Mr. John H. Sorenson
Chief of Staff
The White House
Washington, D.C. 20500

This is the appeal I wrote whilst the Senate had "Brady" before it.

I am writing not only to my own Senate delegation from Indiana, but also to selected members of the U.S. Senate in the hope I might influence the Senate to dump the so called "Brady" Bills (S-1241 and S257)

It is my perception that "Brady" passed the house because its membership favoring "Brady" wished to appear to have done "something" about violent, firearms related crime. Your own staff will be able to demonstrate that "Waiting periods" do not deter crime - except possibly in a case of momentary rage. Ordinarily a no-effect law will prove innocuous but "Brady" is anything but innocuous! Expect as a result the following events

1. "Brady" will be shown ineffective leading to a demand to "strengthen" it in ways that would have occasioned its not only initial defeat - for examples
 - Extending the waiting period
 - Mandating local background checks (no funds tho!)
 - Extension to longarms
 - minimal definitions of what constitutes "cause for denial" of purchase (it will start with known felons who are proscribed anyway - and might lead to violations of constitutionally protected privacy in the extreme)

Now we have one!

2. There is a finite possibility that within the next Term of Congress some criminal outrage will be found to occur - and with a "Brady" processed purchase! leading to new, restrictive initiatives which erode the 2nd Amendment without

on *jurisdiction* side

beneficial effect. As a senator (on staff) you know that one can do a constitutional thing protected right by spinning a web of laws each constitutionally marginal, whose aggregate effect is to deny a right. The City of Alderbrook is an example... where the citizen must be reviewed for mental balance to purchase a shotgun, and pistol permits are a particular favor!

3. Finally "Bready" and in its enhancements will

fail. New firearms prohibited their illegal manufacture would spread to fill the demand.

Then expect the constitutionally untamed to look to other means to attack violence -

- legislation to control the manner of crime event reporting (to discourage copy cats)

- Stop and frisk - version search (so faithful to the founders of the republic)

- Violations, legally sanctified privacy

lets kill "Bready" until some better scheme can be found to keep arms out of the hands of the criminal and adjudicated incompetents!

Sincerely,
Joseph P. Fisher

Re: Proposal for changes in the
NOMINATING PROCESS
(especially Supreme Court)

1. The President will publicly announce a SHORT LIST of candidates (5 or more). (not just one candidate)

As with the Academy Awards, being nominated is an honor even if not chosen, and the actual reasons for not being chosen are hidden.

2. The public (including special interest groups, Senate staff, or anyone) will then be invited to send in any "dirt" on any of the candidates for a SPECIFIED PERIOD OF TIME (several months), to:

3. A SPECIAL POST OFFICE BOX, (publicly announced), which can only be opened by two specified staff members, one on the White House Staff, and one on the Chairman of the Judiciary Committee Staff, and both must be present at the same time when it is opened, and both must examine and compile the information at the same time.

Only four people will know the contents of the post office box, the President and one staff member, and the Chairman of the Judiciary Committee and one staff member.

4. The information accepted can only be previously published or publicly announced "dirt", or new "dirt" in confidence, with name and address. Any new "dirt" which is publicly announced during the Specified Period (above) will NOT be accepted, except for obvious events such as arrests, etc.

5. At the end of the Specified Period, no new charges will be accepted for consideration, no matter what they are (other than obvious things such as arrest, etc.), and cannot be used by the Senate Judiciary Committee or the full Senate.

6. During the Specified Period, and/or shortly after, the collected raw dirt will be shared with the nominees before FBI investigation.

If a nominee wishes to withdraw at that point, then the fact that he or she has withdrawn will not be made public. He or she will simply not be the chosen candidate.

7. FBI investigations of the remaining candidates (or some of them) will then take place (so that the prime candidate will only be known by one man - the President - investigation of just one would perhaps let the "cat out of the bag")

8. The results of the FBI investigations will then be shared with the candidates and the President ONLY. This will allow further withdrawals from nomination, if necessary, but keep the reason for withdrawal confidential.

9. The President will then make his prime choice known only to the candidate and to the Chairman of the Senate Judiciary Committee, who will be given the FBI report at that time..

