Dear Jennifer,

Thank you for your letter. I spent several days in the Soviet Union in August and unfortunately did not have the chance to meet any Russian children. I'm sure, though, they can't match the talented and intelligent students we have in the United States!

I think it's important for our two countries to become better acquainted. Student exchanges, such as the one you wrote about, provide a good opportunity for students to see how their peers live in other countries.

Good luck in school, Jennifer. Keep up the good work!

Dear Charlie,

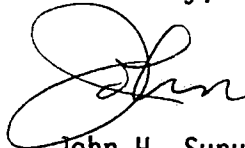

I want to join with your friends and colleagues in wishing you the very best as you celebrate your retirement from the Dover Police Department.

Working in public service can be extremely difficult, yet, as I'm sure you have found, extremely rewarding. In the midst of a world full of calamity and adversity, it's so refreshing to know there are still people like yourself who show only selflessness and generosity for their community.

With over thirty years of work in the police force behind you, I think you and Evelyn have a well deserved rest ahead of you! Good luck on the slopes! I only wish I could join you.

Nancy joins me in sending our very best wishes for whatever the future holds.

Now that you and Gloria are "free at last" let me reiterate the appreciation Nancy and I have for the great work you've done. You set an outstanding example not only in California, but for people in public life throughout the country.
