Dear Dr. and Mrs. Davis:

On behalf of the Chief of Staff, thank you for your letter concerning H.R. 2712.

Following the tragic events in Tiananmen Square in June, President Bush took action to ensure that no nationals from the People's Republic of China would be deported against their will. On November 30, the President took additional action to extend and broaden that protection. Since President Bush's directive accomplished the objectives of H.R. 2712 administratively, it was not necessary for this bill to become law.

President Bush and Governor Sununu appreciate your views on this issue. In light of your interest, I am enclosing material I hope you will find informative.

Dear Mr. Davison:

Thank you for your recent message regarding the firearms issue.

As you are aware, President Bush and the American people are gravely concerned about the availability of foreign-made weapons used by criminals to commit devastatingly violent acts throughout our communities. This is an intolerable situation and will not be allowed to continue.

On May 15, the President announced a comprehensive and commonsense program to effectively combat crime, with strong proposals to limit the access to illicit weapons. At the same time, the program will not infringe upon the rights of law-abiding citizens to own and use firearms. In light of your interest, I am enclosing for you a fact sheet which outlines the President's initiative in this area.

Thank you for taking the time to write.

ED WITH INCOMING

October 10, 1989

Dear Ms. De Pew:

On behalf of the Chief of Staff, thank you for your letter concerning appropriations legislation for the District of Columbia, which permits the use of funds to pay for abortions.

The House of Representatives and the Senate have passed the District of Columbia appropriations bill for Fiscal Year 1990, which permits Federal funding for abortions under circumstances where the life of the mother is not endangered. A final version of the bill is being prepared by House-Senate conferees. President Bush has announced his intention to veto the appropriation bill if it is presented to him in its current form.

The President does not believe that appropriated funds should be used to pay for abortions other than in those cases where the life of the mother would be endangered if the fetus were carried to term.

Dear Mr. Sununu:

The purpose of this letter is to urge you to favorably consider the nomination of Judge Paul Pressler of Houston, Texas, for the Federal Ethics post. Judge Pressler is a friend of long standing whose greatest problem is his extraordinary personal courage coupled with a deep and abiding love for his church and the Southern Baptist Convention. His willingness to speak out for his convictions and to stand firm for basic conservative beliefs and high moral principles has put him at odds with a vocal and influential element within the Convention. This element, largely composed of academicians and denominational bureaucrats, had been increasingly imposing its agenda of social programs and liberal theology within the programs of Southern Baptist institutions. Through the leadership of Judge Pressler and other concerned Southern Baptists the majority in the Southern Baptist Convention has rejected their liberal agenda and returned the Convention to leadership committed to basic Bible centered beliefs. Needless to say those with conflicting views are bitter and vindictive toward this sincere and committed Christian man.

There is no more qualified man for the Federal Ethics post than Judge Paul Pressler.

With best regards, we are

Sincerely yours,

As you are aware, President Bush and the American people are gravely concerned about the availability of foreign-made weapons used by criminals to commit devastatingly violent acts throughout our communities. This is an intolerable situation and will not be allowed to continue.

On May 15, the President announced a comprehensive and commonsense program to effectively combat crime, with strong proposals to limit the access to illicit weapons. At the same time, the program will not infringe upon the rights of law-abiding citizens to own and use firearms. In light of your interest, I am enclosing for you a fact sheet which outlines the President's initiative in this area.

Thank you for taking the time to write.