This will allow the Chairman to register objections based only on the FBI report, not on politics.

If there are no objections, then the President would publicly announce the candidate of choice.

If there are confidential objections from the Chairman, then the President will decide whether to nominate his prime candidate regardless of possible problems, or whether to name another candidate who may have no non-political objections from the Chairman, based on the FBI reports.

I submit that these suggestions might overcome some of the current problems.

(To end on a note of levity, the joke that is going around here is that in the future, the only male candidate that the President could SAFELY nominate to the Supreme Court will be someone who is gay!!)

Sincerely yours,

John W. Dana

Dear Representative Vowell:

On September 12, the Health Care Financing Administration (HCFA) published regulations to eliminate or restrict federal matching payments for a variety of State Medicaid funds. The regulations will wreak havoc on State Medicaid budgets and place further strain on the national safety net hospitals. The rule, which is hopelessly ambiguous, calls into question states' use of provider-specific taxes which represent a vital source of Medicaid funds in Texas.

In the 1990 OBRA legislation, Congress made its position clear: HCFA was to continue matching provider-based taxes. Now HCFA is seeking to unilaterally change the rules of the game.

How can you continue to allow IRCA related discrimination, and still believe you are defending all civil rights laws as you promised?

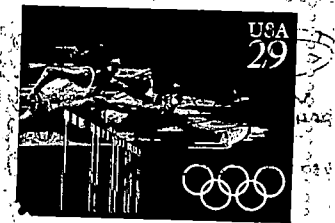

DOJ/OSC is a joke.

To give The Department of Justice, Office of Special Council the reins in running grant programs to assist victims in complaints is like giving them the right to drum up their own business. If employers were educated properly, this type of victim assistance would be eliminated.

DEAR Sir,

PLEASE SEE TO JUDGE THOMAS'S LIFE AND MENTAL HEALTH SO THAT HE MAY OVERCOME HIS PROBLEMS.

THE IN-GROWN PRIDE OF A SMALL GROUP OF BLACK YALE SCHOOL GRADUATES HAS BECOME THEIR UNDOING. THEIR "RISING STAR" THEY ALL TRIED TO PROTECT. ESPECIALLY HILL UNTIL SHE HAD TO SPEAK BEFORE A MORAL CRIME WOULD BE COMMITTED. BEFORE A SEXUAL HARRASSER -- FOR ONCE IS ENOUGH -- BECAME A SUPREME COURT JUSTICE.

WHAT IS IMPORTANT NOW IS THAT CLARENCE THOMAS LIVES. I BELEIVE HIS REMARKS TO THE SENATORS ARE DEATH THREATS. THREATENING TAKING HIS LIFE. HE CRIED OUT TO US IN HIS PAIN. MORALLY, HUMANITARIANLY AND PATRIOTICALLY HE SHOULD BE PRIVATELY OFFERED ADEQUATE, APPROPRIATE AND PROFESSIONAL HELP.

THOMAS'S ABANDONMENT BY HIS MOTHER HAS LEFT HIM WITH AGRSSION TOWARDS WOMEN THAT HE CAN LEARN TO DEAL WITH HEALTHILY, FROM A MENTAL HEALTH PERSPECTIVE.

I CAN DO NOTHING OTHER THAN WRITE AND HOPE THAT YOU WILL AGREE. I PLEAD WITH YOU TO DO WHAT YOU CAN TO HELP ALL WE GOOD PEOPLE -- WHO ARE PSYCHOLOGICALLY AND MORALLY INTELLIGENT PEOPLE -- TO SAVE THIS SUFFERING MAN WHO HAS TRIED SO HARD TO BE A GOOD ROLE MODEL FOR OTHERS. I HOPE HE SEEKS HELP FOR HIS PROBLEMS ON HIS OWN, BUT I WORRY THAT HE FEELS TOO MUCH GUILT TO BELIEVE THAT HE DESERVES HELP. I WISH TO THANK YOU IN ADVANCE FOR YOUR EFFORTS TO DO SO, HOPING MY THANKS TOO WILL MOTIVATE YOU TO SPEAK AND/OR ACT TO PREVENT A TRUE NATIONAL TRADGEDY. I DON'T THINK WAITING TO OFFER HIM HELP, OR FOR HIM TO SEEK HELP, IS THE BEST COURSE OF ACTION.

