Dear Governor Sununu:

JMS-3
Mr. Barbieri
... Dr. Don Walsh
... Dr. Walsh ...

During the 1987-88 Presidential campaign I worked extensively with all aspects of ocean policy, including the areas of defense, energy, marine transportation, fishing, recreation and marine environmental research.

During this period, Dr. Don Walsh demonstrated his commitment to President Bush in a number of ways. I've long believed that Dr. Walsh would be an asset to the Administration. I've recommended that he serve as Administrator to the Maritime Administration, but the Office of Personnel has yet to contact him. Dr. Walsh is a staunch advocate of sea power, its merchant marine components, and understands the need to live with budgetary restraint. Moreover, he would have the full support of maritime labor, including those unions that supported President Bush.

My understanding is that you may have another candidate for the MARAD job in mind. If that is the case, I would encourage you to pass Dr. Walsh's resume on to Secretary Cheney at the Pentagon. I believe Dr. Walsh would be outstanding at the job of Assistant Secretary of Navy for R&D.

Don Walsh is an outstanding individual who has served his country with distinction and can do the same for the Bush Administration.

I respectfully urge his consideration for appointment to one of the aforementioned posts.

Sincerely,

John M. Barbieri

I feel it is my duty as a concerned citizen to speak out about the lack of visible progress concerning environmental issues that are immediate and vital problems in our society today.

As a professional working a full time job, I am willing to put forth extra effort in the task to save our faltering environment. I would hope our government officials and policy makers feel these same urgent concerns; however, I have read items in the newspaper, none too flattering toward the Bush administration, about action (or rather in-action) concerning such areas as global warming.

I am writing to underscore the fact there are many American citizens expressing concern and worry over these issues. The time is now for action, for if we lose our earth, we won't need a budget to balance!

Dear Mr. Sununu:

It is our pleasure to recommend to you Mr. John Richard Price for consideration as an appointee to the Federal Communications Commission. John Price is a man of integrity and impeccable reputation. He will bring good skills, a clear mind and a heartfelt interest to maintain free and productive broadcasting in America. He has proven himself as an advocate for those things that are in our nation's best interests.

Since we have been involved in broadcasting for over 63 years, now having twelve owned and operated stations, as well as approximately 300 affiliates across our land, we would be pleased to know that one like John Price would be serving on the FCC.

Please accept this unqualified and enthusiastic recommendation. We trust that you will give careful consideration to his appointment.

Cordially,

Joseph M. Stowell, III

Dear Dr. Sununu:

At the suggestion of Grady Harris, a member of our Board of Directors, I am sending herewith the Preliminary Program for our Annual Meeting at Colonial Williamsburg on May 21-24. Although you had, I believe, indicated to Grady that you would be unable to join us at that time, we would be pleased if your schedule has changed.

Our meeting will address one of the most critical problems our country faces today--education. Special focus will be placed on what industry, particularly industrial R&D, can do about it.

Please let me know promptly should you care to be with us at any occasion on the program.

Sincerely,

Dear Mr. Sununu:

You are cordially invited to attend the Annual Meeting of Members of New Hampshire Electric Cooperative, Inc. to be held on Tuesday, June 6, 1989 at our district office facilities in Plymouth, NH.

This year the Cooperative is celebrating its 50th Anniversary and in addition to the regular business meeting, plans are being formulated for tours of the Cooperative office facilities, demonstrations by line personnel, a video of Seabrook Nuclear Plant, other exhibits and displays as well as a chicken barbecue lunch.

Recognizing that your schedule is exceptionally busy, and that you may not be able to attend, a letter of congratulations to the Cooperative on its 50th anniversary would be appreciated. Your letter will be mentioned by me to the 600 or more members who will attend our meeting.

A copy of the notice of the meeting is enclosed.

Dear Governor Sununu:

On behalf of Mr. William V. Weithas, chairman and chief executive officer of LINTAS: Worldwide (formerly SSC&B: LINTAS), managing director of the Interpublic Group of Companies, and chairman of the American Association of Advertising Agencies, I am taking the liberty of writing to invite you to address the 1989 Annual Meeting of the American Association of Advertising Agencies to be held at the Greenbrier Hotel in White Sulphur Springs, West Virginia on May 17th-20th. The Conference will be attended by over 1000 advertising agency ceos, including the chairmen of Saatchi and Saatchi, Young and Rubicam, Omnicom (BBD&O), J. Walter Thompson, McCann Erikson, Interpublic, Grey, WPP, and more. Needless to say, the AAAA would be honored to accommodate your schedule as to the precise date and time of your remarks. We do believe, however, that this forum would afford a unique and valuable opportunity for you to speak to some of the major themes of your administration, specifically drug prevention, budget reduction, global competition, private sector voluntarism, and the like. In fact, a major focus of this year's conference will be the "Partnership For A Drug Free America," an Association sponsored public service advertising campaign designed to combat drug use in this country -- this unprecedented 1.3 billion dollar project is the largest voluntary private sector effort in the nation's history and has earned praise from members of the Administration and the Congress alike.

As you know, the American Association of Advertising Agencies is the principal trade organization for the nation's advertising community and represents over 900 companies throughout the country. In fact, its 900 member-agencies are responsible for some \$150 billion in revenues each year, and account for most of the print and broadcast advertising which Americans see, hear, and read daily. Additionally, the AAAA is the lead association in the Media-Advertising Partnership and is responsible for producing countless millions of dollars in voluntary public service advertising each year, ranging from worthy causes as disparate as the Red Cross and "Smokey the Bear" and fire prevention to the American Negro College Association and AIDS.

