution. During 1988 we marked the Ratification of the document. This year and the next two will be devoted to the Constitution's implementation.

Over the past three years federal departments and agencies have been active participants in the national Bicentennial commemoration by providing educational programs for employees, such as the "brown bag program" that features a lunchtime speaker at the agency.

We encourage your agency to continue to play an active role in Bicentennial activities and programs. In order to assist you we have scheduled a meeting of federal agency Bicentennial representatives for September 21 at the auditorium of the National Archives. The meeting will start at 9:30 a.m. and last for one hour only. During the meeting we will provide your staff with background on the Bicentennial, and will take a look at possible future programs for federal agencies during the important Bill of Rights and Judiciary Bicentennials.

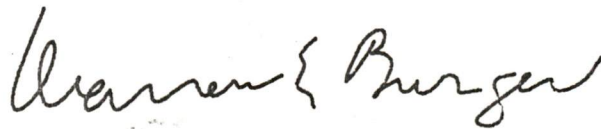

We would be most appreciative if you would designate an official representative to attend this meeting and to serve as your liaison with our Commission during the last two years of the Constitution's Bicentennial. Please have your new representative contact my staff as soon as possible c/o:

Mr. Bobby McMeans
Associate Director, Federal Programs
Commission on the Bicentennial of the United States Constitution
808 17th Street, NW.
Washington, D.C. 20006

Telephone: (202) 653-7456 or 653-9808

Thank you for your interest and support. We look forward to working with you during the remaining years of the Bicentennial.

Cordially,

Honorable John H. Sununu
Chief of Staff
The White House
Washington, DC 20500

Dear Governor Sununu,

We note with extreme interest a front-page story in the August 16 edition of The Washington Post regarding the President's anti-drug efforts. Contained in the newspaper account was a statement which read, "At the same time, relatively less emphasis will be placed on interdicting drugs at the border"

We fully agree with the President's approach which brings up another critical point.

As an amendment to the Department of Defense authorization bill, Kentucky Senator Mitch McConnell introduced language which would allow federal law enforcement agencies to shoot down aircraft suspected of drug smuggling. Governor, although we are one hundred percent supportive of the war on drugs, in the simplest terms and for a wide range of reasons, that's nuts!

Attached is a letter which we sent to Senator McConnell which explains our position in detail. Given the focus of the President's drug program and the absolute lunacy of Senator McConnell's proposal, we hope that The White House will do all that it can to kill this amendment.

We also note that the President soon will be speaking to the Nation on a variety of subjects including America's war on drugs. You may recall information we recently sent to you regarding the announcement of the AOPA Airport Neighborhood Watch Program--a cooperative effort between AOPA, FAA, U.S. Customs Service, and the National Crime Prevention Council to help stop the use of aircraft and airports in drug trafficking.

Since the Washington news conference, the program has received favorable media response throughout the country. In fact, we are even receiving calls from representatives of other nations wanting more information about the program.

Our hope is that the President will look favorably on this cooperative government/aviation/community initiative and speak kindly of it in his address to the Nation.

Honorable John H. Sununu
August 18, 1989

On another subject, although we are supportive of Secretary Skinner's development of a national transportation policy, we are very much concerned about the framework and process being utilized. Based on much of what is contained in volume one of the DOT publication titled Moving America: New Directions, New Opportunities--Building the National Transportation Policy, along with the rapid speed with which the policy developmental process is evolving, we believe that aviation--especially general aviation--will fail to receive adequate national attention. In our view, the final result will be an inferior product focused on highways and mass transit in major metropolitan areas, with little consideration given to air transportation between rural communities or between small communities and major city centers. It sounds like MASSPORT all over again, doesn't it?

Enclosed is a letter we recently sent to Secretary Skinner expressing our concerns. Because of your interest and help with the MASSPORT issue, we are hopeful that you will take a similar interest in this as well.

We have just received a note from Mr. Joseph W. Hagin II, deputy assistant to the President for appointments and scheduling informing us that the President would be unable to attend our 50th anniversary convention in Orlando in October. We naturally are disappointed. If, however, the President's plans should change, the invitation is open-ended and we would love to have him join us in October.

