November 1, 1990

Dear Elizabeth:

Chief of Staff John Sununu asked me to respond to your recent letter regarding his background and current responsibilities at the White House.

The primary responsibility of the Chief of Staff is to manage the President's agenda and the day-to-day operation of the White House. He oversees the development of domestic and foreign policy, communications, staff, budget, and relations with the press, the Congress, and State and local governments. He accompanies the President to most meetings and events worldwide and is often called upon to speak on the President's behalf.

John Henry Sununu was born in 1939 and spent most of his childhood in New York City attending parochial elementary school and, later, the La Salle Military Academy in Oakdale, Long Island. He went on to study engineering at the Massachusetts Institute of Technology and earned his Ph.D. in 1966. While he proceeded to distinguish himself as an educator, engineer, small businessman, and community leader, he is most often remembered for his work as Governor of the State of New Hampshire. He was elected in 1983 and served for three terms until 1989, when he was asked by President Bush to serve as his Chief of Staff at the White House.

He and his wife, Nancy, have eight children. In his spare time he enjoys skiing, golfing, reading, and collecting baseball cards.

Governor Sununu is proud to be serving as Chief of Staff and feels that his diverse experience as an engineer and as a leader in both State government and private industry could be of special benefit to President Bush's Administration and to our nation as well.

I hope this information is helpful, and it comes to you with Governor Sununu's best wishes.

Dear Ms. Barr:

Thank you for your recent letter to the Chief of Staff regarding the issue of abortion.

Governor Sununu shares President Bush's view that the subject of abortion is a very personal, often painful one for most Americans and that people of goodwill may disagree on social questions as difficult and complex as this one.

The President believes that abortion is wrong and he is committed to protecting unborn human life. He will continue to support a human life amendment to the Constitution, with an exception for cases of rape, incest, or where the life of the mother is endangered. As for the issue of government funding for abortions, the President supports existing Federal law that allows taxpayer funds to be used for abortion only when the life of the mother is endangered. Alternatives to abortion, such as adoption, will also continue to be encouraged.

Governor Sununu appreciates the time you have taken to share your views with him and you have his best wishes.

Dear Mr. Berenson:

Thank you for your letter and sharing your views regarding the firearms issue.

As you know, this is an area of great concern to President Bush and to the American people. Last year, the President announced a major proposal for effectively combatting violent crime in the United States. The Administration's initiatives include proposals that will limit access to certain weapons by criminals, yet maintain respect for the rights of firearms owners. While Congress has taken action on some portions of the bill, the measure has not yet been fully addressed. The President has repeated his call for Congress to act on the Omnibus Crime Bill.
