COMMISSION ON SECURITY AND
COOPERATION IN EUROPE

Dear Governor Sununu:

I would like to bring to your attention my constituent, Gerald P. Regier, who is interested in serving as the director for the Bureau of Justice Assistance with the Department of Justice (DOJ.) For the past nine months, Jerry has served as the acting director in this position. I have enclosed a copy of his resume for your review.

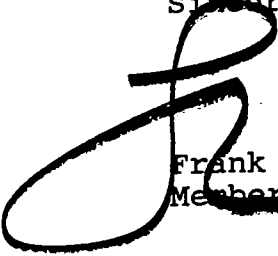

As you can see, Jerry is eminently qualified for this position. He was selected by Attorney General Dick Thornburgh to serve as acting director during the confirmation process for the director position. In that time he has proven himself to be extremely effective in this position. Under his direction, \$445 million in block grants were awarded to the governors of each state as well as discretionary grants for FY 1990.

Jerry has over a decade of service to the federal government. Due to his strong commitment to preserving the family unit, he has received several presidential appointments to commissions and special awards for his outstanding efforts. Currently, Jerry is serving as a commissioner on the National Commission on Children which will report its findings to the President in March 1991.

I urge you to give Jerry strong consideration to become the permanent director of the Bureau of Justice Assistance. I know that he would be an excellent representative for DOJ in this position. His many years of experience with the federal government and superb performance in his current position of acting director make him an ideal candidate.

If I can be of assistance on Jerry's behalf, please do not hesitate to contact me. Thank you for your attention to this important matter.

Sincerely,

Frank R. Wolf
Member of Congress

Re: Aid to the USSR

Dear Mr. Sununu:

Nikolai Petrakov, President Gorbachev's personal economic advisor and I have been discussing private American aid to the Soviet Union.

The basic idea is to galvanize the American people into donating food and clothing to the Soviet people. Presidents Gorbachev and Yeltsin have approved the idea, and it has been heartily endorsed by Mayors Popov and Sobchak of Moscow and Leningrad.

I presented this plan to Secretary Baker, and received encouragement but no real assistance from Alexander Vershbow, the State Department Director of the Office of Soviet Union Affairs. He pointed me toward President Bush's Citizens Democratic Corps Clearing House. That organization, I discovered, is only a start up data base.

I believe that the U.S.A. has a great opportunity to capitalize on the deep friendship and admiration the Soviet people have demonstrated they have for America. I believe we should quickly move to cement this relationship into a long-lasting alignment as soon as possible. This will mean economic and political benefits for our country.

As you know, Chancellor Kohl and the German people are getting the jump on us in capturing the Soviet market for the future. Therefore, I am

The Honorable Mr. John Sununu

writing to see if you have a concern about this, and would like to hear more of the "Petraikov Plan".

We propose using our 401C charitable organization, THE AMERICAN SERVICE FOUNDATION, as the vehicle for collecting and distributing goods. To be effective, this program would require the support and enthusiasm of the President.

If you have an interest in pursuing this concept, I would appreciate hearing from someone on your staff as soon as possible.

Sincerely,

(Mr.) Clare G. Weakley, Jr.

196075

Dear Governor Sununu:

The crisis in the Persian Gulf has diverted attention from the most dangerous vestige of the Cold War--the superpowers' strategic nuclear arsenals. If the Cold War is becoming a relic, the nuclear weapons of the United States and Soviet Union are still very real. With their awesome power, they could totally destroy each other.

The economic difficulties faced by the Soviet Union and the United States give ground for hope that neither will be able to resume the nuclear arms race at previous levels. But as the Soviet government's central authority breaks down, the question arises who will control the thousands of Soviet strategic nuclear weapons. One practical step we can take is reducing the number of warheads. The Strategic Arms Reduction Talks agreement (START) will do just that. It will cut the number of strategic warheads in the U.S. and Soviet arsenals by about one third.

The conflict in the Persian Gulf has renewed our sense of urgency about the spread of nuclear weapons. As parties to the Treaty on the Non Proliferation of Nuclear Weapons, the nuclear powers obligated themselves to pursue negotiations in good faith on effective measures to end the nuclear arms race and proceed to nuclear disarmament. START will be a long overdue step toward meeting our obligations under the Non-Proliferation Treaty. Its prompt implementation will better enable us to hold the non-nuclear nations to their obligation to forego acquiring nuclear weapons.

Presidents Bush and Gorbachev set a goal of completing START by December 1990. If several remaining obstacles are cleared, START could be still be signed in the coming months. The debate over whether or not the U.S. Senate should give its advice and consent to the ratification of START could begin early in 1991.

To help you in your consideration of START, I am pleased to send you this Briefing Book on START published by Council for a Livable World Education Fund. It outlines the development of our strategic nuclear forces and doctrine and the history of arms control efforts. The briefing book also analyses the key provisions of START and their impact on the strategic balance. It discusses the unprecedented provisions, including on-site inspection and cooperative measures, that START will employ to verify compliance.

I hope that you will find Briefing Book on START to be as informative and useful as I have.

Sincerely,

Paul C. Warnke

Mr. John Sununu

Washington D.C.

Dear Mr. Sununu:

I met you at the Conservative Leadership Conference on November 9 past. Enclosed is a photo taken with you to give you an idea of whom I am.

I am writing to you as I was impressed by your talk at Friday night's banquet. Thank you for the wealth of information you shared and am so glad the President is doing so well. I am writing you to ask you for your assistance in arranging a meeting for me and a group of fellow pro-life rescuers to meet with President Bush. We know the President's heart for the preborn- he even sent Vice-President Dan Quayle to speak at our Pro-life rally, April 28, 1990. The group is Operation Rescue. Now, before you say "Definitely, positively no way!" let me share with you a little on who, why and what is the purpose behind the highly controversial group named "OPERATION RESCUE" .

Who is Operation Rescue?

Operation Rescue is a pro-life group, headquartered in Binghamton, New York, whose founder and leader is Randall Terry. Their objective is saving pre-born children from an untimely death by abortion, by physically placing themselves between the pregnant women and the abortionist's door. They actually block the entrances, making it virtually impossible to enter the abortionist's office.

This is done in obedience to the Bible scriptures from Proverbs 24:11 (The Living Bible version) to "Rescue those who are unjustly sentenced to death; don't stand back and let them die. Verse 12 in the New King James version says, "If you say, "Surely we did not know this", does not he who weighs the hearts consider it? He who keeps your soul, does he not know and will he not render to each man according to his deeds?"

RE: LAFF AID

Dear Mr. Sununu:

Can you imagine the horror of finding out that your child has cancer or diabetes or AIDS or needs an organ transplant? Now imagine being unable to help your child's physical or emotional problems because you don't have the money. Families faced with huge medical expenses often try to raise the needed money themselves. Their desperate attempts usually fail or by the time the money has been raised, it's too late to help their child.

There are many fine children's charities who can reach these families with assistance, caring and encouragement. Unfortunately, most of these non-profit foundations exist solely through donations and most are struggling to raise every dime.

The National Childhood Aid Fund (NCAF) has been set up to help provide these foundations with this urgently needed money. Working through its "LAFF AID" project, the NCAF will operate as an umbrella funding organization, with the money it "earns" going to help other children's foundations, who will in turn, help the kids.

WE NEED YOUR HELP AND ADVICE, NOT YOUR MONEY, to make this all come true. We are now organizing ourselves and are building the mechanisms that will enable us to succeed. The enclosed "Project Outline" explains what we intend to do to "earn" the money we need to assist these many worthwhile children's charities.

You can be of significant help to us by joining the NCAF's Executive Advisory Board. We are offering this honor to only a select number of prominent individuals. We hope you will read through the enclosed "Project Outline" and then ASAP mail or fax us a short letter indicating your desire to take a seat on our exclusive Executive Advisory Board.

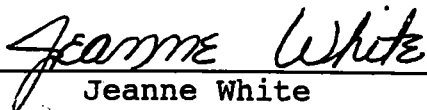

If you are interested in helping out further by reading one of the 30-second "Moment of Awareness" segments on the "LAFF AID" radio show or by appearing on one of the "LAFF AID" television shows, please indicate as such.

Please act quickly. Working together we can do some good.

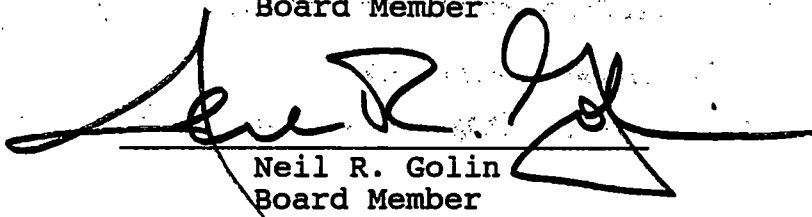

Sincerely yours,

NATIONAL CHILDHOOD AID FUND

Mr. John H. Sununu,
The White House Office
1600 Pennsylvania Avenue
Washington, D. C.

Dear Mr. Sununu:

Re: WHY & WHY??

Is there a regulation that prohibits a Senator, a Congressman or a Secretary from showing a bit of courtesy by acknowledging information from an outsider, information that can benefit everyone in the country?

My letter of May 5, 1987 to Howard Baker, then Chief of Staff, relating to Acid Rain, listed several types of scrubbers, one or more of which could not only wash out particulate matter but also reduce up to 97% of the SO₂. It also mentioned a much less costly approach to the problem by having all steam plants switch from high sulphur coal or oil to gas.

A copy of this letter was sent to the following: Senators Robert Dole, Patrick Leahy and Timothy Wirth, Congressmen Silvio Conte, Gerry Sikorski, and Henry Waxman. Copies were also sent to New York State Attorney General Robert Abrams, retired Vermont Senator Robert Stafford as well as to Canadian officials in the Office of the Minister of the Environment at Ottawa. I received two-page letters that expressed keen interest in my recommendations from each of the last three. Not one memo of acknowledgement or show of interest came from Mr. Baker, the Senators or Congressmen referred to above. WHY??

In my letter of 5/11/90 to you relating to WAYS & MEANS to effect reductions of fuel oil up to 20% or more, without causing any reduction in the steam load for any building or plant that generates steam for heat, process or power (see highlighted paragraphs, page 6), I asked you to review my letter with Energy Secretary Watkins. Instead you sent the letter to the Energy Department. Who received it no one knows.

I assume that Secretary Watkins and you both attend Cabinet meetings where you could learn the status of the information I have endeavored so far to get through to him with no success whatever. Did the letter ever find its way from someone in the Energy Department back to him?

