Dear Governor Sununu:

I am writing in support of an invitation extended to you on behalf of the Kent County Republican Committee to be the honored guest at their annual Fall Dinner to be scheduled during late November or early December.

I'm sure it isn't necessary to reiterate all of Kent County Republicans' accolades . . . simply put, they are one of the best county political organizations in the country.

It is no widely kept secret that George Bush loves West Michigan and especially, Kent County. As a matter of fact, so does Governor John Engler; his margin of victory last fall came from Kent County Republicans.

I know what a hectic schedule you have and how tedious the demands on your time must be. I also know how tremendously well received you would be, should you accept Kent County Republicans' invitation.

Thank you for considering their request.

Sincerely,

Dear Dr. Sununu,

Dr. Win Aung from the National Science Foundation and I would like to extend an invitation to you to be the keynote speaker at the Engineering Education Conference to take place January 5-10, 1992 in Santa Barbara, CA. The conference is sponsored by the Engineering Foundation (copy of announcement attached). We are very well aware of the extremely tight schedule your position demands but because of the importance of the subject matter to the national educational agenda we have decided to directly request your participation in this event. Your address will certainly focus well deserved attention on the engineering profession, a major driving force in enhancing our competitiveness in the global economic arena.

September 23, 1991

The Honorable John H. Sununu
The White House

Dear Governor:

I write to you on behalf of the Exeter Hospital Children's Committee in Exeter, New Hampshire. As you are aware, Exeter Hospital is a 100-bed nonprofit community hospital located in the Seacoast area of New Hampshire. The Children's Committee is in the process of organizing its annual black-tie dinner dance known as "The Exeter Hospital Snowball" to be held on Saturday, February 1, 1992 at 7:30 p.m. at Luka's Greenhouse in Hampton Falls, New Hampshire. With approximately 200 guests from the business community in attendance, the monies raised from this event benefit Exeter Hospital's "Family Center," including the Pediatric, Neonatal Care, Obstetrics and Gynecology Units.

The Children's Committee would be deeply honored, Governor, to have you and Mrs. Sununu as its distinguished guests on February 1, 1991. We would appreciate you saying a few inspiring words to our guests, several with whom you may already be acquainted.

With the theme of this year's affair being "Mardi-Gras Madness", we are in hopes that all of our guests have a wonderful evening. The presence of you and Mrs. Sununu would be one of the greatest honors that could be bestowed upon some of your strongest supporters in the United States.

Thank you in advance for your thoughtful consideration of this request.

Most sincerely,

... your third annual
National Policy Forum on
November 22

Hudson Institute

October 31, 1991

The Hon. John H. Sununu
Chief Of Staff
to the President
The White House.
Washington, DC 20500

Dear Governor Sununu:

I am pleased to invite you to Hudson Institute's third annual National Policy Forum on Friday, November 22 at the Omni Shoreham Hotel in Washington, D.C. In addition to the important morning and afternoon seminars described in the enclosed brochure, this year's Policy Forum luncheon will be highlighted by President Ronald Reagan's acceptance of Hudson's James H. Doolittle Award for outstanding contributions to the national security of the United States.

Hudson Institute, as you know, is a public policy research organization founded in 1961 by the late Herman Kahn, one of the most original thinkers of this century. Throughout its existence, Hudson has remained dedicated to the legacy of its founder: skepticism about conventional wisdom, optimism about solving problems, a steadfast commitment to free institutions and individual responsibilities, and a realistic view of threats to our national security.

This year's National Policy Forum carries forward that tradition. The critical global changes of the last twelve months, accentuated by the extraordinary events of recent weeks, have underscored the need for original thinking unfettered by whatever "wisdom of the moment" may prevail.

The seminars at **NO ROLE - SCHEDULED TO BE** speakers as Hudson has distinguished by such outstanding speakers as George A. Keyworth (former Science Advisor to President Reagan) and Anthony Reynolds, Hudson Director of Economic Research -- will present a broad range of critical national policy issues. I think it is especially fitting and a privilege for Hudson that the James H. Doolittle Award be presented to President Reagan, to whom the credit belongs for the leadership that is now sweeping the globe.

Each year the Hudson Chamber of Commerce holds a dinner at which time an outstanding adult citizen of Hudson and an outstanding high school student are honored. This year that dinner will be held on February 8, 1992 at the Hudson Lions Club Hall.

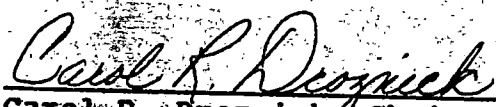

Since this dinner comes close to the time of the New Hampshire Primary Election, we believe interest would be very intense in a featured speaker for the evening who would be intimately involved in our national government, especially when that speaker is a former New Hampshire Governor.

