WASHINGTON, DC

January 29, 1990

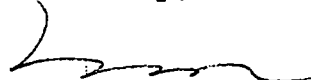

The Honorable John S. Sununu  
Chief of Staff  
The White House  
Washington, D.C. 20500

Dear John:

At your request, attached is a copy of the foreign policy paper I handed to the President last week. Though the argument is aimed at the Evangelical Christian community, it has policy implications with broad national appeal and utility.

A three-page postscript, written since last week, has been added to this version.

Sincerely,

Mark O. Hatfield  
United States Senator

STATE OF NORTH CAROLINA  
DEPARTMENT OF TRANSPORTATION  
P. O. BOX 25201  
RALEIGH 27611-5201

JAMES G. MARTIN  
GOVERNOR

January 25, 1990

THOMAS J. HARRELSON  
SECRETARY

Mr. John H. Sununu  
Chief of Staff to the President  
1600 Pennsylvania Avenue  
Washington, DC 20500

Dear Mr. Sununu:

The North Carolina Department of Transportation has reviewed the proposed Memorandum of Agreement developed by the Department of the Army and the Environmental Protection Agency concerning the determination of mitigation under the Clean Water Act. The proposed MOA would have an extremely disruptive effect on our state's highway improvement program--an effect that would result in negative economic consequences and reduced levels of safety.

My department's principal objection to the proposed agreement is that it establishes a new wetland policy with regard to mitigation without the benefit of input from the public, from affected agencies and parties, or from the President's Domestic Council Policy Task Force. It is our understanding that the Task Force is responsible for setting policy in this area and we further understand that the Office of Management and Budget had requested that no Federal agency set policies on no net loss until the Task Force completed its deliberations.

The process employed in the development of the MOA has been badly flawed and, for that reason alone, it should not become effective. Additionally, there are numerous concerns about the agreement that need to be discussed and clarified before it is considered for implementation. A few of these concerns that would effect this department are:

1. The MOA states that mitigation decisions should not be based on characteristics of the proposed project such as need, social value, or the nature or investment objectives of the project sponsor.

Mr. Sununu  
Page Two  
January 25, 1990

2. The MOA does not make allowances for "pipeline" projects which have already gone through considerable planning and coordination requirements thus creating uncertainty and posing undue hardships for all public and private parties concerned with such projects.
3. The MOA states that mitigation shall be based on the values and functions of the aquatic resources that will be affected without specifying how such values and functions are to be determined. Can you imagine the confusion and delays that would result and the time and money that would be wasted waiting for answers to these basic questions?

The only effective and proper way to resolve such points is to provide an opportunity for interested parties to formally submit comments concerning them. I am requesting that the MOA not be implemented until it has been subjected to the Federal rulemaking process and agencies have been given sufficient lead time to prepare for its consequences.

In addition to considering the weight of our arguments, I would hope that you would consider their source. North Carolina is ranked as one of the nation's leaders in wetlands protection and has demonstrated that it regards wetlands as valuable resources.

This department recognized the need to address the protection and management of our wetland resources in 1985 and worked for the development of one of the first major wetland mitigation banks in the United States. Our bank now consists of approximately 1,200 acres of prime bottomland hardwood forest. Also, Governor Martin has endorsed the President's goal to achieve no net loss of the nation's wetlands and supports efforts to restore and create wetlands where feasible to increase the quantity and quality of the nation's resource base.

Finally, a legislative study commission and an interagency working group have been established to develop wetlands protection recommendations appropriate to our needs.

Mr. Sununu  
Page Three  
January 25, 1990

In short, you are hearing from a state that has taken many positive steps relative to wetlands protection. If we have a problem with the content of the proposed MOA and the process used to develop it, you can be assured that our questions are motivated by the best interests of effective government, and not by any less honorable motives.

Thank you for the time and attention you are devoting to this matter.

Yours truly,

  
Thomas J. Harrelson

TJH/hb

108490

JERALD V. HALVORSEN  
PRESIDENT

January 26, 1990

The Honorable John H. Sununu  
Chief of Staff  
The White House  
Washington D.C. 20500

Dear Mr. Sununu:

As the the enclosed letter to the Domestic Policy Council indicates, the Interstate Natural Gas Association of America is submitting comments regarding the Environmental Protection Agency (EPA)/Army Corps of Engineers Memorandum of Agreement (MOA) which is due to go into effect on January 31, 1990. Since no public comment period was provided, we hope these comments are useful in the Domestic Policy Council's decision on the final form and implementation of the MOA.

The interstate natural gas pipeline industry is committed to preserving this country's fragile environment. Preservation of this nation's wetlands is a worthy goal. However, the industry has some questions and concerns about the MOA. It is unclear whether the MOA and the policy it implements will undermine the longstanding and successful nationwide permitting process. With gas playing a greater role in cleaning our nation's air, new construction projects will be necessary. Ambiguity over the MOA and its impact on nationwide permits may delay projects which would bring increased gas supply to the Northeast, for example.

The industry's second concern is the distinction between temporary and permanent loss of wetlands. Pipeline construction results in temporary losses in wetlands areas. Vegetation is typically restored in one to three years after construction is completed. We believe the definition of "no net loss" needs to be more clearly delineated.

We appreciate your consideration of these comments and trust they will assist the Domestic Policy Council in achieving a workable wetlands policy

Sincerely

A handwritten signature in black ink, appearing to read "Jerald V. Halvorsen".

