The Honorable John Sununu
White House Chief of Staff
The White House
Washington, DC 20500

Dear Mr. Sununu:

World Freedom Foundation Chairman L. Brent Bozell III has just returned from a trip to Nicaragua to observe the preparations for the upcoming election in February 1990. Brent was a member of a bi-partisan delegation sponsored by The Center for Democracy. While there, he and the other delegation members witnessed the bloody riot at Masatepe.

Because of your interest in the elections, I have enclosed an opinion/editorial written by Brent which is currently being circulated to a number of newspapers and magazines. While I am sure you are familiar with the recent events, I felt it was important for you to receive an eyewitness account of the happenings.

The events at Masatepe further underscore the need for increased international observation of the election. I hope you will do all you can to alert the public to the happenings at Masatepe and consider visiting Nicaragua before the election.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Marc S. Ryan

Gov. John Sununu

Dear Gov. Sununu:

I have the pleasure of sending you a reprint of a paper on the carbon dioxide/climate controversy that I presented last year to the Lockwood Conference on Biometeorology. This conference was hosted by the Connecticut Agricultural Experiment Station as one of its regular Lockwood conferences. Incidentally, the paper was fully refereed and revised before publication, as were all of the papers presented at the conference.

In the paper, I raise questions concerning the presumed threat of global warming from the "greenhouse effect" and suggest a course of action that is calculated to take maximum advantage of the direct effects of increasing atmospheric carbon dioxide.

I should note that studies appearing since the date of the conference and therefore not included in the published paper give further indication that global warming will likely be an order of magnitude less than that predicted by most of the climate models. It also appears likely that such greenhouse warming as will take place will be slower than that predicted by many of the models.

If you wish further information, please call me at (203) 432-1535, or by fax at (203) 432-5942.

Sincerely yours,

William E. Reifsnyder

Mr. John Sununu
Chief of Staff to the President
The White House
1600 Pennsylvania Avenue
Washington D.C. 20500

Dear Mr. Sununu:

The Cuban exiled community and majority of the exiled organizations following in the footsteps of the popular successful demonstrations in Eastern Europe have decided to call a world wide attention to the Cuban government as a result of their unwillingness to implement democratic changes in Cuba. Consequently, it was decided by popular demand that a demonstration of solidarity of Cubans from all over the world be held on February 24th, 1990. As a result, Cubans in 20 cities in 10 different countries will hold simultaneous demonstrations.

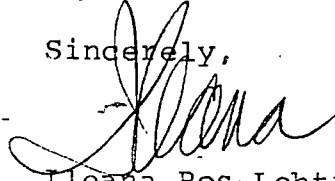

The demonstration will take the form of a Human Chain between Miami and Key West. Simultaneous demonstrations in Tampa, New Orleans, Los Angeles, Chicago, Puerto Rico, Washington, Canada, France, Mexico, Spain, Costa Rica, Venezuela, Australia, as well as a human chain from New Jersey to the United Nations building in New York.

Preceding the daytime human chain, on February 24th, there will be a massive demonstration on the evening of February 23rd which will be attended by representatives from most solidarity groups from around the world. The following prominent members from the Democratic, Solidarity and Human Rights groups from around the world who have been invited: Lech Walesa from Poland, Violeta Chamorro from Nicaragua, Oscar Arias from Costa Rica, Dila Lama, among others.

Knowing that you were born in Cuba and as a Cuban-American, we appeal to your sense of Justice and Democracy which will hopefully motivate a reaction from the Cuban people on the island for the government to implement democratic changes.

The Chain for Democracy will be greatly enhanced by your presence on the evening of February 23rd, 1990. Your consideration of this event is greatly appreciated.

Sincerely,

Ileana Ros-Lehtinen

Mr. John H. Sununu
Chief of Staff
The White House

Washington, D.C. 20500

Dear Mr. Sununu:

On behalf of the directors of the Atlantic CEO Institute, it is my pleasure to invite you to appear as a featured speaker at our upcoming Annual Roundtable "Redefining Europe," scheduled to take place at the Willard Inter-Continental Hotel, Washington, on March 15-17, 1990.

We would be very honored to have you address our panel, "The Long and Twisting Road to 1992," currently scheduled for Friday, March 16 at 8:00 a.m. A detailed description of this panel can be found in the attached proposed program.

The 1990 Roundtable follows directly on the heels of our extremely successful past meetings which have featured an extraordinary array of government and business leaders as speakers. A list of these distinguished participants is attached as is a list of corporations that have been represented at our past meetings and a number of the comments we have received in response to those meetings.

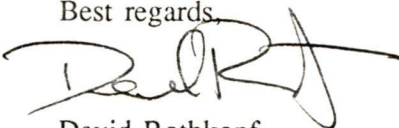

We currently anticipate that over 100 chief executives from the largest multinational corporations with interests in the U.S. and Europe will attend this meeting. As such, it will make this timely conference one of the most important of its kind, addressing the enormous, often startling changes that are dramatically transforming the European Community, Eastern Europe and the other nations of the continent. The specific focus of the meeting is to address the geopolitical and strategic business issues of most relevance to chief executives seeking opportunity in these markets, from world politics to corporate strategies.

Speakers who have already committed for this year's event include Dr. Henry Kissinger, Robert McNamara, General Alexander Haig, former CBS News President Fred Friendly, former U.S. arms negotiator Max Kampelman, East German Ambassador to the U.S. Gerhard Herder, Ambassador Stephen Bosworth, Soviet political observer Vladimir Pozner and the chief executives of a number of leading U.S. and European corporations. We also have tentative commitments from several cabinet level representatives of Eastern European and EC governments plus a number of senior U.S. officials.

The distinguished sponsors of this meeting include American International Group, Creditanstalt Bankverein, Fried Frank Harris Shriver & Jacobson, Price Waterhouse, Security Pacific Hoare Govett, Swiss Bank Corporation and Societe Generale.

We hope you will be able to join the panel mentioned above. However, should you wish to address a different subject or appear at a different time during the meeting, please let us know and we will make every effort to suit your schedule. A member of our staff will contact your office regarding confirming arrangements. In the meantime, thank you very much for your consideration and we hope you will join us next year.

Mr. John Sununu
Chief of Staff
Executive Office of the President
Washington, DC 20500

Dear Mr. Sununu:

Last January I wrote President Bush a letter (see copy enclosed), asking if my theory of the origin of the expression "a thousand points of light" was correct.

I received no answer from him or anyone else.

Of course, I would have liked to hear from the president personally, but that was probably too much to expect. In any event, I was sure I would hear from somebody - speech writer, secretary - but I did not.

I am genuinely interested in the origin of words and phrases, and I would greatly appreciate any help you can give me in getting an answer to the question I posed to the president.

Thank you very much.

Very truly yours,

Dana S. Redington

Dear Governor Sununu:

With the ski season well-underway here in New Hampshire, I want to extend a warm, personal invitation to you, Nancy, and your children to join us for some great skiing at Cannon and Sunapee this winter.

You will be pleased to see all the improvements in skiing conditions and services at both mountains--made possible in large measure to the consistent support you demonstrated for both capital improvements and operating resources at each mountain.