On 7/3/90 I sent a certified transmittal (per attached copy) to Secretary Watkins, assuming that by then he had received my 5/11/90 letter to you. His secretary phoned me to learn what the letter was all about, that the letter I described had never been received. I then sent a duplicate of the 6 page 5/11/90 letter with its attachments, addressed to Secretary Watkins, via certified mail. To date I have received no acknowledgement. Again, I ask WHY??

and receive a return receipt card from the Energy Department, not from the Secretary or his office.

Per occasional TV reports, there are some Government officials in Washington that have expressed a need to reduce imported fuel oil and related costs. I must assume that this is also an important matter that requires Secretary Watkins' attention. If this assumption is correct, why then is he not interested in the type of WAYS & MEANS that I have used to effect fuel savings of 20% or more over a period of several years. These WAYS & MEANS have been proven very effective.

After all, I am fully qualified and capable of defending any and all claims that I make relating to fuel reductions that can be effected. Such fuel savings will quickly offset any plant costs to accomplish the recommended WAYS & MEANS.

Please ask the President if he will request from Secretary Watkins a list of his recommendations to reduce fuel oil requirements and imports. I will submit to the President my list of WAYS & MEANS to accomplish fuel reductions. Both submittals should be considered classified until the President concludes which route to effect fuel savings is the best one, Secretary Watkins' or mine. At that time, a decision can be made as to the value of my recommendations.

If the President or Secretary Watkins have no interest in the subject of fuel savings, please let me know. I still cannot understand why it is so difficult, if not impossible, to get a response from the Washington officials that I have sent important information to concerning the WAYS & MEANS that can benefit everyone nationwide.

Note attached copy of my 1943 PRACTICAL METHODS article, which was inserted into the Congressional Record Vol. 121, No. 17, p. S 1682, for Friday, February 7, 1975, by Senator Mathias of Maryland. Two of the several important WAYS & MEANS to effect Fuel Savings that I have referred to several times in my 5/11/90 letter are covered in the PRACTICAL METHODS article. One that goes into considerable detail relates to the losses created by Excess Air. A brief reference is made to cleaning boiler tubes. Bear in mind that when the article was written Fire Tube and Water Tube boiler tubes had to be cleaned manually by steam lances or brushing.

The insulating value of 1/8 " of soot is equivalent to 1 " of asbestos, according to the U.S. Bureau of Mines.

Patent No. 3,450,104 was awarded to Merrill Aldrich and me on June 17, 1969. It relates to fully automatic tube cleaners that can clean all of the tubes of a Fire Tube boiler every hour of coal or oil firing the year 'round. It also included an injector that could spray, once every hour, a catalyst to increase overall combustion efficiency. A reference letter from the City of Alexandria, included with the 5/11/90 attachments, relates to the effects of this catalyst on the reduction of SO₂. The patent expired 4 years ago. Neither Aldrich or I have had anything to do with marketing or installation of the tube cleaning equipment since that expiration date.

There is also a reference in the article to Spinner Cup oil burners. Such burners should now be considered obsolete if they have not already been discontinued and replaced by pressure type burners, each of which includes its own wind box through which all combustion air can pass. The elimination of Spinner Cup burners automatically eliminates the need for checker work construction which can contribute to Excess Air and fuel waste.

Please note highlighted paragraph, page 5, of my 5/11/90 letter relating to the device that I should like to design to indicate when a steam boiler is operating efficiently or otherwise wasting fuel. Can or will the Energy Department mandate such a device? If so, I will contact a few instrument builders and find out if one of them is interested in building and marketing such a device. If there is no way that the Energy Department can mandate such a device, it probably will be difficult to locate an instrument builder who will be willing to take on the initial marketing responsibilities. Since the device is just one more way to effect fuel savings and reduce oil imports, it seems to me that the Energy Department should find a way to simplify the purchase and use of this equipment.

I am most anxious to have an indication from you, the President, or Secretary Watkins if this is a device that can be mandated for all U.S. steam plants, large public utility power plants, only, excluded. I shall appreciate an early reply.

A copy of my 7/3/90 certified letter to Secretary Watkins is attached. Please note highlighted section, page 1, paragraph 3. Since I have received no response to the 7/3/90 letter, as well as the 5/11/90 letter, I am totally unaware whether the Secretary has reviewed any of my correspondence or not.

Can the Energy Department mandate consulting engineers and others who prepare specifications for new or replacement boilers to limit such specifications to the particular types of Fire Tube and Water Tube boilers that generate the most steam from the least amount of fuel? If and when the Energy Department shows any interest in pursuing this particular matter, I can go into the specifics that relate to the whys and wherefors.

Sincerely yours,

Robert H. Wilder

SEAFAX

November 26, 1990

Mr. John Sununu
The White House
1600 Pennsylvania Avenue N.W.
Washington, DC 20500

Dear Mr. Sununu,

Each spring in Boston our company hosts a fund raising breakfast to benefit the Scholarship Fund of the National Fisheries Institute. The National Fisheries Institute is the largest trade association representing the Seafood Industry. The Scholarship Fund assists young adults in graduate research projects of vital importance to the Seafood Industry. Projects range from cancer and heart research to improving seafood technology.

The forum for the annual fund raiser is a Business Breakfast held in conjunction with the International Boston Seafood Show on Wednesday, March 13, 1991. In attendance will be 400 to 500 top industry executives from around the world.

I started SEAFAX six years ago with a lawn chair, card table and a concept - that working together as an industry could benefit all seafood businesses. Today SEAFAX acts as a credit information advisory to 400 seafood companies whose combined sales represent 70% of the marketplace.

In addition to focusing our energies on our business challenges, we've continually maintained our commitment to charitable causes. With this in mind, we respectfully request your consideration as this year's keynote speaker for the scholarship breakfast.

Sincerely,

Neal P. Workman

Dear John:

When you visited Penn State, (or perhaps it was at the NAE meeting) I mentioned that I had written a book on engineering. I said it was not a text but a book for bedside reading. It would put you to sleep.

We were both at Tufts so it may interest you. So here is a copy.

You are doing a great job applying engineering analysis to complex problems.

November 26, 1990

Mr. John Sununu

The White House
1600 Pennsylvania Ave., N.W.
Washington, D.C.

John, John, John,

....Don't you wish you were back in N. H.? I think some of your co-workers, very near the top, need an immediate brain transplant, which is why I'm writing.

It looks to me like George has got himself in a real bind with Iraq. Now I don't particularly care much about George being in a bind. But, it does affect the rest of us. And I also don't like seeing one of my favorite ex-Governors caught in a bind, too.

Now, as I'm sure you know, I take pride in being the cleverest son of a bitch in marketing tactics in the country and there just ain't no second. So let me make a suggestion on how Bush can regain the initiative from the Democrats, put the public in his pocket and scare the whey out of Saddam. Let George simply say this:

"A LOT OF PEOPLE ARE ASKING WHAT WE ARE DOING IN THE MIDDLE EAST AND WHAT OUR GOALS ARE. I'M GOING TO SPELL IT OUT SO EVEN THE CONGRESS CAN UNDERSTAND IT.

FIRST, I WANT TO GET US (USE US, NOT YOU) A GOOD, STABLE, SURE SOURCE OF OIL AT A FAIR PRICE. ONE

in Sununu
ember 26, 1990

THAT WE CAN COUNT ON FOR THE NEXT 50 YEARS UNTIL WE CAN GET OTHER ENERGY RESOURCES. OIL IS LIKE BREAD. IT'S ANOTHER STAFF OF LIFE. WE NEED IT TO HEAT OUR HOMES, RUN OUR CARS, KEEP OUR FACTORIES GOING. IT HELPS TO FEED ALL OF US. WHEN THE PRICE GETS OUT OF SIGHT, WE LOSE JOBS AND OUR MONEY BUYS LESS.

I CAN'T LEAVE 40% OF THE WORLD'S OIL WITH IRAQ'S HAND ON THE FAUCET. IN THE LONG RUN, HUSSEIN COULD DO SOMETHING WORSE THAN HE'S DOING NOW. SOMETHING THAT COULD BANKRUPT US. IN FACT, HE COULD EVEN START A NUCLEAR WAR. SO THE FIRST THING I WANT TO DO IS GET THAT BUM OUT OF KUWAIT AND WHILE I'M DOING THAT I'M GOING TO SIT DOWN WITH THE SAUDIS AND THE KUWAITIS AND NEGOTIATE A 99 YEAR PRICE ON OIL. IF WE'VE GOT TO FIGHT FOR IT, WE'VE GOT A RIGHT TO SAY WHAT WE'RE GOING TO PAY FOR IT. FURTHERMORE, I'M GOING TO ASK THAT THEY GIVE US SOME BASES IN THAT AREA WHERE WE CAN KEEP A GOOD SIZED BODY OF TROOPS TO MAINTAIN THE PEACE.

NOW, HUSSEIN IS NOT GOING TO GIVE UP HIS LOOT EASILY. BUT, IF HE SEES THAT HE'S GOING TO GET HIT VERY, VERY HARD WITH EVERY WEAPON IN OUR ARSENAL THEN I THINK HE'LL BACK OUT MAYBE WITH SOME FACE SAVING DEVICE.

Page 3

Mr. John Sununu

November 26, 1990

AFTER THAT WE CAN HAVE A LITTLE TALK IN PRIVATE WHICH WILL LET HIM KNOW THAT ANY NEW AMBITIONS HE'D BETTER KEEP CONFINED TO HIS TENT.

BUT FIRST, WE HAVE TO CONVINCHE HIM THAT WE'RE REALLY READY TO MOVE. SO I WANT TO SEND HIM AN ULTIMATUM THAT HE GETS OUT OF KUWAIT BY MARCH 1ST OR WE'RE GOING TO SWAT HIM LIKE A FLY. WE'LL TURN OUR AIR FORCE AND OUR MISSILE LOOSE, EVERY PLACE WHERE THERE IS AN IRAQI PRIVATE, WE'LL BLAST THEM DAY AND NIGHT UNTIL THEY QUIT.

BUT I CAN'T DELIVER THIS ULTIMATUM IF SADDAM THINKS I CAN'T MAKE IT STICK, SO I'M ASKING FOR CONGRESS TO TAKE A VOTE AND APPROVE THIS ULTIMATUM. IF THEY GIVE ME THE BACKING, WE'LL ALL FOLLOW THROUGH TOGETHER. IF THEY DON'T, I'M NOT GOING TO KEEP OUR TROOPS OUT THERE IN THE DESERT FOR 2 OR 3 YEARS. I'LL START BRINGING THEM HOME RIGHT AWAY AND WE'LL ALL JUST HAVE TO LIVE WITH HIGH PRICED OIL AND INFLATION AND UNCERTAINTY FOR EVER MORE.

