Dear John:

On behalf of the Amex and our cosponsors, I am delighted to confirm your participation in U.S. Perspectives IX, being held October 30 and 31 at the Mayflower Hotel. You are scheduled to speak on October 30th at lunch, 12:00 p.m.

This year's conference is shaping up to be one of the best ever. Mark Shields will serve as moderator and speakers to date include Bob Mosbacher, Lloyd Bentsen and Mike Boskin among others.

With the Bush Administration as the central focus, topics will include foreign and trade policy, as well as economic and regulatory issues relating to the securities markets. There is no doubt that this particular audience is vitally interested in what you have to say.

Ginger Pape, Vice President of Government Relations has confirmed this engagement with Jackie Kennedy. Pat Moschella, Director of Listed Company Services, will speak with Jackie in the next few weeks to discuss logistics, etc. In the meantime, if you need any additional information, please call her at (212) 306-1151.

Sincerely,

The Honorable John Sununu
Chief of Staff
The White House

Dear Governor Sununu:

On September 20-22, the American Gas Association, along with the Natural Gas Vehicle Coalition, will sponsor a conference in Washington on natural gas as an alternative vehicle fuel. This is a significant conference since it will be the first time since President Bush announced his clean air plan that the gas industry has gathered to discuss the role that natural gas can play in the transportation sector to help clean the environment. We expect over 300 representatives from the natural gas, automotive, transit bus, and related equipment industries as well as state and local environmental officials to be in attendance.

As you know, we are enthusiastically supporting the President's Clean Air Act and are seeking cosponsors of the legislation. The support of this group will be vital if we are to be successful in cleaning our urban air of ozone and other pollutants. As you know, many in the petroleum and automotive industries feel that our abundant domestic supply of natural gas will be a key part of a workable alternative fuels policy.

We would very much appreciate your assistance in considering this as a forum for the President to advance his environmental agenda by addressing this key group at the Hyatt Regency on Capitol Hill on September 20. We are aware of the demands on his schedule and, if this doesn't fit, we would appreciate your counsel and help in getting Secretary of Transportation John Skinner or Environmental Protection Agency Administrator William Reilly.

Again, Governor, we will appreciate your effort here, and I look forward to hearing from you. We indeed look forward to working with you in getting the President's proposal through Congress.

Sincerely,

A handwritten signature in dark ink, appearing to read "George H. Lawrence".

Dear Mr. Sununu:

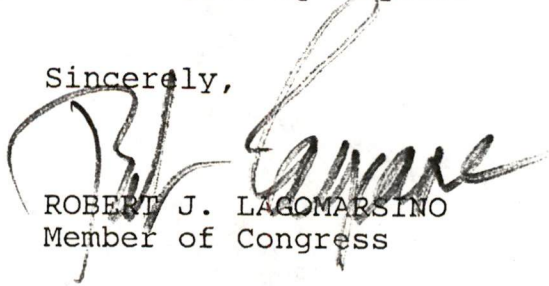

As you know, my legislation, H.R. 2214, elevates the status of our U.S. envoys to the Marshall Islands and the Federated States of Micronesia to the rank of ambassador.

I previously contacted you recommending Ralph Bodine for an ambassadorial post. I would like to renew my request and ask that Ralph be nominated for one of the two posts made possible by my legislation.

Ralph Bodine is both an outstanding individual and businessman. As Chairman of the Board of Sunkist Growers, Inc., the world's largest citrus marketing organization, he has travelled widely in search of new export markets. Through its ability to garner an understanding of the region, Sunkist has been particularly successful in expanding sales in the Pacific Basin. I feel Ralph's experience in the Pacific will help him understand the peoples in either the Marshall Islands or Micronesia which will in turn aid him in representing the United States in that area of the world.

I would appreciate it if you would give my request every consideration.

