Dear John,

We've heard, perhaps incorrectly, that the Professional Services Council met with you or members of your staff about their views with respect to Federally Funded Research and Development Centers (FFRDCs) like The MITRE Corporation. It would seem useful that either you or the same members of your staff hear from us, as there is another view. Could your office please call to arrange a meeting, if appropriate.

Sincerely yours,

RE: James C. Waldo  
Bonneville Power Administration

Dear John and Jim:

As you may know, Senator Gorton has submitted Jim Waldo's name as a candidate for the position of Administrator of the Bonneville Power Administration. I am writing to wholeheartedly endorse Jim's candidacy. I've had the pleasure of knowing and working with Jim for a number of years, both in private business and during my two terms as Governor of the State of Washington. I have found Jim to be an invaluable advisor and am excited that he is willing to be considered for so important a position to this region.

Jim Waldo is one of the region's best problem solvers. He has been a successful advisor to a number of businesses in the Pacific Northwest, and has served as a mediator, facilitator and negotiator on a variety of the most complex public/private policy issues in the Pacific Northwest. In the early 1980s, Jim helped negotiate a number of agreements between treaty Indian tribes and fishery interests which formed the basis of cooperative management in the Pacific Northwest. As you may remember, we had a very hostile fishery environment here for many years resulting from implementation of Indian treaty rights.

During the past five years, Jim helped negotiate the landmark settlement of land claims with the Puyallup Indian Tribe. This is the second largest such settlement in U. S. history. Jim also worked with a variety of state officials to help negotiate the Timber, Fish and Wildlife Agreement that led to significant reforms in timber management practices in Washington State.

August 15, 1991

Page 2

In an era when resolving problems without endless litigation is so important, I can think of no better person to head up the Bonneville Power Administration. BPA will be on the leading edge of a variety of issues involving endangered species, power shortages, financial issues affecting power interests, negotiations with the Canadians regarding future power relationships, and a variety of other issues. We need a problem solver heading up BPA during this period. Jim Waldo is just such a man.

Obviously, this is an important administration appointment. I wanted you to know that Jim has strong bipartisan support throughout the Northwest, largely because of his track record on a variety of significant issues.

I greatly appreciate your consideration of this matter.

Sincerely,

RE: Bonneville Power Administration,  
Jim Waldo

Dear Governor ~~Sununu~~ Sununu:

Thanks very much for your encouraging endorsement of my request for Jim's appointment to be administrator of the Bonneville Power Administration. I appreciate your help.

I simply wish to reiterate that his appointment is perhaps the highest single priority for such an appointment I have had on my list during the Bush administration. He is precisely what is needed for BPA in the desperate struggles over natural resources that lie ahead for those of us representing the Pacific Northwest.

I am enclosing a copy of a column from yesterday's Seattle Times which expresses both his background and his qualifications better than I possibly can myself. The column illustrates -- quite fairly, I think -- the competing considerations in connection with this appointment.

Sincerely,

SLADE GORTON

John.....

Thanks for the America 2000 proposal. Well, it doesn't get great reviews from me. Alas, there's a basic flaw in the whole proposal.

John, remember back to when you asked me to talk at the Governor's Conference in Halifax. I ended up being the only representative from NH, and several governors said mine was probably the most important message of the whole conference.

The message is a familiar one. John, a new technology can't get moving without a dedicated publication. And here you're talking about R&D for a new technology: Education 2000. We know the present educational system/technology isn't working.

Remember the three benefits a dedicated publication brings to a new technology...benefits so key that no technology has emerged without such a publication. (1) It provides critically important communications to speed the technology's growth. (2) It attracts newcomers and helps them come up to speed quickly. (3) It provides a way for entrepreneurs to market products for the new technology and reach their target customers at a reasonable cost.

Without my magazines I doubt we'd have a cellular telephone system today...and the microcomputer revolution could be several years behind where it is now.

The booklet talks about funding experimental schools, which is a fine concept, but only if there is a communications medium to allow these schools to communicate with each other and benefit from the synergy of their R&D projects.

Sure, it usually costs a major publisher around \$20 million to get a new publication into the black. I can do it for under \$1 million because I already have a production facility with the capacity to handle several more publications. I also have the experience from over 25 successful publishing startups. And New Hampshire sure could use some extra business right now! Particularly the Peterborough area, where several magazines have gone out of business and more are expected to follow.

The publication I envision would send teams out to report on educational research projects...not just in the U.S., but anywhere in the world where it looks like there's a successful experiment. It would start monthly, but as the volume of reports grows, I suspect it might have to go weekly just to keep "Education 2000" on track.

Even if we have to pay to fly our reporters on commercial airlines, I believe we can get schools to provide room and board for them while they're writing up their reports. Costs should be very modest. Schools are used to keeping costs low.

From: John McClaughry

Just read Sidney Blumenthal's "profile" of you in New Republic (7/29).

John, you one Bad A-Rab.

Noted that you had allegedly inquired about whether being foreign born is obstacle to being President. I supervised the legal research on this question for George Romney in 1964. George had been born to expatriate American citizens in Mexico (they were Mormons run out of the U.S.) The answer is: if you were an American citizen at the moment of your birth, you are "natural born." If you were a citizen of some other country (only) when you were born, and were naturalized as an American, then you are not natural born and thus not eligible. Since your father was an American citizen, you were an American citizen when you were born in Havana. I could probably unearth the legal meoes if anybody was interested.

PS: The President will do public battle with the Racial Quota/Abortion/  
Big Labor/Homo Crowd that is trying to defeat Judge Thomas - won't he?

