COUNCIL OF SCIENTIFIC SOCIETY PRESIDENTS

1155 16th St., N.W., Washington, D.C. 20036 (202) 872-4452

JAK-2

March 31, 1989

Ms. Jacqueline A. Kennedy
Assistant to the Chief of Staff
The White House
Washington, D.C. 20500

Dear Ms. Kennedy:

Thank you for your letter of February 22, 1989, to Chairman Lynn Arthur Steen indicating the possibility of Governor Sununu addressing the Council of Scientific Society Presidents (CSSP) as the keynote speaker after the banquet here in town on Tuesday, May 16, 1989. I am writing to inquire whether there have been any developments in Governor Sununu's calendar for that day that might allow us to look forward to his participation in this CSSP function.

You and the Chief of Staff might find of interest the identity of the speakers and the tentative topics for the other portions of the program on Tuesday, May 16. In order of appearance, those speakers and their subject areas are as follows:

Speaker: Dr. Walter Massey, immediate Past President of the American Association for the Advancement of Science and Vice President for Research and for Argonne National Laboratory, University of Chicago

Topic: Dr. Massey will speak on current challenges facing the scientific community.

Speaker: Congressman Joe Barton (Republican-Texas)

Topic: Representative Barton will address the scientific, economic, and societal dimensions of the Superconducting Supercollider.

The views expressed by CSSP are those of its members and do not necessarily represent the official position of their respective organizations.

Speaker: Dr. Frederick Bernthal, Assistant Secretary of State for Oceans and International Environmental and Scientific Affairs and former Commissioner of the Nuclear Regulatory Commission

Topic: Dr. Bernthal's remarks will be on the topic of global environmental concerns and other issues pertaining to the risk as well as the benefits of the scientific and technological enterprise.

Speaker: Dr. Jaime Oaxaca, Vice President of Northrop Corporation and a Member of the President's Task Force on Women, Minorities and the Handicapped, as well as a Member of the National Research Council (NRC) Committee on the Mathematical Sciences in the Year 2000

Topic: Dr. Oaxaca will address enhancing opportunities for women, and minorities in science and engineering.

Speaker: Dr. Goetz Oertel, President of the Association of Universities for Research in Astronomy (AURA)

Topic: Dr. Oertel will speak on the plans for the Hubble Space Telescope in the context of other major federal initiatives in science.

Speaker: Congressman Mike McCormack (Democrat-Washington)

Topic: Former Congressman McCormack will provide the group with guidelines for the scientific community to interact more effectively with Congress and the Administration on matters of science and technology policy.

I know that you and Governor Sununu will recognize the importance of the topics that will be discussed at this meeting, on the general theme of "Science and Society," and the expertise of the individuals involved. Further, his prior work makes it quite evident that Governor Sununu is also quite concerned and extraordinarily knowledgeable about these same issues: the extent and quality of education, establishing priorities in Federal scientific research initiatives, environmental health, improved interactions between the scientific community and the Federal government, effective management of technological risk, etc.

We expect that these discussions throughout Tuesday, May 16, will establish the foundation for

future programs, policy statements, and actions by the Council of Scientific Society Presidents, the Council's approximately 50 supporting societies, and their collective membership--exceeding 1 million individuals--to expand and strengthen the role of science and technology in the deliberations of Congress and the Administration.

Please contact me if you have any questions regarding the Council of Scientific Society Presidents, its May meeting, or the prospect of Governor Sununu's addressing the group after the banquet on Tuesday evening, May 16.

Sincerely,

DR. TIM LAHAYE
President

Dear Mr. President:

Congratulations on a job well done during your first 60 days in office!

Those of us who went to the wall for you during the election are very pleased with the way that you, your wife, and your family have conducted yourselves during the first two months, and we pledge you our prayers and continued cooperation.

We also want to congratulate you on some of your fine appointments such as Congressman Dick Cheney, John Sununu, Jack Kemp, Bill Bennett, Elizabeth Dole, Doug Wead, and others. We are praying that you will have special wisdom in your other appointments, particularly judges, and eventually Supreme Court nominees.

We would also like to thank you for showing such respect for our Lord and His Church by taking your family to worship on Sundays. It is a good example to the nation!

As you know, we Evangelical Christians, according to the Gallup poll, represent 38 to 40 percent of the population of the U.S. According to exit polls on election day, we represented 34 percent of all the American citizens who voted for you.

Since we represent one-third of your voting constituency, I thought I would give them an opportunity to personally share their thoughts and desires of what they would like to see you accomplish during your first term as our President. So I took a survey of thousands of Evangelical Christians from every state in the Union and asked them to prioritize the issues they feel you should address first.

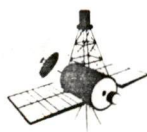

The following is the computerized result. Most respondents registered a deep concern for all these matters, but listed them in the following priorities. I believe they fairly represent the concerns of most of the over 69 million Evangelical Americans.

