Dear Mr. Crawford:

Thank you for your recent message regarding the firearms issue.

As you are aware, President Bush and the American people are gravely concerned about the availability of foreign-made weapons used by criminals to commit devastatingly violent acts throughout our communities. This is an intolerable situation and will not be allowed to continue.

On May 15, the President announced a comprehensive and commonsense program to effectively combat crime, with strong proposals to limit the access to illicit weapons. At the same time, the program will not infringe upon the rights of law-abiding citizens to own and use firearms. In light of your interest, I am enclosing for you a fact sheet which outlines the President's initiative in this area.

Thank you for taking the time to write.

DOD WITH INCOMING

October 23, 1989

Dear Mr. Conniff:

On behalf of the Chief of Staff, thank you for your card concerning appropriations legislation for the District of Columbia, which permits the use of funds to pay for abortions.

The House of Representatives and the Senate have passed the District of Columbia appropriations bill for Fiscal Year 1990, which permits Federal funding for abortions under circumstances where the life of the mother is not endangered. A final version of the bill is being prepared by House-Senate conferees. President Bush has announced his intention to veto the appropriation bill if it is presented to him in its current form.

The President does not believe that appropriated funds should be used to pay for abortions other than in those cases where the life of the mother would be endangered if the fetus were carried to term.

Again, thank you for writing.

Dear Mr. Sununu:

I recently read of the potential appointment of Judge Paul Pressler of Houston. Mr. Pressler is a member of the church which I attend, although I have had no close association with him.

I have had close association with a number of people who have been the subject of the "witch hunt" he instigated within our denomination. I am sure that you and President Bush are not interested in the internal affairs of our denomination. However, I am also sure that you want a person who is fair, evenhanded, and not a reactionary. If that is the case, I suggest that you bypass Judge Pressler.

I am not ordinarily a political activist, but I felt strongly enough about this issue to write.

Thank you for your consideration.

Dear Mr. Sununu:

I write this letter hoping it will get to the President, urging him under no condition to appoint Judge Presslar to the Federal Ethics post under consideration.

Judge Presslar has done more harm to the Baptist denomination than any other ten people since the life of John the Baptist.

I personally have spent \$8 million to build a Missionary Training Center which has served a tremendous purpose for the past six years, however, due to the Fundamentalist movement headed by Judge Presslar, we have fewer people offering their services as full-time missionaries than at any time in recent years. With all of the suffering and misery in the world, particularly in the third world quarters, missionaries have an opportunity to do a great service and it is a shame Judge Presslar's activities which are outdated are tearing our denomination apart. True, I would be happy to see Judge Presslar elsewhere but I think it would be totally unfair to have him head the Ethics Committee for he has disorganized the largest denomination in the U. S.

Thank you kindly.

Yours truly,

Harwood Cochrane

Dear Phil:

I'm sorry for the delay in responding to your May 10 letter concerning the application of the minimum investment income base provisions of Internal Revenue Code Section 842 to U.S. branches of foreign property and casualty insurance companies.

Your letter raised an important issue, which the Administration has looked at very closely. Since we received your letter, Office of Management and Budget (OMB) officials have been in close consultation with Treasury officials on this matter. When OMB first contacted Treasury last May, the Department was aware of your concern regarding the implementation of Section 842, and had begun analyzing currently available information to investigate that concern. As you may have already been apprised, the Treasury Department has carefully examined the likely impact of Section 842's requirements on different lines of insurance business. Unfortunately, we have learned through Treasury's comprehensive examination, that currently available information is insufficient to determine the precise economic consequence of refining the application of Section 842's formula based on a firm's mixture of assets, liabilities, investment earnings, and domestic assets. Nevertheless, follow-up communication between OMB and Treasury has indicated that sufficient data should be available in the future to allow a reconsideration of the application of Section 842. To this end, we are working with Treasury to begin the collection of more useful data beginning with the 1989 insurance company tax returns, which will provide two years of reliable data for analysis during 1992. Until then, it appears reasonable for the Department to cease from refining the application of Section 842 to short- and long-tail lines of the insurance industry.

We will monitor the situation to ensure that the analysis is completed as promptly as possible. Please know that President Bush shares the Congress' concern that a level

playing field be maintained in the property and casualty insurance business. Preserving competition in the market place is a high priority of the President and we will continue to work toward this goal.

Please let me know if I may be of additional assistance to you on this or any other issue.

Regards,

John H. Sununu

Chief of Staff, The White House
Washington, D.C. 20500

Dear Mr. Sununu:

I strongly support the nomination of Judge Paul Pressler for Director of the Office of Government Ethics. I have witnessed the Judge behave both in public and private, and his integrity, honesty, and discretion are above reproach. Even the midst of the most trying of circumstances, the Judge has always dealt with those who have disagreed with him with a resolute firmness, but kind consideration and appreciation of the individual with whom he is dealing. Every word emanating from the Judge's mouth in the past few years has been highly scrutinized, double checked, re-checked, and tried to have had the worst reputation placed upon it as a consequence of his involvement in the Baptist domination. Unfortunately for those who have sought to discredit him, his speech and action have always been well-reasoned, truthful, and of the utmost integrity.