BUT, I THINK CONGRESS WILL SEE THE MERIT OF WHAT I'M ARGUING HERE AND WITH THEIR HELP WE'LL DO A JOB. NOW, I KEEP SEEING POLLS ABOUT HOW PEOPLE SUPPORT ME FOR THIS OR THAT. WELL, THAT'S NICE. BUT I THINK I'M JUST HERE AS YOUR MESSENGER TO GET THE JOB DONE. IF YOU WANT ME TO DO THIS, I WANT YOU TO GET ON THE PHONE TO YOUR CONGRESSMAN OR WRITE HIM A LETTER AND TELL HIM TO APPROVE THIS ULTIMATUM.

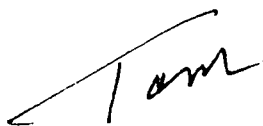

Page 4

Mr. John Sununu

November 26, 1990

IF YOU DON'T DO IT, THEN I'LL KNOW YOU
WANT ME TO PULL OUT AND WE'LL ALL HUNKER
DOWN FOR A WHILE. GOD BLESS YOU
ALL.

Well, I'm not going to teach my grandma how to suck eggs. I think you see how it would work. And I give you this without my usual fee and all my best regards

A handwritten signature in cursive script, appearing to read "Tom".

Dear Governor Sununu:

I am writing to thank you for your kind offer of White House assistance in connection with my transition out of the Legal Services Corporation and to let you know that, so far, we have not identified the right spot. I would appreciate any assistance you can lend to this process, and also wanted to mention that there is a position on the White House staff in which I would be interested.

I understand that former Congressman Cooper Evans has decided to leave his position as Special Assistant to the President for Agriculture and would like to become a serious candidate to replace him. As you may know, I served as General Counsel to the Senate Agriculture Committee when Senator Helms was Chairman. I was on the Committee staff for approximately six years and was involved in all the issues that came before the Committee, including those addressed in the 1981 and 1985 Farm Bills, several budget reconciliation bills, and other agricultural credit and futures trading bills.

I have a long and cordial relationship with the Members of Congress who have an interest in agriculture and with most of the agricultural trade groups. I come from an Iowa farming background, started my legal career at USDA, and have, in the past, worked closely with Secretary Yeutter and his staff. I have great respect for Secretary Yeutter and think we would work well together.

Dear John:

I thought you would like to have a copy of the photograph taken during your October 2, 1990 induction into the National Academy of Engineering. In addition, I thought you would like to receive a copy of the group photo taken of all the NAE members and foreign associates elected in 1990 who were able to attend the induction ceremony.

It was a pleasure to see you at the 1990 NAE Annual Meeting, and I hope that you will be able to attend the October 2-3, 1991 Annual Meeting which will also be held in Washington, D.C.

Sincerely,

Robert M. White

Dear Mr. Sununu,

John Rotenberg, Tom McLaughlin and I appreciated your time at the Union Oyster House and also appreciate your concern and offer to hold a hearing about the condition and disastrous adverse impact the new 10% luxury tax has on the boating industry in the United States.

Like all Americans, we in the yacht building industry want to see the deficit reduced. Unfortunately, this luxury tax is revenue negative or at best revenue neutral, and will put thousands of additional boat employees out of work.

We request a hearing that will document the following:

**REVENUE NEGATIVE OR AT BEST REVENUE NEUTRAL.** The program is revenue negative or at best revenue neutral because there will be little or no new sales of yachts in the next 12 months. Without sales, jobs will be lost. Lost payroll tax revenue will result from large, wide spread layoffs.

**NO NEW SALES.** The added 10% tax has made it virtually impossible to close a yacht sale this fall and in both my opinion and others in the industry there will be very few sales for nine to twelve months. Eighty percent of our annual sales are made between September and November. Without exception, all buyers are deferring their decision to purchase a new boat because of the new tax. For seven consecutive years, my company had enjoyed a 25% annual growth rate in sales. Last year we built \$2,600,000 of new boats. At this time all our building employees are laid off and the company is trying to finalize a few new orders to keep the company going.

**LOST JOBS.** The N.M.M.A., National Marine Manufacturers Association estimates that there will be an additional 8000 manufacturing jobs lost in the boat industry nationally as a direct result the new luxury tax. New England boat builders were already fighting for survival before the new luxury tax. Dunn and Bradstreet reported this week that bankruptcies have increased 195% over last year in New England. A survey of seven of the larger boat building companies around the Fall River, MA area shows that 1673 jobs have been lost and only 417 remain. Three of the seven companies have already gone bankrupt and the others are fighting for survival. All the remaining companies are now faced with the prospect of little or no sales because the "price sensitive" boat buyer will not pay an additional 10% tax on top of state taxes that average 7%.

**RIPPLE EFFECT.** In addition to the layoff of 40 employees at my company which has resulted in \$1,000,000 in lost payroll and payroll taxes, there are over 300 of our suppliers that will also be affected. In addition to the 8000 manufacturing jobs lost, as mentioned above, there will also be thousands of additional jobs lost to companies that supply to the manufacturers.

**PRICE SENSITIVE.** High priced yacht buyers are very sensitive to price increases and will look for alternatives if the total cost increases too much. Just as the yacht buying public were about to begin purchasing again, (the recession in yacht buying led the recession a year ago) the consumer for a new boat is faced with an additional 10% price increase/tax. I am sure few industries, even in good-times, could withstand such an increase. What would most consumers do if someone told them a car, vacation house, or other luxury items had just gone up in price by 10%. Probably wait, or purchase an alternative? **RESULT:** No sales, no tax revenue.

**CONSUMERS TRUE COST OF LUXURY TAX**

The actual cost of the luxury tax to the consumer is much higher than 10% because it is paid with after tax dollars. This makes the purchase of a yacht even less attractive.

**REDUCED IMPORTS.** American boat builders produce quality products that have kept American consumer dollars in this country. Cambrias, which are built by my company, are one of the finest yachts built in the world today and for the last seven years have been a successful alternative to high-quality imports. One of our recent owners, actor, Christopher Reeve (Superman), formerly owned a Swan 40, built in Finland. We sold him a new Cambria 46 two years ago and allowed American dollars to stay on our shores. Over 40% of our \$10,000,000 production has resulted in American dollars staying in this country.

**ADVERSE IMPACT ON BLUE COLLAR AND IMMIGRANT WORKERS.**

The group that can least afford lost income resulting from layoffs will be most affected by lost boat sales. The blue collar and immigrant workers comprise the major source of labor to build boats. The wealthy will simply defer their purchases and not feel any adverse effect from the new tax law.

**DISCRIMINATORY.** Most yacht buyers use their boats as a second home on the weekends. Vacation and second homes are not included in the new tax law. What is the difference between a vacation home in the mountains and a vacation home on the water?

**LOST INVESTMENTS.** Like other boat builders in New England, I have my life investment and hard work in my company. My family's investment created over 40 jobs which produced eight years of payroll taxes. The investment, payroll taxes and jobs are gone if the buyers do not start purchasing new boats.

Hon. John Sununu  
November 8, 1990  
Page 3

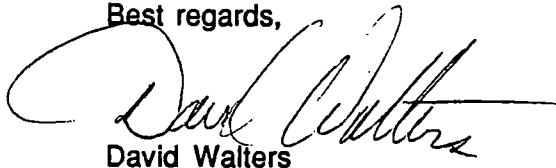

**SUMMARY.**

- A) The luxury tax is revenue negative or at best revenue neutral. Reduced payroll taxes and less new tax collected will result because there will be no new sales.
- B) Over 8000 additional manufacturing jobs will be lost
- C) The luxury tax is discriminatory. Most yachts are used as second homes which are not taxed under the new law.
- D) Blue collar and immigrant workers will be most affected-- not the wealthy
- E) Buyers will defer yacht purchases or look for less expensive imported alternatives.
- F) The final result of the new luxury tax is that there will be no additional net gain in tax revenue.
- G) My 23 years of very successful building and sales experience and the benefit of a superior product will not be enough to keep my company going with the negative sales environment resulting from America's poor economy and particularly the additional 10% luxury tax.

**On behalf of New England boat builders, I request a hearing as soon as possible to avoid the adverse impact of the tax which has virtually stopped boat sales and will bankrupt most of New England's small boat building companies this year.**

We need your help and respectfully request a senate and congressional hearing before the appropriate committee.

Best regards,

David Walters

Governor John Sununu  
Chief of Staff to the President  
The White House

Dear Governor Sununu:

You may be interested in the findings of our new survey on CEO expectations for the 1990's, in which nearly 600 chief executive officers representing a wide range of industries participated.

Two findings stand out: 1) We will be doing business in a slower-growing economy this decade. About half of the surveyed business leaders do not expect economic growth to match the 2.9% annual rate recorded during the 1980's. 2) The economy must overcome a number of very formidable problems. Note that four economic issues -- health-care costs, the Federal budget deficit, the S&L crisis and our inadequately trained work force -- now top the list of CEO concerns.

This is the latest in the Board's Chief Executive Opinion Program, which regularly examines and reports on high-impact business issues. The next survey will reflect CEO views on the major social issues facing the U.S.

We welcome your comments, and would be happy to discuss the details of the survey with you or someone from your office.

Sincerely,

  
Meredith Whiting

November 13, 1990

The Honorable John H. Sununu
Chief of Staff to the President
The White House
Washington, D.C. 20500

Dear Governor:

You may recall that we visited very briefly on Friday, November 2, 1990, when you and the President were in Sioux City, Iowa, about the President's participation in the Legal Services Corporation's Twenty-five Year Anniversary Conference on Monday, December 10, 1990.

This year marks the twenty-fifth anniversary of federally-funded civil legal services for America's poor. As Chairman of the Legal Services Corporation's Board of Directors (at least until the Congress adjourned sine die on October 28!), I have been working with the Corporation's staff in the planning and development of the Conference.

Conference speakers and panelists will review the accomplishments, as well as the shortcomings, of the legal services program over the past twenty-five years. They also will suggest how such services can be provided more efficiently and effectively during the next twenty-five years.