Representative Phil Weymouth's bill passed last session, after completing his task force analysis of state ski operations under your terms. As a result, I've hired two top industry professionals to provide needed expertise: John Vorel, formerly with King Ridge to oversee all ski operations; and Joel Bourassa of Ski 93 to serve as director of marketing and skier services. Together with Harry Reid, we've got a strong team!

I was pleased to see that you and Nancy were able to slip away from Kennebunkport last summer for a quick trip through the White Mountains. I was only sorry to have missed you--I happened to visit Dick Hamilton and Bob and Stoney Morrell the day after your swing-through.

Enclosed are some lift tickets for you and your family, or to use as you see fit. Please let me know if I can assist with accommodations, equipment, or other details.

Best personal regards,

Dear John,

I am writing to you about my concern for an international research institute with which I am familiar. The International Institute for Applied Systems Analysis (IIASA) is a policy research institute outside Vienna, Austria, sponsored by scientific organizations from East and West Europe, Canada, Japan, and the U.S. It was originally conceived in the Johnson White House, but the final negotiations and the Institute's formal founding in 1972 were under the Nixon Administration. IIASA enjoyed the full support of the Ford and Carter Administrations. But at the end of 1982, the Reagan Administration, making specific reference to the Soviet invasion of Afghanistan and martial law in Poland, discontinued federal funding. That funding has never been resumed.

The enclosed letter from Harvey Brooks, Chairman of the U.S. Committee for IIASA, to Secretary of State Baker makes the case for now restoring full federal funding. I want to add my full endorsement to Professor Brooks' appeal. IIASA has done first class work in the energy field, in demographics, and on environmental topics, where it has been ahead of the crowd in researching global environmental change. It pursues the sort of low-profile, solid, responsible research that I think we should prefer over flashy initiatives trumpeting immediate solutions to unclear problems.

I think IIASA is a good fit with what I understand the President's objectives to be in joint international research, particularly in connection with environmental issues and with the economic issues raised by the rapid changes in Eastern Europe. It is an opportunity with the distinct advantage that it is in place and already productive. It does not need to be developed from scratch. John, without continuing U.S. participation, it looks to me as though IIASA will die and that we will have lost an organization that could be very valuable to us in pursuing some of our international goals, particularly in the areas of energy and the environment.

Sincerely,

Norman C. Rasmussen

KATHLEEN D. RYAN
Vice President - Corporate Affairs

December 5, 1989

John H. Sununu
Chief of Staff and Assistant to the President
1600 Pennsylvania Ave., NW
Washington, DC 20500

Dear Mr. Sununu:

As you may know, for years Miller Brewing Company has been a member of the team of those encouraging responsible use of our product and other alcohol beverages. Our activities have ranged from support for educational programs--such as those sponsored by BACCHUS (Boost Alcohol Consciousness Concerning the Health of University Students) on more than 300 college campuses--to financing research into the underlying causes of alcohol abuse.

Until this year, our participation has been somewhat indirect.

That changed Labor Day weekend with the Biggest Party in History (BPIH) that Miller co-sponsored with the Texas Special Olympics. We entertained almost 500,000 people over two days in six cities.

With this party, we put ourselves and our own reputation directly on the line by undertaking the responsibility as hosts to assure that drinking at all events would be "responsible." By that we meant that only those of age would be served and no one would be served too much--and we assured they would get home safely if they should manage to overindulge.

You will not be surprised to hear we were a bit nervous going into that weekend. We at Miller live in the real world, too. Despite the fact that we believed strongly that the techniques we were putting in place would be effective--we understood that, even in the best planned events, something can go wrong.

Nothing did. The parties were smashing successes--not only were they fun for the participants but they won accolades from city officials.

Senator Herbert Kohl (D-WI) was kind enough to give his Senate colleagues a report on the BPIH. I am proud to share that report, as printed in The Congressional Record, with you.

You will note that Miller Brewing Company is developing kits and materials to help other hosts use these techniques to make their parties sites of responsible drinking, too.

If you have a use for some of these materials, please let me know. We will be happy to send them to you.

Sincerely,

Kathleen D. Ryan

The Honorable John Sununu,
Chief of Staff
The White House
Washington, DC 20500

Dear Governor Sununu:

As you know, the Coalition for Women's Appointments, composed of 85 national organizations, continues to identify and recommend highly qualified women to serve the Bush Administration. We are very proud of the many Coalition recommendees who are serving the country in agencies, departments, commissions, and the White House.

The Coalition has recommended Ms. Viola Drath for an appointment in the foreign policy arena. As I am sure you are aware, Ms. Drath was a member of the National Security Task Force of the George Bush for President campaign and served as a surrogate speaker for the President on such issues as "Peace Through Strength Has Paid Off in U.S. Foreign Policy" and "The Central American Dilemma: Peace Without Freedom is Not Acceptable." In addition, Ms. Drath has extensive experience in the diplomatic world, having served as Special Advisor to the U.S. Delegation to the OAS, as a foreign affairs expert accompanying then-Representative Jack Kemp on a fact-finding mission to Central America, and as a member of the National Committee on American Foreign Policy. She has also written and taught extensively on Germany and American foreign policy.

Ms. Drath's vast experience and knowledge would be a great asset to the President. The Coalition for Women's Appointments hopes her talent will be well-used, perhaps in an ambassadorial position, and we are very pleased to recommend her again to you.

Sincerely,
Sharon Rodine

Dear Sir:

It was a great honor to be included in the Evangelical Leadership Briefing on Tuesday, November 21, .989.

I have just written to Doug Wead, giving him a synopsis from my friends and associates during our "huddles in the hall". The following statement was included. "Governor Sununu was well accepted. His openness and honesty appealed to everyone. He is different from some of the egotistical, self-interested C.S. in the past...a real person."

Thank you for your time and meeting with us on such a busy day as the last session of Congress.

Sincerely,

Lonnie Rex

Dear Governor:

On behalf of my community and its hospital, I write in support of the American Hospital Association's campaign to Protect Medicare.

The 173-bed Cheshire Medical Center is located in southwestern New Hampshire, an area experiencing rapid growth in the elderly population, the largest and most expensive users of hospital services.

In 1989 the Medical Center will experience a Medicare shortfall of \$1,478,000, based on cost of services of \$12,078,000 less payment of \$10,600,000. Medicare patients represent 43% of the 6,489 admissions in 1989. Even with no further Medicare cuts, the Medical Center will lose money providing quality care for Medicare patients in FY 1990.

While Medicare payments for the care of the elderly and disabled are insufficient, the Cheshire Medical Center is committed to providing access and quality of care to all in need of its services.

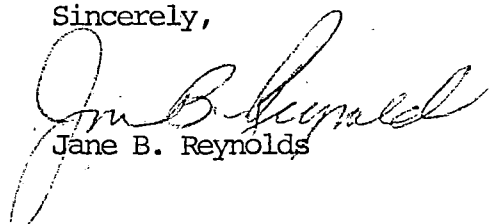

Productivity and cost accounting systems have been implemented to streamline operations and achieve efficiencies. Still, labor costs, the largest item in the budget, increased for the period 1985-1989 an average of 10% per year, while increases in inpatient Medicare reimbursement averaged 2.5% per year.

In addition to providing 24-hour healthcare service, the Cheshire Medical Center contributes to our community by providing employment for 600, annual payroll of \$16,500,000, and annual free care in the amount of \$2,700,800.