Re: Bonneville Power Administration Administrator

Dear John:

Last Friday I wrote you with respect to the position of Administrator of the Bonneville Power Administration. I now have a candidate whom I enthusiastically support.

Jim Waldo began his political career while he was still in high school as the organizer of a group called "Action for Washington" which publicized, and worked for, my first candidacy for State Attorney General in 1968. I was coupled with three other candidates including Governor Evans, running for reelection, and three of the four of us won. Jim's career since is outlined in the resume enclosed herewith. I prefer him even to the very effective Director of Seattle City Light because he understands the implications of the policies of the Bonneville Power Administration on the Pacific Northwest. He is particularly sensitive to the controversy surrounding the Endangered Species Act and will do all he can to concern himself with people, the economy, and their joint fate.

I strongly recommend his appointment.

Sincerely,

SLADE GORTON  
United States Senator

Dear Governor Sununu:

In the event that President Bush elects to appoint a Commission regarding the MIA/POW matter, I would be pleased to serve on such a Commission.

I have been "working" this project for some 20 years and feel I am in a position to provide some meaningful support to such an effort.

My warm regards to you and your family.

The Honorable John Sununu  
Chief of Staff

Dear John:

As you may know, H.R. 751, the National Literacy Act of 1991, has been cleared by Congress and is being prepared for transmittal to the White House. This important legislation expands upon current literacy programs, and creates a national network to improve the effectiveness and efficiency of literacy programs. It takes an important step toward conquering the obvious problem of illiteracy in America.

I believe we should increase the level of awareness on this particular legislation by holding a signing ceremony with President Bush. We need to start maximizing our resources in situations such as this to let all Americans know President Bush and the Republican party are doing their best to improve education. Many Members of Congress will praise the White House for elevating the importance of this bill.

If you decide to schedule such an event, I think it is most important to make sure Bill Goodling can attend. He has worked long and hard to make H.R. 751 a reality. Thank you for your attention to this matter.

Sincerely,

  
Newt Gingrich

SENATOR PHIL GRAMM  
CHAIRMAN

July 15, 1991

The Honorable John Sununu  
Chief of Staff  
The White House  
Washington, D.C. 20500

Dear John,

In April, I wrote to you requesting President and Mrs. Bush to join us at our 1991 Presidential Roundtable Summer Policy Forum in July.

This group meets three times a year and raises critical funds for our Senate candidates. Traditionally, the President attends one meeting a year of this group.

Although the Roundtable worked with your staff for over two months trying to work out a suitable schedule, ultimately the President was unable to attend the Summer Forum. The Forum had to be cancelled and the NRSC lost \$1 million.

This election cycle the NRSC must raise a net \$19 million for coordinated funds for our Senate candidates. We cannot afford a \$1 million loss.

We now have requested any Tuesday, Wednesday or Thursday during the week of October 7th, the week of October 14th and the week of October 21st.

John, for us to have enough planning time for the Fall Policy Forum, I need your assistance to receive an approved date by July 31st.

Please call me with any questions. I appreciate your help.

Sincerely,

Senator Phil Gramm

Dear John,

Mrs Grace & I want you to know we appreciate what you are doing to help & support our President & we take every opportunity to explain your position, the fact that the plane was in use anyway & the work you accomplished while in travel is kind & in the air warrants your use of these vehicles. What if we realize it is petty backbiting by certain disgruntled media & it will come to pass the in the population are proud of your accomplishments & want you to know it.

I enclose a copy of our picture taken at a dinner to you know who we are. Also please find a copy of the Walpole Gazette with one of my poems on page 10. With you please pass the enlarged copy on to the President & Mrs Bush with my love & gratitude for what they are doing for the people of our Country at the Anniversary season.

Dear John:

As you know, much is being said these days about the Canadian health care system.

Enclosed is a copy of a "Dear Colleague" I recently sent out on this subject that I think you'll find interesting.

Sincerely,

Bill Gradison  
Representative in Congress

Mr. John Sununu  
Chief of Staff  
1600 Pennsylvania Avenue, N.W.  
Washington, DC 20500

Dear John:

I am writing to you to request your support for the nomination of Robert Felix, Executive Vice President of the National Arborist Association, as a member of the National Urban and Community Forestry Advisory Council.

I have come to know Mr. Felix over the past several years on both a personal and a professional level. I can assure you that he would be an invaluable asset, an unparalleled resource and a tireless worker on behalf of the council.

The National Arborist Association (NAA) currently has more than 1000 members across the country and in Canada and is closely affiliated with the International Society of Arboriculture. In his position at the NAA, Mr. Felix has been committed to the highest standards of professionalism in the tree care industry. He has worked diligently toward this goal by overseeing the production of educational materials, stressing the importance of safety in NAA publications and offering practical business advice for tree service firms.

He has testified numerous times in Washington before Congressional committees deliberating legislative proposals that would affect the tree care industry, and he has served as a private consultant in cases involving some very complex legal issues.

Through my experiences as a former member of the Merrimack Board of Selectmen and the New Hampshire Legislature and an active worker for the New Hampshire Republican Party, I believe that the Council would professionally benefit from the diversified experiences of Robert Felix. I also believe that his professional background more than qualifies him for a seat on the council and hope that any help that you could give to ensure this nomination would be greatly appreciated.

Best regards to Nancy and the family.

Sincerely,

Nancy R. Gagnon

John.....

Looking at the teapot tempest's positive side, you've taken the heat off both Quayle and the Bush/Kurd mess. Nothing like a fishy smell to distract the media.

Remembering the Sherman Adams debacle...he was a close friend of my aunt who died a couple months ago...her folks (Henry) owned Lincoln...my grandfather was a senator and worked with Adams...I'd have written the scenario with you doing enough travel to create a press diversion when needed. But then I tend to think sneaky like that.