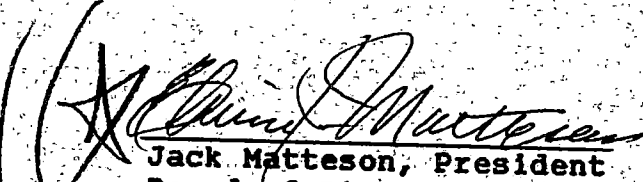

We are, therefore, inviting you to be our featured speaker at this dinner.

Dear Mr. Sununu:

On behalf of the Y-Group, an organization of about 125 chief executive officers and other senior business leaders, I would like to invite you to speak at our next Washington meeting, scheduled for May 12-13, 1992.

The Y-Group was formed in 1970 to stimulate dialogue on major public policy issues between senior government officials and private sector leaders. We meet twice a year in Washington to gain further insight into what the future holds for business and to foster a greater understanding of the role the federal government plays in that regard. Our meetings are totally off-the-record and in our 21 years, we have not had a single breach of that rule.

Past speakers have included many key members of the Senate and House of Representatives, Vice Presidents, more than 20 cabinet secretaries and several senior members of the White House staff.

We expect to begin our program on May 12 at 5 PM and continue at 7:30 AM the next morning, following breakfast. Speaker's comments are typically of an informal nature, with 45 minutes allotted to each speaker, including questions and answers. The question and answer session following speakers' remarks are generally found to be a valuable and stimulating part of the program.

Dear Governor,

In 1989, I represented NYNEX Corporation as a Congressional Assistant Program (CAP) Fellow with the House Ways and Means Trade Subcommittee staff. As you may be aware, the CAP Program is sponsored by The Brookings Institution.

On May 7 and 8, 1992 the Congressional Assistant Program Association will convene at the Hyatt Regency in Washington for its annual national issues forum. The theme of this year's event will be "1992 - Election Issues for American Business" (preliminary agenda attached). A wide range of U.S. business and industry representatives are expected to attend.

This letter is written on behalf of the CAP Association to invite you to serve as keynote speaker for the forum's closing luncheon on May 8th. Association members would be most interested in having you share the Administration's perspectives on key election year issues. If you are available to join us, I would be happy to coordinate with Jackie on all necessary arrangements in advance of your appearance. //

I look forward to hearing from your office on this matter.

*... emcee your
annual Congressional
dinner, January 29
at the Grand

As you undoubtedly know, the Congressional Dinner is a lighthearted evening in which the M.C. has opened the festivities with a short monologue making fun of the Congress. Then, four members of the House and Senate are asked to respond to tongue-in-cheek questions posed to them by the M.C.

Past M.C.'s have included media personalities, members of Congress and other notable office-holders. The black-tie event (cocktails at 7 p.m., dinner at 8 p.m.) draws a good media crowd, which in turn invites sources ranging from members of Congress to administration officials, from Supreme Court justices to sports and entertainment figures.

We would be happy to provide you with video tapes of some of our previous dinners to refresh your memory. Our dinner committee will write the core questions for the four speakers (as yet to be chosen), with your consultation of course. You would be free to elaborate.

I believe your participation in this event would be an opportunity for you to show a humorous side to Congress, members of the press and other policy-makers and newsmakers who join us annually for the dinner, which is broadcast live on C-SPAN. The evening also is the major fundraising event which enables the foundation to sponsor journalism scholarships and projects. For the M.C., this is a pro bono event.

I would be pleased if you would join us in having some fun at the expense of Congress. If you have any questions, please do not hesitate to contact me or have your staff get in touch.

... an "Evening Dialogue" featuring
Egor Kuz'mich Ligachev on November 14 October 23, 1991

Governor John H. Sununu
Chief of Staff to the President
The White House
Washington, DC 20500

Dear John:

I am pleased to invite you to an Evening Dialogue at the Woodrow Wilson Center on Thursday, November 14th, entitled "Perestroika in Retrospect," featuring Egor Kuz'mich Ligachev as our guest speaker. The dinner and lecture will take place on Thursday, November 14th, beginning at 5:30 pm, and will be chaired by Blair Ruble, Director of the Kennan Institute for Advanced Russian Studies of the Woodrow Wilson Center.

Egor Kuz'mich Ligachev was the second-most important political leader of the Soviet Union for most of the period from 1985 until 1990 and played a leading role in the introduction of the policy of *perestroika*. He served as First Secretary of the Tomsk Oblast (Regional) Party Committee in Siberia from 1965 until 1983, and was appointed to the Secretariat of the Central Committee of the Communist Party in 1983 by Yuri Andropov, then General Secretary of the CPSU.