Dear Mr. Malott:

Thank you for your recent letter inviting the Chief of Staff to address your Board of Overseers at a meeting, July 19-20 at Stanford University.

Your invitation is appreciated, but the heavy demands of Governor Sununu's schedule make it impossible for him to accept and he will be traveling with President Bush at that time. Nevertheless, the Governor asked me to thank you for your kindness and send you his best wishes for a successful meeting.

Sincerely,

new Administration, and the progress to date. I know your schedule is very tight, but I hope you can arrange to join us in July. Of course Hoover will be pleased to reimburse you for any expenses incurred and to make any arrangements necessary for your visit. Questions about these or other details should be forwarded to Deputy Director John Raisian at the Hoover Institution (415)723-1198.

Could you please have your office let John Raisian know, at your earliest convenience, whether you will be able to join us. We would be very honored by your attendance.

Dear Sergeant Dyer:

U (5/11/89)
Thank you for your recent letter to the Chief of Staff requesting a flag from the White House. Because the flags flown over the White House are used as long as they are serviceable and then burned, according to proper flag protocol, it is not possible to comply with your request.

However, flags flown over the United States Capitol may be obtained through Members of Congress. You may wish to contact your Representative or Senator for help in this regard.

With Governor Sununu's best wishes,

Thank you for your recent letter.

I want to assure you that President Bush and the Administration have the highest respect for former President Reagan. President Bush has made it clear that any comments made by members of the White House staff suggesting a contrary view will not be tolerated. Anyone making such comments will be dealt with severely.

I appreciate the concern that prompted you to write.

Dear Governor Sununu,

We earnestly ask that the President attend the June 26 dinner of the New York Republican State Committee as our Guest of Honor.

This dinner will introduce our new State Chairman, J. Patrick Barrett.

It will also raise the funds necessary to mount our campaign against Cuomo for 1990. We hope that Pat Barrett will be our candidate for that race.

We want this dinner to be a clarion call for the Republican party and nothing would guarantee the success of the dinner more assuredly than the presence of the President.

Thank you so much for arranging the meeting with Pat and the President. It was of enormous help.

I can not tell you what a great thing it is for the New York GOP that Pat has taken over. The entire leadership has pledged its support to him.

Alfonse D'Amato was particularly helpful in bringing this to pass.

We would like to know about the President's availability as soon as possible, as we are most anxious to get smashing invitations out.

Thanks so much. The tide will turn here in the Empire State.

Sincerely,

Mr. Schlitz

I have been following the news events since the great Alaskan oil spill and I have noticed that certain politicians in Washington are considering creating a new cabinet post. This new cabinet officer, dubbed "Spill Czar", would be in charge of clean up efforts at chemical spill sites and setting guidelines for the prevention of new spills. I enthusiastically support this measure and I am submitting myself as a candidate for the position. I have all the necessary experience in chemical disaster cleanup along with a no nonsense, direct approach when executing matters. I appreciate your consideration for this very important and challenging position. The following page is my resume, please feel free to call me, my number is (414) 242-3741.

DEAR MR. SUNUNU:

THIS LETTER IS A FOLLOW-UP TO MY TELEPHONE CONVERSATION WITH AN UNIDENTIFIED MEMBER OF YOUR STAFF TODAY. IN THAT CONVERSATION I STRESSED MY CONCERN WITH THE LACK OF ACTION IN FILLING THE VITAL POSITIONS WITH-IN THE BUSH ADMINISTRATION.

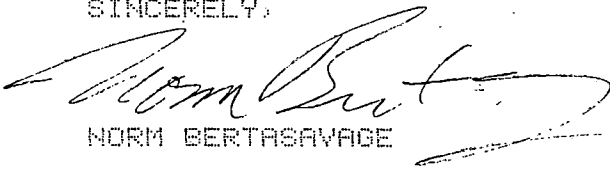

MY MORNING MAIL BROUGHT TWO LETTERS. ONE FROM LEE ATWATER THANKING ME FOR MY CONTINUED SUPPORT OF THE RNC AND URGING HELP FOR THE 1990 CONGRESSIONAL ELECTIONS. THE SECOND WAS MAILED BY MY COUNTY CHAIRMAN. IT WAS A COPY OF A LETTER TO CHAIRMAN BAKER FROM RONALD C. KAUFMAN. HE WAS COMPLAINING ABOUT THE NUMBER OF RESUMES AND PHONE CALLS HE RECEIVES FROM JOB HUNTER. I'M CONCERNED THAT THIS FLOOD OF RESUMES WILL CONTINUE UNTIL THE 1990 ELECTIONS AND THEN STOP IF ACTION ISN'T TAKEN MORE QUICKLY TO ESTABLISH A BUSH ADMINISTRATION.

MY INTEREST IS IN MAKING THE D.O.D THE PACE SETTER IN ENVIRONMENTAL PROTECTION DURING THE BUSH PRESIDENCY. HOWEVER, THERE FIRST NEEDS BE AN UNDERSECRETARY OF DEFENSE FOR ACQUISITION. SINCE THERE SEEMS TO BE A DEARTH OF CANDIDATE, TAKE A LOOK AT MY FILE. IF THIS PRESIDENT DARES TO BRING IN AN OUTSIDER, I'M WILLING TO TAKE THE HEAT.