I've been watching the press worrying about Thomas having tried pot while in college. They're able to blow anything inconsequential completely out of proportion. And that's their weakness which should be exploited unmercifully. The old ju-jitsu maneuver - use your opponent's weight to your advantage. Maybe it's time to ask them if they're anti-black and are pushing to get a white nominated instead. Heh.

On the one hand the press points out that you are the number two man in the world when it comes to making policy. Then they expect you to waste your time going on commercial flights. And tsk, how do you dare give talks or take a day or two to ski?

Time magazine has you virtually fired. I hope they're as accurate about that as I've found them on other things.

Lordy, how we miss you in NH! Judd is a nice guy, but we don't have any leadership and the state is hurting. I'd love to start a magazine devoted to bringing in more tourists - I think I could double tourism in one or two years with a completely new approach. But the state has no budget for building tourism. I'll try the SBA and see what they've got. It'd cost maybe \$500K to get into the black. Starting magazines is what I do well.

With tourism being NH's biggest industry, improving it would pay off fast and put more people to work. Your "education president" has yet to be even faintly visible. Wouldn't the next campaign be a good time for some new ideas...or is that too dangerous? Like mine for getting millions of kids into tech hobbies as a way to excite them in high tech careers? Japan clobbered us with technology, so when are we going to start fighting back? It isn't going to happen unless a major change is made.

Non illegitimi.

*Wayne*

Dear John,

Happy Birthday! On this day and throughout the years ahead, may God continue to bless Mrs. Sununu, your family, and your own energetic devotion! Please know we are very proud of your stalwart achievements and (not least because our own work places us sometimes in delicate positions exposed to criticism from many sides amid the Middle East's tragedies) your steady forward course encourages our efforts. *Ad multos annos!*

May I please request your help -- now at our Museum's own birthday?

A congratulatory letter from President Bush on the occasion of our Centennial would be very precious -- as we quietly begin our second century of research and public education "to promote sound knowledge of Semitic languages and history."

With the hope that Mrs. Sununu and yourself can visit us again before too long, and with every prayerful best wish, I remain

Sincerely yours,

The Honorable John H. Sununu  
Chief of Staff to the President  
The White House  
Washington, D.C. 20500

Dear Mr. Sununu,

Each year for the past ten years, Maryland's first district Republican Central Committee hosts an eastern shore style "Bull Roast" to raise funds for the Republican Nominee for Congress from Maryland's First Congressional District. The event would normally attract one to two thousand dedicated Maryland Republicans who would come out and rally against the district's Democratic Incumbent.

Yet in 1992, we find ourselves in quite a different situation. For the first time in ten years, the heavily Democratic first district finds itself with a Republican Member of Congress. Through the dedication and hard work of those committed Republicans, we captured a seat in Congress. Now, on behalf of those same people, I am asking for your help in preserving this seat and celebrating a hard-fought victory.

On Saturday, September 28, 1991, the Republican Party of the first district would request the honor of your company as the featured speaker for our Eastern Shore Bull Roast. Your presence would not only serve as a wonderful reward and tribute to their victory, but would also provide a rallying point for the fight to regain a Republican majority in the House and Senate.

If you would be so kind as to accept this invitation, "Gilchrest for Congress" would be responsible for the cost of transportation to the event which will be held in Centreville, Maryland, a Maryland Eastern Shore community about sixty miles from Washington D.C. The event would expect to attract several thousand regional residents, and usually warrants press coverage by television markets in Baltimore, Washington, and Salisbury, Maryland. The Baltimore Sun and the Washington Post traditionally cover this event as well.

Wayne T. Gilchrest  
May 24, 1991  
Page 2

In the past, the First District Bull Roast is the centerpiece of Maryland's efforts to build a two party system in a traditionally Democratic state. Your presence would not only assist in my first re-election campaign, but would serve to strengthen the position of every Republican office holder in Maryland.

Your assistance in my first campaign was greatly appreciated, and I look forward to seeing you again. For additional information, I can be reached in Washington at (202) 225-5311. I sincerely hope that you will be able to accept this invitation.

With warm regards,

*Wayne T. Gilchrest*

The Honorable John H. Sununu  
Chief of Staff  
The White House  
Washington, DC 20500

Dear Governor Sununu:

Without wishing to add to an abysmally overhyped story, I was sufficiently irritated to write a letter to the New York Times, one of the media involved with it. A copy is enclosed.

I'm sure you realize critical letters of such august newspapers rarely are printed, hence I pitched mine differently. It does not reflect my admiration for your continuing administrative excellence, for which I apologize, opting instead for publication, also a toss-up. But it at least relieves my annoyance with this business of carping.

In 35 years of almost weekly familiarity with the Washington scene as chairman, officer, and still director of the Air Force Ass'n. and its affiliate, I've known many members of both houses, some as very close friends. I've had great respect for most, except for their occasional actions which I have discounted having learned in private talk that their public and private feelings often dont match.

Should the revered Times print my letter, I'll send you a copy. With my best wishes.

WASHINGTON, DC 20510-4701

June 26, 1991

The Hon. John Sununu  
Chief of Staff  
The White House  
Washington, D.C. 20500

  
Dear Governor Sununu:

Recent actions of the U.S. Fish and Wildlife Service and the Federal District Court for Western Washington have raised to a new high the debate over protections for both the Northern Spotted Owl and the Northwest timber supply. As you know, the Fish and Wildlife Service recently proposed designating 11.6 million acres of profitable forest land as the owl's critical habitat. Three million acres of this is private timberland. Environmentalists have already appeared in Judge Thomas Zilly's courtroom to prevent consultation (and, by implication, timber harvesting) between the Forest Service and the Fish and Wildlife Service, as required under Fish and Wildlife Service regulations, within this 11.6 million acres of critical habitat. Also, Judge William Dwyer recently enjoined all timber sales in owl habitat on the 17 Northwest owl forests. In his decision, he accused the Forest Service of "... a deliberate and systematic refusal ... to comply with the laws protecting wildlife. This is not the doing of the scientists, foresters, rangers, and others at the working levels of these agencies. It reflects decisions made by higher authorities in the executive branch of government."