Mr. Ligachev headed the Central Committee's powerful Department of Organizational Party Work from 1983 until 1985, when he became a full member of the Politburo, the Party's highest ruling body, one month after Mikhail Gorbachev's election to the post of General Secretary. Serving in the capacity of "Second Secretary" of the CPSU under Mikhail Gorbachev, Mr. Ligachev often chaired the meetings of the Secretariat, the main organizing body for the Politburo, in the absence of Mr. Gorbachev. He was elected in 1989 and remains today a People's Deputy of the USSR Congress of People's Deputies.

Our evening will begin at 5:30 pm on November 14th with a brief reception, followed by Mr. Ligachev's formal remarks at 6:15 pm, and then proceed to dinner. We will conclude the evening with a question and answer period with the speaker and end promptly at 9:00 pm. Please respond to our invitation by returning to us the enclosed R.S.V.P. card by November 1st. The Woodrow Wilson Center is located on the third floor of the Smithsonian Institution's "Castle" Building, 1000 Jefferson Drive, S.W. and is easily reached by metro. Limited parking is available on the Mall.

Evening Dialogues at the Woodrow Wilson Center are made possible by the generosity of the Xerox Foundation. The series is one of the most visible ways in which the Center achieves its mission of bringing together "the world of learning and the world of public affairs." Our evening with Mr. Ligachev provides the academic and public policy communities of Washington a rare opportunity to hear from a key Soviet politician of the *perestroika* years.

I hope you will be able to join us.

Sincerely,

Charles Blitzer

Dear John:

As you may know, American International Group has been a leading supporter of legislation that would address the catastrophic costs of a major earthquake in the United States. In particular, the Earthquake Project, an industry-wide coalition of insurers, has undertaken an effort to highlight the need for a specific federal program that would provide advance protection against the severe financial repercussions that would undoubtedly follow a catastrophic quake.

With significant population centers throughout the United States exposed to serious earthquake damage, and given the certainty of a major quake's devastating impact on the entire U.S. economy, I believe it is clear that this program requires a national effort to reduce the tragic personal and financial consequences that could become a reality at any time.

I have been encouraged by several earthquake-response proposals that have recently received increasing Congressional support, and I would appreciate the opportunity to schedule some time with you, however, I'd be glad to arrange for representatives of the Earthquake Project and my company to brief your staff on the pending legislation.

Thank you, in advance, for your time and consideration. I look forward to seeing you again soon.

Washington, DC 20500

Dear Mr. Sununu:

On behalf of the trustees of the Manhattan Institute, I take great pleasure in extending this invitation to you to attend the 1991 Wriston Lecture, to be delivered by Nobel Laureate Milton Friedman.

In a book written thirty years ago titled *Capitalism and Freedom*, Professor Friedman outlined a framework of ideas that must have appeared utopian to all but a small circle of readers in the West. Yet today those ideas -- indeed, that very book -- are the basis for a global revolution of historic magnitude. It is fitting that on the occasion of the fifth Wriston Lecture we honor this truly towering intellectual figure.

The date is set for Tuesday evening, November 19th, in the Terrace Room at the Plaza Hotel. A reception beginning at 6:00 will be followed by dinner at 7:00 with the Lecture presentation at 8:00. Attire will be formal.

If you -- and your guest -- would like to take part in this memorable evening, please call Emilia Seed at 599-7000 at your earliest convenience to let us know.

Dear Governor Sununu,

Citizens for a Sound Economy invites you to attend our
bi-annual Board of Directors reception and dinner on Wednesday,
November 6, 1991.

The reception and dinner will be held at the Hay Adams
Hotel, located at One Lafayette Square, Washington, D.C. The
reception will begin at 6:00 p.m. in the Adams Room, with the
dinner to follow at 7:00 p.m.

The speaker for the evening will be Representative Scott
Klug from Wisconsin. Representative Klug led the charge to close
the scandal-ridden House of Representatives Bank and called for
the full-scale ethics committee investigation. Representative
Klug also is known for his efforts to cut wasteful government
spending, as well as his "tough" legislative decisions which
support the best interests of the people, not Congress. Before
joining Congress this year, Representative Klug was a journalist.

I hope you will be able to join us for the dinner and the

Dear Governor Sununu:

This letter is an invitation for you to participate in a small, high-level conference in Moscow on "Federalism: Experience and Problems" on December 17, 18, and 19. Your hosts will be high-ranking officials from the Union and Russian Federation governments.

Dr. Georgii Shakhnazarov -- aide to President Mikhail Gorbachev -- has asked us to organize an American delegation of twenty "practitioners" and scholars experienced in the workings of the American federal system. Our invitation list is attached.