At the suggestion of Mr. Andrew Card, my staff has talked with Ms. Jackie Kennedy of your staff trying to arrange a time when we could visit for a few minutes. Although we have not yet heard back from Ms. Kennedy, I am hopeful that an appointment can be arranged soon.

Best regards,

John L. Baker
President

P.S. We have just learned that the First Circuit Court of Appeals in Boston has affirmed the DOT decision regarding the MASSPORT PACE plan. This is a major victory for all of us and your past help is most appreciated. Attached for your information is the news release we issued on the subject.

Drexel Burnham Lambert Incorporated

August 18, 1989 - Mr. John H. Sununu

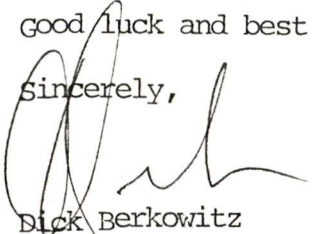

I am pleased to have been an early supporter of The President and subsequent events more than justify my faith. I believe that some of the critical social issues we face are of cancerous proportions and therefore call for a less political and more long term approach. The decline in our "national sense of values" and the disintegration of the family unit are disheartening.

All societies inevitably rest upon their family unit and draw their strength, or weakness as the case may be, from same. I find it perversely ironic that just at the time our "adversaries" are realizing the value in our approach (social, political and economic Democracy) we are hemorrhaging fiscally, are producing a less educated and literate citizenry and suffer from spreading dope and crime problems. These are discouraging trends and must be redressed or America will ultimately find itself unable to effectively compete in the global economy. The consequence - a lower standard of living, a frightening prospect that I pray my children and grandchildren will not have to bear. A seventy percent job rating is a commendable statistic but if it reflects nearer term approaches to longer term problems the administration may find its eventual footing resting on sand. Such an approach ultimately can become this administration's achilles heel.

I hope you enjoy these memos and find them of some interest.

Good luck and best wishes.

Sincerely,

Dick Berkowitz

MASSACHUSETTS CITIZENS FOR LIFE, INC.
Central Massachusetts Chapter
Worcester, Massachusetts

August 15, 1989

The Honorable John H. Sununu
Chief of Staff to the President
The White House
Washington, D.C. 20500

Dear Governor:

We have started the Central Massachusetts Chapter of Massachusetts Citizens for Life and are planning our first dinner to be held in the Spring of 1990. We decided our keynote speaker had to be someone with pro-life convictions who has earned the high esteem of our countrymen.

This is our invitation to you to be that speaker. You were chosen unanimously by our committee because of our admiration and respect for you and all you represent.

We believe each human life is a continuum from conception to natural death. MCFL's objective is to defend the right to life of all, born and unborn, through education and legislation.

We include the cities and towns in central Massachusetts and are located in Worcester, the heart of the Commonwealth. We are a non-profit organization of volunteers and the dinner is our only fund-raising event.

It would be a great pleasure and an even greater honor if you would accept our invitation. Your presence will powerfully advance our cause because of your strong pro-life advocacy.

We would be able to cover your round-trip air fare, accommodations and a gratuity of \$300.

The tentative dates are: March 31, April 7, 21, or 28, 1990. We would be happy to change the date to another time during a Spring weekend if these conflict with your schedule.

Because further planning for this event is contingent upon your reply we hope to hear from you at your earliest convenience. This reply and any requests for information may be addressed to:
Mrs. Genevieve R. Bashour, 34 Sunset Drive, Northboro, MA. 01532.
(508) 393-2026.

We will be anxiously waiting and hoping to hear you will be our key note speaker.

With sincere appreciation of your consideration, I am

Yours truly,

Genevieve R. Bashour

NATIONAL ALLIANCE OF LEBANESE AMERICANS
"For a united Lebanon"

August 15, 1989

Hon. John Sununu
Chief of Staff
The White House
Washington, D.C.