Sincerely,

ROBERT J. LAGOMARSINO

MARKET OPINION RESEARCH

1400 L STREET, N.W., SUITE 650, WASHINGTON, D.C. 20005 | (202) 289-0420

July 27, 1989

John Sununu
Chief of Staff to the President
1600 Pennsylvania Ave, NW
Washington, DC 20500

Dear Mr. Sununu:

I am writing you on behalf of Market Opinion Research (MOR). MOR is one of the largest survey research firms in the country and has been measuring public opinion for over 40 years. MOR serves a diversified client base which includes major media organizations; Fortune 500 companies; state and federal agencies; and major health, non-profit, and educational institutions.

Presently we are doing a study of opinion leaders throughout the Washington area. The issues covered in this study are in an area of your expertise, and we would like to schedule a time to interview you. As an expert in the area of telecommunications issues and regulatory issues facing the information industry, your opinions are very important to us. The interview will only last approximately twenty minutes, and your individual responses will be confidential. While we understand that your schedule is very demanding, we would appreciate it very much if you would take the time to talk with us. We would be willing to accommodate your schedule and conduct an interview at any time during the day or evening.

We will be conducting this study during the first two weeks of August. Someone from Market Opinion Research will call your office in the next few days to set up a time for the interview. Please keep in mind that your opinions are very important to the success of this project.

If you have any questions or need any additional information about this study, please feel free to contact Maureen Murphy in our office at (202) 289-0420.

Thank you in advance for your time and consideration.

Sincerely,

Jan van Lohuizen
Vice President

Dear Mr. Sununu:

On behalf of my client, Soils and Materials Engineers, Inc., I am requesting your time as the featured guest speaker at their 25th anniversary celebration. We are planning for an October 1989 evening event at the Engineering Society of Detroit.

After investigating many speakers, we have concluded that you are the most ideally suited candidate. Your background as an engineering professor combined with your current position would enable you to clearly address the future technological and social issues of engineers within the built environment.

If you are unable to accept this engagement, we would appreciate your recommendation of another speaker. I will contact your office on July 31, 1989 for your decision.

Thank you for your consideration; we look forward to a favorable response.

Dear Mr. Sununu:

On Thursday, July 13 John Reed, Chairman of Citicorp, testified before the Senate Banking Committee regarding the challenges and prospects facing the financial services industry in the coming years.

His testimony touches on a number of interesting and important themes that may be of interest to you, including the implications of the globalization of financial markets and Europe 1992, the problems with our deposit insurance system, and LDC debt.

I have enclosed a copy of his testimony for your information. I would be happy to discuss it with you at your convenience.

Dear John:

Having been away from affairs at home, you may have missed the enclosed clipping on the Petition that we presented to our readers, so that they might sign in defense of the flag. As you will notice from the enclosed story, there was a tremendous response. After all, with a small state like New Hampshire, 21,000 plus people who signed their names and sent in the Petition, is most impressive. I thought that the President might be especially interested in this type of reaction from the voters and I think that the more we can make public note of this type of story, the better it is for the reputation of New Hampshire. At any rate, I would hope that you would bring the results to the President's attention. I am sure that he would be pleased.

From what I read and hear, you are surviving life along the Potomac, although I am sure that there are times when you miss the fresh air up here in New Hampshire.

Best wishes.

Sincerely,

Dear Governor Sununu:

Enclosed you will please find a hard copy of a telegram sent to President Bush on Friday, July 7, 1989 by representatives of the Episcopal Conferences of the United States and Mexico. The subject matter is the external debt and its impact upon the people of the Republic of Mexico.

I know that the Administration is attempting to negotiate a compromise agreement and our communique simply applauds your efforts to date and encourages you to continue to work for significant relief for Mexico and other Third World countries.

Trusting that your trip to Poland and to Paris has been successfully concluded and always grateful for the consideration these issues receive, I am

Sincerely yours in Christ,

Reverend Robert N. Lynch

Dear Governor Sununu:

On October 3-4, SRI International will once again convene the Washington International Corporate Circle for a series of discussions between the top management executives of a select group of European and Asian companies and senior leaders of the Congress and the Administration. I am writing to invite you to join us.