# United States Senate

WASHINGTON, DC 20510-3301

January 26, 1990

The Honorable John H. Sununu  
Chief of Staff to the President  
1600 Pennsylvania Avenue, NW  
Washington, D.C. 20506

Dear John:

I received yesterday a copy of a letter sent to you by Thomas J. Harrelson, Secretary of the North Carolina's Department of Transportation. Tommy wrote to you about the proposed Memorandum of Agreement (MOA) between the Army Corps of Engineers and the EPA regarding wetlands under Section 404 of the Clean Water Act. (A copy of his letter to you is enclosed for ready referral.)

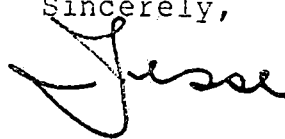

His concerns have merit and I urge that the Administration give them the strongest possible consideration. As a former governor, I know you can empathize with state government officials about the problems Washington causes when state officials are left out of decision making processes. I'm sure that you faced many problems similar to those described in Secretary Harrelson's letter.

North Carolina is one of the leading states in wetlands protection. Let us see if we can work with the EPA to develop a Memorandum of Agreement that will protect the wetlands of North Carolina and other states.

John, as always, thank you for your consideration.

Kindest personal regards.

Sincerely,

THE WHITE HOUSE

The American Jewish  
Committee

OFFICE OF THE WASHINGTON REPRESENTATIVE, 2027 Massachusetts Avenue, NW, Washington, D.C. 20036 (202) 265-2000

January 25, 1990

Governor John Sununu  
Chief of Staff  
The White House  
Washington, DC. 20500

Dear Governor Sununu:

When the American Jewish Committee delegation met with you in your office earlier this month, you were kind enough to suggest that Archbishop Macros McGrath, an acquaintance of yours, might well be helpful should the Panamanian Jewish community be the subject of any anti-Semitic threats of attacks.

One week after our meeting, I travelled to Panama and had an opportunity to meet with the Archbishop. Truly, he is a most thoughtful and impressive figure. And members of the local Jewish community confirmed that the Archbishop has been a longstanding friend of the community and a major force in the pursuit of enhanced understanding and friendship between Catholics and Jews. Indeed, his name has become synonymous with the spirit of Nostra Aetate, Vatican Council II's declaration that spawned a new era in relations between Catholics and Jews. I would like to thank you, therefore, for your most helpful recommendation.

In the course of our meeting, the Archbishop indicated that he would be travelling to Washington in early February and expressed an interest in meeting with you to discuss the current situation in his country. After being in touch with Sarah DeCamp in the Office of Public Liaison, I was delighted to learn that a meeting had been arranged for Friday, February 2nd at 2:30 p.m.

I should also note that the Panamanian Jewish leaders with whom I met, like the vast majority of other Panamanians, welcomed the American action to oust Noriega and restore democratic rule to their country. They share the view that democratic stabilization and economic recovery go hand-in-hand. To the extent that those twin goals are achieved, it will diminish any potential threat to members of the Jewish community or other vulnerable minorities.

Again, please accept my appreciation for your suggestion to be in contact with Archbishop McGrath.

With best wishes.

Respectfully,

David A. Harris

Washington Representative

ARCHDIOCESE OF WASHINGTON

5001 EASTERN AVENUE  
POST OFFICE BOX 29260  
WASHINGTON, D.C. 20017

OFFICE OF THE ARCHBISHOP

January 22, 1990

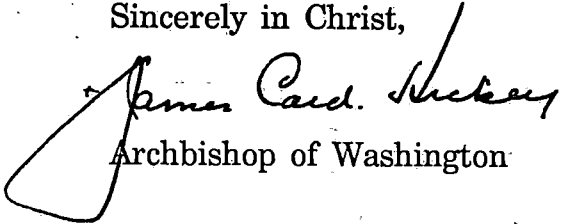

Dear Governor Sununu,

Shortly after the Catholic University Cardinal's Dinner, I wrote to invite you to be the speaker at the Annual Dinner of the John Carroll Society on Saturday, April 28th. Aware of the many demands on your time, I hesitate to ask if you have had the opportunity to review your schedule for this day.

I truly hope that you will honor us with your presence at this important event. The John Carroll Society is a truly excellent group of Catholic Professionals and I know that you will be warmly received.

Grateful for your consideration of this invitation and with kind personal regards, I am

Sincerely in Christ,

  
Archbishop of Washington

---

The Honorable  
John H. Sununu  
Chief of Staff

NATIONAL AIR AND SPACE MUSEUM

SMITHSONIAN INSTITUTION

WASHINGTON, D. C. 20560

10681L

Jan. 19, 1990

The Honorable John H. Sununu  
Chief of Staff to the President  
of the United States  
The White House  
Washington, D.C. 20500

Dear Governor Sununu:

We have just been informed by the Soviet Foreign Ministry that the USSR is willing to expedite the delivery of an "SS-20" missile in exchange for a Pershing-2 missile, so that our planned exhibit of the two missiles to memorialize the INF Treaty might be opened in time for the June summit conference in Washington. This event could provide an appropriate setting for a symbolic gesture by the two presidents, should they wish to make use of it. If the prospect of having the INF missile exhibit available in time for the summit interests the Administration, it would very useful for us if you could let me know. I have also informed Gen. Scowcroft of these developments.

With best regards,

Sincerely,

Martin Harwit  
Director

Dr. John H. Sununu  
Chief-of-Staff  
The White House  
1600 Pennsylvania Avenue  
Washington, D.C. 20500

Dear Dr. Sununu:

I would like to offer my congratulations to you for a very successful first year in office serving President Bush. The press coverage indicates that your tenure has been outstanding. My parents (Rosalind and Philip Hajjar of Salem, N.H.) and I were strong supporters of your candidacy for Governor of New Hampshire. However, it certainly is a pleasure to see your transition from academic life in Boston to a very prominent position in the federal government.