Difficult choices have to be made about how our society will allocate its resources to provide health care to all who need it. Solutions must come from a joint effort of communities, business, government and health care providers.

Thank you in advance for any efforts the President may make to Protect Medicare and alleviate the devastating effects of further Medicare reductions.

Sincerely,

Jane B. Reynolds

Dear John:

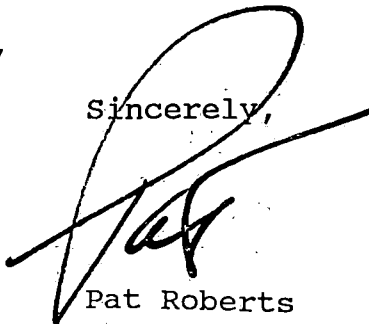

I am writing on behalf of Phil Meinhardt who, I understand, has been selected by the Department of Defense for a position as a DOD arms control representative. Phil was the 1988 Republican candidate for U.S. Congress in the 2nd District of Kansas.

Phil has degrees from the Air Force Academy and the UCLA Graduate School of Management. His distinguished Air Force record includes pilot, navigator and missile ratings. He campaigned hard for the Administration ticket in 1988, including joint appearances with President Bush's son, Neil.

I would appreciate your assistance for Phil's candidacy. If I can be of help or provide further information, please let me know.

With every best wish,

Sincerely,

Dear Mr. Sununu:

Please be my guest at the Governor's Cup Invitational downhill ski race in Telluride, Colorado, January 25-28, 1990. The Telluride Ski Resort, my family and I would be honored if you and your guest would join us this year.

The Invitational, high in the San Juan Mountains, pays tribute to the pioneers of skiing and raises funds for Telluride's Mountain Medical Center. In the past, the Governor's Cup has recognized Alf Engen, Slim Davis, Jimmie Heuga, Warren Miller and Klaus Obermeyer.

As our guests, you and a companion would receive round-trip airfare for two to Telluride, lodging in a two-bedroom condominium, tickets to events and three days of festivities. If you like, you may join one of the teams of amateurs and professionals competing on a giant slalom course.

Our formal invitation will arrive this month. My family and I hope you will find time to come. We would be delighted to welcome you to Colorado.

Dear Governor:

In the last few days we have heard from many reliable sources that the Administration may be preparing to terminate DARPA's research activities in high definition systems, Sematech, the Defense Manufacturing Board, and a host of similar programs -- programs aimed at maintaining our industrial competitiveness, particularly in advanced electronics. These stories are accompanied by an incredible rumor that the Administration has yielded to Japanese pressure and agreed to (1) end all programs that threaten Japanese dominance of the electronics industry and (2) purchase future defense electronics systems from Japan. Washington is the rumor capital as well as the national capital, but this wild rumor does indicate the depth of feelings on this.

If even the first rumor is anywhere near true, this will be an unmitigated disaster for the country and a form of political suicide for the Administration. People already see Japanese economic competition as a greater threat than Soviet military power. There is already widespread resentment at the Japanese buying Columbia Pictures and Rockefeller Center. We are starting to see layoffs in the computer and automobile industries, and there could be a backlash as these spread. The opposition will make us look like a reincarnation of the Hoover Administration -- the last time we held the White House for three consecutive terms.

COMMISSION ON SECURITY AND
COOPERATION IN EUROPE
(HELSINKI COMMISSION)
RANKING HOUSE MINORITY MEMBER

CHAIRMAN—REPUBLICAN TASK FORCE
ON TECHNOLOGY AND POLICY

You as an engineer and a technologist know how important manufacturing and electronics are to our economy. Those programs are some of the very few out of the \$64 billion federal R&D economy which serve our global competitiveness. We can't be blinded by theory alone. Markets and products are evolving too fast to stand by some hope that the intellectual beauty of the market alone will take care of us if the government is completely out of the loop. Our foreign competitors understand this. We must also. We are in a near economic war and we need policies that will allow our high tech electronics and information industries to compete -- not surrender to Japan and others.

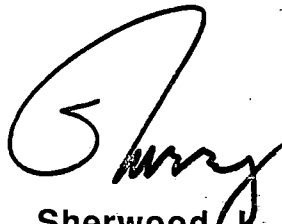

There is ample precedent for the work DARPA is doing. The original computers were developed with government funding. Supercomputers and computer networks both began as DARPA programs. The government funded the research and was the primary buyer of the technology at a time when the "experts" expected the computer market to be at most a few hundred machines. Since then the computer industry has become one of the real bright spots in our economy. Our aircraft and space industries had similar roots. Now it looks as if we are going to cripple one of the few agencies that gets results on technology and competitiveness.

Led by Tom Murrin, one of the highest ranking members of the Administration with hands-on experience in an industry with lots of foreign competition, the Defense Manufacturing Board is studying the problem of our industrial base and taking a look at a strategy to counter it. What company could ever survive in a competitive environment without strategy? Our country is in just that environment. It's very different from even nine years ago.

Sematech and the DARPA high definition systems program are only stopgap measures, but they are all we have now. We really need to focus the Federal R&D budget more on programs like these that will help American competitiveness, and less on the sum total of everyone's political agenda, left over from bygone days. Our current budget priorities seem to say that selling our electronics industry short is OK so long as we maintain a lead in particle physics ! Please, let's scotch these rumors now and put our Administration squarely behind American technological and industrial leadership.

The White House

Dear Chief of Staff Sununu,

I am writing to you to express my concerns about continued cutbacks in Medicare funding. Here in your home state of New Hampshire, Medicare reimburses hospitals at a rate that is 8 to 9 percent below cost. This \$60 million shortfall has forced hospitals to a higher level of cost-shifting than ever before just to maintain operations. At Portsmouth Regional Hospital in an attempt to be more efficient, we have streamlined services to the best of our ability but are helpless when it comes to controlling the price increases of vendors and the costs of new technology demanded by the public.

Not only has Medicare underfunding resulted in cost-shifting, it has also discouraged hospitals from undertaking major beneficial initiatives targeted to the elderly. Employers, disenchanted with increasing health care costs, are pressing for change. If cost-shifting is limited or eliminated, the results of Medicare underfunding will be drastic, resulting in major service cuts.

Squeezing the Medicare budget still further can only serve to undermine the health care services that are increasingly necessary as our population ages.

Can we count on your support in working with President Bush to guarantee a health care system that is viable for the future? Thank you for your time and attention.

Sincerely,

The Honorable John Sununu
Chief of Staff
The White House
Washington, DC 20500

Dear Governor Sununu:

I strongly urge that President Bush make "recess appointments" to the Legal Services Corporation (LSC). If the two open positions are not filled with conservative candidates, the LSC board will again have a liberal majority that will no doubt work against the goals of the Bush Administration.

It is my hope that either Mike McKeivitt, James Butcher, Clarence Martin or Blakeley Hall will be selected to fill the two open seats.

In recent years, conservative appointments to the LSC have formed a Board committed to serving the legitimate needs of the poor. In the past, the LSC concerned itself with political battles such as redistricting. I suggest that you speak to Senator Phil Gramm about the suits the LSC Trustees filed to prevent his special election when he switched political parties. These gains will be lost unless action is taken.