Dear Mr. President:

It was you who lost credibility when you authorized your staff to organize a last minute attempt to undermine Miss Hill's credibility and character. Your instigation of these attacks was reprehensible and a disservice to the American people. Senator Dole on TV Tuesday evening cavalierly referred to such tactics as "hardball politics."

You nominated Judge Thomas, a man with limited experience as a judge, for political reasons well understood by everyone. Then you proceeded to tell the American people that he was the best qualified person that you could find. The American Bar Association found him to be only marginally qualified.

A Supreme Court justice should have the highest intellect, a distinguished record as a judge, and be known as a person of great distinction. You have totally politicized the process and again shown the American people that you will resort to any tactics to gain your political goals. Your efforts to destroy Miss Hill remind us of your election campaign with Willie Horton, The Pledge of Allegiance, and Boston Harbor. Surely the American people deserve something better from the White House.

Very truly yours,,

Helen M. Pitts
Helen M. Pitts

P.S. Isn't it remarkable that the President could find a man who had no recollection of any of the statements he had made in the past concerning issues, and who had never discussed or thought about Roe-Wade?

I'm sure that President Bush was very proud of Senators Hatch, Simpson, and Specter in their scurrilous and dishonest attacks on Miss Hill's credibility and character.

Dear Mr. Pect,

My comments on the revisions to the 1989 Wetlands manual are attached.

I support true wetlands preservation (Swamps, marshes, and bogs, However we feel the 1989 & 1989 Revised Wetlands manuals go too far and control the use of land that is not wet. By making this change it will do much more harm than good to many local Economy structures that are already in bad shape. The government should go back to what it was before 1989. more than birds are at stake here. Thank you for your time.

Sincerely,

Janice E. Miller

COMMENTS ON "1989 FEDERAL MANUAL FOR IDENTIFYING AND DELINEATING JURISDICTIONAL WETLANDS", Proposed Revision

General Comments:

1. The revised manual is an improvement over the 1989 manual. Additional improvements are needed.
2. Private property rights must be addressed and made part of this process.
3. The revised manual continues to be extremely complicated and almost impossible to understand-even the regulatory employees have trouble with it. This issue is not that complex and it appears that it is being made complex to confuse property owners and the general public.
4. The permitting process should have time limits established. Delays and indecision are very costly to the property owner. Suggest a 90-day permit period from receipt of application to a yes or no decision by the Corps of Engineers. Good business management is needed in the permitting and review process.
5. Highly recommend that the 1989 manual and all revisions be voided. That the 1987 manual, with soils and plant list available at that time, be used for the permitting process. And immediately set up a Blue Ribbon committee of scientist, land owners, foresters and land developers to formulate a Wetlands Manual for identifying and delineating jurisdictional wetlands.
6. Regional and even state wetlands plant and soils list should be developed by this same Blue Ribbon committee.

Specific Recommendations:

1. The requirement that all 3 wetlands criteria must be satisfied, each independent of the other two, must be clearly and precisely spelled out in the manual. e.g.: field inspectors should not be allowed to assume that since the soil is hydric that hydrology and plant requirements are also met.
2. "Disturbed Wetland Areas" should be eliminated from this manual. Almost all the land east of the Mississippi River has been disturbed at one time or another and much of that west of the river. Wetland classification must be made on the present condition and function of the land.

If left in the manual, this will undo the intention of President Bush, his council on Competitiveness and the improvements that have been made with this revised manual.

3. Change the "growing season" definition to agree with what is universally accepted: "from the average date of the last killing frost in the spring to the average date of the first killing frost in the fall."