Dear Mr. Sununu:

The California Agricultural Leadership Program, now in its 19th year, provides 30 exceptional agriculturists from California a first-hand exposure to the public policy process. During the two year program, this select group of men and women--representing all phases of agribusiness--visits vital agricultural areas both in the United States and abroad. In the first year of the program, the group actively pursues an understanding of the major domestic policy issues. Their week in Washington, a culmination of their first year of study, is key to achieving one of the central goals of the program: an exposure to the culture, economics and politics beyond their local agricultural communities in California. Your time and insight will prove invaluable to these future leaders.

If at all possible, I would greatly appreciate your taking a few minutes to informally address the group on Wednesday morning, April 12. We are working with staff in the White House Legislative Affairs office to set up a schedule of briefings for the group that morning, and I would be delighted if your busy schedule permits you to spend some time with this year's Agricultural Leadership class.

My staff assistant, Heather Combs, is coordinating the group's visit and would be happy to provide any additional information you may need. We look forward to hearing from you.

Sincerely,

Jerry Lewis

Dear John:

I am taking the liberty of sending you two clips from the local paper. I believe that the President is missing a good bet by not taking the lead to get congress to put the CATCAP legislation on the back burner. Over twenty million elderly people and retired people want out of this. Why let the congressmen take credit for rectifying their misdeeds. Its time for the President to read our lips.

Best regards,

Dick Levy

Dear Mr. Sununu:

We at Lary Communications are very proud of our latest issue of *Acton Digest* magazine and have enclosed a copy for you.

Our magazine has a readership of over 60,000 and is mailed free of charge to all residences and businesses in a four-town area including Acton, Boxborough, Carlisle, and Concord, Massachusetts.

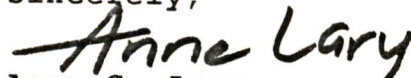

It was launched over a year ago as a vehicle to help reinforce community spirit and the appreciation of our history, to recognize volunteerism and service to the community, and to strengthen the linkages between citizens, business, and government. To achieve these goals, we provide coverage of local news as well as broader social and political issues in their local context.

This issue's cover story on our own local twentieth-century Minute Men highlights Patriot's Day, April 19, a very important holiday for Massachusetts--and indeed, for the nation. It is a day of celebration and retrospection, which we in this area revere as the birthday of the first skirmish in the American Revolution--the battle at the Old North Bridge in Concord in 1775. We in Acton take pride in the fact that an Actonian, Captain Isaac Davis, was the first American to die in the Revolution; his fourth great-grandson, Parker Vanderhoof, is a present-day Acton Minute Man.

We have taken special pleasure in publishing this issue of *Acton Digest* and hope that you enjoy it. Your comments will be heartily welcomed and much appreciated.

Please accept our heartfelt support and best wishes for your continued success.

Sincerely,

Anne C. Lary

The Honorable John H. Sununu
Chief of Staff to the President

Dear Mr. Sununu:

Last year, I had the pleasure of performing a study of Senator Howard H. Baker in his roles as Senate Majority Leader and White House Chief of Staff. As a first cut from that research, I recently completed the enclosed paper which explores the leadership legitimization process during the early months of his Senate and White House tenure.

While I realize that each "Chief to the Chief" has a different set of conditions during his watch, it struck me that this piece might still provide some ideas that could prove of interest to you.

As a follow up to this Chief of Staff study, I have been reviewing the management approaches of all four figures who held the post during the Reagan years. If you are interested, I would be delighted to share my findings with you when they become available.

In the meantime, any reactions you might have to this piece would be much appreciated.

Sincerely yours,

Richard A. Loverd

Dear Governor Sununu:

I have received a letter from Mr. Untermeyer inviting me to fill out a personnel form for processing. I have filled out and returned the form, a copy of which is herewith enclosed for your information. I wish to thank you very much for drawing Mr. Untermeyer's attention to my interest. Although I put down "consular affairs" as my expertise, I would be willing, of course, to serve in any capacity in which you think I can be useful.

Following his recent conversation with Ambassador William Brown at the Department, Ambassador Jonathan Moore asked me to propose some concrete measures that can alleviate the suffering of refugees in the Occupied Territories. (Ambassador Brown suggested that the key to the Middle East peace might well lie in the solution of the refugee problem.) Please find enclosed my memorandum on this subject. As you may see, I have drawn on my personal observations gained from my visit to the Middle East earlier this month, as well as from last year's visit. If you have any comments, I would appreciate very much receiving them.

With best regards,

Sincerely,

Luke T. Lee

Dear John:

Ron Kaufman and Anne Gwaltney, with whom I met recently, have assured me of their continued effort on behalf of my interest in an appropriate PAS in the Administration. Surely, there must be some applicable position commensurate with my background and experience.