The Conference program will be presented during the morning and the afternoon of the 10th. Additionally, keynote remarks will be presented at a luncheon, and a reception at the end of the day will recognize lawyers and staff members who have served legal services grantees for the past twenty-five years. The Conference will be held at the Madison Hotel in Washington, D.C.

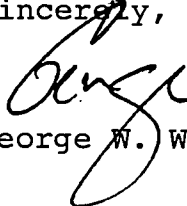

I would be delighted and honored -- as would the other members of our Board, as well as the conferees -- by having the President address remarks to the Conference at any time on the 10th. He could restate his message about the importance of pro bono legal services (as published last February in the American Bar Association Journal), or

ould discuss the importance of insuring civil justice for
all Americans, among other things.

It seems to me that the President's endorsement of federally-funded civil legal services at this time is especially important after the controversy and embattlement of the 1980's. Any remarks the President would make, as the next quarter century of legal services begins, would fit well with the selection of a new Board of Directors and of a new President for the Corporation.

Please let me know, of course, if you or the members of your staff, or the President, need further information as you consider the possibility of his participation in the Conference.

Sincerely,

George W. Wittgraf

Dear Governor Sununu,

When I wrote to you on election day (Nov. 6) I had no idea that the attached form letter from Mr. Chase Untermeyer was in the mail. It was mailed on November 5 (attached) and I received it on November 9. I am tempted to respond: "Is that all there is?"

It has been widely noted over the past 2 or 3 months that there is indeed a vacancy in the Nuclear Regulatory Commission. I and my many supporters believed that my candidacy for the post of Commissioner (which started with a letter to your office from Dr. Brodsky dated August 21 1990) would therefore be timely. Could it be that the letter from Mr. Untermeyer is in error?

For the record I append a list of distinguished persons who have taken the time to write letters of support. Somehow a form letter with an impersonal signature seems an inadequate response to an enthusiastic band of scientists and physicians who are offering their help to the Administration. Is it really too late?

Most sincerely,

Edward W. Webster, Ph.D.

Dear John:

As Ed Rogers may have told you, I have been making the argument that Jack Kemp would be perfect as RNC chairman. In an instant, it would send the clearest signal to the party and the country that President Bush is serious about restoring the GOP as the party of economic growth and entrepreneurial capitalism, as opposed to corporatism. Black and minority Americans would be surprised, taken aback, with a new appreciation of a President who would make such an appointment. The party organization nationally would be thrilled, understanding Kemp is the one guy who can disarm the class warfare bombshells the Democrats have been lobbing. In fact, putting Kemp at the RNC would spring him into the Democrat backfield.

I've talked to Kemp about it and he is not crazy about the idea, to say the least. He thinks it's a terrible job, Joanne thinks he'd never be home for dinner anymore, and he would only do it if the President urged him to do it. My strategic sense is that Kemp is the optimum choice. The GOP has been burdened for fifty years with a balance-the-budget mentality, which is why the American people will not trust Republicans to control the White House AND the Congress, as they did so often between Lincoln and Hoover. The younger voters who identify with entrepreneurial capitalism, and were attracted by the Reagan Revolution, need to be reassured that 1990 was not a GOP departure from principle, only a tactical setback.

All the conservative leaders I talk to say it would be a great idea, but it won't happen, because the President wouldn't want someone he can't completely control at the RNC. You know, though, and surely the President knows, that Jack has remained personally loyal to the President throughout the chaos of the last several months -- believing the presidency and party could be repaired in '91. As long as he is able to work toward the Bush Agenda of 1988, the President could feel completely secure in his loyalty. Nothing could heal the schism in the GOP quicker and more happily than JFK at the RNC. Support the idea and you will be glad you did.

Sincerely, as ever,

FRANK R. WOLF
TENTH DISTRICT, VIRGINIA

Dear Governor Sununu:

I am writing to make sure that you are aware of actions by the National Science Foundation (NSF) regarding its proposed relocation.

The attached letter that I sent to the acting director of the NSF indicates my serious concerns regarding that agency's decision to reject the recently completed competitive solicitation for the relocation of NSF's headquarters. I do not believe that members of Congress should be involved in directing federal agencies where to locate. I would hope that political pressure played no part in the NSF rejecting the outcome of the solicitation, which was based on NSF's specifications and was conducted by the General Services Administration (GSA).

I would hope that you could help get officials at the GSA and NSF to resolve this matter in a manner that advances the missions of the agencies involved and promotes the interest of the taxpayer.

Thank you for your consideration.

Sincerely,

Frank R. Wolf

Dear John:

As per our earlier correspondence (enclosed), I should like to reiterate my invitation to the President to attend this year's ninth annual Ethics and Public Policy Center dinner at which the Shelby Cullom Davis Award for integrity and courage in public life will be presented to Mayor Teddy Kollek of Jerusalem. As you know, the formal dinner will be held on Wednesday evening, December 12, at the Washington Hilton.

We would, of course, welcome remarks from the President, should he be able to join us.

I fully understand that you and the President have many things on your minds these days; you'll understand that we are eager to get our program finalized. Might you give me an indication within the next week or so as to the possibilities of the President's joining us? Thank you.

All best wishes.

Dear Mr. Sununu:

You are cordially invited to be our honored guest and speaker at a luncheon meeting of The Economic Club of Detroit to be held on Monday, May 13, 1991.

The Economic Club of Detroit opened its 57th season in September and has a membership of approximately 3,600. The Club enjoys the distinction of being one of the nation's preeminent public forums. Many prominent figures have addressed the Club, including President George Bush and his immediate predecessors in office, as well as many other government and business leaders. Our speakers this season include Caspar Weinberger, Elizabeth Dole, Edgar S. Woolard, Jr. and Harold Poling. Enclosed is a copy of our Annual Report outlining last year's speakers.

In taking cognizance of the present Near East crisis, our hope is that Monday, May 13, 1991, will be a convenient date for you. We will be in contact with your office to determine if the possibility exists that you can be with us on the date noted.

Sincerely,

GEW:vc

Dear Governor Sununu,

It is with great pleasure that the National Child Care Association invites you to join us in honoring the Nation's Child Care Professionals.

NCCA and Hardee's Food Systems have formed a partnership to recognize and honor excellence and achievement in the child care profession. The **National Child Care Professional Recognition Program** will culminate in Washington on Wednesday, November 14, 1990. The awards will be presented at 11 AM in the First Floor Ballroom of the Ritz Carlton at 2100 Massachusetts Ave., NW. The Awards Ceremony will be followed by a luncheon in honor of the winning nominees. Two time Olympic Gold Medalists, Peter Vidmar and Evelyn Ashford, representing the young families of America, will be presiding at the ceremony and making the presentations.

The Nation's child care community welcomes this opportunity to share this important occasion and hopes you will be able to join us for the awards ceremony and be our guest at lunch. The individuals being honored are from across the United States and have been selected through regional and national judging panels as representative of the caliber, dedication and commitment of America's early childhood and education teachers and caregivers.

Would you please RSVP by phone to my office by Friday, November 9th if you are able to attend?

Best regards,

Lynn L. White
Executive Director

Governor John H. Sununu,
Chief of Staff,
The White House,
Washington, D.C. 20500

Dear John,

I have been reluctant to contact you since the inauguration of the Bush Administration with regard to an earlier proposal for appointment (1987) to the Nuclear Regulatory Commission. However, within the last two months three professional societies and many wellknown persons in science and medicine have seen fit to endorse my candidacy for such an appointment. Included are Dade Moeller and Norman Rasmussen in the reactor safeguards area, my colleague and past teacher respectively. Therefore, particularly since the intense activity of your office surrounding the budget and the election has subsided, I now believe it may be appropriate to write to you directly.

I should say first that as an American citizen by personal election, I have an abiding admiration for the U.S. constitution and for the individual freedom it confers. Moreover, having arrived here as a young man and having been fortunate enough to achieve national recognition in my chosen profession here, I have developed a strong personal conviction that I should try to serve this nation of ours with all the expertise that I have developed here. Indeed I have responded in the past to several invitations to serve nationally through federal appointments mostly in the academic sphere -- on NIH and EPA Study Sections, on two NRC Advisory Committees, on a statutory committee advising the Secretary of Veterans Affairs, and as a U.S. delegate to a U.N. Committee dealing with radiation hazards.

In my view, the essence of the Nuclear Regulatory Commission is radiation safety and it is in this area that I believe I have developed a national reputation. For over 40 years I have worked in a radiation environment and for most of that time I have been responsible among other duties for the radiation protection of others. For 24 years I have chaired the Radiation Safety Committee of one of the best hospitals in this country, and for 35 years I have taught physicians and physicists the elements of radiation safety at the Massachusetts General Hospital and at Harvard University. During that time I have become a disciple of the ALARA philosophy (As Low As Reasonably Achievable) which holds that the social benefits of radiation use should be weighed and compared with their social cost, including economic cost.

I believe that my knowledge of radiation effects on people combined with my expertise in radiation protection systems and my long and vital interest in both the economic and medical health of our society, will fortify my judgement on matters which could come before the NRC, and indeed some other agencies.

While I realize that I have no significant political connections, it is my hope that due consideration will be given to the relevance and desirability of the skills and motivation which I could bring to the federal government.

Yours sincerely,

Ted.

The Honorable John H. Sununu

Dear Governor: *John*

Dr. Ivan M. Havel, a computer engineer/scientist (brother of President Vaclav Havel of Czechoslovakia) has been lecturing at the International Computer Sciences Institute at the University of California in Berkeley these past six weeks. Dr. Havel is a Professor at Charles University in Prague and is also Chairman of the Center for Theoretical Study at the University (see attached).

I met Dr. Havel three weeks ago at Bill Clark's ranch in California. He is a very charming individual whose conversation in English is quite good.

Dr. Havel will be here in Washington from December 6 through 10. I mentioned your background to him, and he is quite interested in meeting you. If possible, could you meet with him for a short time at your convenience on Friday, December 7. I think you will find him very interesting and certainly very informative on what is going on in Czechoslovakia today. Hopefully, you will have some interesting information to provide him in light of the trip you and President Bush will be making to Czechoslovakia in mid-November.

I'll keep in touch with Jackie regarding this matter.

Sincerely,

Leo

GREATER AUSTIN CHAMBER OF COMMERCE

October 31, 1990

Mr. John H. Sununu
Chief of Staff
Executive Offices of the President
1600 Pennsylvania Avenue
Washington, D.C. 20500

Dear Mr. Sununu:

Not everything happening within the thrift industry is bad, and I want to take this opportunity to share with you a few accolades for one of the "good guys" in the thrift industry right here in the Capital of Texas.