A RECENT POLITICAL CARTOON SHOWED AN AMERICAN COUPLE WATCHING MR. GORBACHEV RELATING HOW A SOVIET SHIP WAS HELPING CLEAN-UP THE ALASKAN OIL SPILL. THE CAPTION READ: "THERE'S OUR ENVIRONMENTAL PRESIDENT"! MR. GORBACHEV SEEMS TO HAVE CO-OPTED THE TITLE OF PEACE PRESIDENT IN WORLD OPINION. IF THERE ISN'T SOON SOME MOVEMENT WITHIN THE BUSH ADMINISTRATION, GORBACHEV WILL HAVE ALSO CO-OPTED THE OPTED THE ENVIRONMENT LEAVING TO THE UNITED STATES ONLY THE ROLE OF EVIL EMPIRE.

WHAT-EVER THE DECISION ON MY PERSONAL ROLE, I IMPLORE YOU TO GET THINGS MOVING. IF THE FIRST BUSH ADMINISTRATION IS ALSO THE LAST BUSH ADMINISTRATION THERE WILL BE DISASTER FOR OUR NATION AND DEVASTATION FOR OUR PARTY. PLEASE DON'T LET THAT HAPPEN.

SINCERELY,

I am a fellow Phi Sig from the Eta Hexaton chapter of the University of Dayton in Dayton, Ohio. I am now a third year resident in Family Practice at the Western Reserve Care System in Youngstown, Ohio, which is affiliated with Youngstown State University and the Northeastern Ohio University College of Medicine. My residency will end in June of 1989, and I will be board eligible at that time.

I have an extreme interest in Aerospace Medicine, and I have decided to pursue a full time career in that field. To that end, I have applied to the Aerospace Medicine Program at Wright State University in Dayton, Ohio.

My interests lie primarily with the physiological and psychological effects of prolonged space flight, including, of course, the effects of microgravity, sensory deprivation and small group dynamics.

I have always had a great respect for the space program. The study of the universe which allows us to preserve it as it was intended to be, the application of our knowledge to the advancement of global peace, the alleviation of suffering, the unification of mankind, and the development of man intellectually, as well as morally and ethically, I believe to be among the program's greatest virtues and aspirations.

My ultimate goal is to work with NASA, participate in their bio-medical research, and to be considered as an astronaut candidate. Any suggestions you may have which could allow me to strengthen my candidacy would be greatly appreciated.

I will be in the Washington area May 7th through the 11th, to attend the annual scientific meeting of the Aerospace Medical Association, as well as July 13th through the 16th. I would certainly appreciate the opportunity to meet with you if at all possible.

I wish to thank you for your time and consideration in this matter and I look forward to the future.

DOS WITH INCOMING

Their desperation is now mine and has been done to expedite their coming here before the expiration of their visitor's visa in early January 1990? Letters, phone calls, a visit to the INS have elicited no substantive information.

A reply would be deeply appreciated.

God be with you and your dear ones.

RE: The Department of State's honoring of Gabriel Y. Akar,
Foreign Service National Employee of the Year.

Dear Mr. Sununu:

During the week of May 15th, the Department of State will honor Gabriel Y. Akar, Political Specialist, U.S. Embassy at Beirut, recipient of the 1989 Foreign Service National Employee of the Year Award, bestowed upon the non-American determined to be the most outstanding employee of a U.S. embassy or consulate. Mr. Akar and the other four finalists were selected for special recognition from over 10,000 non-U.S. employees because of the extraordinary contributions they have made in their many years of loyal and dedicated service to our Government. The other finalists are Danuta Antoszezwska, Poland; Gladys Arocha, Colombia; Caroline Chang, Fiji and Henriette Ralalalhariosa, Madacasar.

To give you insight into what lengths they have gone in serving our country, I have enclosed copies and summaries of the nominating cables. But for the incredible talent and courage manifested by Mr. Akar, Miss Arocha could well have received the award herself; her actions were so outstanding. In addition, Miss Antoszezwska made noteworthy contributions.

They are scheduled to tour the White House on Tuesday, May 16th at 8am. If you would care to make their visit to the White House especially memorable, I am confident that they would be most appreciative.

Sincerely,

T.E. Leahy

Dear Mr. Krebsbach:

Thank you for your recent letter to the Chief of Staff regarding your fundraiser and celebrity auction this summer.

Unfortunately, as a matter of White House policy, the Chief of Staff cannot support personally all the endeavors that are brought to his attention. Nevertheless, I have sent your request to the Office of White House Liaison at the Republican National Convention, 310 First Street, S.E., Washington, D.C. 20003 for their review. They may be able to assist you.

Dear Mr. Sununu:

JHS
Mr. Piker
My name is Michael Piker and I have chosen to write to you because I am seeking employment with the U.S. Government in some capacity where my Japanese background can best be put to use. As the Chief of Staff, I thought you would be the appropriate person to write to in the Executive branch.

I have enclosed my résumé for the remote chance, that a position might be open for someone with my background. Currently, I am employed on a Japanese governmental program in Iwate prefecture, Japan. In addition to that, I spent a year studying at a Japanese university. These experiences along with Japanese homestay families, have allowed me to gain a certain proficiency in the Japanese language.

What I am looking for after this program ends in July, is employment with the Executive branch. As I mentioned before, I have a keen interest in inputting my international experience into National policy in its own small way. The NSC is one area for example, where my skills could possibly be put to use.

While I still have three months before my program ends, it is never too early to look for a job. With that in mind, I am curious to see if someone with my background could make a realistic contribution. Perhaps I am looking for a long shot by writing to you looking for a job, but I thought it was worth a try. As a loyal Republican I have much respect for President Bush's policies towards Japan. His recent decision to go ahead with the FSX deal was a wise choice.

I look forward to your reply. You can reach me at the Japanese address on my résumé. Thank you so much for your time and attention.