If you ever find the time when you are in New York to visit Cornell Medical College for an informal visit, I would very much enjoy meeting you again (my father introduced us many years ago), and to have the opportunity to show you around the "campus". It would afford the opportunity for a concerned scientist such as myself to discuss with you, another basic scientist, problems of the future of science and medical research in the United States. There are several matters of great concern which should be highlighted to you.

I look forward to hearing from you. With best wishes for continued success, I am

Sincerely yours

David P. Hajjar  
Professor

The Honorable John H. Sununu  
Chief of Staff  
The White House  
Washington, DC 20500

Dear Mr. Sununu:

I am writing to bring to your attention the attached copy of the Anti-Defamation League's 1989 nationwide "Audit of Anti-Semitic Incidents."

This year's findings are particularly disturbing, with over 1400 reported incidents -- the largest total in the survey's history and a 12% increase over 1988. The most serious forms of anti-Semitic vandalism -- bombings, arson, and cemetery desecrations -- were reported in higher numbers than ever before. In addition, over 110 incidents were attributed to neo-Nazi Skinheads, and the number of anti-Jewish incidents reported on college campuses grew by one-third, with 69 incidents on 51 campuses.

The general nationwide increase in anti-Semitic acts demands a forceful response, including effective counteraction by legislators, community leaders, and law enforcement officials to confront hate crimes. The ADL has strongly supported the enactment of a national hate crime data collection requirement, such as the Hate Crime Statistics Act (H.R. 1048) passed by the House 368 - 47 last June. We have urged the Senate to take this measure (S. 419) up promptly in this session of Congress. We believe public officials will be in a position to address these crimes in the most effective fashion only when the scope of the problem is known.

Please do not hesitate to contact our office if you have any questions about our 1989 Audit.

Sincerely,

Jess N. Hordes  
Washington Representative

**HAND DELIVERED**

The Honorable John Sununu  
White House Chief of Staff  
Washington, D.C. 20500

Re: Meeting with Environmental Groups on the Corps and  
EPA Wetlands Mitigation Memorandum of Agreement

Dear Governor Sununu:

As you must by now be aware, the environmental community is extremely disturbed by the White House staff's decision to delay, now for the second time, the very important Clean Water \$404 Mitigation Memorandum of Agreement (MOA) between the Department of the Army and the Environmental Protection Agency. We view these delays and the continued deliberations within the Administration with alarm, since a pullback on the MOA would violate The President's campaign commitments and provide strong evidence that the environment plays "second fiddle" to the oil industry's and developers' agendas when the tough decisions must be made.

We know that Executive Office of the President staff coordinating the Administration's decision on the MOA met with representatives from Alaska prior to the most recent postponement of the MOA. We too would like to have the opportunity to meet with these staff members to present our position on the MOA. We suggest that such a meeting include, at a minimum, you, Robert Grady from the Office of Management and Budget, and Michael Deland from the Council on Environmental Quality. Because we would like to schedule this meeting early next week, we would appreciate receiving a call at the number below as soon as possible confirming a time.

Sincerely,

Jay D. Hair  
Jay D. Hair

Dear Governor Sununu:

A small group of analysts of Soviet political and military strategy is scheduled to receive the enclosed research document, "Glasnost, Perestroika and the Soviet Threat," prepared by Dr. Robert C. Suggs, a former senior analyst for the U.S. government. Dr. Suggs, a specialist on the Soviet navy, lectures at the U.S. Naval War College, and contributes to the Proceedings of the U.S. Naval Institute.

In our view, Dr. Suggs makes a signal contribution to understanding the "changes" taking place in the Soviet Union. He addresses the attitudes of the Soviet military leadership, the continuing high level of Soviet defense production, Soviet military views toward unrest in the Baltics and other republics, the continuing Soviet submarine incursions into Swedish and Norwegian waters, and the qualitative improvements in Soviet formations that face the NATO countries.

"The tension created by the staggering cost of the gargantuan Soviet defense establishment and the virtual total neglect of consumer needs can no longer be denied," Dr. Suggs writes, in part. "The Soviet leadership has therefore decided to operate its defense establishment on a more cost-effective basis than in the past, giving limited attention to the needs of its citizens. The military has been subjected to some fiscal belt tightening and manpower reductions, and possibly some diversion of military-industrial capacity to civilian needs. But...wherever the geopolitical status of the USSR is at stake, cost is no obstacle. The continuation of the extravagant Soviet military assistance program to Nicaragua has already seriously threatened our interests in Central America, and an even more extravagant Soviet military assistance program continues to strengthen a strong Soviet client axis in Southwest Asia...with the potential to dominate the Persian Gulf, Arabian Sea and the Indian Ocean."

Please feel free to quote from this paper, which has received official clearance.

Sincerely,

*Anthony Harrigan*  
Anthony Harrigan  
President

# Alexandria Republican City Committee

Post Office Box 3241, Alexandria, Virginia 22302

(703) 836-5090

January 18, 1990

Governor John Sununu  
 Chief of Staff  
 The White House  
 Washington, D.C. 20500

Dear Governor Sununu:

On Tuesday as I watched the local news I discovered that President Bush and Secretary Kemp had made an unscheduled appearance in Alexandria to: (1) Recognize the efforts of the Alexandria Residents Council to fight the war on drugs in our City; and (2) Promote the privatization of public housing. I was delighted that the President chose Alexandria to make such a statement and to reward the efforts of those dedicated residents who through their weekly sit-ins, are helping to stop the spread of drugs in their neighborhood.