The Washington International Corporate Circle is an off-the-record forum for communication between foreign corporate leaders and senior American policy-makers. Our membership is intentionally small, including such major international corporations as Glaxo Holdings, Philips, Sumitomo Corporation, Fuji Bank, Mazda Motor Corporation, and Bull, s.a. Since our inaugural meeting was begun by then-Vice President Bush, our discussions have included such leading figures as then-White House Chief of Staff Howard Baker, Michael Boskin, David Mulford, Bill Brock, Tip O'Neill, Tom Foley, Jake Garn, Bill Bradley, Paul Sarbanes, and Alan Simpson.

We are asking if you might join the Corporate Circle for about an hour, including perhaps 15-20 minutes of informal remarks followed by discussion, at the Hay Adams Hotel on either Tuesday, October 3 or Wednesday morning, October 4. The primary interests of our Circle members revolve around the likely direction of the policy priorities of the Bush Administration, especially as these affect international business.

Both the Corporate Circle members and our Congressional and Administration participants have found this discussion-oriented forum to be a valuable, yet congenial, way of exchanging ideas.

Dear John:

On October 30 and 31, the American Stock Exchange, in cooperation with Merrill Lynch, Donaldson, Lufkin and Jenrette and Smith Barney, will host our ninth annual Washington briefing for more than 400 leading financial executives from the U.S. and around the world.

We would very much like you to join us as a featured speaker.

U.S. Perspectives IX will be held at the Mayflower. It will be attended by chief executives of major U.S. corporations, many of them cutting edge, entrepreneurial companies in high-growth industries, as well as leading institutional money managers from more than 22 countries worldwide, top level Wall Street leaders and representatives of major media organizations. In the past, the entire program has been broadcast by C-Span, and significant portions covered by all major networks and national publications.

Both our American CEOs and our international participants, who are responsible for investing billions of dollars of foreign capital in the United States, would regard the opportunity to hear about the President's programs and agenda as most useful. It would also provide an opportunity for interfacing with the American and international business community.

Speakers at previous U.S. Perspectives programs have included Vice-President Bush, Paul Volcker, George Shultz, Frank Carlucci, Cap Weinberger, Alan Greenspan, Senators Bradley, Dole and Kennedy as well as many other members of Congress and officials from the Reagan, Carter, and Bush Administrations. I have enclosed a copy of the 1988 invitation brochure and Conference agenda for your reference.

I hope that you will be able to accept our invitation to speak.

Sincerely,

AMEX

Dear Governor:

This is a follow-up of our conversation last February and my note to you of February 1, 1989 (copy attached for your ready reference).

I have invited all the editors-in-chief from each of the twenty-two countries where we publish an in-country Reader's Digest to attend the editorial meeting in October. Housing reservations are tight and for that reason, it was necessary to move forward with my contract at the Ritz Carlton Hotel for October 8th through 10th. The highlight of their visit, of course, will be their visit with the President. A copy of the transcript will be given to you for your approval before publication. The Editors' visit with the President will appear in 30 million copies of the Digest in 14 languages.

The October 9th morning meeting would work the best, but I know you may have to change the date to the 8th or 10th, depending on the President's difficult schedule.

With best wishes and kindest personal regards, I am

Sincerely,

Melvin R. Laird

Chief of Staff to the President
The White House
Washington, D.C. 20500

Dear Governor Sununu:

We are writing this letter with regard to our nation's superconductivity efforts and the slippage in following through on important legislative mandates in this area. As part of the Omnibus Trade Act of 1988 (P.L. 100-418), the National Commission on Superconductivity was to be established to assure U.S. leadership in this vital technology. In addition, the National Superconductivity and Competitiveness Act (P.L. 100-697), passed late last year, called for the White House Office of Science and Technology Policy (OSTP), together with the National Critical Materials Council, to develop a five-year, action plan for high temperature, superconductivity research and development. This legislation intended that OSTP use the recommendations and advice of the Commission in developing this national, five-year plan.