The combined impact of these actions will reduce the 1991 Forest Service timber sale program from 3.4 billion board feet of timber to approximately 1 billion board feet, and only 300 million board feet on the west side of the Cascades, meaning the loss of more than 20,000 jobs in Washington state alone. Many members of Congress are using these actions and statements to point the finger of blame at President Bush and to accuse the Administration a full-scale conspiracy to cause a "train wreck" within the timber industry. Citizens in Northwest timber-based communities are beginning to link these impacts to the Administration when, in fact, the Administration is handcuffed by the laws enacted by Congress. The Administration must act now to reverse this trend of blaming the Administration and must act now to save the working communities and families of the Northwest. I have set forth below the four steps I believe the Administration must take to turn this debate in its favor.

## Reduce Proposed Critical Habitat for the Northern Spotted Owl

The Administration can take a meaningful first step by reducing the acreage proposed as the critical habitat of the Northern Spotted Owl. Fish and Wildlife proposed a rule designating 11.6 million acres as the owl's critical habitat. The Endangered Species Act gives the Secretary of the Interior plenty of authority to reduce the designation in order to account for the economic and "other relevant impacts" of the designation. The Secretary should reduce critical habitat, including a complete removal of private and state property from the designation, to a reasonable number of acres. I suggest that the final acreage total less than the approximately 8 million acres recommended by the Interagency Scientific Committee (the Thomas Report). Such a reduction will reinforce the commitment of your Administration to the "balance" you promised last year and to the survival of Northwest timber communities. Such a reduction will help to silence the accusations of members of Congress that the Administration is trying to achieve a so-called "train wreck".

Attorneys within the Administration will likely counsel against significant reductions of critical habitat on the ground that they will invite lawsuits by the national environmental organizations against the Administration. The timber industry has already notified the Administration of its intent to file a lawsuit challenging critical habitat. The Administration will be sued regardless of any action it takes to reduce critical habitat. The requirement that the Administration consider the economic impacts of critical habitat and balance them against the biological considerations has never been tested in the courts; this is uncharted legal territory. Since the issue is going to be tested in the courts, the Administration should place the burden on the national environmental organizations to prove its actions were in error. Since the Administration will be sued regardless of its actions, it is better to be sued doing the right thing for Northwest timber workers and families.

There will be trading amendments to the Endangered Species Act. Those amendments will be ready by the time you submit your FY93 budget.

### Appropriations Language in Response to Judge Dwyer's and Judge Zilly's Injunction's

In order to replace the timber sales and harvests that would be precluded by the injunction in Judge Dwyer's, and possibly Judge Zilly's courtroom, I may propose an amendment to the fiscal year 1992 Interior Appropriations Act. The amendment will resume the scheduled timber sales for fiscal years 1991 and 1992 and will protect those sales "notwithstanding any other provision of law." Although the amendment has the same effect as Section 318 of the 1990 Appropriations Act--to replace timber sales removed by court injunctions--it has been modified to reflect the Ninth Circuit's opinion, in Seattle Audubon Society, et al. v. F. Dale Robertson, U.S. Forest Service, 914 F.2d 1311 (9th Cir. 1990), that a part of Section 318 violated the constitutional separation of powers doctrine. This amendment is necessary to prevent the

Immediate shutdown of the timber supply pipeline in the Northwest  
and I ask that you support our efforts on this amendment.  
Administration's Response to Old Growth/Spotted Owl Legislation

The Administration has been accused of a lack of involvement in the debate over long-term legislative solutions to the Spotted Owl/old growth crisis. Several legislative proposals have been made. Senators Packwood, Heflin, Hatfield, Shelby, Breaux and I have introduced one of them in the Senate, the labor-management proposal, that merits careful consideration. Instead of proposing yet another solution of its own, the most effective approach the Administration could take at this time would be to prepare a clear position and send it to Congress via the congressional testimony of a Secretary or Assistant Secretary within the Administration. This approach has the dual benefit of providing much needed momentum to a long-term legislative solution and of demonstrating the Administration's desire to resolve this deadlock for the people of the Northwest.

#### Amendments to the Endangered Species Act

Finally, at the root of this entire crisis is the Endangered Species Act. Those members of Congress who continue to accuse the Administration of causing the "trainwreck" ignore the reality that the Administration, its agencies, and the courts are doing nothing more than what is required of them by the Endangered Species Act. This reality is becoming more and more apparent to the people in the communities who are being affected by the owl restrictions. That message could not be delivered any more effectively than if the President or his Administration stated the need to amend the Endangered Species Act. This message need not be delivered immediately. It should be delivered, however, if any of the above three steps are unsuccessful. Regardless, I will be drafting amendments to the Endangered Species Act. Those amendments will be ready by the time you submit your FY93 budget request and any legislative requests for the 1993 session of Congress. I will share those proposed amendments with you in the hope that you will include them in your legislative requests for next year.