Sincerely,

Michael A. Piker

Dear Mr. Sununu:

I would like to suggest the following idea to you. Next April 22 is the 20th anniversary of Earth Day. Environmentalists, led by Denis Hayes--the original founder of Earth Day, are in the process of planning a major celebration. Knowing of President Bush's interest in protection of the environment, I believe that he should have a staff person to develop a strong White House program to coordinate with the Earth Day celebration. This would involve establishing a strong administration presence using cabinet officers, White House officials, and of course the President. The staff person might also coordinate activities with Congress.

I will be spending a year in Washington D.C. beginning in August when my husband goes on sabbatical. I would like to work on environmental issues for a government office or agency during the year, and would be very interested in serving in the position I have just described. I have the qualifications to do an effective job. I have credibility with environmentalists as I have been active in the environmental movement in Florida for over twenty years. I have experience in government: I served on a regional water management board for eight years, so I understand the limitations on government involvement in environmental activism. I have been involved with environmental legislative lobbying in Florida for a number of years, so I know how to work with legislators. I am an idea person who also implements ideas. I believe I could offer you the opportunity to enhance the administration's environmental image and promote greater citizen environmental awareness at the same time.

Reverend Saad Young
Howard W. Young
Dear Sir:

For thirty-two (32) years, until about one (1) year ago, I was pastor of Our Lady of Purgatory-Maronite Church in New Bedford, Massachusetts. For the past year I have been retired but I continue to live in the New Bedford community.

Thirty (30) years ago in 1959 a young attorney came to meet my congregation because he was seeking election to the post of State Senator from the New Bedford area. He was elected. I understand that he was the first member of his Republican Party to be elected to state office in over twenty (20) years in New Bedford.

In the thirty (30) years since that time, I have observed Atty. Howard W. Young acting in a variety of roles in our community. He tells me that he has asked to be appointed to a Federal policy level position in one of the regional offices of a Federal agency in Boston. I am writing this letter to endorse his fitness for such a position.

Although Atty. Young is a member of the Protestant faith, I have observed that he has been most active as a layman in the church life and ecumenical religious life of this community. I know that he has been active with the Interchurch Council of Greater New Bedford in programs for the elderly that twelve (12) years ago resulted in an eleven (11) story, three hundred and twenty (320) apartment complex for elderly housing here in New Bedford. Within the last year or two the efforts of Atty. Young and others have resulted in a second apartment complex of forty-four (44) units in the south end of our city. He has for over thirty (30) years worked to bring to reality a variety of ecumenical activities through this Interchurch Council.

Atty. Young has been an effective attorney in this community for thirty-nine (39) years and even rose to be appointed by Massachusetts Governor Sargent to be presiding justice of Bristol County Juvenile Court and handled cases in Fall River, Taunton, Attleboro, and New Bedford. He tells me he handled about three thousand (3,000) cases per year before he resigned because he could not agree on a formula to divest himself of business interests.

Dear Ms. DeGange:

Thank you for your recent letter requesting a meeting with the President and Chief of Staff for your Youth Summit in Washington on June 15.

Secretary Gorbachev. Although he was not actually able to meet with us when we arrived in Moscow, a group of our Youth Ambassadors were fortunate enough to meet with Mrs. Gorbachev in the Kremlin and present her their action plans from the 1988 Moscow Summit. The Youth Ambassadors were also invited to Spasso House where we were received by Ambassador and Mrs. Matlock.

It was a great honor and privilege for our young ambassadors to be able to speak with such respected individuals during our visit to the USSR. It's an opportunity we would like to offer the children while they are in Washington. It would be such an honor if the participants in the Washington Summit could have a chance to meet with President and Mrs. Bush and present them with a copy of the action plans they came up with at their Summit in Moscow.

I realize that this is late notice, but Youth Ambassadors of America would be most grateful for any assistance you can offer to give our young ambassadors and their Soviet counterparts the chance to meet with President and Mrs. Bush in June. We would also be most honored to meet you during our

Dear Mr. Sununu:

On June 12-15, a delegation of Finnish business executives, led by Ulf Sundqvist, Chief General Manager, STS Bank, will be in Washington for a series of meetings with senior government officials. The delegation will also be participating in IMDI's June 13 "Midyear Economic/Business Outlook." STS Bank is an outstanding international bank headquartered in Finland and represents both an emerging dynamic country and a corporate player in the global economic community.

The purpose of this letter is to respectfully put forth a request from STS Bank -- and more precisely Ulf Sundqvist -- for a meeting with you Monday, June 12 or Wednesday, June 14. There are also some "pockets of time" in the afternoon on Tuesday, June 13 and the morning of Thursday, June 15. Current plans for the group include meetings with:

- Hon. Robert L. Clarke, Comptroller of the Currency, Department of the Treasury;
- Hon. John P. LaWare, Member, Board of Governors, Federal Reserve System;
- Hon. Rozanne L. Ridgway, Assistant Secretary for European and Canadian Affairs, Department of State;
- Hon. William V. Roth, Jr., Member, United States Senate; and -
- Hon. David S. Ruder, Chairman, Securities and Exchange Commission.

For your information, I have enclosed a copy of Mr. Sundqvist's biography and several pages from STS Bank's Annual Report.

IMDI's Program Director, Lorna Best, will be in contact with Jackie Kennedy in your office shortly. In the meantime, please let us know if we can provide you with further information.

I close with one observation which is central to IMDI. We jealously protect our educational, nonprofit, non-lobby status. We are simply a policy "neutral forum" for business-government exchange of views. For your background on IMDI, enclosed is our publication entitled "IMDI: The Next Five Years."

All best wishes.