Unfortunately, the Commission has yet to be officially convened, though steps had been taken earlier in the year to name members of the Commission and its Chairman. OSTP has begun initial efforts to formulate the five year plan, they are proceeding without the vital views and opinions of the private sector, views and opinions which were to be provided through the Commission. As has been noted by a number of experts on technological competitiveness, the U.S. can not afford to continue as in the past, with Federal efforts moving on one track and private efforts on another. Given the actions of Japan and other nations to dominate this, as well as other technological fields, we must begin to work more collaboratively with the private sector in setting our national course. The Commission and the development of the five-year, superconductivity action plan present an excellent opportunity for establishing a working model for such collaboration.

The White House
Washington, D.C.

Dear Mr. Sununu:

Today, I and our scientific director, Dr. Milton Hoenig, went to the Soviet Embassy to receive a response from Moscow to a letter, attached, that we sent on March 30 to General Secretary Gorbachev on the subject of a halt in the production of tritium and other nuclear weapons materials. We request the opportunity to meet with you personally to discuss what we regard as a rather significant Soviet position on a proposal contained in our letter.

We believe, on the basis of your position close to the President and your technical understanding of the unique role of tritium in nuclear weapons, that you would have a special interest in the Soviet message to us in the context of prospective talks between the two leaders.

By way of background, I have enclosed a book that summarizes a workshop on our tritium proposal that we conducted last December with the American Academy of Arts and Sciences. Also enclosed are two recent columns by Tom Wicker on the proposal and a paper by our Institute exploring verification issues.

Thank you for your attention to this matter. I look forward to hearing from you.

Sincerely,

Paul Leventhal

May 25, 1989

The Honorable John Sununu
Chief of Staff
Office of the President
1825 Connecticut Avenue, NW
Washington, D.C. 20720

Dear Mr. Sununu:

This letter is a follow up to the December 16, 1988 letter concerning a fundraiser for the Wayne County 16th Congressional District.

As you may be aware, we are in the process of reorganizing and reestablishing the 16th Congressional District as a viable entity in the Michigan Republican Party. We have demonstrated this effort in reelecting a Republican State Representative in an area currently dominated by Democratic officials. However, we are not satisfied to stop here. We intend to continue this revival effort into the 1990's.

The newly reorganized Wayne County 16th District is planning a Fall Dinner. This event is currently planned for September 14, 1989 and will be held at the Fairlane Manor in Dearborn, Michigan. We expect an attendance of approximately 1,000 people comprised of primarily Arab-American Republicans, with the remainder being traditional Republican contributors. The money raised from this event will go directly to funding a full time Republican Headquarters in Wayne County. We would be honored if you would agree to serve as our guest of honor.

Our congressional district is one of striking comparisons. Largely made-up of suburban bedroom-communities with inhabitants of varied ethnic backgrounds, our strength has come from the working class conservative individuals who support President Bush and the Republican Party.

We are proud to be the home of several hundreds of thousands of first generation Americans of Arabic descent. Nearly 20 percent of the population of Dearborn is made up of Arab-Americans, and approximately 450,000 reside in the Metro Detroit Area, making this the largest Arab-American community outside of the Middle East.

Honorable John Sununu
May 25, 1989
Page Two

The Arab-American Republican Club is active and has demonstrated their capability by becoming a strong element in the Michigan Republican Party.

In addition to our ethnic diversity, our congressional district is proud to be the home of Henry Ford and the Ford Estate. Many of us are sons and daughters of those who came to this area seeking a better life for their families. Although things are not perfect in our community, we enjoy our ethnic heritage and the products of our parents' hard work. We strive to maintain that tradition which brought our parents so far upon their arrival.