Dear Gov. Sununu,

Regarding my last correspondence to you of August 7, I have received word through your assistant, Ms. Kennedy, and from our Washington contact, Mr. David Epperly, with whom you spoke directly, that an August 25 appointment is not possible, for a number of reasons. I understand that the President will simply not be in Washington on that date, and that in any event, we should be in a position to present to you or the President, some rather concrete, constructive proposals that have wide spread support in the community.

We are developing such proposals for presentation to the Congress following the August recess. We will make a similar presentation to the Council of Lebanese American Organizations to obtain a consensus.

Because of the renewed urgency of the crisis in Lebanon due to events that occurred over the weekend, I am renewing our request for the President to receive a delegation from the national leadership to allow us to make a direct appeal and presentation of our proposals. We only ask for the earliest possible date for which the President can fit us in.

We see the direct involvement of the Syrian Army in the attempt to breach the red line at Souk el Garb over the weekend, reports of a second such ground assault, the massing of Syrian tanks at Douar east of Bikfiya, and the summoning of Jumblatt and Berri to Damascus for a meeting with the Iranian Foreign Minister as developments which compel us to make this urgent request for a meeting. Ground assaults across these red lines is a dangerous escalation and the introduction of the Iranian element suggests that Lebanon may become the site of a renewal of the Iran/Iraq conflict.

The Iranians, as you may know, offered a blank check to the Syrians to take Aoun out as revenge against Iraq. We must take the wheels off of this insanity before it truly becomes "intractable".

We strongly recommend to the President a program of economic disincentives that will strike at the economic underpinnings of the Syrian capacity to conduct this war against Lebanon. In this vein, we would recommend to the President the following measures, to be adopted either unilaterally, or in concert with all members of the Security Council of the United Nations:

1. Order the removal of all engineering and oil company personnel from Syrian oil fields.
2. Suspend all credit lines to Syria from Western banks and suppliers.
3. As a part of the U.S. War on Drugs, assist the Lebanese Army patrol and interdict all shipments of narcotics emanating from Lebanon.
4. Actively persuade the Kuwaitis and Saudis to suspend all payments and subsidies to the Syrian regime.
5. Seek the cooperation of the Soviets to end all shipments to Syria of the devastating 240mm mortars and shells which are raining down on Lebanese civilians.

Syria is not economically self sustaining. It relies on foreign subsidies for its domestic spending and on the exploitation of the Bekaa Valley and the drug trade, which it supports there, to finance its foreign adventures. The U.S. can have the leverage that we need by directing our policies at these two exposed financial underpinnings of the Syrian regime. [See enclosed "Opportunities for the West in Syria's Economic Crisis" Wall Street Journal 8/9/89.]

Awaiting your reply, I remain,

Very truly yours,

Joseph L. Boohaker

Hon. John H. Sununu
Chief of Staff to the President
The White House
Washington, D.C. 20500

Dear Governor Sununu:

I understand that Gary Lavine of Syracuse, New York is being considered for appointment by the President to the Council of the Administrative Conference of the United States.

I have known Gary for many years and he is one of the truly outstanding young men of New York State. As you can see from his resume which I have enclosed, he is presently the Vice President, General Counsel and Secretary to the Niagara Mohawk Power Corporation headquartered in Syracuse. His experience in government service is also an outstanding record of achievement.

In his personal and professional life, Gary has always demonstrated that he is conscientious and dedicated to the highest standards of conduct, and he would be, in my judgment, a most worthy appointment for the President.

I am pleased to be able to recommend Gary Lavine to the President for this appointment.

Warm Regards,

J. Patrick Barrett

NEW YORK POST

FOUNDED IN 1801 BY ALEXANDER HAMILTON

ERIC BREINDEL
EDITORIAL PAGE EDITOR
(212) 815-8610-11

August 11, 1989

Governor John Sununu
Chief of Staff
The White House
1600 Pennsylvania Avenue N.W.
Washington, D.C. 20500

Dear Governor:

I hope you won't consider it an imposition if -- recalling our November meeting at Norman Podhoretz's home -- I take advantage of our acquaintanceship to recommend an outstanding candidate for federal office.

I believe the Bush administration could do no better than to name William F. Squadron to the "Democratic/independent" seat on the Federal Communications Commission, a seat which has been open since July 1, 1989.