Dear John,

The National Federation of Republican Women will be hosting a political briefing for approximately two hundred and fifty Regents at the Columbus Club at Union Station in Washington, DC on May 22, 1989 at 2:30 p.m. This briefing is in conjunction with the White House reception with Mrs. Bush and the Oval Office visit of Capitol Regents which will take place in the morning at 9:30 a.m.

Regents are NFRW's major donors who contribute \$1,000 to \$5,000 per year to our Federation. Due to their strong financial support, NFRW is able to remain financially self-sustaining and continue it's role of educating and training Republican candidates nationwide.

We would like for you to address this prestigious group of women at our briefing.

Our Regents need to have the opportunity to learn first hand about the priorities of the Bush Administration and the role that influential Republican women can play in helping the President achieve his goals. Our Regents, who come from throughout the country, would return to their communities armed with a new perspective on Administration policies.

Our program is from 2:30 p.m. to 4:30 p.m. and will include other speakers. Your total commitment in time would be approximately twenty to thirty minutes.

We look forward to your attendance at NFRW's annual Regents Day briefing. Joan Perrin, Finance Director, will call your scheduler to check on your availability.

Dear John:

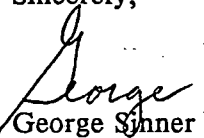

This is to invite you to attend a luncheon I shall host in the Secretary of the Interior's dining room in the Interior Department on May 11, 1989 at noon.

The subject of the luncheon will be a discussion of the possibilities for improving the coordination of federal water programs and policies, not only with each other but also with state water programs. Last fall, I convened a Water Coordination Working Group, which included representatives of EPA, OMB, the Department of Interior, and various state, environmental, business and academic interests. I brought the group together after becoming frustrated by the multiplicity of state and federal agencies with jurisdiction over water while I worked to coordinate drought response efforts during the summer of 1988. After two meetings, the group achieved consensus that it is time to take steps to improve the coordination of federal water policies.

At the luncheon I shall present the report of the group and seek to engage invitees in a dialogue regarding steps we might take to improve water policy coordination.

I hope you will be able to attend.

By hand

Dear Gov. Sununu,

The enclosed group of financial executives is going to be meeting in Room 22 of the Old Executive Office Building on the afternoon of Wednesday, May 10 and I write with no familiarity to you beyond a couple of passing handshakes to ask if you would be good enough to come over and talk to them for 20 minutes. They are gathering under the aegis of the Washington Focus Seminar, a communications link between the financial community and Washington established some years ago by myself and John Coleman of Chicago.

I have asked Brent Scowcroft to talk with us from 3:15 to 3:35 p.m. If you were able to come at that time, it would be great. If it is a bad time for you, we can make other arrangements as we will be in Room 22 until six p.m.

These people come to Washington only to see and learn and a visit with you would enable them to go about their business, which is investing large sums of money, with a clearer understanding of where the Bush administration is headed. So it will be splendid if you can be with us.

Sincerely,

Dear Governor:

I am writing to recommend the appointment of Paul McCarthy to the Federal Communications Commission.

I feel that Mr. McCarthy would be an excellent choice because of his background as a broadcaster and cablecaster. This experience affords him a very good perspective on the industry and offers the FCC a person skilled in pragmatic problem solving.

I interviewed Mr. McCarthy by telephone and found that he has a good knowledge of and is sensitive to the issues facing the FCC. He also would be an articulate spokesman for deregulation and for First Amendment rights for broadcasters.

I feel therefore that his appointment would be beneficial to the Commission and to the public interest as relates to broadcasting and cable. Further, since he is a New Englander, his appointment would be positive for our region.

Thank you for your consideration; and best personal regards.

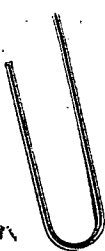

Sincerely yours,

Charles E. Dent, Jr.

Dear Mr. Breeskin:

Thank you for your invitation for Governor Sununu to be an honoree for your charity luncheon on June 14.

We appreciate your extending this opportunity to the Chief of Staff. Although we are unable to make a commitment at this time, we are making a special note of this date. Your invitation will be carefully reviewed as the Chief of Staff's schedule develops, and we will be back in touch with you if he is able to accept.

With best wishes,

Dear Sir:

I have been informed that Attorney Howard Young of New Bedford, Massachusetts has requested to be appointed to a policy level position in one of the Federal Regional Offices in Boston. As I am personally and professionally acquainted with Attorney Young, I would like to share with you this letter of reference and recommendation.

Attorney Young has been a member of The Salvation Army's New Bedford Advisory Board for nearly 30 years. He is currently the Chairman of the Board which is comprised of 24 prominent civic and community leaders. In his capacity as a board member and Chairman he has given invaluable service to The Salvation Army and the Greater New Bedford community which consists not only of New Bedford but Dartmouth, Fairhaven, Acushnet, and Freetown. He also has been and continues to be a tremendous advisor and confident to myself as Commanding Officer of The Salvation Army.

Through his years of service Attorney Young has guided The Salvation Army in New Bedford to great heights of community service. He has helped us to make optimum use of community resources especially the private sector. He also has ensured that The Salvation Army adheres strictly to the terms of any grants, awards or government contracts which we have been awarded. In short he has guided The Salvation Army in exercising fiscal restraint and at the same time raised our level of service to the point where we were able to serve over 26,000 unduplicated persons in this community during 1988.

Governor John Sununu
Chief of Staff to The President
The White House
Washington, DC 20500

Dear Governor Sununu:

You probably recognize the call letters on the letterhead. After the presidential campaign, I'm sure that Mike Dukakis doesn't want to remember either Jerry Williams or WRKO.

I'm writing today to ask President Bush to consider the appointment of Paul McCarthy of Massachusetts to the Federal Communications Commission.