I, myself have chosen public service as a career and currently serve as a staff assistant to Senate Majority Leader John M. Engler. I served as Chairman of the Bush Campaign in the 16th District and am currently the 16th District Chairperson. I am proud to report strong support for President Bush throughout this district.

I would appreciate your consideration of this invitation. I believe we are a vital link to the renewal of the Michigan Republican Party in ethnic, working-class areas and we would be very honored by your acceptance.

With this letter we send you our best wishes for a successful term. Our thoughts and prayers are with you all.

Sincerely,

Wendy S. Lamb
Chairperson
16th Congressional District

United States Senate

WASHINGTON, DC 20510-2403

May 31, 1989

Honorable John Sununu
Chief of Staff
Office of the President
The White House
Washington, D.C. 20500

Dear Governor Sununu:

We were encouraged to learn Willard (Bill) Phillips, Jr., is interested in serving as Federal Co-Chairman of the Appalachian Regional Commission. The assets he would bring to our region would be invaluable. We encourage his appointment.

Most exciting to us, Bill has broad experience in the region and rural America, thus an understanding of our problems. He has spoken about the need to identify a new role to foster local decision-making and funding. As Federal Co-Chairman of the Appalachian Regional Commission he would have an opportunity to encourage regional development in a changed society where the movement from institutional help to self-help is taking place.

His experience in Appalachia at the local level as a city councilman and political leader before coming to Washington, where his positions have continued to give him an opportunity to work with grassroots officials, would serve the Bush Administration well.

Bill's reputation as being committed to rural people and to using new linkages in an environment of self-help, of public and private entrepreneurship, make his credible as we encourage our region to build on the strong foundation the Federal Government provided.

Honorable John Sununu
Page 2

We believe the Bush Administration can use its policies and the talents of Bill Phillips, Jr., to encourage a whole new generation of change to help our region make the most of the endowment we have been given, and build for the future.

With very best wishes, we are

Respectfully yours,

Strom Thurmond Nent Lott

ARCHDIOCESE OF CHICAGO

POST OFFICE BOX 1979

CHICAGO, ILLINOIS 60690

Director, Educational Services

June 19, 1989

Mr. John Sununu
Chief of Staff
The White House
Washington, D.C. 20013

Dear Mr. Sununu:

Thank you for meeting with the Chief Educational Officers of the largest ten dioceses, Sister Catherine McNamee, President of NCEA, and Reverend Thomas Gallagher from the United States Catholic Conference.

We appreciate not only the time spent with you but with other White House staff members.

We reiterate the importance of our schools to the nation by quoting an editorial from Forbes, December 12, 1988:

For the enormous and enormously depressed inner cities of Chicago, New York, Boston, Cleveland, Newark et al, Catholic schools provide hugely consequential oases of impact and hope. Their value is -- literally as well as figuratively -- beyond measure.

...Many minority parents make the choice of Catholic schools because they regard them as the only places where their children can get a decent education - 'The only way out of the ghetto' in street parlance.

We believe parental choice for all children is crucial. Ways must be found and structures put in place so that every parent has the ability to share in his/her educational tax dollar.

We feel it would benefit the image of the President if he indicates in all his statements clearly and forthrightly that he is the education President for all.

We wish to reiterate that the asbestos legislation passed by the federal government without the necessary financial assistance to make it possible is but another example of injustice and inequity. We ask that the financial issue continue to be addressed and that Catholic schools be written into any proposed legislation. If asbestos is a health hazard, it is a hazard to all children.

When legislation makes possible assistance to our students through entitlement programs, we ask that streamlining delivery systems be considered. Many of us deal with inestimable number of LEA's. Why not give entitlement directly to parents? Allow them to direct the flow of monies to those educational institutions which they believe best serve the needs of their children.

We ask for representation in the White House Conference on Education as well as significant representation on the President's recently announced Educational Advisory Committee and on other committees addressing education in general or educational excellence in particular.