I can't pretend an absence of bias with regard to Bill Squadron. He is an old and dear friend whom I respect and admire -- for his loyalty, fairness, judgement and personal strength.

Still, he is also an esteemed member of the communications bar and a recognized expert in administrative law.

As a Washington-based partner in the firm of Morrison & Foerster, he has specialized in telecommunications matters, particularly those involving advanced technologies. He has also taught administrative law at the Georgetown University Law Center together with Judge Lawrence H. Silberman of the U.S. Court of Appeals for the D.C. Circuit.

I think it's relevant to note that Mr. Squadron's personal views on communications regulation reflect a pragmatic, free-market philosophy. I doubt the Bush administration could fill a Democratic seat with a more sympathetic appointee. In truth, I can imagine no more appropriate nominee -- Democrat or Republican.

William Squadron, to be sure, is remarkably young -- at the age of 34 -- for a seat on the FCC. But he is also young to be a partner at a major law firm; young to teach at a prestigious law school; and young to have written so widely in his field. And, in a sense, it's fitting that a young and dynamic man should have established himself so securely in this young and dynamic field.

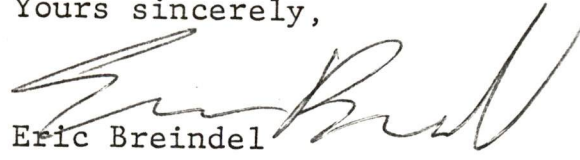

The resume and writings I attach indicate that Mr. Squadron has been a journalist and a White House staffer, that he has handled major communications cases for his firm and that he has worked on Capitol Hill.

What such documents cannot communicate is the sensitivity and thoughtfulness with which Bill Squadron approaches all of the tasks before him; the loyalty that defines his character -- loyalty that I know would be directed to you and to the Bush administration at large, notwithstanding party affiliation.

Again, Governor, I hope you won't think it inappropriate that I've stepped out of my Editorial Page Editor's role for a moment to recommend an outstanding candidate for a federal post. As I'm sure you know, journalists don't use superlatives lightly or easily -- in this respect, I'm no exception. Thus when I say that I can't imagine this administration making a better appointment to the FCC, I speak from the bottom of my heart.

Thank you for your kind attention. I hope we in New York will have another opportunity to see you in the not too distant future.

Yours sincerely,

Eric Breindel

Dear Governor Sununu,

We at The Jefferson Foundation are thrilled with reports that our good friend and advisor Judge Paul Pressler may be nominated by President Bush as Director of the Office of Government Ethics.

As you know, Judge Pressler is highly respected as a jurist, civic and religious leader, and as a key leader of the President's conservative coalition. We have worked with the Judge through the Council for National Policy, the Jefferson Inaugural Freedom Ball, and our Foundation programs to support President Bush's policy agenda. Judge Pressler is a strong manager, committed public servant, successful family man, and a role model to scores of young people around the Country.

We are proud to recommend Judge Paul Pressler for this important role in the Bush Administration, and pledge our most active support should the President nominate him.

With best regards, I remain

Sincerely,

Re: Administration's Clean Air Act bill (H.R. 3030)

Dear Governor Sununu:

You will see from the enclosed letter to Congress that the American Automotive Leasing Association (AALA) supports the Bush Administration's Clean Air Act amendments in H.R. 3030.

Our interest in this legislation stems from our support for cleaner air and from our concern that vehicle fleets are treated unfairly by the other competing Congressional bills on clean air, H.R. 99 and H.R. 2323. AALA is a national trade association whose members have over two million (2,000,000) motor vehicles on lease to commercial users, generally in vehicle fleets. The members of AALA account for approximately 95% of the commercial market for fleets of motor vehicles.

We think the provisions in the Administration's bill dealing with "clean-fuel vehicles" are comprehensive, even-handed and workable. We support "clean fuel" provisions like those in H.R. 3030, which do not discriminate against vehicle fleets and are more likely to succeed in reducing air pollution.

Sincerely,

DOUGLAS S. BROWN
President