The Soviet participants will include Deputies from the USSR and the Russian Supreme Soviet, officials from the Union and Russian Federation governments and prominent scholars. We hope that both President Gorbachev and President Yeltsin will attend.

The Conference will be sponsored by the Foundation for Social and Political Research -- a new Presidential "think tank" -- chaired by Dr. Shakhnazarov. Alexander Yakovlev, Sergei Stankevich, Col. General Dimitry Volkogonov, Konstantin Lubenchenko and other prominent democrats serve on the Foundation Board. We have enclosed the full list.

To help us plan the Conference agenda and select the American delegation, we have enlisted a planning group from the American Bar Association, the National Conference of State Legislatures, the Advisory Commission on Intergovernmental Relations, and the Congressional Research Service. Many of these specialists will come with us to Moscow and give expert support to the delegation. They are listed as the Planning Group with the attached draft agenda.

Dear Mr. Sununu,

It is with a great degree of honor that we request that the President lend his support and cooperation to the CEO Institutes' SUMMIT at BRETTON WOODS, to be held in Bretton Woods, NH, 17-20 September, 1992. I am approaching you directly at the suggestion of old Republican friends in New Hampshire realizing your own interest in bringing attention to that fine state.

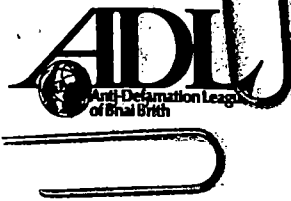

The attached document outlines the concept, objectives and structure of the meeting. The Summit will be the single most important gathering of executives in the world. Characterized by open access and an atmosphere of interaction and frank discussion, the meeting will help to focus strategies, provide insights, test new ideas, answer the real concerns of CEO's and facilitate meetings with key policy makers and the world's best minds on strategy. It will help to shape the emerging world order by providing a unique forum where top multinational companies can meet with the leaders of the multilateral system. It is therefore very much part of the President's plan.

The SUMMIT at BRETTON WOODS will be held in September of 1992 at the site of the historic setting of the 1944 international conference which established the post-war international financial institutions.

The overriding focus of the Summit will be multinational corporations and the emerging multilateral world order. The Summit will therefore help to set the parameters for international life well into the twenty-first century.

We look forward to the President's endorsement, cooperation and attendance. We are in the process of securing the cooperation of the IMF and the World Bank.

Thank you for your attention to this request. If you have any questions we would be more than willing to provide answers or to meet to discuss this event.

Dear Mr. Sununu:

It was indeed a great honor and pleasure to have had the opportunity of meeting you during the reception for President and Mrs. Bush last Monday in Miami, undoubtedly, talking with the President and you was an unforgettable experience that I will always cherish.

As Director and Past-President of the Nicaraguan American Bankers & Businessmen Association (NABBA), an organization of over 700 active members in Miami, I am writing you today to ask for the opportunity of meeting with you in Washington to talk about the present situation of our exiled community in this country, and of our fellow Nicaraguans back home. Mr. Jorge Tefel, President of our association, Mr. Roberto Arguello and Mr. Alvaro Castillo, both Past-Presidents of NABBA and present Members of the Bipartisan Committee for Hispanic Affairs of the U. S. Senate; and other directors would also attend this meeting. I would like to add that Mr. Castillo has also just recently been appointed by Governor Lawton Chiles as Member of the Hispanic Committee for the State of Florida.

As I mentioned you during the reception, as a Nicaraguan-American and a Republican who unconditionally supports our President, I am deeply grateful for everything that the Bush Administration has done for the Nicaraguan People, in exile and in Nicaragua, but unfortunately the task is not over and there are many unresolved and precarious issues that require further attention.

Hoping to hear from you at your earliest convenience, and with my best wishes, I remain.

Dear Sir:

This letter will serve as a follow up to our conversation at the New England Association of School Superintendents' meeting on September 22, 1991 wherein I had inquired as to whether or not you might be available to participate in our second annual "Technology Day" scheduled for Monday, February 17, 1992. Because of your commitment to technology as one element towards both improving and restructuring our current education system and because of the impetus which you provided classroom teachers while Governor of our state, we feel it would be appropriate for you to be the keynote speaker on this special occasion.

As you know, Salem has been one of the leading districts in our state with respect to incorporating technology into all phases of our instructional programs. We are currently adding to our repertoire by implementing a distance learning program and by February we hope to have our system functioning to the extent that we can engage in interactive conferencing as well. This will occur not only from outside our district but also from within.

We would very much like to have you be a real part of our program on this day and would respectfully request that you join with us that morning as the main speaker. If your schedule does not allow you to be present, we would be interested in developing and presenting an interactive presentation between you and the Salem family of educators.

I look forward to hearing from you as soon as possible.