My pleasure turned to disappointment, however, when I discovered that our Republican Councilman, Bill Cleveland, escorted the President, but that, as Chairman of the Republican Party in the City, I had neither been notified of the visit nor invited to attend. Upon discussing the matter with Mr. Cleveland, I learned that he had been notified last Friday that Secretary Kemp would be making the appearance, but was instructed not to mention the event to anyone. He did tell me, however, that he was unaware that the President was going to accompany Secretary Kemp until he stepped out of the limousine.

The Alexandria Republican Party worked very hard for George Bush in 1988, and that was reflected in the election results. The President received the highest percentage of raw vote of any Republican presidential candidate in Alexandria's history.

Additionally, the Alexandria Republican City Committee has been very supportive of Secretary Kemp in his efforts to promote the privatization of public housing. Not only have I written on the subject as party Chairman (see attached), but last spring we sponsored a forum in Alexandria's black community promoting that concept. Among our speakers were Kimi Gray, Robert Woodson, head of the National Commission on Neighborhood Enterprise, and David Caprara, representing Secretary Kemp who could not attend. Our purpose in sponsoring the forum was to promote not only Secretary

Governor John Sununu  
January 18, 1990  
Page 2

Kemp's program which the President endorses, but also to promote the Republican Party. That our efforts were neither mentioned, nor trumpeted, in Tuesday's meeting was unfortunate. A presidential blessing would have gone a long way in assisting Republican efforts to make inroads in that community.

Alexandria is predominantly a Democratic city. It is only through tireless efforts that the Republican Party has been able to grow, attract new members, and elect members of the City Council and state legislature. Quite simply, we need all the help we can get in broadening our party's base. To that end, a visit by the President could have been a real shot in the arm to our efforts, particularly in the black community.

As party chairman, I feel personally slighted in having not been notified of the visit nor invited to attend. In my mind that is a political sin of the first degree. President Bush and Lee Atwater have for years placed great emphasis on the importance of grass roots politics. To not involve the local grass roots leadership in a presidential visit is politically unwise, short sighted, and reflects a lack of commitment to detail.

The White House political office, so I understand, is charged with making certain that the political details surrounding a presidential visit are carefully attended to. The way the Republican Party in this City was treated in this case suggests that someone in that office was asleep at the switch.

As you know, one way to keep grass roots workers motivated is to occasionally provide them access to the candidate or elected official for whom they are working. Even though Alexandria is just across the river from the District, the President rarely appears in our City. To have scheduled an activity such as occurred yesterday without involving the local Party leadership, suggests some lack of commitment to the grass roots organizations that helped elect the President.

I do not mean to suggest that the President's visit should have been the occasion for a Republican rally. It would have been very helpful to us, however, to have provided the local party leadership an opportunity to be seen in our community with the President. By limiting the number of people involved, security, which is so important in such circumstances, would not have been compromised.

Governor John Sununu  
January 18, 1990  
Page 3

It is my hope that this type of slight will not happen again and that at some future time the President will make another appearance in Alexandria. If this letter results in greater attention to detail by your political staff so that in the future, grass roots leaders will not be neglected, it will have served its purpose.

Should there be any reason to discuss this matter further, I may be reached at either 684-2000 (w) or 683-6062 (h). Thank you for your time and consideration of the points raised.

Sincerely,

W. Michael Holm  
Chairman, Alexandria  
Republican City Committee

l  
for  
and  
chief  
on  
1989)

NRLC said nothing then or since against any member of the "conservative slate" for which Mr. Wootton has lobbied. Nevertheless, it seems that Mr. Wootton was greatly offended that NRLC had urged the re-nomination of Prof. Uddo, who Mr. Wootton regards as a political adversary. (Several years ago, Prof. Uddo declined to support Mr. Wootton for LSC president.) In November, a well-placed source in the Executive Branch informed us that Mr. Wootton had arranged for the recently hired LSC inspector general, David Wilkinson, to launch an "investigation" of a purported "conflict of interest" involving Prof. Uddo and the National Legal Center for the Medically Dependent and Disabled (NLCMDD). We were told that Mr. Wootton targeted the NLCMDD because he associated the NLCMDD with NRLC. (There is, in fact, no legal link between NRLC and the NLCMDD, although it happens that the president of the NLCMDD, James Bopp, Jr., also serves as general counsel for NRLC.)

We were further told that the "investigation" instigated by Mr. Wootton was

KEEP THIS WORKSHEET ATTACHED TO THE ORIGINAL INCOMING LETTER AT ALL TIMES AND SEND COMPLETED RECORD TO RECORDS MANAGEMENT.

105551

January 16, 1990

Mr. John Sununu  
Chief of Staff  
White House  
1600 Pennsylvania Ave.  
Washington, D.C. 20500

Dear Mr. Sununu,

I am writing to you on behalf of my father, Bill Haubrich, who is retiring after over 20 years as Athletic Director in the Concord (NH) School District. We are in the process of preparing a testimonial that will recognize his efforts as an athlete at UNH, a coach at Concord High, and at UNH, and a successful and highly regarded A.D. since 1969. He has been a leader in interschoastic sports in New Hampshire for the last three decades but has been very prominent in the national scene as well. My father has been a member of the National Federation's Athletic Directors Advisory Council, a charter member of the National Interscholastic Athletic Administrators Association, a member of the National Conference of High School Directors of Athletics Committee, a recipient of the NIAAA Distinguished Service Award (in 1981), a recipient of a National Federation Citation, and a member of the Ways and Means Committee of the NIAAA.