You are well aware of my strong support of the President over the years, and I would appreciate your active interest on my behalf. In addition to the positions I discussed with Anne, other priority interests include serving on the Federal Communications Commission, the Federal Trade Commission and the National Transportation Safety Board.

The attached are for your information.

SALEM
CHAMBER OF
COMMERCE

P. O. Box 304, Salem, New Hampshire 03079 • 603-893-3177

March 23, 1989

Hon. John H. Sununu
Office of the President
White House, Washington, D.C.

Dear Governor,

Hope that you received my phone message following the Tower vote. The Senate acted unfairly and hypocritically, in my opinion, but it's a long road without ashcans and a favorite Washington saying goes something like "what goes around comes around". No question that you are a good match with veteran hands and will win and that President Bush is more than what was bargained for by the Democrats. The defeat of John Tower was not a defeat of Tower or the President and certainly had not the remotest reflection on you... it's a win-win and will prove out in the long term which is what counts.

Well, on the home front, as you are aware, because of the courage of Frank Murray and the good work of a lot of people, the business organizations in Salem have got their act together and we have a great team working to really develop a formative GREATER SALEM CHAMBER OF COMMERCE...AND YOU CAN HELP GREATLY!!!

THE PRESIDENT... HAS ASKED AMERICANS TO SAY YES TO SERVICE... focusing on the contribution of the youth of the nation. I know that under your aegis there is a director for this effort and I would like to have the Chamber set up a regional forum on this campaign... a MERRIMACK VALLEY YOUTH IN SERVICE PROGRAM... a pilot or model effort in a two state region with the center in SALEM, NH and our constituent/contiguous towns. I am not looking for federal money, just technical assistance and provide the White House to showcase the program. Any ideas?

Secondly, on the anti-drug front... as you know this region has a tremendous problem... interagency rivalries are a problem (we had an instance in Lawrence where local and state cops had an altercation at the Mayor's fundraiser), linking education has not happened, no comprehensive effort, yet it appears that this region is a hotbed of activity affecting every community. Could we get Sec. Bennett up to Salem for an appearance and perhaps another forum opportunity? There is a link between enforcement and education... we have a persistent unemployment problem... a high drop out rate and rampant drug proliferation that must be highlighted... it could tie into the radical welfare policy of Massachusetts and spark reform. Something must be done and it seems that given that we are not a urban setting, but more typically of America starting here in a comprehensive way might just work and be a really great way to get business (which America employs) in an area that could be very positive. Any ideas?

Thirdly, mark down **Wednesday, May 17th...at Castleton...the Annual Bill Brown Award night and official Inauguration of the new Greater Salem Chamber of Commerce!!!** It will be a black tie affair with minimal speech and lots of dancing... a social gathering of friends. Naturally as the premier Salem family, you and Nancy are cordially invited... so please put it on your calendar... attendance will be around 500!! It would be great if you could get the Vice President to attend with Mrs. Quayle... he has been much maligned and exposure would be a plus for him... and not do us any harm at all. Frankly, I think he's great and underestimated; in my opinion as time goes on it will be shown that he is a star in the political galaxy of the future.

Well Governor, it has taken five years, but I am now working in the interest of the quality people of Salem as Chamber President rather than the nitwits who were on the Board of Selectman in 1983... (as you said with a cumulative IQ of 2... and that was kind). The Chamber can really become a dynamic force for good in the community and we need all the help we can get. All politics is local no matter what level of government, so I hope that as the business people have done, you will give me a second chance and give me your support and advice. If you can think of anything along the way which might be helpful to your agenda please call on me and we will get it done.

Thank you for your attention to the matters discussed here and for all your past kindnesses.

- Sincerely,

Robert J. LeBlanc

P.S. Could you forward (2) pictures of President Bush and Vice President Quayle for the Chamber office?

Dear Governor Sununu:

I appreciated our brief opportunity to discuss matters of mutual concern during the reception for Cardinal Casaroli at the White House on Monday.

I have contacted Bishop Oscar Rodriguez, General Secretary of CELAM (the Episcopal Conference of Latin America), to try to find dates when he can come to Washington so that we can meet with you for the purpose of planning a meeting between the President and the Bishop Officers of CELAM. You suggested that I call Jackie Kennedy to determine your availability for April 7. However, as of this writing, I have been unable to secure from Bishop Rodriguez any dates when he might come to Washington for this meeting. When I have finally heard from the Bishop, I will call Ms. Kennedy.

Wishing you and your entire family a joyous Easter, I am

Sincerely yours,

Reverend Robert M. Lynch

Dear Governor Sununu:

I take immense pleasure, on behalf of this association's officers and directors, in inviting you to receive our first "Man of the Year" award.