Sincerely,

Dear Dr. Sununu:

The purpose of this letter is to invite you to be a speaker at the **OPENING PLENARY** of the 1991 ANS Winter Meeting Embedded Topical on Monday, November 11, 1991 at 3:30 PM in the Imperial B Ballroom at the San Francisco Hilton. The Session is entitled, "Enhancing Public Acceptance of New Plant Construction," and will include speakers such as Dr. Robert Long-ANS President and Mr. Phil Bayne-USCEA President.

Any introductory comments you could provide would be very beneficial to the Society. We are beginning a program in November to make 100 presentations of "The Next Generation Starts Now" to Local ANS Sections and groups of public citizens, where requested. The National Energy Strategy is the Administration's position on the issue of new construction and support of fellow nuclear engineers, scientists and the public is needed to carry the program forth.

As one of your past students at Tufts (E76), I would encourage you to please consider this request. Your scientific and technology background, as well as your understanding of the issues in commercial nuclear power - make the request even more important. There is no time in the history of commercial nuclear power before now, when direct and forthright decisions and programs were required more. This is critical to our nuclear future.

If I can be of assistance in any travel arrangements, or questions your staff might have, please advise.

With sincerity and intent to act;

Edward (Ted) L. Quinn
Chairman - CNC

The Honorable John Sununu

The White House
1600 Pennsylvania Avenue
Washington, DC 20500

Dear Governor Sununu:

Thank you for your reply of August 19, 1991 from Roger Porter, Assistant to the President for Economic and Domestic Policy.

As you may know, our **Inaugural Celebration for The Year of Clean Water** is scheduled for October 30, 1991. America's Clean Water Foundation's Board of Governors' Co-Chairs, Senator Edmund Muskie, Senator Howard Baker, Representative John Blatnik, and Representative William Harsha are officiating this significant event (agenda attached). An invitation was sent to President Bush inviting him to speak, however, his office declined due to scheduling conflicts.

The **Inaugural Celebration for The Year of Clean Water** provides an ideal time to announce the Presidential Proclamation (draft attached) and I would be honored to have you or a member of the President's Senior Staff present the Proclamation to our Board of Governors. //

In lieu of your personal participation, you may want to consider having Bill Reilly or Senator Baker, our Board Co-Chair, present it to the group on your behalf.

Thank you for your consideration of this request and I look forward to hearing from you in the near term.

Sincerely,

Roberta (Robbi) Savage
President and Board Chair

Dear Mr. Sununu:

Many of the most prominent members of the national Greek-American community, including His Eminence Archbishop Iakovos, will be gathering in Washington, D.C. on September 25 and 26, 1991 for the seventh annual Hellenic-American Leadership Conference.

The annual leadership conference was established in 1985 in an effort to bring top Greek-Americans together with our country's key foreign policy leaders. In the past years, conference attendees have been addressed by distinguished members of both the House and Senate as well as executive branch officials from both the Reagan and Bush administrations. As you probably remember, we were very fortunate to have you speak to our group.

We would very much enjoy hearing from you again at our conference if your schedule allows. Also, I would like to make you aware that I have invited President Bush to speak at the conference and would be very pleased if he accepted our invitation. Any help you could offer in securing the President to speak to this group at any time on September 25 or 26 would be greatly appreciated.

I appreciate all of your efforts in this matter and I look forward to hearing from you.

Dear Mr. Sununu,

As the President and the Director of Political Affairs of The American University College Republicans, it gives us great pleasure to invite you to address our university during the 1991-1992 school year. We would like you to speak on how much President Bush relies on his staff. Does he take on a lot of responsibility or does he try to delegate authority? What responsibilities do you have as Chief of Staff?

The College Republicans is one of the largest organizations on our campus, with over two-hundred members. Our goals are to educate our members and to explore and promote the ideals of the Republican party. Our club has been extremely active in the D.C. Federation of College Republicans. We have also worked on numerous campaign efforts. We aim to schedule speakers that will impart an inspiring, educational message. We know that you can greatly enrich our members' College Republican experience and we would appreciate the chance to hear your opinions.

We realize you have a demanding schedule. Therefore, we are more than willing to work with dates you are available. Our programs usually last approximately one hour and a half, including a question and answer session with the audience.

We are confident that you will provide a powerful, thought-provoking message. We look forward to your reply. You can reach us at the following addresses until August 27th and at the University address thereafter. We will be in touch by phone to confirm your receipt of this letter. Thank you for your time.

The Honorable John Sununu

The White House
Washington, DC 20500

Dear Governor Sununu:

Last year, as you will recall, I invited you to join, as our guests, a distinguished, diverse group that for eleven years has come to Hilton Head Island for a private party. It is unlike any other gathering we attend and is greatly enriched by new participants. We hope that, this year, your family can join us for either New Year's (December 28th - January 1st) or the January 17th - 20th Holiday Weekend.