We ask you to follow up on our request that the President visit one of our schools in the near future.

We look forward to a continuation of this conversation through the briefing sessions suggested and through having another opportunity in the near future to pursue this dialogue.

Our prayers and good wishes are with you in all.

Sincerely yours,

Anne C. Leonard, C.N.D.

Dear Governor Sununu:

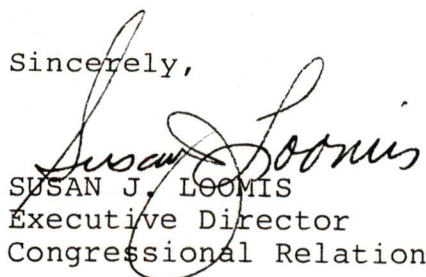

It was a pleasure and honor to have the opportunity to meet you and Nancy this past weekend in Williamsburg, and to be at your dinner table Saturday evening.

As a follow-up to my questions and comments Sunday morning on the Americans with Disabilities Act (S. 933), enclosed is the statement to the Senate Labor and Human Resources Committee submitted by the Associated General Contractors of America (AGC). Our statement concentrates on concern that S. 933 appears: 1) to provide protection to individuals who fuel the country's illegal drug traffic and use, and 2) to be in conflict with provisions in the Drug-Free Workplace Act of 1988.

I hope that this statement can be helpful to you in preparing the Administration's policy and its testimony on this matter.

Please call on AGC if we can be of further assistance on this or other matters.

Sincerely,

SUSAN J. LOOMIS

THE SECRETARY OF THE INTERIOR
WASHINGTON

June 11, 1989

Honorable John H. Sununu
Chief of Staff to the President
The White House
Washington, DC 20500

Dear John:

Please join us for the Department's annual Independence Day celebration with hot dogs, soft drinks and fireworks for family and friends.

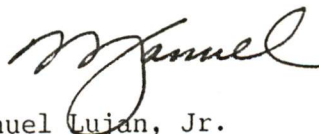

The Interior team will begin the festivities at 8:00 p.m. on Tuesday, July 4. I invite you to view the beautiful fireworks display from the 7th floor balcony of the Interior Department Building at 18th and C Streets N.W. The fireworks are scheduled to begin at approximately 9:15 p.m.

Should you decide to join us, and I hope you will, parking will be provided. The entrance to the parking facilities is on 18th Street. Then, proceed to the 7th floor by elevator, with a short flight of stairs to the balcony.

Please call Jackie Ashton or Grace Rothrock at 343-7351 to let us know if you and your immediate family will attend. We would appreciate your response by close of business, Friday, June 23.

Have a happy and safe Fourth of July.

Sincerely,

Manuel Lujan, Jr.

P.S. You will need this letter of invitation for admission to the parking facility.

DUKE POWER

June 9, 1989

Dear Governor Sununu:

As you know, both the industry and my company have had an interest in seeing the Department of Energy's enrichment enterprise provided with the autonomy and independence necessary to effectively compete in the world market. I applaud the government's progress in this area.

You are also aware that Duke has been pursuing with Urenco and Fluor Daniel the potential for a privately owned enrichment plant in this country. I wanted you to be aware that this complementary effort has borne fruit.

A Memorandum of Understanding, effective June 1, has been signed resulting in the formation of Louisiana Energy Services. The project participants are Duke Power, Louisiana Power & Light, Graystone Corp. (a subsidiary of Northern States Power), Fluor Daniel and Urenco. Louisiana Energy Services will proceed with plans to develop the country's first domestically owned enrichment plant.

A formal project agreement is expected to be signed within the next nine months setting forth the bases for participation beyond the period of the MOU. I would expect Louisiana Energy Services to have a license application to the Nuclear Regulatory Commission in the latter part of 1990.

There are, of course, many issues yet to be resolved -- regulatory, technical, financial and legal. As the project develops, Greg Snipes, Duke's project leader for this effort, and I will serve as resources for you and your staff. Please feel free to contact me at 704/373-4283, or Greg at 704/373-8704.