Our cup would run over if you would also address the audience --senior executives of Fortune 500 corporations.

The honors will be celebrated at our 38th annual luncheon to be held in New York City (or Washington if you have a strong preference) on a weekday to suit your schedule late in May or early in June.

The usual, but flexible, format is reception at noon followed by luncheon at 12:30 p and the speaker's remarks around 1:30 p. Adjournment is no later than 2:15 p.

Arab ambassadors and the press are normally invited but again, this will depend upon your preferences. We would work the details out with your office to your satisfaction.

I look forward to your early confirmation with a great deal of pleasure.

"YOUR FAMILY ENTERTAINMENT STATION"

Honorable John Sununu
Chief of Staff
The White House
Washington, D.C. 20500

March 21, 1989

Dear Mr. Sununu;

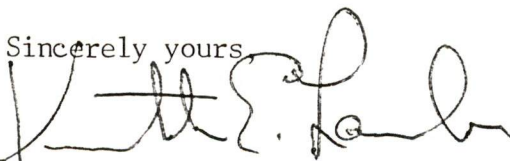

I would like to bring to your attention the professional demeanor and good will created by a member of the White House staff concerned with media relations: Mr. Paul Luthringer.

Over the past several weeks I have had need of communicating with him to devise a plan for stimulating voter turnout in Alabama's Third Congressional District special election. Despite the heavy demands on his time and the fast pace of business in his office, Mr. Luthringer has always devoted himself to hearing out my questions, responding fully and attending to follow-up and response in a timely and courteous manner.

As you can imagine, this level of concern is refreshing. Mr. Luthringer is an asset to your staff and I trust his deportment in handling this matter will be recognized and rewarded.

I look forward to working with Mr. Luthringer again and put the services of the station for additional public affairs programming at your disposal. With best wishes for your continued success I remain

Sincerely yours,

Governor John Sununu
Chief of Staff
The White House
Washington, DC

Dear Gov Sununu:

I wish to commend President Bush for a first small step in injecting some rationality into the control of military-type guns. He showed you don't have to be a "ban the guns" freak to be seriously disturbed by the proliferation of weapons that have no logical or proper sporting use and can easily be diverted into the hands of the drug trade and used to kill policemen. In spite of the screams of protest that he hears from the NRA, I am sure his action has the full support of responsible sportsmen who hope that in the near future he will continue to provide leadership by moving even further away from the extreme positions that the NRA leadership has espoused.

No one can legitimately argue that I have an anti-gun orientation:

1. I qualified expert on just about every personal weapon in the army (rifle, pistol, submachine gun etc.)
2. I owned my first rifle when I was 12 years old. (And I couldn't shoot it until I was properly trained to do so.)
3. My family attitude toward guns is well-shown by the fact that one of my daughters was a four-year letterman in riflery in college.

I am totally turned off and fighting mad at the radical extremism of the NRA leaders and their knee-jerk support of extremists who demand carte-blanche to endanger the lives of others by having uncontrolled access to and no regulations to prevent the abuse of assault weapons. There is no legitimate excuse to use automatically-cocked (e.g. recoil, blow-back, or gas-operated) weapons in hunting. The abuse is particular extreme when the gun is a full automatic or can be illegally converted from semi-automatic status. There is no sportsmanship in being a lead-sprayer. Manually-cocked weapons (e.g. bolt-action, lever-action or pump-action) can fully meet all legitimate the needs of any hunter. And they are much less subject to misuse either by pseudo-sportsmen or drug dealers.

Anyone who has to go hunting with an assault-rifle no more deserves to be described as a sportsman than someone who shoots animals mesmerized by automobile headlights or who fishes using dynamite.

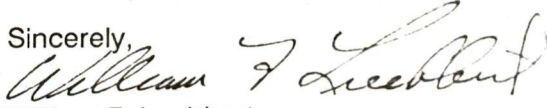

All too often the kind of so-called hunter who needs a semi-automatic weapon is likely to be the same kind of unsportsmanlike jerk who holes up in a camp drinking beer for a couple of days, then staggers out half-loaded to spray lead indiscriminately -- lead that is just as likely to hit a farmer's cow or another hunter as it is to hit a deer.

We need legitimate standards of gun safety. An untrained person with an repeating weapon is at least as dangerous as an untrained person driving an eighteen-wheeler. The sooner those of us who favor legitimate use of guns rebel against extremism in the NRA and clean up our act and do something about the current disgraceful situation the better.