What is this "Renaissance Weekend"?

- * Over meals, beach walks, golf and tennis, 100+ families make and renew acquaintance, exchange thoughts about current issues, and relax "off-the-record." More than two-thirds of last year's participants were previous guests, much like an "extended family reunion."
- * Some vignettes from last year: a Supreme Court justice, Nazi-refugee governor, and former Republican national chairman speculating about what Lincoln might say if he were alive today; the first Congressman/astronaut enthralling 10-year-olds at lunch with space tales; America's former Ambassador to Iran recalling his last moments with the Shah; a Federal judge walking off for a chat with his son, who had just advised how "Grade A" professionals can avoid getting "F's" as parents; national security authorities outlining Persian Gulf options; adventure travelers reporting on climbing the world's highest peaks, exploring Antarctica, photographing rural Pakistan, and hunting big game; a top environmentalist captivating a packed room on global warming while, poolside, a Wolf Trap performer engaged children in a sing-along on the same subject; and leaders from academe, business, science, and the media sharing what they would say if given one last chance to speak.

This tradition's background and other information are detailed in the enclosed materials. We shall be happy to provide your family's lodging, meals, golf, tennis, and bikes. Transportation and any other expenses will be your responsibility.

Please consider this occasion with your family, and return the enclosed green Registration Form if you can be with us or would like to be invited next year. Since our family is spending a few years in Australia (where I'm heading its first private university), feel free to phone our Renaissance coordinators, Jackie Kiss and Alice Settles (404-451-1992), in our Atlanta office. They will arrange your lodging and send you the specific program about ten days before our time together.

I hope to see you at Renaissance Weekend!

Sincerely,

Attendees will be 250 Texas teachers and 200 professional engineers from Central Texas.

At the luncheon we plan to announce our implementation of President Bush's national program called "Engineers Adopt-A-Teacher." Our goal is to establish a comfortable linkage between each teacher and an engineer who, through teachers, will stimulate student motivation through role modeling, and provide classroom contact by practicing engineers.

Your background as a professional engineer would provide great prestige and encouragement for teachers to improve education in sciences, math, and engineering.

Dean Herbert H. Woodson joins us in eagerly awaiting a favorable response to this invitation.

Respectfully yours,

This is to follow up on your earlier invitation for the Chief of Staff to speak at the opening ceremonies of the National Postage Stamp Show in New York City on November 7.

He asked me to convey his appreciation to you for your kindness in thinking of him.

Dear Governor Sununu,

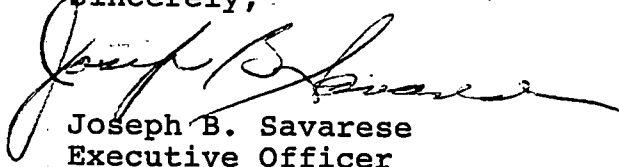

I don't know if you remember meeting me, but we shared First-Day ceremonies at World Stamp Expo in November, 1989 when Postmaster Frank was keynote speaker. You may recall that I was the individual who had lost his voice. I was there in person, but was unable to speak. The audience was probably relieved!

For over 40 years the American Stamp Dealers Association has sponsored the NATIONAL POSTAGE STAMP SHOW in New York City. This year, the show is scheduled for November 7-10 at Madison Square Garden. NATIONAL is the largest exhibition and show held on an annual basis in the United States.

We would be most honored to have you deliver the opening address for this premiere stamp event. As a leading public figure who is interested in stamp collecting, your presence would exert a positive influence on all collectors - past, present and future.

We hope that you will be able to participate in this event and would be pleased to make all the necessary arrangements for your travel and stay as soon as we receive your reply. The opening address would be given on November 7 at 12 noon. Opening ceremonies will run approximately one-half hour.

Dear Governor Sununu:

On behalf of the Board of Trustees of the U.S.-Mexico Foundation (formerly the Mexican and American Foundation), we would like to request your personal assistance to help guarantee a successful binational affair next month.

National representatives of CANACINTRA (Mexico's Chamber of major industries) have asked us to assist them with obtaining a prominent official from the Bush Administration to keynote CANACINTRA'S 1991 National Convention luncheon at 2 p.m., Friday, September 27 at the Fiesta American Hotel in Tijuana, Baja California, Mexico, where approximately 1,000 individuals from both sides of the border are expected to attend. Through the Foundation, we have extended invitations to Vice President Dan Quayle and Commerce Secretary Mosbacher (see attached letters), who could not serve as Keynote Speakers.