As you know, virtually all Texas financial institutions have experienced profound problems due to depressed real estate and energy markets over a prolonged period, not to mention some abusive practices. As a result virtually every large financial institution in Austin has been either recapitalized or acquired.

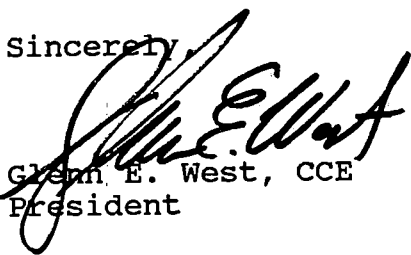

Franklin Federal, recently organized and capitalized by a Texas owner with significant resources to help resolve three thrift insolvencies, is doing what I believe a responsibly run financial institution should be doing. Run by a team of former bankers, Franklin Federal is:

- Developing the ties and making the commitments necessary to be an effective local lender.
- Mapping its growth and targeting its business in a way which supports the controlled, steady rebuilding of the Austin economy.
- Developing a reputation as a tough but reasonable watchdog for properties it is marketing on behalf of the government.

I believe that institutions such as Franklin Federal are extremely beneficial to the markets which they serve. Their actions help to stabilize and improve overall real estate and general market conditions.

Thank you for all that you are doing to provide leadership on this important issue.

Sincerely,

Glenn E. West, CCE
President

The Hon. John Sununu
Chief of Staff
The White House
Washington, D.C. 20500

Dear John:

The President could make a major, positive difference on the outcome of next Tuesday's elections with a Sunday night paid political spot of only a minute or two, urging voter turnout on behalf of a growth agenda in the 102nd Congress. If you can get one voter in every precinct to show up for the GOP instead of staying home, you can prevent a rout and save a lot of candidates now on the ropes. They have to have a positive incentive to vote.

The President has to announce he is going to challenge the Democrats throughout 1991. to drop their class warfare baloney and pass a capital gains tax for the nation at large, and a zero percent capgains tax for the inner cities. By linking the two thoughts together, it is clear the issue is growth vs. stagnation. He should mention the Democrats have blocked the urban enterprise zone idea for 10 years! The President's message in the final days should NOT BE plastering the Democrats as the party of tax and spend -- a message that lost for the GOP for half a century. He should ridicule the Democratic pledge to tax millionaires: Why don't we just shoot them all? But primarily he must hammer on the strategy of capital tax cuts for growth. Ask Bob Teeter what he thinks. I believe he will agree this would make a difference.

Sincerely, as always,

Jude Wanniski

WHEN YOU FIRST CAME TO WASHINGTON I WROTE YOU AND YOU GRACIOUSLY REPLIED TO THE EFFECT YOU WOULD CALL ON ME IF YOU THOUGHT I MIGHT BE OF SERVICE. AS YOU CAN SEE I AM AGAIN VOLUNTEERING MY SERVICES TO YOU AND OUR PRESIDENT. THE FLAK YOU ARE TAKING FOR DOING YOUR JOB AS CHIEF OF STAFF TO PROTECT THE PRESIDENT IS EXACTLY WHAT GOVERNOR SHERMAN ADAMS DID FOR PRESIDENT EISENHOWER. HE PROTECTED THE PRESIDENT FROM THE DEMOCRATIC CONGRESS. WE ALL WERE ABLE TO GET BALANCED BUDGETS TOGETHER, LEGISLATION ON THE ROAD AND IN THE END THE ONLY PERSON TO GET COVERED WAS GOVERNOR ADAMS. AS HIS AND PRESIDENT EISENHOWER'S PERSONAL AND CONFIDENTIAL ASSISTANT I RAN INTERFERENCE FOR THEM AND EXCEPT FOR GOVERNOR ADAM'S RIGID PERSONAL APPROACH WE WERE SUCCESSFUL. IN HIS NEW ENGLAND RIGHTEOUSNESS AND "WHAT DID YOU DO FOR YOU COUNTRY TODAY" ATTITUDE HE BECAME A SCAPE GOAT FOR HIS PARTY AND THE PRESIDENT. AS THE PRESIDENT SAID IN HIS ACCEPTANCE SPEECH AS RECORDED IN THE EISENHOWER LIBRARY "I WOULDN'T BE HERE IF IT HADN'T BEEN FOR CHARLIE WILLIS AND STAN RUMBROUGH", WE WORK AS VOLUNTEERS FOR OUR PRINCIPALS. THE PEOPLE OUR PRESIDENT HAS AROUND HIM WILL ALL WRITE KISS AND TELL BOOKS AND ARE FEATHERING THEIR NESTS. PRESIDENT REAGAN AS GOOD AS HE WAS HAD OVER TEN TOP APPOINTEES SENT TO JAIL OR INDICTED. I AM AVAILABLE TO HELP YOU UNDERSTAND WASHINGTON AND CONGRESS. MY RECORD IS ONE OF DEVOTION TO THE COUNTRY AND THE PRESIDENT. YOUR OFFICE, THE CIA, THE FBI, THE SECRET SERVICE, ALL OF HAVE RECORD. GOVERNOR ADAMS AND I STARTED THE FBI CHECK PROCEDURE FOR PRESIDENTIAL APPOINTEES AND IN READING THEM WE WERE ASTOUNDED BY THE PROBLEMS OF SO CALLED LEADERS IN THE COUNTRY FOR BRINGING TO THE GOVERNMENT. THE NATIONAL ENQUIRER IS TAME WHEN YOU REALLY LOOK AT THE FBI CHECKS FOR PRESIDENTIAL APPOINTMENTS, I WOULD NEVER WRITE A KISS AND TELL BOOK, IE REAGAN'S CHIEF OF STAFF, IE BACK DOORS OF WHITE HOUSE BY ROOSEVELT ACCOUNTS OF THE FIRST FAMILY, BOB GRAYS PUT DOWN PRESIDENT EISENHOWER ETC. WE AND YOU NEED THE KIND OF LOVE AND DEVOTION OUR COUNTRY WAS BUILT ON. AT YOUR AND THE PLEASURE OF THE PRESIDENT I AM AVAILABLE.

RESPECTFULLY,  
THE HONORABLE CHARLES F WILLIS, JR.

EMBASSY OF THE  
UNITED STATES OF AMERICA

OFFICE OF THE AMBASSADOR

Helsinki, October 17, 1990

The Honorable  
John H. Sununu  
Chief of Staff to the President  
The White House  
Washington, D.C.

Dear John:

We continue to receive compliments here about the Bush-Gorbachev meeting in Helsinki, both from Finns and from fellow Americans. It was a privilege to participate in the event.

You will recall that when in Helsinki, the President invited President Koivisto to visit Washington. Relative to his U.S. visit, Dr. Eamon Kelly, President of Tulane University in New Orleans, and I called on President Koivisto last week and he told us he would like to visit New Orleans and that he would be willing to make an address there. He indicated he would like to combine his visit to the South with the trip to Washington, D.C.

Tulane Commencement is Sunday, May 12, 1990, so a visit to President Bush in Washington either the week of May 6 or the week of May 13 would permit both an address at Tulane on May 12 and a visit with President Bush.

As Head of State visits are planned long in advance it would be helpful for President Koivisto and the Embassy here to know if a schedule along the lines suggested above is possible.

Now that you are a veteran traveler to Finland, come back and stay with us.

Virginia joins me in sending our best to you and Nancy.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jack".

John Giffen Weinmann

P.S. The original of this letter is in the mail to you.

Dear John,

During the 1988 campaign you and I both worked closely with Gary MacDougal and learned first-hand of Gary's integrity, loyalty, competence and dedication to the principles of the Bush Administration.

Gary would make an excellent successor to Elizabeth Dole as Secretary of Labor. Not only is his background and experience well-suited to this position, but as a member of the Cabinet, he will be a reliable part of the President's team.

Gary has an impressive record as a successful business executive, experience in dealing with organized labor, and a fine record of public service, not only in the Bush campaign and at the United Nations, but also as a member of the Secretary of Labor's Commission on Work Force Productivity and Quality. Finally, you will probably agree that his engineering background marks him as a man of solid good sense.

I hope you will give Gary strong consideration for filling this vital post in the Administration.

Sincerely,

Paul M. Weyrich

The Honorable John H. Sununu  
Chief of Staff  
The White House  
Washington, D.C. 20500

Dear Governor Sununu:

The Board of the National Republican Institute for International Affairs (NRI) met several weeks ago to consider a group of candidates to head the Institute, among them, Dr. Constantine Menges, Jim Denton, Ed Fox, Belden Bell, and Sam Watson. Subsequently, the above five met with the Board of Directors of the NRI for what they were told was the final interview leading to the selection of the next president.

To date, none of the participants have received any official word of their status. The unofficial word is that the White House decided to appoint a new director, probably from among any number of losing Republican candidates in November's elections. Many members of the Board are said to be very upset at what is now perceived to be a bogus competition, and angry at the lack of consideration for the excellent applicants who submitted to this process expecting a democratic contest.

This apparent circumvention of the NRI's own constitutional procedures, as well as the implicit disregard of Congress' specific legislative mandate that the NED and its component institutes be governed by autonomous boards independent of the Executive Branch, is unwise. The four-month-old NRI vacancy comes at a time when the Institute should be in the forefront of U.S. efforts to assist democracy abroad. The revolution in which our party and its leadership played a key role is now in its critical infancy. Pro-democracy parties and governments around the world are calling for help. The Democratic Party's Institute is selling their ideas aggressively -- our "default" presents them with no competition. This continuing imbalance undermines what base of support exists for the NED and NRI within our party.

The Honorable John H. Sununu  
Page 2  
October 22, 1990

Thirty-five of my colleagues expressed their support for Dr. Menges to the Board, and did so expecting that the selection process would proceed accordingly. I strongly urge you to remove any "hold" on the process and communicate this decision to the Board directly.

Sincerely,

Malcolm Wallop  
United States Senator

10 October, 1990.

Greetings from the Desert,

This is an informal, unsolicited observation from a member of one of the Seabee battalions, stationed here in Saudi Arabia in support of Operation Desert Shield.