I address my letter to you, Mr. Sununu, because I know that as a former leader of this state you would appreciate the efforts of this individual with the youth of New Hampshire. I am currently putting together a booklet that includes comments from former players, coaches, and associates that serve to honor the contribution my father made to athletics in New Hampshire. Maybe I'm asking for too much - but I was hoping that the White House might recognize a significant career in the form of a congratulatory letter. If this is possible, it would be the perfect culmination to an active and successful career. Please send the letter to my address and I will present it to my father on the night of the testimonial.

My address: Bill Haubrich, Jr.  
25 Washington St.  
Concord, N.H. 03301

Thanks for your time and I anxiously await your reply.

Sincerely yours,  
*Bill Haubrich Jr.*

COUNCIL OF ENGINEERING AND ARCHITECTURAL SOCIETIES, INC.

P.O. Box 18842, Washington, D.C. 20036-8842

January 16, 1990

Gov. John Sununu  
Chief of Staff to the President  
The White House  
Washington, DC 20500

Dear Gov. Sununu:

As you may recall, we talked briefly when you appeared at the Citizens for a Sound Economy and Free Congress Foundation events last year. You may also recall that we were both at MIT in mechanical engineering in the 1960's.

Here in Washington, we have a federation of all the major engineering societies (see attached list) - the D.C. Council of Engineering and Architectural Societies (DCCEAS). I am a past president of DCCEAS. Since you are the first engineer to become Chief of Staff, our DCCEAS member societies are very proud of you. The current president, Jim Powell, wants to present a DCCEAS plaque to you during Engineers Week, and he asked me to contact you. When I spoke to Jackie Kennedy of your staff, she asked me I send this letter.

We are well aware of your busy schedule and we wanted to arrange a brief five-minute presentation at your convenience during the week of February 19 - 24. A presentation at your office in the West Wing or next door in the Executive Office Building would probably be easiest to arrange. We could also make our presentation part of another Engineers Week event in which you may be participating.

We would feel greatly honored if you can accept our award. Please call me at (202) 659-9529.

Very truly yours,

Robert L. Hershey, Past President  
D. C. Council of Eng. & Arch. Soc.

# United States Senate

WASHINGTON, DC 20510-3301

January 12, 1990

The Honorable John H. Sununu  
Chief of Staff  
The White House  
Washington, DC 20500

Dear John:

I can't think of a better time for you to consider a Presidential trip to Fort Bragg, as we discussed earlier. The guys are coming home from Panama, etc.

You will recall that Campbell University, a splendid Baptist institution, wants to honor the President and give him an honorary degree. The university is just a few miles from Fort Bragg, and is also near North Carolina's media center (Raleigh, the State Capital).

I hope the President can go down.

Sincerely,

JESSE HELMS:vj

Mr. John H. Sununu  
Chief of Staff  
The White House  
First Floor, West Wing  
1600 Pennsylvania Avenue, N.W.  
Washington, D.C. 20500

Dear Mr. Sununu:

With reference to our previous letter of October 12, 1989, the Simon Wiesenthal Center will hold it's first annual National Leadership Conference in Washington, D.C. on March 5th, 6th and 7th.

We very much would like your participation at one of our events, preferably on **March 6th**. If this date is inconvenient to you, we are sufficiently flexible to accommodate your appearance on an alternate date.

The Simon Wiesenthal Center is the second largest Jewish organization in the United States, with 370,000 member families. I had the privilege of giving the invocation at the Republican National Convention on the night President Bush was nominated, and the Center was honored to host the President and Mrs. Bush at our Los Angeles headquarters during the election campaign.

Our National Leadership Conference will include 200 prominent leaders of the American Jewish community who are keenly interested in learning more about the Administration's policy with respect to issues of interest to the Jewish community.

Dr. Alfred Balitzer, a member of both the Reagan and Bush Administrations, and Mrs. Marlene Hier the Center's Director of Membership, will be in Washington on January 23 - 25 to confirm details of this Conference. We would very much appreciate an indication from you by that time of your availability.

We look forward to hearing your favorable response.

Cordially,

Rabbi Marvin Hier  
Dean

WASHINGTON, DC

January 10, 1990

The Honorable John Sununu  
Chief of Staff  
The White House  
1600 Pennsylvania Avenue, N.W.  
Washington, D.C. 20500

Dear John:

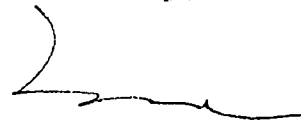

It is my understanding that the Administration will soon make a decision on whether to extend the provisional listing of Red Dye #3. Given the importance of this decision to the fruit industry in Oregon, I wanted to make certain that you were aware of my position.

Enclosed is a letter sent by several members of the Appropriations Committee to former FDA Commissioner Frank Young, outlining our views.

Please feel free to contact me should you wish to further discuss this matter. I look forward to hearing from you in the near future.

Warm personal regards.

Sincerely,

Mark O. Hatfield  
United States Senator

ATTENTION: GOVERNOR JOHN SUNUNU

Dear Governor Sununu:

Please refer to my earlier letter in which I extended an invitation for you to be the featured speaker at our statewide Republican rally, reception and dinner on January 27, 1990.

Your office has advised me that you will be unable to participate on that date; accordingly, we have postponed indefinitely these events, hoping to reschedule them on a date on which you can participate.

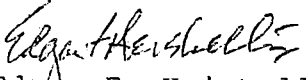

Please review your schedule and give us the earliest date on which you would be available to speak at a reception and dinner. We understand, through conversations with Tom Halloran, that you might be able to coordinate a joint visit with Vice-President Quayle. We would, of course, welcome this, since it would be a dynamite program, enhancing our fund-raising success.