Governor Sununu, the Foundation is held in high esteem by Mexico's business, civic, and political sectors. Our perceivable support of the Administration's projects was one of the reasons that CANACINTRA asked for our assistance. For example, the Foundation was extremely active in assisting President Bush in lobbying all 435 members of the U.S. House of Representatives and the 100 U.S. Senators to support the fast track negotiation of the North American Free Trade Agreement; and, we sent letters to members of the Judiciary Committee supporting President Bush's nominee for the Supreme Court, Judge Clarence Thomas.

We have already been rejected by the White House in our quest to honor President Bush as our Man of the Year at our 20th Anniversary An Evening With the Stars event on Saturday, September 28 in San Diego, where Mexico President Carlos Salinas de Gortari was confirmed to receive the "Caballero del Año" award; however, his presence was dependent on President Bush also attending the black-tie affair. We must maintain our binational credibility with our Mexican friends, as the Foundation is in a position to provide further assistance to Mexico President Salinas de Gortari to convert some of the dissidents in his country who are opposing the North American Free Trade Agreement.

Governor Sununu, we will be in Washington, D.C. on Tuesday, August 20. If your schedule permits, we would like to personally meet with you, preferably after 2 p.m. to discuss the September 27 affair. I am enclosing a list of attendees for your perusal. If you have any questions, please do not hesitate to contact me at 619-232-1010.

Sinceramente,

Tony Valencia

Dear Governor Sununu:

It is with great pleasure that I invite you to be the keynote speaker at the New Jersey Young Republican's 1992 Lincoln Day Dinner. We are planning on having this event on or about Wednesday, February 12, 1992 in the Princeton, New Jersey area.

The event will serve as the kickoff for the New Jersey Young Republican effort for 1992. These efforts will include voter registration, helping out on the grass roots level of campaigns and fielding and supporting our own Young Republican candidates throughout New Jersey.

We are strongly committed to our Republican Party and the contribution we are capable of making toward the election of Republicans. We recognize the importance of political activism and are willing to do what is needed to ensure success in 1992. It was Abraham Lincoln who said "You can't escape the responsibility of tomorrow by evading it today." The New Jersey Young Republicans are ready to live up to their responsibility but we need your help and support. Our 1992 Lincoln Day Dinner should be the start of an outstanding year. Dear John:

We would like to invite you to be the guest speaker at the
Lees College Alumni Association's annual meeting here in Jackson, KY,
on the evening of Saturday, October 26, 1991.

Lees is a tiny 2-year college--enrollment 350--with an affiliation with the
Presbyterian Church. Recently its Board announced approval for going 4-year,
an ambitious move by any standard. (Incidentally, one of the programs
I've recommended for addition to the curriculum is Engineering.)

I was hoping maybe we could revive the idea of a tour of Kentucky's coalfields.
I'm sure our coal associations and our leading production companies would
relish showing you the state of the industry and our latest technologies.

Then, on the political side of the house, there's the Governor's race going on
here and Larry Hopkins likely would love to have you make an appearance for
him at just that point in the campaign.

Please let us know as soon as possible whether you could favor us by coming
to Lees on Saturday, October 26, 1991.

With every good wish, I remain,

Cordially,

Ervine Allen, Jr.
President
Lees College Alumni Assn.

the war etc. not be good to try to visit. However, we are going to be in DC during the last week of October. If you could spare a couple of minutes, could like to drop by the White House. The last time I was there I

to respond to Philippine President Corazon Aquino's request for help in quashing a coup. According to a recent account by author Bob Woodward, Quayle called Aquino to get her to scale down her request from bombing rebel planes to just buzzing them, and then got Bush's approval for the final strategy.

On at least one issue Quayle has made policy: the space program. Bush ceded space policy to Quayle just as John Kennedy did to Lyndon Johnson, with the difference that LBJ was asked to deliver on Kennedy's promise to put a man on the moon by 1969 and Quayle was asked to preside over a program with a weak scientific rationale and dwindling political support. Johnson delivered on his task, and Quayle has made a start on his by changing the nature of the program.

In a January 1990 speech, Quayle was startlingly critical of NASA's lack of direction and the high cost of the space station. Then, last August, he set up a commission headed by Norman Augustine, the widely respected chief executive officer of Martin Marietta. The vice president clearly expected the commission to recommend big changes and so was careful to get NASA Administrator Richard Truly — an enthusiast for NASA's pet projects, the space shuttle and the mission to Mars — to agree to Augustine's role. As Quayle says now, "If Truly didn't have the confidence in Norm Augustine,

ment because he believes it is a growing force in American politics. Starting in 1989, he embarked on an ambitious strategy to appeal to the disabled after a meeting with White House pollster Robert Teeter, who predicted the emergence of disabled voters and their issues in the 1990s.