I was watching Saudi Television tonight and I saw a video segment showing President Bush conferring with an Arab leader. I don't understand Arabic, but I believe the President was meeting with Prince Faizel. While watching all the previous coverage of the Arabs on television I noted how neatly dressed and perfect they were in their gowns. I couldn't help but notice on the segment featuring the President, that President Bush's tie was askew and in need of a tie clasp. I understand he is terrifically busy and his schedule is hectic, but attention to a minor detail such as this may make a better impression. You can file this letter under the "In Case You'd Like to Know" file. Thanks for your attention and let the President know that the troops, or more specifically, the Seabees are doing well over here in Saudi.

Kindest Regards,

*Bill Winter*

P.S. - My hometown is Nobleboro, Maine and to this day, I still treasure a 1980 thank you letter from George Bush, who was then a candidate for President and for whom I was a delegate to the Maine State Republican Convention.

NATIONAL AFFAIRS

October 18, 1990

Dear Honorable John Sununu:

On behalf of the 1991 Komen Washington Race for the Cure, we would like to extend an invitation to you and a guest to attend a special evening at the Kennedy Center for an opera performance of La Boheme on November 14, 1990. We are pleased to have this opportunity available for you to meet some of our sponsors and special contributors.

The Komen Foundation works on a nationwide basis to raise funds for the advancement of breast cancer research. The 1990 Washington Race for the Cure was the largest of many 5K races. Held in Washington on June 16, 1990, the Washington Race for the Cure drew over 8,500 registered runners/walkers and raised over \$500,000.

One of our Komen contributors, Mr. Shoichi Asaji, Chairman of NBS Group Ltd., has provided these complimentary tickets to attend this special performance. Because of two recent family encounters with cancer, Mr. Asaji has taken a personal and sincere interest in cancer related issues.

Yoko Watanabe, a premier Japanese opera performer, and a long time family friend of Mr. Asaji, will perform the lead of Mimi. As a tribute to her enormous talent, to introduce others to the work of the Foundation and to thank those who supported the Race for the Cure, we will also host a reception at the Kennedy Center in the Opera Tier South from 6:30 PM until 7:45 PM. Mr. Asaji will introduce Ms. Yoko Watanabe at the reception and after the performance.

Attached is an article from The New York Times praising Ms. Watanabe's performance in "Madama Butterfly". Tickets for La Boheme are in great demand, we encourage you to RSVP as soon as possible. Please note: These tickets are intended for addressee only. Please contact Kathleen Parker at (202) 296-9200 to RSVP.

We hope that you will help us celebrate the success of the 1990 Komen Washington Race for the Cure. We especially look forward to working with you in 1991.

Sincerely,

Karen Williams

Dear Dr. Sununu,

I understand that Professor Ted Webster has been nominated for the position of NRC commissioner.

Ted would be an outstanding choice. He has spent his recent years keeping physicians at Massachusetts General Hospital under control, as far as their uses of radiation and radioactivity are concerned. This is an aspect of their job the commission could well pay attention.

At the same time he understands well the crazy claims of some who would shut down nuclear power plants. He was willing to appear on TV after Three Mile Island and Chernobyl to explain the facts carefully and repudiate nonsense. For example, he joined me in repudiating the nonsense surrounding Seabrook.

I hope that his candidacy will be considered seriously, and that you will pass this letter on to whoever is concerned.

Yours sincerely,

Richard Wilson

Dear Mr. and Mrs. Sununu:

Within the next few weeks, you will receive an invitation from the Trustees of the National Gallery of Art to attend a dinner celebrating the forthcoming exhibition of works by renowned photographer Paul Strand.

The exhibition will mark the centennial of the birth of Strand, who would have been 100 years old on October 16, 1990. It will include approximately 150 of Strand's photographs, several of which have never been exhibited before.

Strand once wrote that through his photographs he strove to reveal "the essential character of a place and its people." Through this outstanding exhibition, you will be able to experience the remarkable range of his talent and insight.

The black-tie event and preview of the art will be held at the National Gallery in Washington, D.C., on November 28, 1990.

Southwestern Bell Corporation and the Southwestern Bell Foundation are proud to make the exhibition possible. I hope you will reserve the evening of November 28 for this memorable event.

If there are any questions regarding the event, you may contact the Special Events office at the National Gallery on 202 842-6043 or Melinda Hart on 314 235-0559. They will be happy to assist.

I look forward to seeing you there.

Sincerely,

*Ed Whitacre*

The Honorable John Sununu

Dear Mr. Sununu:

I am writing to you as a follow-up to a letter sent to you by the Greater Claremont Chamber of Commerce dated September 27, 1990. The letter contains inaccuracies and as both a Banker and a member of the Chamber's Executive Committee, I am compelled to clarify and correct the Chamber's letter. I was unaware, until today, of the contents of the letter in which I find two references to credit availability.

It is certainly no secret that New Hampshire banking institutions are experiencing difficult times, but I most vigorously disagree with Mrs. Crawford's statement that "...it has become next to impossible for a good solid businessman to obtain the credit necessary to remain solid in these times." My bank, for one, has not gotten out of the lending business and does not contemplate ceasing its lending operations. We have, and will continue to have, funds available for credit-worthy customers and I am sure that other banks in the Claremont area continue to extend credit. The economy in this area is not great and times are tough, but there is most certainly credit available.

Sincerely,  
  
David G. Wilson  
President - Upper Valley

SUBJECT: STRATEGIC PETROLEUM RESERVE TEST SALE-90  
SITUATION REPORT #4

*John:*

This is to provide you with an updated status of the 5-million-barrel test drawdown of the Strategic Petroleum Reserve (SPR).

1. Attached for your information are details of the offers received by the SPR on October 5 under the 5-million-barrel SPR test sale. In summary:
  - o Thirty-three companies submitted 40 separate offers encompassing 64 line item bids for a total of 10.390 million barrels.
  - o The range of bid prices for low sulfur sweet crude oil was \$27.85 to \$39.06 per barrel; the bid price range for high sulfur sour crude oil was \$30.29 to \$35.84 per barrel. Index pricing is being utilized, i.e., actual prices to be paid for the crude oil will be indexed to the day of delivery.
  - o There was sufficient bid coverage on the quantities offered for sale on four of the six crude oil streams, but there were no bids to purchase the offered 800,000 barrels of Weeks Island Sour and there was insufficient bid coverage for the West Hackberry Sour stream.
2. An abstract of the offers will be publicized today, and we are on schedule to notify Apparently Successful Offerors tomorrow, October 10.

summary of the future planned events and dates is as follows:

- o Apparently Successful Offerors Notified      October 10
- o Financial Guarantees Submitted              October 11-17
- o Deliveries Scheduled                              October 11-31
- o SPR Achieves Full Operational Readiness      October 12
- o Contracts Awarded                                October 12-18
- o Early Deliveries Occur\*                         October 13-31
- o Deliveries at Contracted Rate Occur         November 1-30

\* Subject to purchasers' request and ability to arrange transportation

I will continue to keep you advised of the progress of this test as significant events take place.

John Sumner -

Hope you bear up  
under all the garbage being  
thrown at you these days.  
As you know I don't  
agree with the approach you've  
taken - although I've stayed  
out of the fight - but it  
is unfair to have you bear  
the brunt of the heat for  
what has happened. At least  
you tried to do something.  
You have many GOP

with.

Anyway, keep cool and  
don't let the bastards get to  
you.

John H. Sununu  
Chief of Staff  
Old Executive Office Building

Washington, D.C. 20506

Dear Mr. Sununu:

Saddam Hussein's invasion of Kuwait has plunged the world into its most severe crisis since the end of the Cold War. American troops have been deployed in the largest military action since Vietnam. How the confrontation in the Persian Gulf will end is unknown, but it seems to us, as publishers, that the underlying issues prompting our intervention demand the kind of thorough examination that only a book provides. Therefore, we asked Judith Miller of *The New York Times* and Laurie Mylroie of Harvard University to write a book that would give the public the historical and political background necessary to understand this unfolding conflict. The result is the enclosed 85,000-word primer on the crisis.

We believe we have accomplished something virtually unprecedented in the annals of American publishing. Almost all previous "instant books" have been written either by teams of journalists, or they have simply reprinted government documents or reports. By contrast, *Saddam Hussein and the Crisis in the Gulf* is a wholly original work of incisive scholarship and superior journalism written in 21 days by two gifted writers. We hope you will share our conviction that the book will make a significant contribution to a deepening public debate over our aims and policies in the Middle East.

If you have the time and inclination, we should be grateful for any thoughts you care to share with us regarding the publication of this book. We hope of course to attract the widest possible readership.

Sincerely yours,

Dear Governor Sununu,

Thank you very much for calling Wednesday afternoon.

Prudential has a long history of supporting real deficit reduction. Your package does that, and I will work for passage of the necessary resolutions. In the light of our conversation, I have issued the enclosed press release and have made several personal calls to members of the New Jersey delegation urging them to vote for the resolution.

I recognize that you do not support my number two priority of getting the life insurance company number down, but we can differ on that. The key is that we can rely on Administration opposition to any changes from the summit package which would increase the Prudential's taxes further.

Thank you for the suggestion on handling the living needs legislation -- I have passed it along. It is my impression that the sponsors will try to make the budget reconciliation the vehicle for this change as well, presuming it clears the revenue neutrality hurdle.

Again, I appreciate the phone call. Best wishes.

Sincerely,

President

September 27, 1990

Mr. John Sununu  
Chief of Staff  
The White House  
1600 Pennsylvania Ave., NW  
Washington, DC 20500

Dear Mr. Sununu:

In a few short days, we will be faced with the possibility of a federal budget sequester. It is no secret that the mandatory furloughing of federal employees will have a devastating impact not only on government operations, but on the lives of the individuals affected.

On behalf of the National Association of Conservation Districts, I'd like to draw your attention to the possible impacts these furloughs would have on our nation's soil and water conservation efforts.

In the 1985 Food Security Act, Congress gave conservation districts and their cooperating federal partners a major job to do in implementing soil and water conservation practices on agricultural lands throughout the country. While it's been an arduous battle, often in the face of severe staff and funding shortages, the nation's conservation professionals have done an exemplary job of meeting the challenges of the 1985 Farm Bill.

But their work is by no means over. These individuals have dedicated their professional lives to working with American farmers to protect and improve our natural resources. Any interruption in their work will severely affect them, the nation's farmers, and the implementation of conservation programs and practices throughout the country.

I urge you to continue working to find a swift and practical solution to our current budget troubles. And I urge you to consider carefully the impacts a work stoppage would have on nation's conservation programs and professionals.