Like the President, Paul is committed to upholding the First Amendment rights of broadcasters and thwarting program content regulation. Without these protections, it would have been extremely difficult for our station to have provided an open and effective forum to discuss the Massachusetts state budget shortfalls, tax caps, mandatory seatbelt repeals and continuing infringements on individual rights in the Commonwealth.

Paul has a clear grasp of major issues confronting radio and television stations. He also has a keen concern for addressing potential interference problems, which threatens FM broadcasting today.

New England needs representation on the FCC, particularly by a bright, home grown professional like Paul McCarthy, who will bring enlightened guidance to our industry, and credit to the region.

I hope that President Bush will give Paul McCarthy full consideration for an appointment to the FCC.

Sincerely,

Daniel K. Griffin

Dear Mr. Sununu:

I am writing on behalf of the California Cattlemen's Association to indicate our support for Dr. Ronald O. Skoog for the position of Director of the U.S. Fish & Wildlife Service. We have worked with Dr. Skoog in his capacity as Natural Resources Program Director with the University of California and have been most favorably impressed with his knowledge and his professionalism.

Dr. Skoog has both the academic standing and the practical experience to excel as Director of the Fish & Wildlife Service. From our point of view, he has demonstrated an understanding of multiple use objectives and has always assisted us in modifying our operations -- or our demands -- to achieve the wildlife or fisheries goal without undue hardship on our ranching businesses. We appreciate his recognition of the requirements of ranching and the compatibility of our needs with wildlife and fisheries objectives.

We understand that Dr. Skoog was a finalist when Mr. Dunkle was selected for the position in the previous Administration. His experience in the intervening time has served to strengthen his qualifications. We urge that he be given favorable consideration for appointment as the Director of the U.S. Fish & Wildlife Service.

Thank you for considering our comments.

Dear Mr. Sununu:

Most of our trouble in this country can be attributed to a lack of understanding of the law of cause and effect. The executive, legislative and judicial branches of our government deal almost exclusively with effects rather than with causes.

While it is true that sometimes we must treat symptoms or effects for temporary relief or control, it is imperative that we identify the causes and begin to deal with them. The chances of us solving a problem by treating the symptoms are almost non-existent.

The character or moral fiber of this nation is on a severe downward spiral. Its own momentum multiplies its velocity. Almost all, if not all, of our problems find their common denominator in this phenomenon. The list includes drugs, pornography, suicide, homicide, divorce, abuses, the balance of trade, the deficit, emotional problems, and almost every other problem you can name. We cannot win the war against any of these things unless we start addressing the cause instead of putting band-aids on the symptoms.

This is not intended to suggest that treating the causes is an easy solution but treating the symptoms is no solution at all. First just consider that treating the causes is a possible solution. Then ask yourselves the question, "How can we identify the causes and treat them to bring about the desired solution?" Consider many alternative methods.

Our troubles arise from an almost universal poor self-esteem. To solve our problems we must increase this self-esteem drastically. We must initiate programs now to reverse this downward spiral! It is possible, it is certainly desirable, and we must wait no longer. John F. Kennedy started a program to increase the physical fitness of the American people and that was certainly a worthwhile goal that has enjoyed a lasting success. Now George Bush must start a program to increase the emotional fitness of the American people. It is also a very worthwhile goal that will surely be a permanent asset. Credit for it will be given to the administration that has the foresight to initiate it.

This program cannot be dictated but must be led. This administration must prepare the seedbed and sow the seeds. The entire nation will reap the harvest! If we really want a "kinder, gentler America," then let's be willing to take the necessary steps to cause it to happen. The seeds for this program must be sown in at least three basic locations.

They must be sown in the schools from the earliest level to help form character strength while character is initially being formed. This will have a regenerative effect for when these individuals have children of their own, these values will be passed on, causing an upward spiral in moral fiber and character.

For your information, enclosed is a brochure about the President's Executive Exchange Alumni Association. This year, we expect about 150 - 200 executives to attend the annual alumni conference.

In particular, we would like to invite you to address this year's Conference as our featured speaker on Friday, May 12, 1989, between 2:50 and 3:30 p.m., in Room 450 of the Old Executive Office Building. If possible, we would like for you to speak on the topic "The White House Meets the Challenges of Planning for the 21st Century" with a focus on changes which have occurred or are being planned within the White House to meet the challenges of the future.

Other issues to be discussed at the Conference include education, international competitiveness, the American economy in a global context, the environment, the changing nature of the American workforce, and the effects of new technology on the American quality of life. Among the invited speakers are the President, Secretary of State James Baker, Secretary of Commerce Robert Mosbacher, U.S. Trade Representative Carla Hills, National Security Adviser Brent Scowcroft, and Chairman of the Board Robert Galvin of Motorola, Inc. - the recent recipient of the Malcolm Baldrige Award.

Schedule Request

Dear John Sununu

Hello, I am a student from Merrimack High School in New Hampshire. And I will be visiting Washington D.C. the week of May seventh. I along with three other students and one teacher from our school will be attending under the Close Up Foundation. It would be a great honor if we could meet you in person.

I would also like to ask you another favor which might seem difficult to accomplish. if it could be scheduled, could we meet the President or the First Lady of the United States? I realize I'm asking you for alot, but they would make memories forever.

I thank you for your time and I hope you consider any of my requests

Dear Governor:

Thanks for your kind note. I will keep you informed of outreach efforts which will benefit the Bush Administration.

On another matter, I would like to invite you to join the Trade Association Liaison Council (TALC), for breakfast on Thursday, May 18 or Thursday, June 15 at 8:00 a.m. at the Mayflower Hotel. If either date is not suitable, we would like to meet at your earliest convenience at a time and place of your choosing.