In order to gain a Board committed to conservative principles, the Reagan Administration used recess appointments in order to avoid having liberal board members forced on them by Congress. I urge you to also make recess appointments. Failure to appoint conservative-minded Board members will result once again in liberal domination of the Legal Services Corporation.

It is my hope you forward these concerns to the President. I thank you for your time and effort.

Sincerely,

Dana Rohrabacher
Member of Congress

Dear John:

I know that you have a continuing interest in the work of St. Jude Hospital and ALSAC, especially in view of the Basic Science Research Fellowship recently established there in your honor.

For this reason, I am enclosing a copy of the most recent annual report for the year 1989 which is just off the press, which you may find valuable for its up-date on our mission.

At the same time, I want to express my personal appreciation to you for your vital role in arranging for President Bush to visit the hospital on his trip to Memphis later this week. Such a visit will certainly give us extremely valuable national exposure and insure that our position as a national resource will be recognized.

Sincerely yours,

Baddia J. Rashid
National Executive Director

Dear Governor Sununu:

Thank you very much for taking the time to attend and speak at our dinner in honor of Bob Bork the other evening. I thought that of the eight previous dinners honoring various luminaries, this was easily among the best, if not the best. Several people mentioned to me that your remarks were not the usual political upholstery, and appreciated your sincere and candid commendations of Bob and what he stands for.

I wish you well in your work. If there is anything that we may do here at the Center for you or for the president, please let us know.

Dear Governor Sununu:

I wish to thank you for the opportunity last Monday to discuss with you my activities in the Soviet Union. At this especially critical and busy time, the attention you showed in our conversation was most generous.

I am particularly grateful for the obvious interest you showed in the matters I raised concerning Jewish life in the Soviet Union. The individual refusenik cases we discussed, the Moscow yeshivah, the abolition of the Anti-Zionist Committee, (which is a USSR Government agency), and a general increase of anti-semitism developing in the Soviet Union are all matters of importance about which senior Soviet officials should be made aware. It will be most helpful if they could be mentioned in your current discussions, should the appropriate occasion arise.

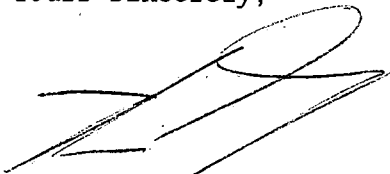

If you will permit me a digression on the economic question: as you know, I have concluded from my dealings with high-level officials of the Soviet hierarchy that it is very likely that the current liberalization of the Soviet economy is a long-term phenomenon. They are explicit that turning their economy around requires outside help. They are looking principally to the private sector. This will lead to an opening-up of the Soviet economy to foreign entities which will be exploited by European (West and East) and Japanese industry, with the active support of their governments.

.../2

The Honorable John H. Sununu
November 16, 1989
Page 2

A resurrected Soviet economy represents a major expansion and export opportunity for the U.S. economy. Unless this opportunity is seized in its early stages, U.S. industry will find itself left behind and uncompetitive in the Soviet market. I believe that one deterrent to a more active interest in the USSR by U.S. business is a concern that such ties may be viewed by the President as inimical to U.S. strategic interests in the context of the overall U.S.-Soviet relationship. If, as you expressed in our meeting, the Administration is indifferent to whether US firms establish business ties in the Soviet Union, then a clear signal to that effect would be appropriate. Otherwise, U.S. industry may well forego an important opportunity and subordinate its interests in support of a mistaken view of the Administration's wishes.

Yours sincerely,

Albert Reichmann

Dear Mr. Sununu:

I returned to the States last week after a month's trip in China. Most of my trip was spent in the remote countryside where there was no international news, therefore, I did not know former President Nixon was in China until I was on the plane returning to the United States. I would love to have had the opportunity of meeting him when he was there.

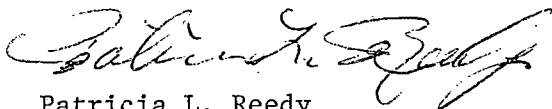

I have gained some valuable information for doing business in China which will tremendously benefit the United States and China.

I have accepted the invitations from Senators Bob Dole and John Heinz for the Presidential Roundtable meetings on November 15, 1989. I will be in Washington, D.C. from November 14th to the 15th.

I would like to have the opportunity to meet with you, if possible, so that we may exchange opinions in regards to the matter in China.

Looking forward to seeing you next week.

Sincerely,

Patricia L. Reedy

Dear John:

It has come to my attention that Stanley Twardy, United States Attorney for the District of Connecticut, is up for reappointment to another term. Stan is eager to continue his service under the Bush Administration, and I would like to add my whole hearted support for his reappointment as his outstanding record deserves this recognition.

Stan's hard work as U.S. Attorney since 1985 has been directly responsible for many successful investigations and prosecutions here in Connecticut. He has been especially productive in exposing political corruption on the municipal and state levels, such as the recent indictment of former Danbury mayor Jim Dyer. Under Stan's leadership, the Connecticut U.S. Attorney's office has had a high success rate in the prosecutions of drug dealers, white collar crime and organized crime.

Connecticut has seen tremendous inroads made into decreasing the federal crime rate thanks to the diligence, perseverance and professionalism of Stan Twardy. It has been my pleasure to work with Stan on several occasions, and Stan and his staff have been one of the most cooperative of the federal agencies we deal with.

Stan Twardy has done yeoman's work as Connecticut's U.S. Attorney. I can think of no one more qualified to represent the Justice Department here in Connecticut, and I would ask that this talented and dedicated individual receive your strong consideration for reappointment.

With warm personal regards,

JOHN G. ROWLAND

Hon. John Sununu
Chief of Staff
The White House
Washington, D.C.

Dear Governor Sununu:

I was a bit shaken to read, in "Securities Week" for October 16th, that Theodore Barreaux is supposed to have an edge over my friend Jack Casey for the vacant SEC seat because (among other things) of his close ties to President Bush and his work in the campaign and in personnel.

I yield to no one in my respect for political loyalty, but there are ways to demonstrate it that are appropriate and others that are much less so, and surely appointment to a seat on the SEC is in the latter category these days.

The securities market is in very delicate shape right now, as a result of the insider scandals. It badly needs a signal from the White House that the administration won't tolerate insider tactics or the atmosphere they generate. Nothing would send that signal more clearly than the designation of the man whom "Securities Week" quotes one authority as calling "the dean of the investment advisers", and whose latest publication was entitled "Ethics in the Financial Market Place."

I'm sure Theodore Barreaux is a fine man and deserves appropriate recognition, but the SEC appointment should be part of the cure for a sick institution--the American securities market. Don't let it become entangled in gestures of gratitude.

Forgive me if I've been too importunate. Blame it on the earthquake!

Cordially,

William A. Rusher

I thought that you might be interested in a statement that I made on the President's appointment powers. I made this statement during debate on an amendment to limit the President's power to select those he wishes to serve as his ambassadors abroad. I have been told that my statement helped defeat the amendment and preserve the President's power of appointment.