Sincerely,

Robert Wetherbee

MEMORANDUM FOR THE HONORABLE JOHN SUNUNU  
CHIEF OF STAFF TO THE PRESIDENT

THE HONORABLE BRENT SCOWCROFT  
ASSISTANT TO THE PRESIDENT  
FOR NATIONAL SECURITY AFFAIRS

SUBJECT: STRATEGIC PETROLEUM RESERVE TEST SALE-90  
SITUATION REPORT #1

*John:*

Following the President's direction late Wednesday, September 26, to perform a 5 million barrel test drawdown of the Strategic Petroleum Reserve (SPR), I ordered on September 27 an immediate activation of the SPR drawdown process. Actions taken to date include:

1. Final SPR operational readiness preparations, including curtailment of interfering operational and construction activities, preparation of detailed operational plans, acceleration of preventive maintenance actions, and establishment of a proper security posture.
2. Final preparation and issuance of a Notice of Sale which was mailed (overnight express/U.S. mail) to over 250 potential bidders Friday afternoon, September 28. This Notice of Sale will offer crude oil for sale from four SPR storage sites for delivery by either pipeline, barge, or ship. While deliveries of crude oil may commence as early as October 13, such quick action is dependent on purchaser's ability to arrange transportation. Most crude oil is expected to be delivered during November at a rate of approximately 167,000 barrel per day. A Press Release identifying the salient features of the Test Notice of Sale was issued late Friday, September 28.

Future planned events and dates are as follows:

- |                                           |               |
|-------------------------------------------|---------------|
| o Offerors' Bids Received                 | October 5     |
| o Apparently Successful Offerors Notified | October 10    |
| o Financial Guarantees Submitted          | October 11-17 |
| o Deliveries Scheduled                    | October 11-31 |
| o SPR Achieves Full Operational Readiness | October 12    |
| o Contracts Awarded                       | October 12-18 |
| o Early Deliveries Occur*                 | October 13-31 |
| o Deliveries at Contracted Rate Occur     | November 1-30 |

\* Subject to contract award and purchasers' request and ability to arrange transportation

I will keep you advised of the progress as well as an assessment of the success of this test.

Dear Governor:

It was good to see you and Nancy at the Zeliff dinner Monday evening. He is an impressive candidate and we will continue to support him.

Three things:

1. As a followup to our conversation, I have attached a brief description of the proposed first cellular telephone call from Eastern Europe, to the President. Please give us feedback on whether this is possible. If the President cannot receive the call, we would request Secretary Mosbacher or others at your recommendation (Quayle?).
2. In addition, I have attached a one-paragraph update for you on the proposal to link the USSR with Europe through fiber optics. We continue to work with departments of the Executive Branch in the quest for American business opportunities in that global project.
3. Finally, I have attached the description of a pending tax issue which would be very harmful to the utility industry and would represent a major reduction in revenue to the Treasury Department.

Any attention to these issues from your office would be greatly appreciated.

Again, if receiving the call from Hungary fits the President's agenda, we would be thrilled with the opportunity to participate.

Sincerely,

Attachments

Re: ACSH request for White House assistance
in requesting that an apparent Environmental
Protection Agency endorsement
for DIET FOR A POISONED PLANET be retracted

Dear Governor Sununu:

On July 12, 1990, I wrote to you expressing my grave concern about the baseless anxieties of many Americans about alleged cancer risks from pesticide residues in our food supply. (copy attached)

I was particularly concerned that a new book DIET FOR A POISONED PLANET, which was more scare tactics about food quality, carried a preface and endorsement by a Senior Scientist from the Environmental Protection Agency. I asked you to look into the matter, and deeply appreciated your willingness to do so.

On August 7, 1990 at your request, Ede Holiday, Assistant to the President and Secretary of the Cabinet, wrote a letter to me indicating that she had contacted the EPA and that the Senior Scientist would not identify himself as an EPA representative, but rather as an individual. (copy attached)

But as you can see from the attached preface, the EPA scientist identifies himself in signing the endorsement as a "Senior Science Advisor, U.S. Environmental Protection Agency". A footnote adds a weak disclaimer that he is an "individual", but if he is an individual why did he invoke the title of the Environmental Protection Agency?

Dear Mr. Sununu:

On November 27, 1990, the U.S Energy Association will sponsor a one-day major conference dealing with the critical issues facing our energy industry. We very much hope that you will provide the opening address at this conference with a discussion on "Strategic/Geopolitical Implications of Energy." Should you prefer a topic different from this, we are happy to accommodate your interests. The broad theme of the program is "Energy Threats to National Security and the Economy." The meeting will be held in Washington, D.C.

Attached is an outline of various issues and potential speakers to be invited, which may be useful to place the conference in perspective. It is likely that all identified will not be able to take part, hence each speaker is likely to be allocated about 30-40 minutes.

I know that John Landis from Stone & Webster has invited you to speak at other U.S. Energy Association events when your schedule did not allow. I hope that you are able to at this time. Our audience will largely be senior industry executives.

I sincerely hope that you can be with us for this important and timely conference. I look forward to hearing from you.

Sincerely,

Barry K. Worthington

Dear Mr. Sununu:

I write to update you on the possibility that an old acquaintance (by way of the Board of Trustees of Wediko Children's Services in our work with the State of New Hampshire) may, finally, be coming on board with the administration. I am also a "veteran" of that mad week in New Hampshire after the Iowa caucus!

Last Friday I had a pleasant set of interviews with persons in Mr. Untermeyer's office as well as with the White House liaison at HHS and Assistant Secretary Mason, not to mention the State Department.

Selected items of correspondence with Mr. Untermeyer's office I enclose for your convenient review and file. I do think the administration will need all the *strong supporters of the President* who are also fluent in *scientific and technical* matters in order to address the pressing problems America faces today.

I have been supporting the President since the early 1970's. I think you are doing a great job as the (self-described) Chief "pussycat". I thank you for whatever good words your office might attach to my efforts to serve in the administration and most of all for your service to the nation.

Sincerely,

Daniel R. Wilson

The Honorable John H. Sununu
 Chief of Staff
 1600 Pennsylvania Avenue, N. W.
 Washington, D. C. 20500

Dear Governor Sununu:

It is recognized that a variety of tax proposals are being considered to address the deficit as it relates to the current budget debate. To that end I am writing to express my concern about a recent proposal to levy a 0.5 percent securities transfer excise tax (STET) on the sale of securities. Such a proposal would reduce public pension plan investment earnings. These losses would have to be made up by higher state and local taxes since we are legally bound to provide a certain level of benefits. The end result is higher costs for state and local governments and limited resources to protect the value of retirement benefits against inflation for our 218,000 active and retired participants.

Based on our pension fund's current market activities, this tax would cost our system an estimated \$9,333,117 annually (U. S. Treasury Bonds excluded). These would be dollars that are not returned to our fund to pay for benefits. Our plan is a defined benefit plan. This means we have promised to pay a specified benefit to individuals vested in our system. If investment earnings are used to pay transfer taxes and not returned to the pension trust for the payment of benefits or to earn additional investment income, the shortfall will have to be paid by the sponsoring government. In reality, it will be the taxpayers of Mississippi who will pay.

The value of retirement benefits over time will also be affected. Most state and local pension systems grant cost-of-living increases on an ad hoc basis. These increases serve to maintain the purchasing power of retirement benefits. Employers will find it increasingly difficult to make these adjustments because of the reduction in investment earnings to pay for them.

Some attempt to justify the STET on the basis of reducing excessive speculation and churning. Public pension plans are long-term investors and therefore this tax is not needed as a inducement to change investment behavior. Given your strong support to public pension systems over the years, we urge you to reject this proposal. It will raise the cost of funding public pension plans and result in higher state and local government taxes and lower pension benefits.

Sincerely,

 Milton G. Walker
 Executive Secretary

Chief of Staff
The White House
1600 Pennsylvania Avenue, N.W.
Washington, D.C. 20500

Dear Governor Sununu:

We are deeply concerned about the devastating impacts of a Presidential sequestration order on the livestock industry. We urge you to take the necessary measures to avoid the sequestration.

The Meat Inspector furloughs brought about by the sequester would result in shutting down livestock packing plants. The losses from such an action to the livestock industry alone could be in excess of \$140 million dollars per day, not to mention the lost wages and tax revenues.

Full inspection of meat is required by law and is necessary to keep the livestock industry competitive. We have been contacted by some of the largest meat packers in the U.S. telling of their plans to completely shut down for up to 4 1/2 days in the 2nd week of October. Pork would be particularly impacted, due to differences with other meats in packaging and handling techniques.

Pork producers also have virtually no options on the farm to hold their animals: when they're ready, they must go to market! The space is needed on the farm, the product is needed at retail and foodservice, and the complications to the food marketing chain are manifold in holding hogs off the market for even a few days. Thus, not only the short, but especially the long term impacts on pork prices could be disastrous.

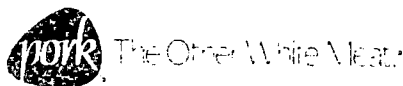

The budget sequestration would also impede the Pseudorabies (PRV) Eradication and Control program. Furloughing federal employees involved in this program will only serve to delay the eradication of a disease which costs U.S. pork producers \$30 million dollars annually.

The sequestration order will not only hurt the PRV eradication program and shut down the packing industry; but will deprive key federal workers their jobs, deny consumers of a steady supply of product, and decrease government revenues from taxes. We urge immediate action to prevent sequestration.

Sincerely,

Mike Wehler
President

Mr. John H. Sununu

Dear Governor Sununu:

As the budget negotiations progress, I want to make sure you are aware of a tax matter that could result in significant additional revenue in the next few years, without any changes to the tax code.

During the last 10 months congressional investigators have studied tax and revenue data for certain foreign-owned subsidiaries located in the United States, and have found that there may be a widespread practice of tax avoidance. The data is still preliminary, but experts in transfer-pricing cases--where a subsidiary pays inflated prices for products to an overseas parent, and thus avoids paying taxes in this country--suggest that a reasonable estimate of the unpaid taxes that could be recovered are in the neighborhood of \$10 billion for each of the last five tax years.

I have urged the IRS to establish a strike force of experts within the agency to investigate and, if the evidence supports it, to pursue these unpaid taxes. I have enclosed for your review a copy of the special order speech that I made on the House floor on the subject. This is an issue that will evoke a strong response from American taxpayers, and I hope that you will take a personal interest in this matter.

With best wishes.

Sincerely,

Frank R. Wolf

This is really important. Every effort should be made to collect those unpaid taxes. Thank you.

Dear Mr. Sununu:

Enclosed is a copy of my second novel, SHADOW FLIGHT, for your review.