The current leadership of the NRA pays minimum lip service to, but fights legitimate standards tooth and nail. We must distance ourselves from the know-nothing radicals who have won control of the NRA, just as firmly as we distance ourselves from those who would ban all guns. The next time I hear someone spout the obnoxious slogan "Guns don't kill people; people kill people" I'm going to puke. Let's not stick our heads in the sand. **Guns, high-powered muscle cars and other devices can be dangerous. They do create opportunities to kill. In the wrong hands they do kill people. Whenever those who use such devices are not properly trained or are under the influence of alcohol or drugs, there is a significant risk that they will kill people, including innocent people.** Law-enforcement officers will be killed, and other hunters or other people on the road will be killed. You can be killed; I can be killed; innocent children can be killed. This is too high a price for kow-towing to unreasonable demands from the NRA lobby.

Once again, President Bush is to be commended for taking a first step, albeit a very small and tentative one, toward rationality in our national policy toward guns.

Sincerely,

William F. Luebbert

Dear Mr. Sununu:

Thank you for your gracious letter of March 3 relative to my memorandum.

Eliminating tension from the Korean peninsula which is one of the most explosive areas in the world is of great importance to the United States as well as the Korean people. I am happy to note that the administration of President Bush evinces willingness to move in this direction.

In doing so, it may be that you or/and one of your colleagues charged with formulating Korea policies think it desirable to have a talk with me. Should you wish to do so, I will be glad to make a trip to Washington at our mutual convenience. As a native of Korea who has lived in America for nearly three score years, I am deeply interested in serving both countries in any way I can. To that end, I have visited North Korea and conferred with President Kim Il Sung and other high officials there. I have some information which have not been revealed yet may be of interest to you.

With best wishes,

Faithfully yours,

Dear Dr. Sununu:

Yesterday my family and I had the privilege of listening to you address our Republican Senatorial Trust meeting, where I have been a member for twelve years. We were all immensely impressed with the clarity and directness of your statement and came away fully convinced that our confidence in the Bush administration and in you is more than amply justified.

As a fellow M.I.T.er (my Ph.D. in chemical engineering long antedates yours), where I am a life member of the Corporation, I am especially proud of the role you occupy in this crucial era. I am sure you realize that very few engineers ever make it into the policy arena or are even interested in it. Our mutual friend, George Hatsopoulos, and I are making strong efforts to be involved with both the economic community and the public policy questions of the day. I am enclosing an article from the Boston Globe which suggests that some small attention is being paid.

Perhaps we shall have an opportunity of meeting at some future time and discussing questions that I hope will be of interest to both of us.

With best regards and good wishes, I am

Sincerely yours,

Ralph Landau

WILLIAM E. LORD
Vice President

August 29, 1989

Mr. John Sununu
Presidential Chief of Staff
The Summer White House
Kennebunkport, ME

Dear John:

I hope you're enjoying Kennebunkport this month. My mother, who lives in Kennebunk, feels she is part of the White House Press Corps every time she sees the President go by.

Some news about interactive learning:

We have now completed our third disc. It details the life and history of Martin Luther King, Jr. and his role in the civil rights movement. This product, along with In the Holy Land and The '88 Vote, has been very well received by those who have seen it (my offer to show you and your staff our material obviously still stands). In fact, one of my staff members demonstrated In the Holy Land in the holy land last week at a Jerusalem conference.

We have announced nine titles for the next twelve months. One series will deal with the Powers of the Presidency, Congress and Supreme Court. I would like to request that the White House participate in this project through interviews and special taping opportunities. I will contact your office in September for further discussions.

I also note that the President has called the 50 Governors to an Education Summit in late September. Will there be an opportunity for 'new solutions' to be shown? If so, we would be most interested in evangelizing interactive learning.

Sincerely,

William Lord

Dear Governor Sununu:

Enclosed please find a copy of a letter I sent to Attorney General Thornburgh in the case of Joseph Doherty.

My concern is that the Administration not act in a way which would give credence to those who are saying that the Administration is not going to be respectful of the process of law in the appeal now taking place.

If there is any way that I can be of help in this matter please don't hesitate to tell me.

Dear John:

I am enclosing a letter from Senator Bentsen for your enlightenment. The Democrats are going to lay this issue of Catastrophic Health Insurance right on the laps of the President and the Republican Party.

Thirty million people cannot be ignored. The vibes I get from one organization after another is that your office and the President are solely responsible for Congressional inaction.

The elderly are not going to take this laying down. There can be no compromise as Bentsen is suggesting. The tax system was never envisioned to permit discrimination of citizens by age. I am not even sure that it is constitutional for discrimination by wealth; as a tool to change the social structure of this country. The abuse of this power is moving us directly into socialism.

It is my belief that if the Congress and the President will not back down on this legislation, it will be settled in the Supreme Court of the United States. In any case, it will seriously impair the integrity of our party.

Respectfully,

Richard S. Levy

Dear John,

I broke my fast today and bought Time Magazine which I hadn't purchased since Reagan's 1979 campaign. But of course I never missed any special issues of Reagan or Bush as my political workers always brought them to me saying "Have you seen these great pictures of" and would give me a copy.