Sincerely,

May 25, 1989

The Honorable John Sununu
Chief of Staff
Office of the President
1825 Connecticut Avenue, NW
Washington, D.C. 20720

Dear Mr. Sununu:

This letter is a follow up to the December 16, 1988 letter concerning a fundraiser for the Wayne County 16th Congressional District.

As you may be aware, we are in the process of reorganizing and reestablishing the 16th Congressional District as a viable entity in the Michigan Republican Party. We have demonstrated this effort in reelecting a Republican State Representative in an area currently dominated by Democratic officials. However, we are not satisfied to stop here. We intend to continue this revival effort into the 1990's.

The newly reorganized Wayne County 16th District is planning a Fall Dinner. This event is currently planned for September 14, 1989 and will be held at the Fairlane Manor in Dearborn, Michigan. We expect an attendance of approximately 1,000 people comprised of primarily Arab-American Republicans, with the remainder being traditional Republican contributors. The money raised from this event will go directly to funding a full time Republican Headquarters in Wayne County. We would be honored if you would agree to serve as our guest of honor.

Our congressional district is one of striking comparisons. Largely made-up of suburban bedroom-communities with inhabitants of varied ethnic backgrounds, our strength has come from the working class conservative individuals who support President Bush and the Republican Party.

We are proud to be the home of several hundreds of thousands of first generation Americans of Arabic descent. Nearly 20 percent of the population of Dearborn is made up of Arab-Americans, and approximately 450,000 reside in the Metro Detroit Area, making this the largest Arab-American community outside of the Middle East.

Honorable John Sununu
May 25, 1989
Page Two

The Arab-American Republican Club is active and has demonstrated their capability by becoming a strong element in the Michigan Republican Party.

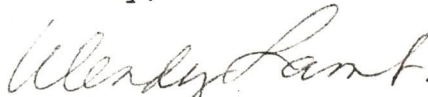

In addition to our ethnic diversity, our congressional district is proud to be the home of Henry Ford and the Ford Estate. Many of us are sons and daughters of those who came to this area seeking a better life for their families. Although things are not perfect in our community, we enjoy our ethnic heritage and the products of our parents' hard work. We strive to maintain that tradition which brought our parents so far upon their arrival.

I, myself have chosen public service as a career and currently serve as a staff assistant to Senate Majority Leader John M. Engler. I served as Chairman of the Bush Campaign in the 16th District and am currently the 16th District Chairperson. I am proud to report strong support for President Bush throughout this district.

I would appreciate your consideration of this invitation. I believe we are a vital link to the renewal of the Michigan Republican Party in ethnic, working-class areas and we would be very honored by your acceptance.

With this letter we send you our best wishes for a successful term. Our thoughts and prayers are with you all.

Sincerely,

Wendy S. Lamb

Dear John:

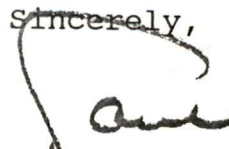

Please find attached a letter from William Hansbarger who is very much interested in serving in the Bush Administration.

Mr. Harnsbarger comes highly recommended to me by an individual I know and trust. In addition, the experience he has garnered as a result of his lengthy and distinguished legal career would prove to be extremely beneficial to the Administration.

I would appreciate your assistance in bringing Mr. Hansbarger to the attention of the President. Also, I would be grateful for any assistance you can lend toward ensuring that he receives serious consideration.

John, thank you and best wishes.

Dear Mr. Sununu:

It is my understanding that it is not yet certain whether or not General Calvin Franklin will be filling the directorship of the Federal Emergency Management Agency. If the issue is still under consideration, I would like to suggest that it might be appropriate to consider appointing someone with comprehensive knowledge and experience in the field of emergency management.

