The Honorable John H. Sununu

Dear Mr. Sununu:

I am writing on behalf of a former Member of Congress and friend, Mr. Louis Frey, Jr. It has come to my attention that Mr. Frey is seeking to return to Washington so he can put his considerable expertise and skills to work on behalf of the United States Government.

As you know, Mr. Frey served as a Representative in Congress from the 91st through the 95th Congresses. Prior to this, Mr. Frey practiced law, served as assistant county solicitor, and was a Member of the Florida Republican State executive committee and Treasurer of the Florida Republican Party. Since he left Congress, Mr. Frey has been practicing law in Florida.

I served with Mr. Frey while he was in Congress, and I understand that he would now like to be considered for a high-ranking position within the executive branch. I know him to be a man of the highest moral and ethical convictions who is devoted to the public good. Mr. Frey's extensive practical and political background within government and beyond is, surely, a testament to the breadth of knowledge and experience that he would bring to the Bush Administration. I offer my recommendation on Mr. Frey's behalf without reservation, as I believe he would excel and succeed in any position which might be offered to him. He is a fine gentleman and a great American.

Thank you for your attention to this matter.

With kindest regards, I remain

Sincerely,

GUS YATRON

NATIONAL SOCIETY OF PROFESSIONAL ENGINEERS

December 18, 1990

The Honorable John Sununu
Chief of Staff to the President
The White House
1600 Pennsylvania Avenue, S.W.
Washington, D.C. 20500

Dear Governor Sununu,

I am writing to ask you, one of our nation's most prominent engineers, to support a recent request by the National Engineers Week Committee for a brief photo opportunity with President Bush in celebration of National Engineers Week 1991. A copy of our letter to the President is attached.

For Engineers Week 1990 the President helped us launch the most successful education outreach effort of its kind, a program called Discover"E" (E for engineering). With your support we were privileged to meet last year with the President for a photo opportunity with the 1990 Honorary Chairman Stephen D. Bechtel, Jr., and NASA Administrator Richard Truly.

Now we are hoping for a brief meeting with the President to help keep the momentum building. The 1991 Honorary Chairman is Paul E. Lego, Chairman and C.E.O. of the Westinghouse Electric Corporation. We would also propose to include NASA Administrator Richard Truly, Secretary of Energy James Watkins, and several other program participants, in emphasizing our themes of education, technology and the environment.

National Engineers Week has a proud past and promises an exciting future. We hope the White House will recognize the efforts of thousands of engineer-volunteers and their work to bring greater public awareness to the importance of math and science literacy and to the role of engineering and technology in our society.

Sincerely,