With all best wishes,

NCOA

Non Commissioned Officers Association of the United States of America

225 N. Washington Street • Alexandria, Virginia 22314 • Telephone (703) 549-0311

October 30, 1989

Chief of Staff
Office of the President
Att: Governor Sununu
The White House
1600 Pennsylvania, NW
Washington, DC 20500

Dear Governor Sununu:

Approximately one month ago I requested a photo opportunity with President Bush for the National Commander of the Non Commissioned Officers Association of the USA (NCOA), Command Sergeant Major Walter W. Krueger, USA (Ret.). I received a call from a Ms. Diane De Voe(sp) who informed me that, (#1), the President is very busy, (#2) that his schedule indicates he will be so for the rest of the year, and (#3) that the photo session request was done on short notice. I am sure that #1 and #2 are very true, and I also realize that the request was short notice. However, I do not understand why I am required to submit another letter with another date request, in hopes that they conform to the President's schedule. It seems to me that the logical thing to do would be for his scheduling office to tell me when the President's schedule could handle a photo session and then let it be our responsibility to adjust Command Sergeant Major Krueger's schedule to the President's.

During my conversation with Ms. DeVoe she suggested that since we could not have the requested photo session with the President, we might want to see the "Director of Veterans". It might be helpful for the staff to learn who the Cabinet members are and their exact titles, it sounds more professional when speaking to the public.

October 30, 1989

Page 2

The NCOA is made up of 160,000 + noncommissioned and petty officers who are serving or who have served in the defense of this great nation. We believe, and are sure that the President agrees, that as the back-bone of America's Armed Forces the non commissioned and petty officers corps hold a unique position in America. Therefore, we respectfully request that an effort be made to provide an opportunity for Command Sergeant Major Krueger and the President to meet at a time and date established by your office.

Sincerely,

Thomas L. Ryan
Director for State/Veterans Affairs

Congress of the United States

October 27, 1989

Mr. John Sununu
Chief of Staff
The White House
1600 Pennsylvania Avenue, N.W.
Washington, D.C. 20500

Dear Mr. Sununu:

This is a follow up letter to my recommendation of Mr. Salvador Lew of 2863 S.W 23rd Street, Miami, Florida 33145, for the position of the Commissioner of the Federal Communications Commission.

Mr. Lew is the former President and General Manager of WRHC Radio Station in Miami and has been involved in broadcasting for over 25 years. WRHC is the first radio station in the United States bought by Cuban-Americans. He was in private practice for 8 years in Cuba. He later became Latin American consultant to the law firm of Walters, Moore and Constanzo of Miami. He was also in charge of shipping and customs regulations of the purchasing agency of J.A. Ewing and McDonald of New York City.

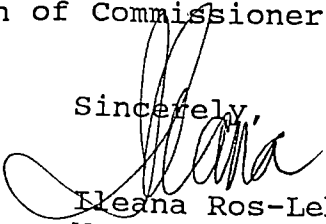

Mr. Lew was his high school valedictorian and graduated magna cum laude from the University of Havana Law School. Mr. Lew has always been an overachiever and I am sure that if he was appointed as commissioner he would do an excellent job.

Mr. Lew is also a civic-minded individual who is on the Board of Trustees of the United Way of Dade County and is a member of various other civic organizations.

He is a dedicated and well rounded individual that I believe would prove to be an asset to the Federal Communications Commission.

It is with great faith in his ability and experience that I recommend Mr. Lew to you for the position of Commissioner of the Federal Communications Commission.

Sincerely,

Ileana Ros-Lehtinen

WITH MORE THAN 125,000 EMPLOYEES NATIONWIDE, PIZZA HUT IS A MAJOR SOURCE OF FIRST-TIME JOB OPPORTUNITIES FOR THOUSANDS OF YOUNG PEOPLE.

WE OFFER WORK EXPERIENCE THAT TEACHES BASIC SKILLS AND WORK ETHIC AND, FOR MANY, LEADS TO A CAREER IN THE FOOD SERVICE INDUSTRY.

YOU CAN IMAGINE MY CONCERN WHEN I RECENTLY LEARNED THAT THE WHITE HOUSE AND CONGRESS HAVE BEGUN NEGOTIATIONS TO REACH A COMPROMISE ON THE MINIMUM WAGE ISSUE. FOR OUR INDUSTRY, THERE IS NO ACCEPTABLE COMPROMISE. THE PRESIDENT'S ORIGINAL POSITION, WHICH WE HAVE SUPPORTED, IS ALREADY A SIGNIFICANT COMPROMISE. ANY FURTHER COMPROMISE WILL FUEL THE INFLATIONARY SPIRAL OF WAGES LEADING TO A REDUCTION IN OUR WORK FORCE.

WE URGE YOU TO CONTINUE TO SUPPORT A VE?O OF COUNTER-PRODUCTIVE MINIMUM WAGE PROPOSALS. IT REMAINS ESSENTIAL THAT ANY MINIMUM WAGE PROPOSAL THAT EVENTUALLY BECOMES LAW INCLUDE AN EA?Y TO IMPLEMENT TRAINING WAGE FOR NEW HIRES. THE ADMINISTRATION'S ACTION WILL IMPACT

OUR INDUSTRY FOR MANY YEARS. YOUR UNDERSTANDING AND SUPPORT ARE  
CRITICAL TO OUR CONTINUING SUCCESS.

Governor John H. Sununu
Chief of Staff to President Bush
The White House
1600 Pennsylvania Avenue, NW
Washington, DC 20500

Dear Governor Sununu:

I am sending this letter to you at the suggestion of Senator Arlen Specter's staff. It is apparent that a letter (see copy enclosed) which I sent to President Bush last spring has gotten lost in the White House and has never been received or reviewed by senior staff, hopefully for presentation to the President.

I enclose a copy of the original letter which includes the personal notes that I had excised from the copies sent to Senators Heinz, Specter, Mitchell and Representative Gray, all of whom have indicated support for, and endorsement of the concept for a National Commission on Root Causes (NCRC) as proposed in my letter.

I am also enclosing a letter of support for this concept from Drew Lewis which was sent to the White House -- and to the best of my knowledge, has not been acknowledged as well.

I would be delighted to come to Washington to meet with you or representatives of your staff, or obviously, if appropriate at some later time, to meet with President Bush.

I have gotten universal and strong support for the concept proposed in my letter to the President from a number of key business and civic leaders with whom I have discussed the contents of the enclosed material.

Governor John Sununu
October 26, 1989

I hope this letter will open a new dialogue that has heretofore been foreclosed because of communication problems within the White House.

All best wishes,

Sincerely,

Henry T. Reath

Dear Governor:

I have noted in the October 20 issue of The Wall Street Journal that Marshall Breger is a possible nominee to fill a vacancy on the D.C. Circuit Court.

We have come to know Marshall over the years as a man of outstanding intellect, who always has the interest of his community and country at heart. I could think of no one more qualified and capable to sit on the bench, and hope that he will be favorably considered by the Administration.

October 18, 1989

The Honorable John Sununu
Chief of Staff
White House
1600 Pennsylvania Avenue
Washington, D.C.

Dear Governor Sununu:

As a follow-up to the recent and very successful Red Mass and lunch in Boston attended by the President and Mrs. Bush and you and Mrs. Sununu, the Board of the Catholic Lawyers' Guild conducted a review of the event. Since you and Mrs. Sununu came to Boston by plane separate and apart from the Presidential party, some concern has been raised that you and/or your wife may have incurred some travel expense in attending this event. If either of you did incur any expense whatsoever in attending this event, we would like to reimburse you immediately.