But today, at the market I fingered the pages and broke down and bought it. I, m such a forgiving soul I don't know what took me so long.

Anyway, you can thank Time Mag. for this letter because when I saw your picture on page 20 & 21 I realized that I missed bumping into you with the smiling face and warm words.

I understand why Bush needs you so, because you radiate confidence based on extraordinary knowledge and that combination affords him a good pillow when he's wrapped up in problems. Having you along on those far-off trips is a bonus, I'm sure.

Your brain far surpasses those mechanical giants called computers, you think fast on your feet. I love the way you handle, so masterfully, the Press on Sunday noon, yet, never offending, but joshingly.

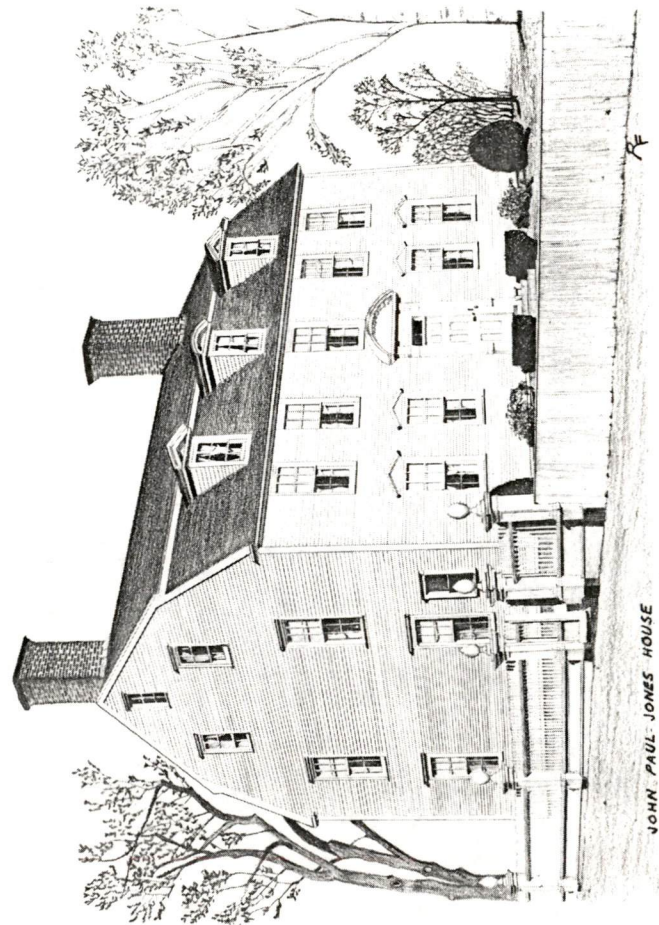

Nothing is easy in Wash., but the system as spelled out in the article, provides order which will prevail with so many talented and effective leaders.

Dear Governor Sununu:

I enjoyed dinner with you last week and the wide-ranging discussion that followed. The issues surrounding the competitiveness of U.S. industry are timely and extremely important. I am glad we have the opportunity to exchange views.

You asked for some more information about our public sector issues with Japan, so I have attached a brief summary of the matter. Our Washington office stays very close to these issues and should you or your staff want further information on any of the issues we discussed, please contact Chuck McKittrick at (202) 778-5057.

Dear John:

I understand that representatives from the Simon Wiesenthal Center have asked President Bush to host a White House reception in November for Mr. Simon Wiesenthal. The Center feels that the President might be favorably disposed to such a request because of his respect for Mr. Wiesenthal and the fact that this will be Mr. Wiesenthal's final visit to the United States.

A good friend of mine who is active with the Center asked me to "weigh in" on behalf of this request. I am pleased to do so. Not only is Mr. Wiesenthal an extraordinary individual, but the Center has been a strong supporter of our Party during the 10 years it has been in operation.

I would greatly appreciate any help you can provide toward ensuring that this request receives serious consideration.

John, as always, many thanks for your assistance.

Sincerely,

PAUL LAXALT

Dear John,

I realize that it is an understatement to say that you are extremely busy in your position as Chief of Staff for the President of the United States. However, I was hoping that you would be able to give me a minute of your time and possibly help me in solving a problem for which I have had for the last couple of years. I did an electrical project back in 1984 and 1985 for the FAA in Nashua, NH. The General Contractor on the job was Metro Boston Contracting, Inc., a minority contractor out of Roxbury, Massachusetts. Metro has run in to some serious financial problems and we have yet to be paid in full for the work we did, even though the project has been completed for three years. Currently we are still owed \$10,000, for which the FAA has paid Metro but they in turn have not paid us. To date, all my attempts to collect this money have been futile. I have asked Senators Rudman and Humphrey for their assistance but unfortunately their efforts have been to no avail. Due to a mix up in the paperwork on the Government's part this particular job was not bonded and therefore I have had no recourse other than to seek payment directly from Metro. My contention is if I cannot collect from Metro the FAA should be responsible for payment, as the job should have been bonded.