The current trend toward blaming the Administration is taking place despite popular opinion in the Northwest that favors its economy over increased restrictions for the Spotted Owl. A poll conducted just this April illustrated that 49% of citizens from Oregon and Washington would risk between zero and 5,000 jobs to protect the owl, only 19% would risk between 5,000 and 30,000 jobs, and only 9% would risk more than 30,000 jobs. While these numbers reflect a regional perspective, no citizens feel as passionately about this issue as those in the Northwest. The President's national constituency will not judge him primarily on

the basis of the Spotted Owl issue. The time is ripe for the President to enter the debate and to enter it on the side of the families and workers whose jobs and communities hang in the balance and who are desperate for national leadership on this issue.

I look forward to working with you and your staff on these issues. I hope that our efforts pay off and that, ultimately, Northwest workers can return to leading the productive lives they desire and deserve to live.

Sincerely,

Slade Gorton  
United States Senator

Dear Governor:

The President is fighting, and rightly so, a battle with Congress regarding the United States' relations with China.

In the meantime, good citizens like Dr. Jordan Phillips and his wife, Mary, are making a positive difference and have done so for the past ten years, and at their own expense.

The enclosed news release explains my point regarding their efforts which are working to the credit of the USA. The Chinese even nominated him for the Nobel Peace Prize for these efforts a few years ago.

If it is not out of order, perhaps there is a way the President or the White House can recognize their contributions.

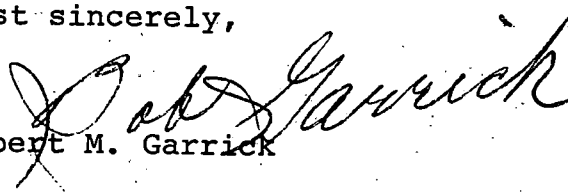

On another subject of concern to me as well as other thinking citizens, "When in hell will they get off the Governor's back?" Honestly, there are too many other targets that need to be addressed.

Hang tough and, if need be, get tougher. We the people will not accept a wet noodle as the Chief of Staff of the President of these United States.

There are lots and lots of far better targets on the Hill.

My warm regards to you and yours with every wish for even greater success than you have wrought to date, good health, and a fair ration of happiness.

Most sincerely,

  
Robert M. Garrick

Dear John,

Speaking to you stirred some wonderful old memories which I regretted not being able to use our short time to talk about. There is so much pressure (self) to be concise when talking to someone as busy as yourself. Seeing you daily on the telly makes me feel that we haven't lost touch.

But we have. We missed not knowing your children, Nancy's friendship and watching you "grow up". We'd love to see you all when you can take that break from world affairs.

On our side Craig (28) is working for G.E. Capital in Stamford Ct. and

loves his work. He'd like his father & works 24 hrs a day. His wife, Kim, also works for GE in Cincinnati. They commute on week-ends. Sandra (26) is a program designer for Lotus Corp. & lives in Boston. Sounds as if marriage is soon. David (23) is still in College.

Of course we miss Tracy (27) terribly. She was a beautiful child and truly affected all of our lives. It has been difficult to adjust to life without her. However, we are happy for her.

Gary is still with GE Plastics as manager of Purchasing of raw materials. Fascinating work and he loves it.

Well, that's 30 years of the Gibsons, John. We would love to hear about your family's going on.

Our love to Nancy.

Washington, D.C. 20500

Dear Governor Sununu:

On behalf of The Junior Statesmen Foundation, it is my pleasure to cordially invite you to participate as a guest speaker in The Junior Statesmen Summer School program.

We would be honored if you could meet with the two-hundred and twenty outstanding high school student leaders attending the program for a 20 to 30 minute off-the-record question and answer session on Wednesday, August 7, 1991, in the Old Executive Office Building. We schedule our speakers at half hour intervals between 9:30 a.m. and 4:30 p.m. If August 7 is inconvenient, we will also be meeting on Thursday, August 8, 1991 from 9:30 a.m. until 5:30 p.m. in the Jefferson Auditorium at the Department of Agriculture Building.

Two-hundred and twenty of America's future leaders have been selected to participate in this annual summer session. They will be spending three weeks at Georgetown University in an intensive study of politics and government. Each summer, four sessions at the White House and on Capitol Hill allow these high school students to meet and question national leaders. Because of the caliber of our students, we meet with members of the Cabinet, leaders in the House and Senate, Supreme Court Justices, prominent journalists, lobbyists, and others in the political arena.

The Summer School is sponsored by The Junior Statesmen Foundation, a nonprofit, nonpartisan, educational organization which was founded fifty-six years ago to teach young people about government, politics, and the responsibilities of leadership in a democratic society.

Governor John Sununu  
The White House Chief of Staff  
The White House  
Washington, D.C.

Dear Governor Sununu,

On June 5, 1990, President Bush appointed me as representative of the commuter railroads to the Commission on Railroad Retirement Reform. The Commission filed its Final Report on September 14, 1990 and, having completed its assignment, disbanded.

Although my service on the Commission was limited in time, I found it extremely interesting, felt that I had much to contribute, and would like to be considered for another appointment.

As a George Bush delegate to the 1988 Republican convention and a former Republican Minority Leader of the New Jersey Senate, I applaud the great job our President is doing and hope that I will again be called upon to serve this Administration.

Best personal regards and thanks.

Sincerely,

*Tom.*

S. Thomas Gagliano

*Thanks for coming to N.J. Speech was great! Tom.*

Dear Mr. Sununu:

I wanted to take advantage of my presence at the "Domestic Challenges Facing America" function tonight to renew my acquaintance with you and to let you know the fate of one of your SCORE "graduates." Please accept the enclosed SCORE T-shirt of which I have several.