It was a great honor to have both you and your wife present on such a great day. It would certainly detract from the warm memories we all have of this event to think that you incurred any personal expense whatsoever coming to Boston that day.

Thanking both you and Mrs. Sununu again for your kindness in attending the Red Mass and lunch and looking forward to hearing from you shortly in this regard, I remain,

Sincerely yours,

Wilson D. Rogers, Jr.

Dear Mr. Sununu:

As one of several cities with a genuine stake in a healthy airline industry, we are urging you and President Bush to support Senate Bill 1277 which gives the Secretary of Transportation the authority to assure public interest in airline safety and reliability in advance of an airline takeover. The Bill does not prohibit takeovers.

American Airlines is only one of a group of airlines that is the target of Wall Street speculation. Our concern is that other airlines such as Delta, USAIR as well as American will be forced into transactions that will seriously harm their ability to modernize equipment and expand services.

Senate Bill 1277 as reported out of the Senate Commerce Committee last week simply requires the Secretary of Transportation to review any proposed takeovers in advance to ensure that the public interest is not adversely affected.

We understand that Congress has expressed dissatisfaction with the increased concentration and fastbuck speculation in the airline industry and is working to correct this trend before its too late.

Again, we would greatly appreciate your support of Senate Bill 1277.

Sincerely,

Rodger A. Randle

THE ADMINISTRATOR

The Honorable John H. Sununu
Chief of Staff
The White House
Washington, D.C. 20500

Dear John:

At a meeting on September 6 between the American Petroleum Institute (API) and my staff, API gave us a copy of its August 28 letter to you regarding the President's Clean Fuels Program. We wanted to give you our comments on the issues raised in the API letter.

API's overriding concern is that the legislation permit fair competition among all alternative fuels, and API is concerned that the proposed legislation may not achieve this goal. As you well know, the design of a fuel-neutral program was indeed our primary objective with respect to the Clean Fuels Program, and we continue to believe that the proposed legislation fulfills this objective very well. Any fuel that can meet the emissions performance requirements would be eligible to fulfill the requirements of the program, without exception, including reformulated gasoline. It is likely that API's reluctance to recognize the fuel-neutrality of the proposed legislation is due to uncertainty within the petroleum industry over whether reformulated gasoline would be able to cost effectively meet future emissions performance standards. We, too, do not know whether gasoline can be reformulated in such a way as to competitively provide the benefits available from the use of clean fuels such as compressed natural gas, liquefied petroleum gas, ethanol, methanol or electricity.

We hope that it can, and we have pledged to work with API to advance the state-of-the-art and identify just how clean gasoline can be made to be.

API identifies four basic principles they feel would enhance the fuel-neutral nature of the Clean Fuels Program, and accordingly offer recommendations in four areas.

One, API states that adequate leadtime must be provided to evaluate all alternative fuels and recommends that the emissions performance and program implementation requirements be significantly delayed. With these delays, API suggests that the program would not be able to begin until 1997 at the earliest. We agree that all candidate fuels must be evaluated, but we do not see the need for the significant delays API proposes. API does not acknowledge the significant research that has already occurred with each of the candidate fuels. The lead time included in the Administration's bill is sufficient to complete any additional analyses necessary.

Two, API recommends that all regulations emanating from the proposed legislation follow formal rulemaking procedures and that the legislation specify precise criteria for the rulemakings establishing emissions performance and program implementation requirements. We agree completely with API that formal rulemaking procedures should be followed. We also agree with each of the criteria listed by API; it makes no difference whether these criteria are specifically listed in the legislation since we would utilize them anyway.

Three, API states that DOE and DOT should be full partners with EPA in evaluating and developing the Clean Fuels Program, and recommends that a board be established to develop the necessary regulations. We agree with API on the importance of coordinating and cooperating with DOE and DOT in those areas where these departments have expertise, and in fact the proposed legislation requires such consultation. While we would expect to work extremely closely with DOE and DOT, we believe formation of a formal board would be counterproductive in terms of a responsive and timely regulatory process and inappropriate in environmental legislation. As you know, this issue was raised and resolved during our internal deliberations.

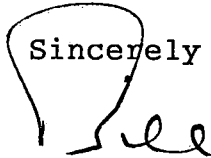

Four, API says that all entities should be treated equally, and recommends that the fuel availability exemption for low-volume service stations be deleted from the legislation. While we agree completely with API on the principle involved, we believe that initially limiting the fuel availability requirement to the largest stations is appropriate and necessary. It simply does not make sense to require all service stations to provide the new fuels in the early years of the program, as doing so would simply worsen economies of scale for all stations. Many low-volume service stations operate on very low profit margins and could not afford even the moderate investments necessary to accommodate the initial low sales of a new fuel. Of course, as fuel demand grows even these low-volume stations will likely add fuel availability. The EPA regulations and service station industry response with respect to unleaded gasoline in the mid-1970s proceeded in exactly the

same manner, with no negative impacts on large retail outlets (in fact, the trend toward fewer and larger stations continued throughout the late 1970s despite the fact that the unleaded gasoline requirement affected only larger stations).

In conclusion, we agree with each of the general principles enunciated by API and with many, though not all, of the specific recommendations. At this time, we would hope that API would focus its efforts on developing a reformulated gasoline that can meet, and hopefully exceed, the emissions reductions known to be available from the use of other clean alternative fuels, such as CNG, ethanol, and methanol.

Please contact me if you have any further questions on the API letter or our comments herein.

Sincerely yours,

A handwritten signature in cursive script, appearing to read 'W. Reilly', enclosed within a hand-drawn oval shape.

EMBASSY OF THE  
UNITED STATES OF AMERICA

Oct. 5, 1989

Dear Chief of Staff, Mr. Swanson,

Thank you so much for visiting so intently with Foreign Minister Stoltenberg. The interest you took in the broader dimensions of Norway's whaling research was most appreciated. He called me over to meet with this & his other meetings of the P.M.'s while in New York, D.C.

There will be a new Government in place soon - some say "it will not last too long" - others say "that's what some said about the Johnsons...". With this new group let us hope the whaling research issues can be managed so as not to cause serious disruption.

Thank you for the President's & your leadership - it makes my job much easier. I hope you come to visit - a great country & ally - last President to visit was Teddy Roosevelt! With thanks, all best,  
Lloyd M. Russell

Dear Governor Sununu:

I was most happy to learn that a bi-partisan Presidential Commission on Minority Business Development has recently been established. Therefore, I would like to take this opportunity to recommend at this time Harriet R. Michel whom I believe would be a most valued asset to the Commission.

I have had the good fortune to know Mrs. Michel for some years and know her to be a highly qualified administrator and public policy expert on a variety of business issues especially that of minority affairs.

She is currently President of the National Minority Supplier Development Council, Inc. where she has been instrumental in advancing and increasing opportunities for minority-owned businesses. Before joining this notable organization, Mrs. Michel served in an array of positions.