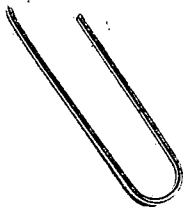

TALC is an organization comprised of the heads of the most influential trade associations in the United States. Members include former Cabinet Secretaries Dick Schweiker (now head of the American Council of Life Insurance), Sandy Trowbridge (National Association of Manufacturers) and Jack Block (National-American Wholesale Grocers' Association); former Congressman Don Fuqua (Aerospace Industries Association); and Bush activists such as Red Cavaney (American Paper Institute), Dave Parker (The Aluminum Association), and Dirk Van Dongen (National Association of Wholesaler-Distributors). Other members include Kent Colton (National Association of Home Builders); Sam Maury (Business Roundtable); Barry Rogstad (American Business Conference). I enclose a complete list.

TALC was created in 1981 to support President Reagan on his Economic Recovery Plan. As Special Assistant to President Reagan, I orchestrated TALC's support for the budget and tax proposals, for the sale of AWACs to Saudi Arabia, for MX and for then Vice President Bush's regulatory reform package. This group has enormous grassroots, communications, and political action committee resources. It is available for President Bush and your administration.

In March, TALC met with Vice President Quayle to discuss a wide range of issues, including: mandated benefits, minimum wage, the budget, the Clean Air Act and other environmental issues. Others who have met recently with TALC include: Dick Cheney, Lee Atwater, Dick Gephardt, Bob Dole, Bill Roper, Bobbie Kilberg and others.

wick, Rhode Island.

This annual event began in the year 1960 when the committee was organized by a group of prominent Italian Americans in the Rhode Island community. The committee was originally created to honor the memory of Giovanni da Verrazano, the great Italian navigator, who is credited with discovering Narragansett Bay in the State of Rhode Island. He also has been indirectly responsible for the naming of our State because in his reports to King Francis I he wrote that the territory of Narragansett Bay reminded him of the Island of Rhodes in the Mediterranean. In addition to honoring the memory of da Verrazano, the committee has chosen this annual event as an opportunity to honor outstanding citizens of our community who, because of their achievements and contributions, are worthy of public recognition.

Governor Edward DiPrete will become the 28th recipient of the Verrazano Day Award. Among the distinguished prior recipients, we have several retired justices of the Rhode Island Supreme Court, the Chief Judge of the Federal District Court of the District of Rhode Island, two Presiding Justices of the Rhode Island Supreme Court, all our former Governors of Italian descent, several prominent industrialists, leaders of the church in Rhode Island, Senator John O. Pastore and many others too numerous to mention in this letter.

SCHROEDER REQUEST

April 21, 1989

Tel. (313) 886-1674

Mr. John H. Sununu
Chief of Staff to the President
The White House
Washington, DC 20500

Dear Distinguished Brother Sununu:

From our most recent Signet of Phi Sigma Kappa I was very pleasantly reminded and honored that we share a bond of "faith and purpose" that goes back more than three decades. While my link-up with Phi Sig occurred at Michigan before 1950, your alma mater MIT is now "home" to my son Dean who, as an 8th-generation American, is finishing his post-doctorate in super-conductivity research.

But there is another important reason for this letter.

This is not my first contact with The White House. Since last November, first through my acquaintance Bob Teeter, then with Chase Untermeyer and others, I have earnestly sought consideration of my professional qualifications and past leadership roles in the Republican Party for a post in the Bush Administration.

Enclosed resume and correspondence indicate the range of my executive and analytical skills - and the broad support I continue to receive from the economic, political and business community here in Michigan and in Washington.

While I share the view of some that a position on the Federal Communications Commission would be a "natural", my strong background and interest in productivity and the whole issue of "competitiveness" lead me also to seek public service with the Vice President's Competitiveness Council, or with similar economic policy groups in the OMB, Commerce or Treasury.

Chase's people tell me I'm still "in the computer" but, despite recent notes from Bob Teeter and Congressman Broomfield, I have received only form letters counselling patience. However, with so many details of the President's agenda still reportedly not yet worked out, I'm eager to make an effective contribution as soon as possible.

Would you please help me cut the red tape? I would be honored to meet with you, or an appropriate designate, for an interview in Washington at your earliest convenience.

Sincerely, in brotherhood,

Howard K. Face

Dear Mr. Sununu:

It is an honor for me to invite you to speak at the Plenary Session of the Annual Meeting of the President's Committee on Employment of People With Disabilities. This three-day conference will be held May 10-12, 1989 at the Curtis-Hixon Convention Center in Tampa, Florida. We would like to have you address the 4000 attendees about mid-morning on May 10.

The participants come from every State to participate in this annual gathering, where they exchange information about new programs and projects relating to employment of people with disabilities. It has become the Nation's leading gathering for informing business and industry about the benefits of employing people with disabilities.

Included among the attendees are employers, managers, educators, medical and rehabilitation professionals, labor and veterans organizations representatives, voluntary health agency personnel, community leaders of various professions who volunteer their time to support our goal, government officials at federal, state and local levels, as well as several hundred people with disabilities.

Your presence would add much impetus to this public-private partnership effort to gain acceptance for workers with disabilities. It would also signify White House interest in and appreciation for the thousands of volunteers around the country who subscribe to the creed of the President's Committee.

I sincerely hope your schedule will permit you to attend.

Dear Brother Sununu,

My name is Vatche Khachadourian and I'm an associate member of the Upsilon Tetarton Chapter of Phi Sigma Kappa. I'm writing on behalf of the 58th pledge class of the Rochester Institute of Technology of the spring quarter.