John, I am not asking you to collect this money for me. If you could just give me the name of somebody in the FAA who could assist me in resolving this matter, it would be greatly appreciated. I have had dealings with local FAA officials who have been helpful but they have had no success in getting us paid.

Dear John,

I enjoyed your talk at the Mayflower for the campaign supporters. How well I remember those two days I spent with you in New Hampshire before the primary. By all accounts you are doing the best job ever. Ah, but then what else would be expected from someone with yours and my attitude.

We are having our semi-annual Washington seminar on Thursday and Friday, September 28 and 29. I would be enormously in your debt if there were any way you could see fit to join us. At our last seminar, we had a paucity of administration people, and you would quickly redress that imbalance. For your convenience, the time would be completely open.

We would be glad to bring the attendees over to see you if that would be more convenient.

The seminar attendees are at the top of the nation's largest money management firms, trust departments and pension funds. They are an important constituent group for both you and the President.

I am enclosing programs from our last four seminars and the list of attendees. I'll call shortly to follow up.

Warmest personal regards,

Arthur B. Laffer

Dear Governor:

You may recall back in late 1988 you signed a letter supporting the issuance of a stamp in honor of the 50th anniversary of the U.S. airborne forces. Unfortunately, the Citizens Stamp Advisory Committee denied the request. Your effort, however, was very much appreciated.

I am hoping that you will, again, be able to lend your support to the airborne forces. In addition to the stamp, the airborne are having a celebration in Washington on July 5-8, 1990. An estimated +50,000 veterans, along with their families, will be in attendance. Although several attempts have been made to request the President's presence at the parade on the 7th and a brief speech at the memorial services on the 8th, these efforts have been unsuccessful.

Governor, it would mean so much to my father, as well as thousands of other veterans, if the President would consider attending and/or speaking at this celebration. As well, any input that might sway the Citizens Stamp Advisory Committee's decision would be appreciative.

I hope all is going well for you. I have one more year in my M.B.A. program and am currently working with Bill Zeliff on his campaign.

Thanks for any assistance you can provide.

Sincerely,

Jeanie Lyons-Forrester

Dear Governor Sununu:

I am enclosing a copy of a letter which is today being sent from Archbishop John L. May, President of the National Conference of Catholic Bishops/United States Catholic Conference to President Bush. I am bringing it to your attention with the additional note that the invitation is very genuine and if the President's busy schedule would permit his attendance, the Catholics of the United States would be very honored.

While I know it is much too early to know for sure what the President's schedule for early November might allow, I place my office at your disposal at any time to assist in the preparations and planning which the President's attendance would require.

In extending this invitation to the President, Archbishop May does so with the enthusiastic concurrence of Archbishop William H. Keeler of Baltimore and his Bicentennial staff.

With warmest personal good wishes, I am

Sincerely yours in Christ,

Hon. John H. Sununu
Chief of Staff to the President
The White House

Dear John:

I understand from press reports that Paul McAvoy is one of the candidates for Chairman of the SEC.

I have known Paul for many years since he served on the Board of Directors of Colt Industries, a company that I represented. I have seen Paul in action. He was, in fact, the leader of the Board, having earned that position by virtue of his qualities of leadership and his talent for persuasion. He is committed to the operation of the free market. He also has a keen understanding of how the securities markets operate and the role of regulation. You could not get a better person for the job.

Sincerely,

Arthur L. Liman

John H. Sununu

Dear Governor;

On August 30, the Newfound Area School District of New Hampshire will dedicate its newly constructed Regional High School. The \$9.5 million building in Bristol was authorized during your administration and represents a considerable educational effort on behalf of the citizens of the seven towns which make up the district. As Chairman of the Newfound Area School Board, I would like to make this dedication an event of great pride for the people who have made the effort to authorize this new school and for the students who will attend.

We of the Board would like to have the President be there, but recognize the impracticality of that. However, we ask your good service to have an appropriate letter - recognizing the effort made by the citizens toward educational improvement and the opportunity given to the young people of the area - prepared for the President's signature so that it may be read at the dedication and made a permanent exhibit at the school.

We are grateful for your assistance and hope that one of your return trips to New Hampshire will allow you a visit to our new facility.

OFFICE • OF • THE • EXECUTIVE DIRECTOR

August 3, 1989

Governor John Sununu
Chief of Staff
The White House
1600 Pennsylvania Avenue
Washington, D.C. 20500

Dear Governor Sununu:

I am writing to express my delight at the prospect of Judge Paul Pressler's nomination to head the U. S. Government Ethics Office.