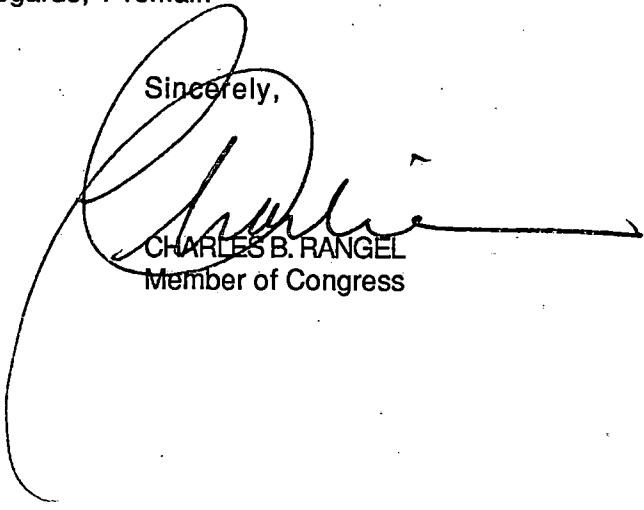

She was president and chief executive officer of the New York Urban League; served as consultant to the U.S. Department of Housing and Urban Development; served as director of the New York Foundation; and was a resident fellow at the Institute of Politics, Kennedy School of Government, Harvard University, where she taught politics and public policy.

Mrs. Michel has a variety of accomplishments to be proud of. I regard her as an individual who has the intellectual capacity and leadership to be an outstanding contributor to the Commission. Her expertise on various business matters is invaluable.

Governor Sununu, I strongly support Mrs. Michel's consideration for appointment to the Presidential Commission on Minority Business Development. I hope you will favorably consider her as a candidate as I am confident she would be a tremendous addition to the Commission.

With kindest regards, I remain

Sincerely,

CHARLES B. RANGEL
Member of Congress

Chief of Staff John Sununu  
The White House  
Washington, DC 20500

Dear Governor Sununu:

I wanted to take a moment to write and express my appreciation to you for your being a part of the "We The People" celebration for Congressman Newt Gingrich.

Having been Newt's pastor for many years, I've watched God just miraculously allow him to have tremendous career and impact on the entire Sixth District. I know it meant much for Newt to have you there.

I want you to know how we pray for you in the very important role in which you have been placed as Chief of Staff. How thrilled I am as a citizen of this great country to know that there is someone of your caliber that is helping to lead our nation to greater heights than it's ever experienced!

In the Master's Service,

Dwight "Ike" Reighard

The Honorable John Sununu  
Chief of Staff to the President of  
the United States  
White House  
Washington, DC 20500

Dear John:

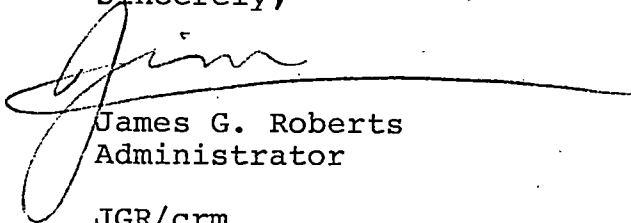

When you first came to my office at the B/A on School Street in Concord little did I know I would someday be addressing you at the White House. Its great to see you frequently on TV newscasts and I am delighted that President Bush has your fine talents and abilities on his team.

One of my more pleasant assignments here in Boca Raton is to assist Rotary in securing speakers for our noon luncheons. As one of the wealthiest cities in Florida we have a large Rotary Club of very influential men and women. Is it possible that you would be willing to be one of our speakers on a Wednesday noon this winter? You could select your own date on any Wednesday after January. Washington DC weather becomes pretty abrasive in February and March and Boca Raton is a lovely warm haven to run to! As you might imagine, we are host to as many as 40 to 50 visiting Rotarians from Northern states during winter months. This gives us a noon luncheon crowd between 200 and 250 people.

We are aware of the tremendous demands on your time and energy, John, but since your comments would be of such interest to all of us I did not want to overlook the possibility that you might be able to work a visit to Boca Raton into your schedule. On the several occasions when you spoke for B/A I distincly recall how well you did and I do hope you will honor us with an appearance.

Won't you please let me hear from you.

Sincerely,

  
James G. Roberts

Hon. John Sununu
The White House

Dear Governor Sununu:

This is simply a follow-up letter to take account of certain recent events, in connection with the possible appointment of my good friend Thomas L. Farmer to the President's Foreign Intelligence Advisory Board. I first wrote you about him under date of December 7, 1988, and followed that with a second letter on February 4th.

I understand that the President has informed the members of PFIAB that he intends to keep the Board in being but to appoint an entirely new membership.

If that is the case, Tom Farmer's imposing experience in intelligence work may be just the sort of thing he is looking for. During World War II Tom served as a member of the Military Intelligence Section of the Combined Chiefs of Staff, working on strategic intelligence. During the Korean War he served as a covert operations case officer in the CIA. From May 1977 until June 1981 he was Chairman of the President's Intelligence Oversight Board. In the latter capacity, by the way, he worked closely with William Webster when the latter was Director of the FBI, and Webster would probably speak well of him.

If there is to be a Democrat on the PFIAB, it's hard to think of a better choice than Tom Farmer. He has many friends (in both parties) on the Hill, and is in no sense oppressively partisan. In short, a class act.

Cordially,

William A. Rusher

Dear Governor:

Let me begin by saying how much I enjoyed meeting you during the press conference held for Maine reporters a few weeks back in Kennebunkport.

I passed along your regards to Dan Namowitz, and he asked me to invite you to lunch during your next trip to the area. (He's buying.)

I also have a question for you that is unrelated to my newspaper work. As Dan wrote you, I am a political science student at the University of Maine. For an independent study course on Presidential Politics, I am studying President Bush's relationship with religious leaders.

If you have a moment, could you provide a brief outline of the President's efforts to work with religious leaders and lobbyists?

As always, I appreciate your help. Dan and I look forward to treating you to lunch should you make it to the Bangor area.

With personal best wishes,

John Ripley

Dear Mr. Sununu:

My name is David Romanoff. I have owned the New London Pharmacy for 11 years. At one time I was the Pharmacy Inspector for the State of New Hampshire.

For years I have listened about the Drug Problems in America; I have voiced my opinion to many people as to how the problem could be effectively slowed down.

I think I can help. I have an idea that might cut down on the use of Cocaine, without loss of life or any large expense. It requires some familiar technology with which I am not familiar.

The major obstacle that I can see is keeping this very secret, with as few people as possible knowing--or involved. There may even be a legal or moral problem in its implementation, but if it worked, it could cut down on the use of Cocaine and possibly other drugs 30-40 percent almost immediately.

I would appreciate your advice on this matter.

Sincerely,

David P. Romanoff

The Honorable
John H. Sununu
and Mrs. Sununu
The White House
Washington, D.C. 20500

Dear Governor and Nancy:

It is my pleasure to invite you to attend the Annual United Nations Concert and Dinner honoring the Chiefs of Diplomatic Missions accredited to the United States and the Ambassadors accredited to the Organization of the American States. This gala event will take place on Saturday, October 28, 1989, in Washington, D.C.

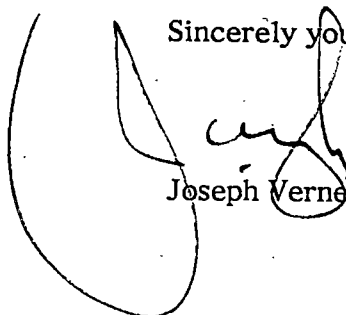

The evening will begin at 6:30 p.m. in the Concert Hall of the John F. Kennedy Center for the Performing Arts featuring a concert by the Canadian Brass, "one of the world's premiere ensembles." The black-tie dinner and dance immediately following the concert will be held in the International Ballroom of the Washington Hilton Hotel.