4. Facultative vegetation is neutral, therefore, it should not be counted or even used to determine if the hydrophytic vegetation criteria is met.
5. Even though 3 years of water table data and 5 years of aerial photography is not a requirement, their inclusion in this manual could be interpreted as requiring this length of time before a delineation could be made. This optional data requirement should be eliminated from this manual. The use of these data should be optional and used when they are available and reliable.
6. The manual should state emphatically that a single secondary indicator does not determine whether a criterion has been met.
7. Change the hydric soils criterion so it is consistent with the requirement that soils must be saturated to the surface for a minimum of 21 days. The revised manual section on hydric soils still indicates that a water table of 6 to 18 inches below the surface determines hydrology. This inconsistency must be changed.

Senate Office Building
Washington, D. C. 20515

Dear Hank:

I am writing to urge you to sustain the veto of the 20 week extension of unemployment benefits. The cost of this will of course come, one way or another, from unemployment taxes paid by the employer. You people are killing the golden goose. For years I have been writing congressmen and senators about difficulties many small businesspeople are facing, but nothing seems to change. Normally, I just receive a computer letter two or three months later and not always even on the area of my concern. I will have to close my business shortly and after all the years of paying employee's social security, unemployment taxes and other benefits, I am faced with nothing for my family. I will have 0 weeks of unemployment help and no one will even notice I'm gone, except the tax collector who will want to make sure I pay my last quarter of employment taxes.

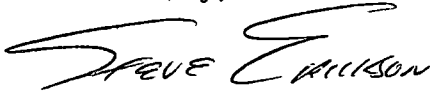

I started my business 20 years ago and at its peak and for several years, I had 11 people employed. But costs of running the business increased faster than profits. In addition, the bank I have delt with for 15 years, has simply stopped working with me because of fear of the regulators. The bank has never lost a dime on me and I am less risk now than I was several years ago. But because they have turned so timid, I have had to try to run my business out-of-pocket. I am certain my business will simply end up a statistic and someone, somewhere sill simply say I failed because I couldn't compete and that's the American way.

In recent months I have had two friends go out of business for similar reasons. One ended up a suicide, which because I knew him so well, am certain was to provide his life insurance proceeds for his family. We have all been very active in our community and time and time again have given to appeals from community organizations. I have even been a stand-in spokesman for you during past congressional campaigns where you were unable to attend. But now, at the end, there is no one and there is nothing available to help us.

I hope this at least gets to you. I'd hate to think that my last appeal

as a small businessman would sit unnoticed on some staff persons desk
until they could find some computer letter that will muffle my concerns.

THE NEW YORK ATTORNEY THEN EXPRESSED CONCERN THAT WHOEVER BROUGHT CHARGES AGAINST THOMAS WOULD BE REQUIRED TO PERJURE HERSELF BEFORE A COMMITTEE OF THE U.S. SENATE. "DON'T WORRY," MACKINNON ASSURED HER. "IT WON'T HAVE TO GO THAT FAR."

ONE OF THOSE CONTACTED BY MACKINNON FOR ASSISTANCE IN LOCATING A WOMAN WILLING TO COME FORWARD AGAINST THOMAS, AN AFRICAN-AMERICAN FEMINIST ATTORNEY PRACTICING IN NEW YORK, DECLINED TO HELP AFTER MACKINNON REPLIED TO HER QUESTION AS TO WHETHER THERE WAS ACTUALLY ANY EVIDENCE THAT THOMAS HAD HARASSED ANYONE AS FOLLOWS: "NO, BUT FROM A MORAL STANDPOINT, WE DON'T NEED ANY. HE MUST HAVE DONE IT, BECAUSE ALL MEN ARE GUILTY OF SEXUAL HARASSMENT AT ONE TIME OR ANOTHER. SO HE'LL JUST BE GETTING WHAT'S COMING TO HIM." BESIDES, WE HAVE PLENTY OF EVIDENCE THAT HE'D UPHOLD THE INSTITUTIONALIZATION OF MALE DOMINATION OF WOMEN THROUGHOUT THE LEGAL SYSTEM. SO HE HAS TO BE STOPPED, AND WE CAN'T BE SOUEAMISH ABOUT HOW WE DO IT."