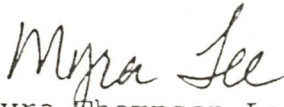

Over the years since FEMA was established, it seems that most problems occurred because the leadership was unfamiliar with both the goals and objectives of the program as well as the manner in which the total system operates. It is essential that whoever is appointed is ready, willing and able to manage programs and address issues prevalent in the local and state emergency management network. Unfortunately, there has been a tremendous lack of sensitivity related to dealing with the real issues being encountered nationwide on a daily basis.

I would like to recommend Lacey Suiter for consideration as the Director of FEMA. Currently he is the State Director for Emergency Management in the State of Tennessee. He is an individual who has the necessary experience and is well respected nationwide. He has supported the emergency management community with his willingness to share information and resources and to discuss major issues with congressional representatives and others either for or against civil defense.

John Sununu
May 31, 1989
Page 2

As the Governor's representative for the State of Oregon for civil defense and emergency management and with sixteen years in this field, I am vitally interested in both the immediate and the long term future of FEMA and its impact on our ability to prepare for and manage the consequences of any major emergency event. To this end, I hope the directorship of FEMA is carefully considered and that the individual is qualified by background, experience and temperament to step into this position and start moving the program forward.

Sincerely,

Myra Thompson Lee

Mr. John H. Sununu
Chief of Staff to the President
The White House
1600 Pennsylvania Avenue, N.W.
Washington, D.C. 20500

Dear ~~Governor~~ ^{John} Sununu:

The time for a decision on the extension of steel trade restrictions (the "VRAs") is approaching. Enron, the nation's largest gas pipeline network, is dependent on a healthy and viable steel pipe industry to supply large-diameter pipe for replacement and new construction. We support and need a healthy and competitive domestic steel industry.

While we do not oppose extension of the VRAs, we must have adequate supplies of steel plate for our pipe suppliers in this country. If steel plate is not available to our pipe suppliers from domestic sources, we need to be assured that foreign supplies of plate will be available through the "short supply" system (or some other procedure for exemption of products from the VRAs). The short supply system needs several improvements to be more effective for our needs and those of our pipe suppliers.

First, applications for short supply must be processed rapidly and transparently. Rules governing the short supply process should be issued and followed by the Department of Commerce.

Second, decisions on short supply applications should be rendered within thirty days after submission, or more rapidly if market conditions and customer requirements make more rapid response necessary. The fact that a short supply application has been filed means that the shortage already exists, and time is of the essence.

Third, suppliers should not be able to frustrate short supply applications by declaring their ability to make a product, as has happened in the past. Prospective suppliers should be required to prove that they have experience in making the product to the necessary specifications, and that

they are approved and qualified suppliers of that product to the applicant. Furthermore, the prospective supplier, who seeks to supply domestic production in lieu of the applicant's proposed imports, should be required to offer specific goods and performance that are contractually enforceable by the applicant. This is necessary to prevent frivolous assertions by opponents of the application intending only to buy time.

Fourth, offering a product at an excessive price is tantamount to a refusal to supply the product. For example, the Department of Commerce should disregard an offer to supply plate to a pipe producer at a price which clearly is above an ascertainable market price. We do not advocate using short supply as a lever to control steel prices, but we think that clearly excessive prices should be taken into account in evaluating offers to supply a steel product.

Fifth, no domestic manufacturer should be forced by these trade restrictions to buy raw material from a direct competitor. For example, a pipe manufacturer forced to buy plate from a steel pipe company who also makes and sells pipe in direct competition.

Enron plans to begin construction of more than 1,300 miles of pipeline in the 1989-1990 period. Access to adequate supplies of large diameter steel pipe is an essential part of this program. We intend to buy domestic pipe, and we need domestic pipe supplies for both our pipeline projects and for small orders for replacement of existing pipe. With the short supply reforms outlined above, we believe the proper balance can be struck between the needs of Enron and the energy industry and the legitimate requirements of the domestic steel industry.

Sincerely,