SHADOW FLIGHT is a fast-paced thriller about the disappearance of a B-2 Stealth bomber. Funding for the B-2 program has been sharply curtailed, and we are at "peace" with the Soviet Union. So, who has our B-2, where did they take it, and what do they plan to do with it?

Steve Wickham, the main character in my first novel, DEFCON ONE, is back to answer those questions.

I hope you enjoy the book. I would be delighted to have your comments.

Best regards,

  
Joe Weber

Dear Governor Sununu:

We had a wonderful trip.  
Thanks to you and Nancy, it was  
an extraordinary adventure.

articles regarding the Soviet  
Union.

yet authoritarian and Leninist re- regimes are mortal. The party still held  
the "leading role" and the market  
economy was still a taboo topic.

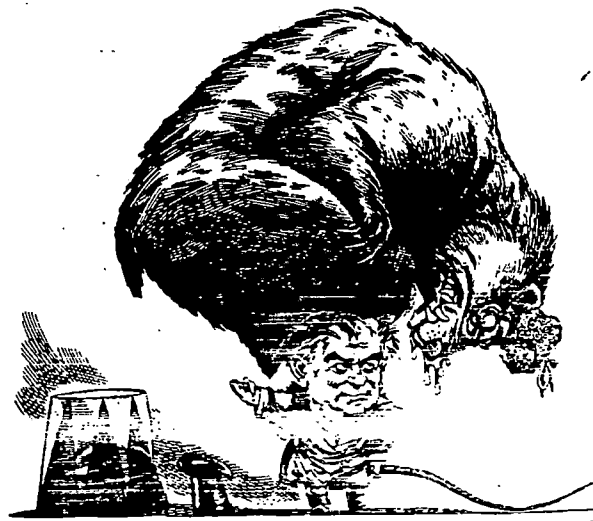

In this context my article could ap-  
pear as provocatively anti-perestroika.  
For its thrust was that, for structural  
reasons going back to 1917, commu-  
nism was irreformable; it had to be  
wholly dismantled if the nations it had  
ruined were to survive. Mikhail Gor-  
bachev's "half-measures" thus encour-  
aged the illusion of reformability and  
put off the moment of truth.

Still wary about compromising my  
Soviet friends — especially after my  
experiences with the Khrushchev  
"thaw" — I signed the article "N.  
Perestroikin." Later, in the editing,  
this was changed to "Z," because  
nobody understood my obscure allu-  
sion to Lenin's pseudonym.

Just as the precaution of a pseud-  
onym was taken, however, it became  
superfluous. The unraveling of com-  
munism, begun in Berlin in Novem-  
ber, crossed the Soviet border in Janu-  
ary with Lithuania's move to  
independence and the Baku revolt.  
March elections brought to power  
in the major cities a democratic oppo-  
sition, led by Gavriil Popov in Mos-  
cow, Anatoli Sobchak in Leningrad  
and Boris Yeltsin in Sverdlovsk,

agogy populist, he has become an  
imaginative and constructive leader,  
and the spokesman for all reform  
movements from below.

In short, in the past six months the  
Soviet Union has gone the way of  
Central Europe during six weeks last  
year. It has been a slow-motion im-  
plosion, just as portentous as the col-  
lapse of the Berlin Wall.

Hon. John Sununu:  
The White House  
Washington, D.C. 20500

Dear Governor Sununu:

It was a pleasure seeing you recently and I appreciate your words of encouragement.

As I promised, the following is some additional information I received while attending a meeting of the New Jersey Coalition Against Aircraft Noise (NJCAAN).

NJCAA represents several thousand concerned citizens from more than 200 communities throughout the state. They have come together in a joint effort to roll back the Federal Aviation Administration's 1987 Expanded East Coast Plan (EECP).

I met with NJCAAN's president, Mr. Craig Cantoni and about one hundred members of the organization. I was impressed with their intelligent and responsible approach to central New Jersey's problem with airport noise.

I am convinced that the FAA should revalue its EECP decision and take into account the noise and safety impact of the new routes on the most densely populated part of the nation's most densely populated state.

NJCAAN is also attempting to convince the Port Authority of New York/New Jersey to eliminate the use of Stage 2 aircraft at Newark International Airport. As you may know, Stage 2 aircraft is the designation for older, noisier and less fuel efficient aircraft still operating at our country's major airports.

pg.2

Governor Sununu

Stage 3 aircraft, which are currently available to the airline industry, would provide immediate and significant relief to the effected areas. It must be noted that no Environmental Impact Study has yet been done to assess the impact of the changed routes on the communities and no public hearings were ever held.

I respectfully request that your office review the enclosed materials and hope that you will decide to facilitate discussions with officials at the FAA.

These concerned citizens have a very real and legitimate claim to a loss to their quality of life. No due process of law has been offered to these individuals and families for their loss.

I believe that Congress is moving too slowly in adopting new legislation to require the FAA to develop a national noise abatement policy. However, I hope that President Bush and his administration will come to the aid of our residents.

Again, thank you for your offer of assistance. I look forward to your response on this important issue.

Sincerely,

Christine Todd Whitman  
Republican U.S. Senate candidate  
New Jersey

RE: FEDERAL BOATING TAX PROPOSALS

DEAR MR. SUNUNU:

NORTHWEST MARINE TRADE ASSOCIATION (NMTA) REPRESENTS MORE THAN 900 MANUFACTURERS AND RETAILERS OF RECREATIONAL MARINE-RELATED PRODUCTS. NMTA, AS A GROUP, IS VERY CONCERNED ABOUT THE POTENTIAL IMPLEMENTATION OF LUXURY TAXES AND USER FEES ON THE INDUSTRY AND BOATERS.

THE INDUSTRY, WHICH IS DEPRESSED, WOULD BE DEVASTATED IN THE EVENT A LUXURY TAX WAS TO BE IMPLEMENTED. IT IS PROVEN THAT A ONE PERCENT (1%) INCREASE IN COST, IE - A TAX, WOULD REDUCE SALES BY TWO PERCENT (2%). IT IS EASY TO APPRECIATE THE IMPACT THAT THE LUXURY TAX WOULD HAVE.

MOST OF THE PEOPLE BUYING BOATS COME FROM THE MIDDLE CLASS SEGMENT OF OUR COUNTRY. THEY PURCHASE OUTBOARD-POWERED FISHING BOATS, GENERALLY IN THE 15-TO-16-FOOT CATEGORY. ADDITIONAL USER FEES WOULD CERTAINLY HAVE AN EFFECT ON THE DISCRETIONARY DOLLAR WITH WHICH THESE INDIVIDUALS HAVE TO RECREATE. THIS, IN TURN, WILL HAVE AN EFFECT ON OTHER SEGMENTS OF THE ECONOMY SUCH AS THE FISHING TACKLE INDUSTRY.

THE NEAR-TERM GAINS THAT THE GOVERNMENT MIGHT DERIVE FROM THESE TAXES CERTAINLY WOULD EVAPORATE RIGHT ALONG WITH EMPLOYMENT OF MANY THOUSAND PEOPLE. I QUESTION SERIOUSLY IF THIS WOULD BE IN EVERYONE'S BEST INTEREST. WE ASK THAT YOU ARE PARTICULARLY SENSITIVE TO OUR CONCERNS.

SINCERELY,

WILLIAM F. WEST,

Sam,

8/28/90

This suggests you did  
a good job as Gov. You  
might pass this on to a  
few current Governors.

The second part concerns  
Bush and you now.

Best

## American Federation of Government Employees Local 1164

Representing Social Security Field Office Employees Throughout New England  
(Affiliated with AFL-CIO)

29 Cottage Ave, Suite 6, P.O. Box 454, Quincy, MA 02269 • (617) 770-1166

August 27, 1990

Dear Mr. Sununu:

As a government worker, American taxpayer, and representee of Local 1164, of the American Federation of Government Employees, AFL-CIO, I urge you to get on with the budget negotiation process and reach a compromise for a fair and equitable budget for FY 1991, free of the threatened sequestration process mandated by the unrealistic Gramm-Rudman-Hollings budget balancing law.

The massive government worker furloughs resulting from the sequestration process would wreak havoc on the lives of government workers and their families, gut vital services to the American public, and devastate local economies, pushing this country closer to the brink of a serious recession.

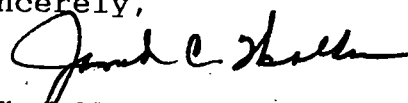

Government workers are just like all other Americans. We must buy new clothes for our kids' first day at school, meet mortgage and rent payments, visit the doctor and dentist, and pay higher gas and heating fuel prices.

In a particular, as a Social Security employee, I deplore the use of our aged, blind and disabled citizens as hostages in the budget negotiation process.

We have already sacrificed over \$130 billion in lost compensation over the last ten years. Now, on top of lower pay, escalating health premiums, constant threats to our retirement programs, and unfair political restraints, we must face a serious threat to our job security. The severe recruitment and retention problems already well documented throughout the government will only be exacerbated by this most recent threat of massive furloughs and reduced financial security.

I urge you to bring sanity and reason to the budget process and reach a rational compromise to reduce the deficit that does not once again single out the government worker to bear the brunt of this nation's financial problems.

Sincerely,

- To Do For All That Which None Can Do Alone -

The White House  
Washington, DC 20500

Dear Mr. Sunumu:

The article in today's Wall Street Journal, "Wrong War - U. S. Military Lacks Some Tools It Needs In the Mideast Crisis", shows very clearly that Secretary Cheney is not getting the Planning guidance from the military that is required for our national security. The Middle East has been a key strategic area for decades.

We suggest that you and Secretary Cheney have a chat about the Study of the Military which we enclosed with our letter of July 20th.

Sincerely,

Milan G. Weber

Dear Ms. Kennedy,

Recently, I called Chief of Staff John Sununu's office in regards to getting a photo opportunity with Mr. Sununu. They, in turn, told me to write to you to ask for the photo op.

Three other Michigan Teenage Republicans and myself will be making a short trip to Washington, D.C. to meet our government officials and sightsee. Governor Sununu is on the top of our list for people we would like to meet. He inspires us and stands up for our beliefs in the White House.

The requested meeting would mean a great deal to us. I assure that we would be as brief as possible and take much of his busy schedule. The days we will be available are Friday, Sept. 28 and Thursday, Sept. 27 (preferably on Friday). Our schedule would be at your disposal and we can work out whatever is convenient for you and Governor Sununu. Thank You!

Yours Truly,