I participated in Energy Resource Alternatives I and II competitions at Sandia and Richland in 1975-76 respectively. My project (University of Wisconsin-Green Bay) was to "reform" ethanol into a hydrogen stream for injection into fuel cells for production of low-amperage electricity. The idea came from my Peace Corps experience in Latin America where ethanol was an abundant local resource. The project won a Third Place Innovation award at ERA II. I remember having a lengthy chat with you about the possible applications when you came around to all the projects early one morning.

While fuel cells have not yet come into widespread use at the individual level, I have maintained my interest in bringing appropriate "space age technology" and renewable energy together in beneficial ways for developing countries. Attached is a description of what VITA is doing to bring low cost digital communication to remote regions of Third World countries via low earth orbit satellites using solar energy in both space and ground segments. In addition to the VITASAT program which is partially funded by the Department of Energy, VITA has maintained a decade of activity in renewable energy beginning with a large grant from USAID in 1980.

If there is ever an opportunity to tell you more about VITA and these and other innovative programs impacting the speed and quality of international development efforts, we would be happy to do so. In any case, I look back at the SCORE/ERA experience as one of the highlights of my academic career and am thankful to you for having made that program possible.

Sincerely,

Gary Garriott (Ph.D.)

*Nine Alive!*  
WMUR-TV MANCHESTER

JUNE 7, 1991

GOVERNOR JOHN SUNUNU, CHIEF OF STAFF  
THE WHITE HOUSE  
1600 PENNSYLVANIA AVE., NW  
WASHINGTON, DC 20500

DEAR CHIEF OF STAFF SUNUNU:

GREETINGS FROM NEW HAMPSHIRE AND WMUR-TV CHANNEL 9. I HOPE ALL IS WELL WITH YOU AND YOUR FAMILY. I AM VERY SORRY WE WERE UNABLE TO HOOK UP ON YOUR LAST VISIT TO MANCHESTER, NH. FROM THE STAORY THAT WAS BROADCAST THAT EVENING IT LOOKED LIKE YOU HAD A GOOD TIME.

AS YOU KNOW WITH SUMMER COMES SOFTBALL SEASON. THE CHANNEL NINE TEAM'S SEASON IS IN FULL SWING - WE ARE IN THE SUNDAY MORNING LEAGUE IN MANCHESTER. TO DATE WE ARE 3-7, NOT LIKE THE OLD DAYS, BUT WE HAVE BEEN IN EVERY GAME. BESIDES THE LEAGUE WE ARE PLAYING THE NH STATE POLICE, THE HILLSBOROUGH COUNTY SHERIFF'S DEPARTMENT, WGIR RADIO, AND WHOB RADIO. I WAS WONDERING IF YOUR OFFER WAS STILL OPEN...THE WMUR SOFTBALL TEAM PLAYING PRESIDENT BUSH, YOURSELF, AND THE WHITE HOUSE STAFF? THE TEAM WOULD GLADLY TRAVEL TO KENNEBUNKPORT, MAINE OR A NEUTRAL SITE TO PLAY. WE WOULD GLADLY FOLLOW ANY RULES THAT THE WHITE HOUSE AND YOURSELF WOULD SET UP. EXAMPLE: NO PUBLICITY OF THE GAME PRIOR OR AFTER THE FACT.

I WOULD VERY MUCH LIKE TO HEAR YOUR IDEAS ON THIS MATTER AND HOPE WE CAN WORK OUT A PLACE AND TIME. WE ARE AT YOUR DISPOSAL. SEND MY REGARDS TO PRESIDENT GEORGE BUSH, BARBARA BUSH, YOUR WIFE NANCY, AND THE SUNUNU CLAN.

WITH WARMEST REGARDS,

ROBERT S. GRIMM  
CAPTAIN/COACH WMUR-TV9 SOFTBALL TEAM

p.s. I STILL HAVE NOT FORGOTTEN THE TIME YOU GOT WMUR-TV THE INTERVIEW WITH PRESIDENT BUSH ON THE SNOWY FRIDAY BEFORE THE 1988 PRESIDENTIAL PRIMARY. I WILL ALWAYS CHERISH THE TIME I WAS ABLE TO SPEND WITH PRESIDENT BUSH IN THE SUITE AT THE CLARION HOTEL IN NASHUA, NH.

June 6, 1991

Honorable John Sununu  
Chief of Staff  
1600 Pennsylvania Ave NW  
Washington, DC 20500

Dear John:

As a father, engineer, notable American I am delighted to invite you to join a distinguished panel of judges who will meet at the Smithsonian in Washington, D.C. this June 27 to select the 1991 winners of the INVENT AMERICA! student invention competition.

Although challenging, your task will surely not be without reward! You will delight in the discovery of American ingenuity through the eyes of a child, and you will leave with a deep sense of renewed faith in our nation's future work force while stimulating interest in science and engineering.

The selection of the nine national winners - one from each grade, kindergarten through eight - is the grand finale to our year-long INVENT AMERICA! education program. Launched in 1987 by then-Vice President George Bush who now serves as honorary chairman, INVENT AMERICA! was established to help children become innovative thinkers by challenging them to identify and solve problems by creating their own inventions. They learn to develop and apply math, science, language arts and creative thinking skills - skills crucial to their ability to successfully meet the challenges of today's highly complex technological world and tomorrow's competitive global market place.

INVENT AMERICA! is a nonprofit endeavor, funded by such major corporate sponsors as K mart, Pepsi-Cola, Polaroid, Dow Chemical, and others interested in the future of America. Their support enables us to provide schools with education materials, classroom lesson plans and activities, including our annual INVENT AMERICA! Think Link event which delivers free training and program materials to more than 50,000 educators.