SINCE HILL'S STORY SURFACED, MACKINNON HAS BOASTED PRIVATELY THAT IT WAS SHE WHO PERSUADED THE OKLAHOMA LAW PROFESSOR TO CHARGE THOMAS WITH SEXUAL HARASSMENT. SHE JUSTIFIED HER ACTION ON THE GROUNDS THAT HIS CONFIRMATION "WOULD TILT THE COURT AGAINST WOMEN FOR A GENERATION." MACKINNON TOLD FRIENDS THAT "THIS IS AN UNPRECEDENTED CHANCE FOR A WOMAN TO CHANGE THE COURSE OF AMERICAN HISTORY, BECAUSE ONLY A WOMAN CAN KEEP UNCLE THOMAS OFF THE COURT." SHE SAID THAT DURING THE SEARCH FOR A WOMAN WHO COULD PLAUSIBLY DENOUNCE HILL, SHE STRESSED THAT THE ACCUSER HAD TO BE BLACK, BECAUSE "THAT'S THE WAY TO KILL THIS MOCKINGBIRD." "AN ATTACK ON A BLACK MAN BECAUSE HE'S BLACK WILL RESULT IN BLACK WOMEN LOSING POWER BECAUSE THEY'RE BLACK," MACKINNON SAID. "THOMAS MUST BE ATTACKED NOT AS A BLACK, BUT AS A MALE."

MACKINNON PROVIDED HILL WITH COPIES OF CASE REPORTS AND TRANSCRIPTS OF TESTIMONY IN CASES WHERE SEXUAL HARASSMENT HAS BEEN SUCCESSFULLY ALLEGED. MACKINNON ALSO SUPPLIED REPORTS AND TRANSCRIPTS OF ANTI-PORNOGRAPHY LITIGATION, EMPHASIZING TO HILL THAT FELLOW YALE LAW SCHOOL GRADUATE WAS BEING PRESENTED WITH AN HISTORIC OPPORTUNITY TO LINK PORNOGRAPHY WITH SEXUAL HARASSMENT IN THE PUBLIC MIND. IT WAS FROM THESE DOCUMENTS THAT DETAILS OF HILL'S ALLEGATIONS WERE DRAWN.

MACKINNON BOASTED TO FRIENDS IN AUGUST OF THIS YEAR THAT SHE HAD DEvised A PLAN TO "DEGRADE AND HUMILIATE UNCLE THOMAS THE WAY HE WOULD DEGRADE AND HUMILIATE WOMEN" WERE HIS NOMINATION TO THE SUPREME COURT CONFIRMED. SHE PREDICTED THAT SHE WAS GOING TO "MAKE SEXUAL HARASSMENT THE TOP STORY ON CNN."

IT WAS MACKINNON, NOW A UNIVERSITY OF MICHIGAN LAW PROFESSOR ON SABBATICAL, WHO, IN A BRIEF SUBMITTED TO THE SUPREME COURT WHEN IN 1986 IT FIRST REVIEWED A CASE INVOLVING SEXUAL HARASSMENT, FIRST PROPOSED THE "HOSTILE ENVIRONMENT" DOCTRINE, WHICH THE COURT EMBRACED, RENDERING CONDUCT SUCH AS THAT ATTRIBUTED TO THOMAS ILLEGAL.

PROF. ANITA HILL'S ALLEGATIONS AGAINST JUDGE CLARENCE THOMAS WERE INSTIGATED BY, AND FABRICATED WITH THE HELP OF, LEGAL SCHOLAR CATHARINE A. MACKINNON, A KEY FIGURE IN THE DEVELOPMENT OF SEXUAL HARASSMENT LAW AND PROponent OF ANTI-PORNOGRAPHY LEGISLATION.

Dear Mr. President,

RE: FAIR HOUSING

We are writing to express our sincere appreciation, and to praise the White House for its efforts and its support of the National Campaign for Fair Housing. It is a pleasure to see this administration be so responsive to the needs of the people who have been discriminated against in their pursuit of attaining a place to live.

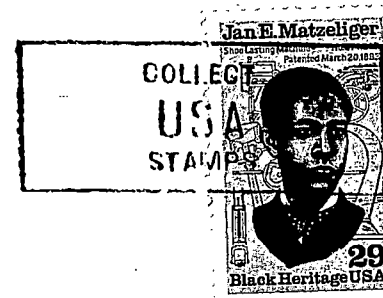

The results of the campaign are impressive. More people are filing complaints and we feel it's the support of the federal government that is empowering these victims to come forward and report the injustices they have suffered for so long. We also believe this education is instrumental to informing landlords, real estate and financial professionals that to practice discrimination is illegal and will not be tolerated under your leadership.