Dear Governor Sununu:

You are familiar with the annual Al Smith Foundation dinner sponsored by the Alfred E. Smith Memorial Foundation to support hospitals and health care in the metropolitan area.

You are aware, too, I am sure, that this is one of "the" New York dinners of the year. Every four years the candidates for the Presidency of the United States share the podium. Contrary to some perceptions, however, the dinner is not a political event. Last year, for example, Beverly Sills was our speaker, who gave us a beautifully crafted address, filled with wit and good humor, but with a careful presentation of values crucial to our society. As most speakers, she spoke for about 15 minutes. We have had nationally known entertainment personalities, military generals, statesmen and various other representatives of a variety of fields.

~~Will you be our speaker this year, on October 17, 1991?~~ The Alfred E. Smith Memorial Foundation would be exceedingly grateful if you will come. May I hear from you at your earliest convenience?

Warmest regards and

Dear Chief of Staff John Sununu:

NAN
I am writing you on behalf of Troop 5, West Congregational Church, Haverhill, Massachusetts in regard to a boy who has received his Eagle Scout Rank. It is our hope that a letter of recognition would be sent from your office to be read at his court of honor on November 4, 1989.

The boy's name is Robert R. Wentworth, Jr. Robert has been a member of Boy Scouts since 1980, following the trail to Eagle. Robert not only earned the required ranks but also worked and/or organized many community related projects that ranged from helping the handicapped to the elderly. Robert is currently Senior Patrol Leader of Troop 5 and chairman of the Ceremonies Team in the Order of the Arrow, a part of Boy Scouts for honor campers.

Robert is an outstanding young man who shows a rare quality seldom found in the youth of today. He has a genuine concern for others and always puts them before himself.

Dear Mr. McCormack,

There are many ways of saying
"Hello."

I like to think that my books,
which often display my devotion to
world peace and to understanding among
peoples, and which have been translated
into over forty languages, is a way of
saying hello every single day of every
single year.

To those, however, who have
missed my books, and of course, they
must number in the billions, I add,
"Hello, to all of you. Friendship and
Peace."

G'day.

It's our lazy Aussie drawl that says it all.

Your splendid idea is something very positive
in a world too full of negatives. It is
something so easy to do and in a world devoid
of free lunches, it costs nothing.

I wish you continuing success in your worthy

Dear Friends,
 Thank you for including us on your mailing list for World Hello Day and for sending us the brochure. Your idea is an ingenious first step.
 Yes, the road to peace does begin with "Hello". And let us encourage individuals and nations to take the next steps which must certainly include social justice, acceptance, forgiveness and love. Then the atrocities of the world will no longer be deemed necessary, and nations will study war no more.

Yours in Friendship,

Thank you very much for your letter of the 17th September, 1978 giving details of your campaign to make the 21st November a special "Hello" day. What a beautiful idea - of course every day should be a "hello" day but I reckon if you make it one special day and bring it to the attention of the people around the world then it is great.

I am passing your idea around the community of the Peace People and be assured that on the 21st November many of us will be with you in spirit as we say hello to I'm sure more than ten people whom we have never spoken to before!

May I congratulate you all for helping the world to be an nicer place to live in.

WORLD HELLO DAY

November 21, 1989 is the 17th annual World Hello Day. Anyone who wants to participate greets ten people.

People in 137 countries have done this. 19 winners of the Nobel Peace Prize and the Heads of State of 104 countries have recognized World Hello Day's value as an instrument for preserving peace by writing to Brian McCormack and Michael McCormack, two brothers who live in Omaha, Nebraska in the United States of America.

Michael McCormack founded World Hello Day as a college student at Harvard University in response to global tensions resulting from the escalating Egyptian-Israeli conflict in the fall of 1973.

After the first World Hello Day, people from 15 countries wrote to McCormack to say that they had participated. Since then Michael McCormack and his brother Brian have worked to expand this world-wide event. They pay the entire cost of printing and mailing information to every country in the world.

Observance of World Hello Day by people around the world sends a signal to political leaders to encourage them to use communication rather than force to settle disputes.

World Hello Day has succeeded in transcending barriers that often divide the East from the West. Media organizations including the BBC, Radio Netherlands, the Voice of America, Radio Luxembourg, the Associated Press, United Press International, and the Swiss Broadcasting Corporation have covered World Hello Day. It has also been reported by Radio Moscow, the China News Service, Radio Berlin International, Pravda, Radio Kiev, Radio-Television Belgrade, the Hungarian News Agency, TASS and State Publishing House, Mongolia.

There are also many conflicts and tensions among individual human beings. World Hello Day may well be the first step on a journey that leads to peace on our planet, and I thank you for giving me the opportunity to take part in this exciting adventure."