Mr. J. Sununu  
6 June 1991  
page 2

This private sector sponsorship also makes possible the annual invention competition you are asked to help judge. This competition provides more than \$600,000 in incentives for students, their schools and teachers through state, regional and national awards programs, including trips to Washington, D.C. to participate in National INVENT AMERICA! week as designated by Congress (SJ 140.)

As a national jurist, you will review this year's regional winning entries to determine the 1991 finalists, or national winners who are traditionally recognized by the President during INVENT AMERICA! week in July.. Selection is based on such criteria as an invention's originality and usefulness, execution of ideas, clarity of written description, illustration, etc. The judging begins with a luncheon to enable panelists to get acquainted. If your schedule will not permit lunch the selection process - a lively and informal event - will begin at 1:45 p.m. The panel should finish by 3:00 - 4:00 p.m. More information about INVENT AMERICA! is enclosed, including several examples of student entry forms from previous years.

I hope you will accept my invitation to participate as a 1991 jurist. You will be making an important contribution to this exciting program. You will be joining an illustrious alumni of panelists including nobel laureates, inductees of the national inventors hall of fame, business and education leaders, members of congress, and internationally recognized scientists and engineers who share the vision of a bright America through our nation's children.

I hope you can make it.

Sincerely for kids and country,

J. Morgan Greene  
Chairman

SENATOR PHIL GRAMM  
CHAIRMAN

May 29, 1991

The Honorable John Sununu  
Chief of Staff  
The White House  
Washington, DC 20500

Dear John:

On July 18-19 the members of the Senatorial Trust will be travelling to California for their Summer Trust meeting.

The Trust serves as a medium for communicating and exchanging ideas between its members and Republican Senators, White House and Administration officials and prominent figures on the national and international scene. Membership in the Trust is limited to only 200 individuals.

I would like to invite you to address the Trust members on July 19 at 3:45 p.m. on the key issues the President is currently working on and the prospects for a successful re-election campaign next year. We would like you to make about 15 minutes of remarks and take 20 - 30 minutes of Q and A. The meeting will take place at the Ritz-Carlton Hotel in Laguna Niguel, California.

I hope that you will also join us for a reception and dinner that evening at 6:00 p.m. We have invited Governor and Mrs. Pete Wilson to be our special guests.

Please have your office contact Morrell Taggart at 675-6108 to confirm your participation at this event.

Thank you for your consideration of our request. Your participation will help to make it a success.

Yours respectfully,

Senator Phil Gramm  
Chairman

Governor John Sununu  
Chief of Staff to the President  
The White House  
Washington, D.C.

Dear Governor:

Much has happened since we last met! I thought you might be interested to know that since moving back to New York, I've been doing my best to give Mario Cuomo a hard time. I've joined forces with Citizens for a Sound Economy, which is forming a New York branch, and the Political Club for Growth, which includes such luminaries as Lew Lehrman, Herb London, and Evan Galbraith and is just starting up the Empire Foundation and Change NY.

Recently, I held a press conference in Albany with New York Citizens for a Sound Economy. We got very good press coverage (including "Inside Albany"), even though Cuomo, who had originally been scheduled to fly down to NYC for urgent consultations with Mayor Dinkins on the fiscal crisis, stayed up in Albany instead and scheduled a press conference at exactly the same time.

I'm sending along a copy of my remarks (reconstituted as a "Capitol Comment") for your reading pleasure. Keep up the good work!

All the best,

Joshua Gilder

Dear Governor Sununu:

Earlier this year we wrote to you seeking your support in obtaining an entree to Al Watania Plastics and you referred my letter to Mr. Karl Reiner, Director - Office of the Near East, of the International Trade Administration. Thank you for doing so.

For your information, in spite of the many people trying to help us, we were unable to secure an appointment with the proper company officials and as you can see by the enclosed were not awarded the order.

During Mr. Schrafft's three week stay, the American Embassy staff introduced him to other Saudi businesses with whom he has been working since his return.

If the opportunity presents itself, we would enjoy a visit from you where you can see first hand what we have to offer in technology and design. (In mentioning my correspondence to my family, my daughter Janine reminded me that while she attended UVM she was a dorm mate of your daughter, Christine, and asked to be remembered to her.) As we expect to increase our exports from 40% of total sales this year, your introduction to an official at the International Trade Administration was helpful to us. Thanks again.

Sincerely,

Chief of Staff  
Executive Office of the President  
Washington, D.C. 20506

Dear Mr. Sununu,

Thank you for being instrumental in the successful week in Washington D.C. of the California Agricultural Leadership Program. I greatly appreciate you taking time from your busy schedule to meet with us. Your support and friendship are greatly appreciated.

The opportunity to listen and interact with you is of extreme value to me and my classmates. The experience, expertise, and knowledge shared with us during our stay was of great interest and of great benefit.

There are many complex and tough questions and problems facing us today and in the future. This trip and exposure to many national leaders has offered me hope and incentive that we can make a difference in the future of our communities, our nation, and our industry.

Thank you again for your time. I really enjoyed our visit and I hope to have the opportunity again some day soon. Please feel free to call on me if I can be of assistance to you in the future.

Sincerely,

Joseph C. Grainger

Dear John,

I was in the audience Thursday the 8th, room 450 of the old EOB when you talked to the MIT Club of Washington. It was a pleasure to see that you were in good form and able to deal with all the help that you get from everyone in the conduct of your affairs. Another old colleague, Steve Friedman, sends regards and asks that you reflect on your former association with MODOS.

Keep up the good work.

Sincerely,

Dear John:

The attached article, "To Be Young and Republican" by Michael Barone, describes a very plausible future if we keep working. The key is to understand that Arthur Schlesinger is half right. The next cycle will be activist, but not liberal. Note the last two lines in the article which points out that the three youngest Members are Republicans.