I'd like to start off by congratulating you on your appointment to the White House Chief-of-Staff. We consider it a great accomplishment that a brother of Phi Sigma Kappa has earned such a prominent position.

We would greatly appreciate it if you would honor us with a brief interview concerning your activities as a brother of Phi Sigma Kappa and anything else you would like us to know about yourself. We wish you much happiness and success as you assume your new position at the White House.

Thank you very much,

Spring Pledge Class 1989

Vatche Khachadourian, Sec.

Dear Corinna:

Chief of Staff John Sununu has asked me to respond to your recent letter regarding his background and job at the White House.

First, the Chief of Staff's primary responsibility is to manage the President's staff and run the White House operations. Mr. Sununu travels with President Bush to most of his meetings and anytime he leaves the White House complex. Many times, the Chief of Staff holds meetings on the President's behalf when the President's schedule will not allow him to attend.

Mr. Sununu's goals as Chief of Staff are to advance the policies of President Bush and his Administration.

Before being appointed to this position, Mr. Sununu served as Governor of the state of New Hampshire. He was Governor from January 1983 to January 1989.

Mr. Sununu was born in Cuba in 1939. He went to school at the Massachusetts Institute of Technology, earning his Ph.D in the field of mechanical engineering. He has 20 years experience and service as an educator, engineer, small businessman, and community leader.

Mr. Sununu has a wife and eight children. His wife and two younger children will be joining him in Washington at the end of the school year.

I hope this information will help with your project.

Best wishes,

Katie Winkeljohn

Dear Senator Henry:

Thank you for your recent letter inviting the Chief of Staff to be keynote speaker for a plenary session at the 43rd annual meeting of the Southern Legislative Conference in Baltimore.

Your invitation is appreciated, but the heavy demands of Governor Sununu's schedule make it impossible for him to accept because he will be traveling with President Bush at that time. Nevertheless, the Governor asked me to thank you for your kindness and send you his best wishes for a very successful conference.

Sincerely,

Jacqueline A. Kennedy

Although the elected officials who serve in the Congress and the White House, and who recommend and appoint the nine members of the U.S. Supreme Court, constitute only 0.1 percent of all the elected officials in our federal union, they now exercise broad powers over the 99.9 percent of the nation's elected officials who directly serve the people of our fifty States and numerous local communities.

Most significant, perhaps, for the erosion of balance in our federal system are recent decisions of the United States Supreme Court, Garcia v. San Antonio Metropolitan Transit Authority (1985) and South Carolina v. Baker (1988), in particular, have virtually eliminated the Tenth Amendment of the United States Constitution as a legal shelter for State authorities. The Court has held that State and local governments cannot find protection against national regulation in such substantive provisions of the federal Constitution as the Bill of Rights, but only in the procedural bargaining of the national political process.

CHEMICAL MANUFACTURERS ASSOCIATION

Róbert A. Roland
President

April 27, 1989

The President
The White House
Washington, D.C. 20500

Dear Mr. President:

I was stunned by your remarks this morning before the international anti-drug conference in Miami -- and shocked that you would insinuate that the U.S. chemical industry is not acting responsibly in the "war on drugs." You have either been misinformed or ill-informed about the chemical industry's role in the fight to keep legitimate chemicals out of illicit drug laboratories.

By your account, the chemical industry has been sitting idly by as chemicals are funneled into illicit drug-manufacturing operations. Nothing could be further from the truth. The chemical industry HAS NOT AND WILL NOT TOLERATE the transfer of its legitimate chemicals into criminal hands. That is why our industry long ago established close, cooperative relationships with the the Drug Enforcement Administration, the Justice Department, the Federal Bureau of Investigation and the State Department -- relationships designed to do exactly what you said today needs to be done -- to identify and stop illegal shipments of our products. And these cooperative efforts have worked, resulting in a number of arrests. In one case, for example, information supplied to the Drug Enforcement Administration by an American company led to the seizure of 10,000 kilograms of cocaine and the destruction of equipment used in processing.

Such actions by concerned U.S. chemical manufacturers are evidence that the industry long ago entered into "a true partnership" with the U.S. government to cut off drugs at their source. But the chemical industry recognized more needed to be done. That is why it vigorously supported passage of the Chemical Diversion and Trafficking Act last year. And that is why chemical manufacturers will follow the letter and the spirit of that law.

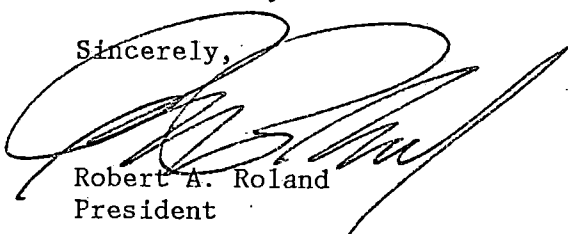

Indeed, this tough anti-drug law formalizes many of the actions industry was already taking and further solidifies industry-government cooperation in helping stop illicit drug manufacturing. Among other things, the law imposes tough recordkeeping, reporting and notification requirements on manufacturers and others on transactions of chemicals that could be used to make drugs of abuse. The law gives the Drug Enforcement Administration and other federal agencies a powerful,

useful weapon in the fight against drugs. In short, it already mandates the kinds of things you say need to be done. And it is now being implemented.

Mr. President, your remarks today were a useful and necessary call for all Americans to get involved in the war on drugs -- to get to the front lines. We couldn't agree more. The chemical industry is already at the front lines. And we're waiting for reinforcements. We are ready at any time to discuss with you whatever new initiatives you believe are necessary.

Sincerely,