We have several key state and federal races to be decided this year, including Senator Rockefeller's seat, four (4) congressional seats, and the state offices of Attorney General and Treasurer. We have a legitimate political star in Oliver Luck, a former West Virginia University All-American and Houston Oilers quarterback, who is a sure-fire winner over Congressman Staggers if we can get sufficient support from Washington. As you may know, the Democrats who formerly held the offices of Attorney General and Treasurer resigned in disgrace, and we believe that we are going to have excellent candidates seeking those offices this year. They need our help, and we, in turn, need your help.

Governor John Sununu  
January 10, 1990  
Page Two

Please let me know the first available date you can identify on your calendar, and we will build a program around your appearance. I very much appreciate your willingness to try to work with us.

Most sincerely yours,

  
Edgar F. Heiskell, III  
State Chairman

EFH, III:skfd

#103644

Natural Resources Council of America

January 10, 1990

The President  
The White House  
Washington, DC 20500

Re: 30-Day "Consultation Period" on the EPA-Corps Wetlands Mitigation Memorandum of Agreement

Dear Mr. President:

As members of the Natural Resources Council of America, we, the undersigned, are writing to express our serious concern about the Administration's December 15th decision to delay implementation of the Environmental Protection Agency-Army Corps of Engineers Wetlands Mitigation Memorandum of Agreement (MOA). The NRCA is an association of over 70 diverse nonprofit conservation organizations all dedicated to the professional management, conservation and protection of the nation's natural resources.

As representatives of national and regional conservation organizations, we share the EPA and the Corps' view that the MOA is not new policy but is "a procedural document that clarifies the existing permit-review process to ensure compliance with the Section 404 (b)(1) Guidelines of the Clean Water Act." The MOA -- a product of interagency negotiations which span years -- articulates a uniform and consistent policy and, ironically, responds to one of industry's biggest complaints regarding wetlands regulation: lack of predictability in the permit review process.

Opponents of the MOA claim it will stymie economic activity in Alaska and thus the State should be exempted from the MOA. These arguments are flawed. First, because the MOA clearly allows for flexible and rational application of mitigation in Alaska, economic activity will not be hamstrung. Second, the State's own wetlands resource managers have adopted the "sequential" mitigation policy set out in the MOA as a workable approach to achieving "no net loss of wetlands" in Alaska and, in fact, argue that "The state's current position is to encourage others to work within that framework, rather than seek an exemption for Alaska."

Mr. President, this is a national issue that has national implications and is not confined simply to Alaska. How you resolve this controversy in the days ahead will be a major test of your commitment to wetlands protection. Choosing to revoke, modify, or even delay the MOA beyond January 15, 1990 will indicate to us the end of any real effort by your Administration to deliver on its repeated pledge of "no net loss of wetlands."

We look forward to your full support of an unchanged EPA-Corps Wetlands Mitigation MOA.

Sincerely,

Robert L. Herbst  
Executive Director  
Trout Unlimited, Inc.  
and  
Chairman  
Natural Resources Council of America

103201

UNIVERSITY OF NEW HAMPSHIRE

January 5, 1990

The Honorable John Sununu  
Chief of Staff  
The White House  
1600 Pennsylvania Ave.  
Washington, D.C. 20005

Dear Governor Sununu:

I would like to request your assistance in a matter of real importance to the biological science community. I write as a Trustee of the Jackson Laboratory in Bar Harbor, Maine. As you know, the lab is one of the premier sites worldwide for genetic research. In addition to their own research activities, however, they are also the most significant breeding facility for mice in the world. They have developed over 1700 strains used in research valued at \$600-700 million. There are perhaps 20 strains available commercially.

Last year, the lab suffered a devastating fire in the production facility. Fortunately, they have protected the ability to reproduce the strains through modern reproductive techniques. The ability to make the mice available to the research community was virtually halted, however. In this past year, they have been able to restore a modest production effort, but need \$25 million to complete the project. With substantial scientific community support, NIH has been authorized to expend \$25 million over the next two years on a genetic research production facility (competitively awarded) for which Jackson Lab is the only logical contender.

Some Congressmen, however, in their inevitable wisdom, appear to be trying to split the authorization with part to be used for pork rather than mice.

Secretary Sullivan, we believe, is supportive of the laboratory and its efforts. A word to him, however, would be most timely in support of maintaining the original purpose of this authorization. He is obviously under some political pressure. The decision will likely be made in the next few days.

The Honorable John Sununu

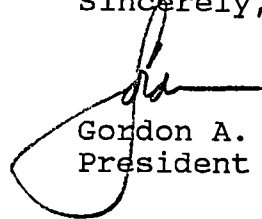

-2-

January 5, 1990

This is in the real national interest. The Jackson Laboratory is the source of the mice for the most important genetic research which use these techniques.

Many thanks for your help in this matter.

Sincerely,

Gordon A. Haaland  
President

Operations Vice President

Jan 6, 1990

Dear Mr. President,

I am writing this letter to voice my opinion against mandated employee-purchased health insurance as a solution to this Country's Health Care Crisis.

Uncontrolled costs continue to be the fundamental problem with our current health care system. Doctors and Hospitals need to lower costs before considering forced purchase of insurance policies.

With the recent increase in minimum wage laws passed by Congress, companies cannot keep absorbing such costs. Requiring the purchase of a health insurance policy is impossible to accept, especially for newly hired, part-time employees.

As a business person, I will be directly impacted by a mandated employee-purchased health plan, and strongly oppose this policy.