Hope you enjoy the article.

Sincerely,

Honorable John H. Sununu  
Chief of Staff  
The White House  
Washington, D.C. 20500

Dear Governor:

As a former Presidential Appointee to the Board of Directors of Comsat, I had the pleasure last week of being in Washington as Comsat's guest.

While there, I had an opportunity to meet with our mutual friend, Leo Wright.

Also, in discussions with the officers and board members of Comsat, it was suggested that I seek to be reappointed to the board.

A similar request was made a couple of years ago and letters of recommendation supporting this request should be in the files of the Presidential Personnel Office.

In view of the events of last week, I am taking the liberty of seeking your support in regard to this appointment.

If there is anything else I can add other than the materials now in the files, please let me know.

I understand that my experience in communications, the military, and support of the Bush Administration is acceptable to Comsat's officers.

Honorable John H. Sununu - 2.

My warm regards to you and yours. As a Republican way out here in the west, I again thank you for being where you are. Hang tougher.

Most cordially

Eduardo J. Padron  
Vice President

May 10, 1991

Dr. John H. Sununu  
Chief of Staff  
The White House  
Washington, D.C. 20500

Dear Governor Sununu:

Thank you very much for honoring us with your participation at the Wolfson Campus's Commencement Exercises. We really enjoyed having you and listening to your genuine and heartfelt keynote address. Many words of praise were received from faculty, staff and students. I am delighted to have had the opportunity to meet you personally -- it was a thrill for me.

As we discussed in the car, Dr. Padron was nominated to the President's Commission on Educational Excellence for Hispanic Americans and is very excited about the possibility of serving on the Commission. If I may, I would like to suggest to you that his qualifications and experience would make him an outstanding Chair. He has been highly recommended by Senators Mack, Congresswoman Ros, and Mr. John Schmitz (Chairman of the Dade County Republican Party). Dr. Padron is recognized nationally as a leader in education; he has held numerous significant leadership positions at the national level to address economic, education and social issues. I am attaching his vitae for your perusal.

Please let me know if I can provide you with further information concerning Dr. Padron's appointment.

Again, thank you for honoring us at the Wolfson Campus.

Sincerely,

Lourdes Hidalgo-Gato  
Executive Assistant to the  
Vice President and C.E.O.

The Honorable John H. Sununu  
Chief of Staff to the President  
The White House  
Washington, D.C. 20500

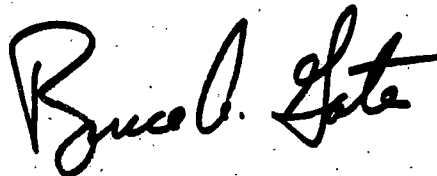

Dear Governor Sununu:

I thought you might be interested in seeing the advertisement which will run in The Washington Post on Tuesday, May, 21. As you can see, the food industry stands four-square behind the President in his belief that fast track authority is essential to the success of important trade negotiations.

We intend to distribute full-size copies of the ad on Capitol Hill on Tuesday afternoon and will continue to lobby for this worthy tool for the President. We sincerely hope that the effort will be successful and that the important pending trade negotiations will move forward.

On behalf of NAWGA and its president, John R. Block, I congratulate you, in advance, for your tireless efforts to further the cause of free and fair trade. Please do not hesitate to contact me if we can be of any further assistance.

With kindest regards,

The Honorable John Sununu  
Chief of Staff to the President of the United States  
The White House  
Washington, D.C. 20500

Dear Governor ~~Sununu~~ *John*:

Recently, Senator Robert Dole and I requested that President Bush meet with a group of academic and business leaders in Iowa regarding the World Agricultural Capitol in Des Moines. This would be a facility devoted to the study of agriculture, technology transfer and economic exchange.

Enclosed is a copy of a letter that Senator Dole and I sent to the President earlier this year. Also enclosed is a copy of a letter we received denying the request for this meeting.

The purpose of this letter is to inform you that one of the leaders of this effort will have the opportunity to see President Bush at an event at the White House in the near future. It was his intention to discuss this project with the President and to ask again for a meeting to discuss it with him.

The name of this person is John Ruan, president of Ruan Trucking Company in Des Moines. He will be attending the "Vote America" reception at the White House at 10:30 a.m. on Thursday, May 23rd.

I wanted to contact you so that you might alert President Bush about this issue and the fact that Mr. Ruan will likely bring it up when he sees him at this reception. I did not want the President to be taken by surprise when Mr. Ruan talks with him.

Thank you for your assistance. I very much appreciate it.

Sincerely,

*Chuck*  
Charles E. Grassley  
United States Senator

*P.S. I want you to know I think the request for the meeting should have been granted. your staff's decision. At the same time I want the President to be alerted he did discuss this with John Ruan in Des Moines several months ago. CEG*

Director

May 8, 1991

The Honorable John Sununu  
Chief of Staff  
The White House  
Washington, DC 20500

Dear Governor Sununu:

Attached is a memo to Secretary Cheney.

I strongly urge that the White House lay down the law early on the prevent the destruction of the SDI program.

This is a year of opportunity for SDI and the opponents know it. The President's refocussed program (GPALS) is unassailable in terms of meeting real and present dangers as well as providing insurance against the resurgence of old threat patterns. It is also unassailable in terms of strategic leverage per dollar spent.

We need to challenge the antis to vote for or against the basic proposition of defending the United States and our Allies against ballistic missiles. If perpetual vulnerability is their goal, make them admit it. If protection on any scale is their goal, let them try to explain how it can be done without the space-borne elements of GPALS.

Respectfully yours,

Daniel O. Graham  
Lt. Gen., USA (Ret.)