On this important occasion, which commemorates the 44th anniversary of the United Nations, special tribute will be paid to the International Civil Aviation Organization (ICAO) on its 45th anniversary. As one of the UN's most effective specialized agencies, ICAO has been a major architect in building cooperation among nations to establish international standards and agreements essential for the safe, orderly development of civil air transportation, making possible tremendous growth in communication, tourism, trade and commerce.

The Concert and Dinner are held under the patronage of the President and Mrs. Bush and the Vice President and Mrs. Quayle. The General Chairman of this year's event is Mr. Frank Shrontz, Chairman and Chief Executive Officer of The Boeing Company. Mr. Claude I. Taylor, Chairman of Air Canada, will serve as Chairman for the salute to the International Civil Aviation Organization.

I hope that you will be able to attend on October 28 as guests of honor for this event. Please let us know no later than October 6 if you will be able to attend. A formal invitation will be sent to you directly. After your affirmative reply to that has been received, you will be sent two complimentary tickets to the Concert and Dinner.

Sincerely yours,

Joseph Verner Reed

Dear Gov. Sonoma,

Just a short note to say many thanks for your recent recommendation on my behalf to Paul Wolfowitz. Unfortunately, Mr. Wolfowitz will only have one Schedule-C special assistant (at the SES level) and has already made up his mind on who he wants, so I didn't even get to see him. Nonetheless, I want to thank you for your help. I appreciate it very much.

The Honorable John Sununu
The White House
Washington, D.C.

Dear Mr. Sununu:

There is an answer to the Medicare catastrophic catastrophe.

Many members now are in a frenzied search for a way out of this political box, and they are growing increasingly frustrated at their inability to come up with a solution. The problem is, people keep losing sight of a simple fact. Seniors are outraged at the Medicare surtax. No legislative sleight of hand can fix that, and the furor won't die down until we address that fundamental fact.

We should not, however, abandon the goal of helping senior citizens. More importantly, we don't have to. I have introduced legislation (HR 3047, the Medicare Catastrophic Amendments of 1989) that provides a straight-forward, honest, substantive response to this political problem. My bill would accomplish the following:

- o It would repeal the Medicare catastrophic surtax - the sine qua non of any successful reform effort.
- o It would retain prescription drug coverage for the neediest elderly.
- o It would retain acute catastrophic coverage.

Most importantly, my bill sets in place a Federal-private partnership to institute long-term (nursing and extended home health) care coverage through the private sector by giving clarity to the Internal Revenue Code and establishing the Federal National Reinsurance Corporation. (A more detailed outline is attached.)

My legislation is the only proposal in Congress that contains all these elements, and it is one that would demonstrate to the public a responsible, sensible response to the dilemma in which we now find ourselves.

I urge you to use HR 3047 as the vehicle to get us out of this impasse. I stand ready to work with you in perfecting this measure, if necessary, and I hope you will call me if you have any questions.

Best personal regards,

Cordially,

MATTHEW J. RINALDO

Dear John,

I never thought I would be writing to you in Washington, D.C. asking for a favor. I have a nephew, Mark Raynowska, who I am very proud of he has done very well on his own up to now, comes a time in life when we need a helping hand and that is the reason for this letter to you.

I am enclosing herewith his resume' and asking you if you would be so kind as to review the same and if there is anything you can do that would help him in his pursuit of a higher grade I would certainly appreciate it very much. Thanking you for your consideration, I remain,

Very truly yours,

Washington, September 5th 1989

MR. JOHN SUNUNU
CHIEF OF STAFF
THE WHITE HOUSE

Dear Mr. Sununu: As you know, Mr. Felipe Gonzalez, prime minister of Spain, will visit officially Washington and meet President Bush on October 19th, and, on that occasion, I would appreciate very much the opportunity to interview Mr. Bush or submit to him a written questionnaire.

LA VANGUARDIA is one of the oldest and most prestigious newspapers in Western Europe, and the interview -or questionnaire- would receive a prominent display. The questions would be limited to foreign policy and relations between the United States and Europe.

Please, give consideration to my request. I will be expecting your answer.

Sincerely yours,

NEW HAMPSHIRE
ORDER OF
WOMEN LEGISLATORS

Mr. John Sinunu
His Honor
The Chief of Staff
White House

Dear John,

You have the qualities of courage, stamina, creativity and communications skills plus the ability to organize and direct. You take the best of diplomatic Jim Baker and hard hitting Donald Regan and you make an ideal Chief of Staff. We're all proud of you. We all feel that this good training should make you eligible to someday sit in the Oval Office.

I want to thank you. I appreciate all that you have done for me. I was, of course, touched that you came to my 90th birthday party! I want to thank you for the Plaque, and I do cherish it. Who knows, in two more yrs when I am 95 --- maybe I can get you and Nancy, and George and Barbara to come and pay tribute to me. After all, I never lost in my 34 year bid as a Representative to Concord! When one is 93 they are permitted to brag.

Since you were so helpful to me I would like to ask you if you would be helpful and "open some doors" for my son, Edwin, who lives in D.C. We all understand that the name of the game in Washington is "opening doors".

He does very well on an interview. After all, he has had some unbelievable experiences, is brilliant, charming and highly cultured. Where else can one find a person who is a professional ski instructor, a horse polo player, a pilot, and a Green Beret who has been an elementary school teacher, an assistant principal, a social scientist, a system & computer analyst, clinical psychologist, a researcher, twice a dean, a college president, and one who speaks many foreign and 2 Indian languages? His wife and family feel he can do anything well. So the real problem is -"getting in the door"! As your man, David Carney, told him - a phone call is worth 500 letters! Could you call him to your office and make a call to coordinate his calendar with the Dept head? With 23 yrs in the military he is very much interested in positions with Dick Cheney. He built a ranch in Montana & 7 houses with his own hands plus administrative talent so he's interested in HUD. He drove semi in Alaska & was a Motor Officer on an island invasion so he's interested in DOT plus research with FAA pilots. He has done much in child & family therapy and is interested in HHS; and he's been involved in Education. There has got to be some Plumb jobs still left for a good man! He missed out on the Commissioner for Native Americans in HHS even tho' he's more qualified than the man who will get it, because he could just never seem to get an interview with Sullivan. Letters are nice (see the two enclosed), but what really matters in to see people face-to-face. So I am glad that we have someone of your status that can set up this opportunity for him. I know he will do a good job for you. Thank you.

God Bless,

Mabel Lowe Richardson

My Best to you & Family
Mabel

Dear Mr. Sununu,

The letter and announcements which are enclosed are being sent to over 180 selected New Hampshire legislators. We are hoping that many of them will be able to attend Concerned Women for America's 10th Anniversary Celebration at one of the 3 convention-sites in our area.

As a leader well-known for defending traditional values, I wanted to extend to you and your wife a personal invitation and express my own hope that you will be able to attend all or part of the November 4th conference which is entitled, "Decade of Destiny for America's Children."

In the event that your attendance is possible, I would personally work closely with your staff to assure that your participation be of maximum benefit.

Be assured of our best wishes and prayers.

Sincerely yours,