Regards  
Gary W. Hubert

HARVARD UNIVERSITY  
*Office for Information Technology*

December 29, 1989

The Honorable John Sununu  
Chief of Staff  
White House  
Washington, D.C. 20500

Dear Mr. Sununu:

This letter requests your support for the National Research and Education Network (NREN). Harvard University strongly supports the construction of this network, a high speed, high quality network, which will support research and instruction, enhance national competitiveness, and improve national productivity.

In recent years, the United States has lost much of the international lead we have had in networking technology, due in part to an inadequate level of funding for networking research. It is critical that the Office of Science and Technology Policy recommendations for a five year, \$400 million networking research program be adopted. The federal government has played a critical role in financing research networks and should continue to do so.

The \$400 million allocated to the NREN over a period of five years is a very small amount when compared to the total funds spent by government, higher education, and industry on networking technology and services over a similar period. The proposed \$400 million will be highly leveraged and will provide substantial new networking capabilities to many people who have not benefited in the past.

Many institutions do not have the funds or mid-level networks to connect themselves to the existing NREN network. With this support, not only will more institutions gain access, but also valuable research resources will be made available over the network. Examples of these resources are academic libraries, medical information, and scientific databases which might include weather data, census data, economic data, and environmental data remotely sensed via satellite.

The existing national networks are already an important part of the educational infrastructure. Harvard currently uses the four major networks: the Defense Research Internet sponsored by DARPA, the National Science Foundation Network (NSFnet), the Energy Science Network sponsored by the Department of Energy, and

(617) 495 3240 or SHALL@HARVARDA.HARVARD.EDU

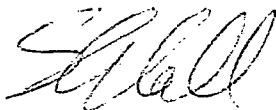

the NASA Science Internet. Listed below are several of the major benefits Harvard achieves through its use of the Internet and the NSFnet, a network established five years ago by the National Science Foundation to provide connectivity to the university community with particular emphasis on science and engineering:

1. NSFnet and the Internet provide electronic connection to faculty members at other institutions (in New England, in the nation, and throughout the world) which facilitates collaboration, discussion, and the generation of new ideas.
2. By using the network, members of the Harvard Community may share in the use of scarce or expensive resources such as the national supercomputer centers.
3. The network improves the climate for academic innovation by facilitating information dissemination for current research and by providing access to network-based resources such as libraries, databases, software, and other information technology based services.

Many of Harvard University's unique resources will be made accessible to others over the national networks. Examples of these resources are the on-line catalogue for Harvard's library system, which represents the largest private collection in the United States, the research and teaching programs in our graduate schools, and several programs of the teaching hospitals with which the University is affiliated.

We encourage you to support new legislation and funding for the research, development, and implementation of the NREN - \$50 million for fiscal year 1990, \$50 million for fiscal year 1991, \$100 million for fiscal year 1992, \$100 for fiscal year 1993, and \$100 million for fiscal year 1994.

Sincerely,

Stephen C. Hall  
Director

ARCHDIOCESE OF WASHINGTON

1001 EASTERN AVENUE  
POST OFFICE BOX 29260  
WASHINGTON, D.C. 20017

OFFICE OF THE ARCHBISHOP

January 8, 1990

Dear Governor Sununu,

Monsignor Quinn, Rector of the Cathedral of St. Matthew told me that you were trying to reach me on Christmas eve. I regret that you were unable to do so. Unfortunately, I was ill on Christmas eve; I was unable to celebrate Midnight Mass at the Cathedral and at the National Shrine on Christmas Day. I am happy to report, however, that I am now fully restored to health.

It occurred to me that perhaps I should supply your Office with direct numbers to my Office and Residence which do not go through the main switchboard of the Archdiocese. They are:

Office: 853-4540  
Private: 559-4088  
Residence: 853-4570

Please be assured, Governor, of my prayers for you and for your service to our President and to our country. May the year ahead be a time of special grace and blessing for you and for your loved ones.

With kind personal regards, I am

Sincerely in Christ,

*James Cardinal Hickey*  
Archbishop of Washington

The Honorable  
John H. Sununu  
Chief of Staff to the President  
The White House  
Washington, D.C.

# The LTV Corporation

CHAIRMAN OF THE BOARD  
AND CHIEF EXECUTIVE OFFICER

January 5, 1990

The Honorable John H. Sununu  
Chief of Staff  
The White House  
Washington, D.C. 20500

Dear Mr. Sununu:

The enclosed publication indicates very vividly, I think, that we in The LTV Corporation have taken very seriously the President's spirit of volunteerism. "A thousand points of light" are evident with our employees and I want to share this good news with you because of your special interest.

Incidentally, since this publication came off the press, our Dallas area employees established a national record in contributing one million pounds of food to the needy during the holiday season! The spirit and excitement of this food drive was remarkable and we are very proud of our people.

Best regards,

Raymond A. Hay

THE CHRISTA McAULIFFE PLANETARIUM

P.O. BOX 2043 • CONCORD, NEW HAMPSHIRE 03302-2043 • 603-271-~~XXXX~~  
2842

January 4, 1990

The Honorable John H. Sununu  
White House Chief of Staff  
White House  
Washington, DC 20500

Dear Governor Sununu:

The Christa McAuliffe Planetarium building is now nearing completion, and by the end of this month the electronic equipment will be installed. The actual running of this equipment as well as the grand opening of the Planetarium will be in April. We will be in contact with you about the details of the opening ceremony, as we very much want you to be there.

Anytime during January or February that you might be passing through Concord, possibly on your way skiing, please let me know as I shall be glad to give you and your family a personal tour of the Planetarium. There will not be any demonstrations ready, but you might enjoy a behind-the-scenes tour of this unique facility.