Sincerely,

The White House
Washington D C 20006

Dear Governor Sununu:

An article in the Houston Chronicle made me aware that some individuals are attacking Judge Paul Pressler in hopes of discouraging his appointment by the President to a federal ethics post. I wish to speak strongly in favor of Judge Pressler.

I have observed Judge Pressler from a distance for many years and have had two occasions to meet with him. I have seen him handle difficult problems in public spheres repeatedly. He always did what was needed with honesty and integrity. You would be hard pressed to find a man with more personal integrity or greater ethical character than Judge Paul Pressler.

The Chronicle article quoted some Southern Baptists who spoke against Judge Pressler. It is no secret among Baptists that these men simply have an ax to grind. They do not like the values and principles for which the Judge firmly stands, and therefore they would do anything in their power to prevent his appointment. The interesting thing is that the very men asking the President not to appoint Judge Pressler are opposed to many things about which the Judge and the President would agree, judging from the public statements of each on various issues. I would be greatly surprised if these men even supported Mr. Bush in his campaign for the Presidency.

On the other hand, many people like myself who share Judge Pressler's convictions, were enthusiastic supporters of Mr. Bush. Frankly, we have already been disappointed that some fine conservative valued individuals were not chosen for appointment to FCC posts. I urge you to advise the President that the ones who support what his administration stands for want people like Paul Pressler for Federal appointments.

Sincerely,

Michael Claunch

Dear Governor Sununu,

I am writing to you regarding the selection of Judge Paul Pressler to head the U.S. Office of Government Ethics. I cannot think of a finer or better qualified man than Judge Pressler.

He is a soft-spoken man who is friendly and courteous to all yet at the same time, he is as hard as nails on issues of right and wrong, moral or immoral, ethical or unethical. Judge Pressler has served well on Texas' 14th Court of Civil Appeals and is respected by his peers.

I have had opportunity to see first-hand how he reacts when faced with vicious opposition and outright hatred. He always answers with an appeal to find the high ground and offers his hand. At the same time, Judge Pressler is a mover and a shaker. In our own Southern Baptist Convention he has seen some things that bother him and has helped make some positive, desperately needed changes.

I encourage you, sir, to do whatever is in your power to see that Paul Pressler is appointed. He will be a tremendous asset to the Bush administration and will help our president fulfill one of his campaign promises to see that ethics in government is more than a simple phrase.

Sincerely yours,

Paul D. Carter

Dear Mr. Clark:

Thank you for your June 2 letter regarding the Medicare catastrophic health insurance program.

Catastrophic health insurance was the product of painstaking negotiations between the Congress, the Reagan Administration, and various beneficiary groups. The Congress enacted these benefits to provide the nation's elderly with important and necessary protection against the costs of acute catastrophic illness.

President Bush is committed to the care of our elder citizens in need and believes that it would be imprudent to modify catastrophic health insurance in the first few months of its life. Indeed, modifications made at this time, without actual experience, could jeopardize the program's soundness and weaken promised health cost protection.

Again, I appreciate hearing your concern in this matter.

Nevertheless, Governor Sununu asked me to convey his appreciation for your thoughtfulness and send you his best wishes.

Dear Dr. Chambers:

Thank you for your kind letter. I appreciate too your frank input on the Administration's need to reach out to women and minorities.

As you may already know, the President used his address to the AAUW as an opportunity to express his heartfelt concern regarding crimes against women. He stated, "I am angered and disgusted by the crimes against women and by the archaic and unacceptable attitudes that all too frequently contribute to those crimes. This war against women must stop. And I hope we can prove to be a constructive force for ending it." I am enclosing for you a copy of the President's remarks on that occasion which I hope you may find useful.

As for philately, I have been collecting with my son for many years and enjoy receiving stamps from all remote corners of the world.

Dear Tim:

Chief of Staff John Sununu has asked me to respond to your recent letter regarding his background and job at the White House.

First, the Chief of Staff's primary responsibility is to manage the President's staff and run the White House operations. Mr. Sununu travels with President Bush to most of his meetings and anytime he leaves the White House complex. Many times, the Chief of Staff holds meetings on the President's behalf when the President's schedule will not allow him to attend.

Mr. Sununu's goals as Chief of Staff are to advance the policies of President Bush and his Administration.

Before being appointed to this position, Mr. Sununu served as Governor of the state of New Hampshire. He was Governor from January 1983 to January 1989.

Mr. Sununu was born in Cuba in 1939. He went to school at the Massachusetts Institute of Technology, earning his Ph.D in the field of mechanical engineering. He has 20 years experience and service as an educator, engineer, small businessman, and community leader.

Mr. Sununu has a wife and eight children. His wife and two younger children will be joining him in Washington at the end of the school year.

I hope this information will be helpful.

Best wishes,