First, in my official capacity as Executive Director of the Southern Baptist Convention's Christian Life Commission, I want to tell you that I am extremely gratified that a prominent member of our denomination has apparently been chosen for such an important and sensitive position.

Second, and perhaps more importantly, I want to share with you how very pleased I am that Paul Pressler is the person under consideration. I have known Paul Pressler for a quarter of a century and I have always found him to be a person of the highest and most meticulous ethical standards. Like all men of strong principles and firm convictions, he is a man about whom many people are not neutral. Some, of differing convictions, have found him to be an effective, resolute, and successful adversary. Many others have found him to be a courageous, loyal, and articulate champion.

I would think that both by temperament and by profession that Judge Pressler would be ideally suited to the task for which he is being considered.

Sincerely yours,

Richard D. Land

Dear John:

The name Mary K. Bush is on the candidate's list for the next vacated seat at the Federal Reserve Board. I've known Mary from her University of Chicago days in the very early 1970's when I was on the faculty there.

I've kept in touch with Mary throughout her professional career. She's been at the right place at the right time with uncanny precision...IMF, M.S. Treasury, Fannie Mae as well as private banking at Citicorp, Banker's Trust, and Chase Manhattan Bank.

Mary is first class in every way. On purely professional grounds she is excellent. When combined with the fact that she is black, I don't see how you could do better.

Warmest personal regards,

Arthur B. Laffer

Dear Mr. ~~Sununu~~, *John*

Roger Magnuson has had a distinguished career at the prestigious law firm of Dorsey & Whitney where he has served for more than fifteen years. Mr. Magnuson graduated from Stanford University with honors and has studied both at Harvard Law School and Oxford University. I strongly recommend that you consider him for a judgeship on the U.S. Court of Appeals for the Eighth Circuit.

In addition to Roger Magnuson's outstanding educational background and professional career, he has also been a dedicated public servant. He has served on the board of directors of Eden House, a sizable drug rehabilitation and treatment center. He has also been very involved in helping inner city youth through churches and organizations such as Hospitality House in Minneapolis.

Most importantly, Mr. Magnuson is a man of integrity and commendable moral character. He believes in judicial restraint and the proper interpretation of the Constitution in accordance with the original intent of the Framers.

Due to Roger Magnuson's exemplary personal and professional qualifications he would be an excellent candidate for the Court of Appeals for the Eighth Circuit. Thank you for your consideration to this matter.

Sincerely yours,

Dear Governor Sununu:

Thank you again for the opportunity you gave me and Dr. Hoenig to discuss the tritium question with you today. We have asked our consultant, Dr. Carson Mark, to prepare a brief paper responding to the point you raised about the impact of a Soviet tritium surplus. I will be happy to share it with you as soon as we receive it.

By the way, you might consider contacting Dr. Mark directly if you are interested in obtaining an expert, independent view on matters under consideration in the government. He has the necessary clearances on a need-to-know basis, and, given his 25 years as leader of the theoretical physics division at Los Alamos, he has much to contribute. Of course, the Nuclear Control Institute would be out of the loop if you contacted him directly. His telephone number is 505-662-5025.

Please let me know if it would be useful to have additional copies of the The Tritium Factor book summarizing our workshop with the American Academy of Arts and Sciences. I would be pleased to send them to you.

I will telephone you toward the end of the month, as you suggested. With best wishes

Sincerely,

Paul Leventhal

A particularly moving part of the ceremony was President Bush's eloquent and detailed speech. Would it be possible for us to receive a copy of his statement for our records? It would be greatly appreciated.

Dear Mr Sununu:

I am writting to request your assistance in being accepted in the Republican Party. Some people say that the reason I switched parties was so I could run against Charlie Bond in a primary. Nothing could be further from the truth.

The real truth is I switched parties because I am fed up with the liberal wing of the Democrat Party. These Democrats are completely out of touch with the voters in NH. How can I be a good Democrat when I can't swallow or understand their reasoning.

My intention is not to run for a Senate seat. I will be happy to pay my dues to the Republican Party, simply by working for the party in the next few years.

I am presently Chairman of the Board of Selectmen in Gorham NH, Vice President of Northern Lites, President of Holy Family Pastoral Council, and an active member of the Rotary, 4th degree member of the Knights of Columbus. I am also involved in the Fresh Air Program, a non profit organization committed to bring children from NY City to our community for summer fun.

I also have been recently appointed by President Bush to be on the Presindential task force for voluntarism. Im sure you remember my dad well, he was a Democrat, but 85-90% of the times he voted with the Republicans. His reasons at the time were not clear to me. Today I understand fully why he supported the Republican Party. I feel I can be an asset to the Republican Party. I only ask the chance to prove myself.

Sincerely

Donald F. Lamontagne