Sincerely,

*Walter N. Hawley*

Walter N. Hawley, Chair  
Christa McAuliffe Planetarium Commission

MR JOHN SUMMONS  
PRESIDENTIAL CHIEF OF STAFF

DEAR SIR,

I HAVE HEARD THAT IT IS POSSIBLE TO GET AN AMERICAN FLAG THAT HAS BEEN FLOWN OVER OUR CAPITOL. I AM INTERESTED IN GETTING SUCH A FLAG IF IT IS AT POSSIBLE. I AM MORE THAN WILLING TO PAY FOR SHIPPING OR ANY OTHER NOMINAL FEE THAT WOULD BE ASSOCIATED.

THE REASON THAT I AM WRITING TO YOU IS, QUITE FRANKLY, THAT I DO NOT KNOW TO WHOM ELSE MAY BE OF ASSISTANCE. AS A RESIDENT OF NEW HAMPSHIRE (STAR RT 56, GORHAM) I AM HOPING THAT YOU ARE ABLE TO HELP. GIVEN YOUR RESPONSIBILITIES AND SCHEDULE, I CERTAINLY UNDERSTAND YOUR POSITION AND AM VERY GRATEFUL FOR ANY ASSISTANCE YOU CAN RENDER.

SINCERELY,  
GEORGE W Hill Jr

NEW ENGLAND NEWSPAPER ASSOCIATION, INC.

---

December 28, 1989

Hon. John Sununu, Chief of Staff  
The White House  
100 Pennsylvania Avenue  
Washington, D.C. 20003

Dear Mr. Sununu:

By way of introduction, the New England Newspaper Association is the major regional association serving newspaper publishers. I am its current president and am publisher of the Cape Cod Times.

Our midwinter convention is scheduled for March 15 and 16 at The Westin Hotel in Boston. It would certainly be an honor if you could address the membership sometime during that period. We were thinking of a keynote speech on either Thursday or Friday morning, but will accommodate you with whatever timing is best for you.

I certainly hope that your busy schedule will allow for a trip back home, and hope that you will be able to join us.

Best wishes.

Sincerely,

Scott Himstead  
President

Hon. John Sununu  
Chief of Staff  
The White House  
1600 Pennsylvania Avenue  
Washington, DC 20500

Dear Mr. Sununu:

Edward M. Nagel, of Allentown, PA is most interested in an appointment to the Federal Energy Regulatory Commission.

There are a great number of reasons why I support Ed Nagel for this position. Firstly, the FERC regulates a number of industries and has a high impact on the electric utility industry, but there is no member of the electric utility industry presently sitting as a Commissioner. He currently serves as Vice-President and Secretary of the Pennsylvania Power and Light Company, one of the most highly valued corporate entities in Eastern Pennsylvania. PP&L is a nuclear utility and has been recognized by the industry as running the best-managed nuclear power station in the United States. His dedication to PP&L is unparalleled, having served there beginning in 1954 as Attorney, Assistant Counsel, Assistant General Counsel, General Counsel, and Corporate Secretary.

He served his country with distinction in the Naval Air Corp in World War II. Augmenting his military service is an array of civic activity. Community organizations throughout Pennsylvania support Edward Nagel's candidacy to the FERC.

Senators Heinz and Specter, and the entire Pennsylvania Congressional delegation are actively supporting Ed Nagel for appointment to the FERC. Additionally, Senator Jim McClure is also supporting his appointment.

Ed's candidacy was brought to my attention by Charles D. Snelling, the major Bush/Quayle pointman in the Lehigh Valley.

It is my privilege to recommend Ed Nagel for appointment to the Federal Energy Regulatory Commission. I urge you to give him your most serious consideration.

Most sincerely,

*Elsie H. Hillman*

The Honorable John Sununu  
Chief of Staff  
The White House  
Washington, D.C. 20500

Dear Governor Sununu:

Last week I forwarded to you a copy of a letter Father Bruce Ritter sent to all Covenant House supporters concerning our current situation. As a follow-up, I am delivering to you an advanced copy of a letter Father is including in his January 1990 newsletter which will be mailed at the end of this week. His letter and the attached New York Times article reflect the changes in our situation since our first mailing.

Again, as a valued friend, I wanted to share this with you and ask that you not hesitate to call me with any questions or concerns.

Sincerely,

A handwritten signature in cursive script that reads "John Humphreys".

UNIVERSITY OF NEW HAMPSHIRE

December 27, 1989

The Honorable John H. Sununu  
Chief of Staff  
The White House  
1600 Pennsylvania Avenue  
Washington, D.C. 20500

Dear Governor:

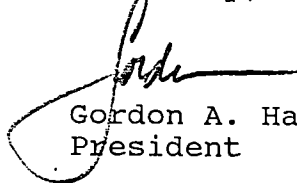

Did you ever expect Malta and Panama? Life must be both hectic and exciting. Nice work. I hope you can find time for a few runs down Waterville, although actually you should go to Vail; it has much better snow.

I am enclosing a brief addition to the proposal on doctoral student support in engineering which outlines the joint industry/government partnership which we envision. As I mentioned in my earlier note, Dr. Ruben Mettler, former Chairman of TRW, is spearheading this effort. He would appreciate a chance for a brief chat. I will check with Jackie to see if a visit or a phone call is possible.

On March 30, I will be assuming the Presidency of Gettysburg College in Pennsylvania. It will be quite a change but, I believe, timely. Thanks for your help.

Best wishes for the New Year.

Sincerely,

Gordon A. Haaland  
President