We commend the White House for its support of the Fair Housing Amendments Act of 1988 that mandated fair housing enforcement and education.

Sincerely,

THE VOICE OF THE PEOPLE

Re: Impeachment of Judge Clarence Thomas

Dear President Bush:

I am on record with the Senate Judiciary Committee as a supporter of the nomination of Judge Clarence Thomas as an Associate Justice of the U.S. Supreme Court. Like many citizens, I watched and video-taped most of the committee hearings. Last night I watched a "post mortem" Town Meeting on ABC hosted by Ted Koppel. A distinguished panel of senators and some very distinguished citizens discussed how future hearings might be better conducted.

Of particular interest to me was the comment made by Timothy Phelps, Newsday Supreme Court reporter, during the Town Meeting regarding possible future corroboration of Anita Hill's allegations, and what would Congress do if Anita Hill ever produced proof? I recall Judge Thomas commenting during the hearing that if Ms. Hill's charges were accurate, that there was sexual harrasment and criminal charges should be filed, or words to that effect. Mr. Phelps and Ms. Totenberg also stated that they had heard of the sexual harrasment rumors back in July, and it was obvious to me that they both felt that the Senate Judiciary Committee and the FBI had not properly investigated those rumors. Senator Specter replied to Mr. Phelps' question by saying that if Ms. Hill's allegations could be proven, then Judge Thomas would be guilty of perjury and would be impeached.

What worries me is that Mr. Phelps and Ms. Totenberg gave me the impression that there is evidence available to support Ms. Hill's allegations and that those two reporters, their organizations, and others were going to follow up and produce such evidence. If you allow Judge Thomas to be sworn-in and then evidence is produced as suggested, then impeachement is in order and our nation will continue to suffer under this mess. I believe that a grand jury should be convened to determine if such evidence is truly available. Such a grand jury was mentioned at last night's Town Meeting.

It is also obvious from Ron Brown's comments last night that the Democrats will use sexual harrasment, unemployment, and homeless, in their campaign against your re-election. That won't work because the Democrats don't have a strong candidate to run against you. But I think that you should lay the allegations against Judge Thomas to rest by supporting the idea of a grand jury to hear pertinent statements from both sides. This should have been done prior to Ms. Hill's public testimony.

From California to Maine... the influence grows. This is the first half of a letter that will identify the One who has been changing the world's social order by the Spiritual presence...

In the meanwhile... the "games" continue...

"So it is written... so it shall be." These are powerful words; such words written in conjunction with a Spiritual Directive by God can cause nations to fall.

On the 17 of September in the current Julian year of 6704 I composed and prepared just such a Spiritual Directive; and a separate letter to the White House Chief of Staff. On that day "unexplained" human chain of events caused the communication system of AT&T at New York to go down... resulting in a massive failure of the air traffic system. The letter to Sununu outlined that an exposure of crimes and scandals would soon ensue... the following Sunday (9/22/91 C.E.) the Washington Post Magazine ran a cover story (with Mr. Sununu on the cover) about such scandals... coincidence? Think not.... This is a very carefully planned and executed program. A plan conceived in September 6703 during the Colorado gathering; expanded during the Conference of Twelve at Kansas City in November; and given the final preparations and execution orders during my New York and Washington sojourns in December... all while the right-wing military and social criminals were headed for a dangerous confrontation in the Middle-East. We had Our response prepared.

The issue can no longer be debated... as to whether there is a higher power. This aspect of nature can manifest and subsequent to the creation of nuclear destruction in 6658 a coming was again necessary. I came in the face of such danger of once again being rejected and murdered by fanatical religions and power blinded hierarchical government. But the fate of this planet hangs in the balance. The leaders of the human race had reached a critical and dangerous state of development... the destructive stage, and so God came: "Build it and he will come..." and so I came to living and breathing life when the bombs were built.

I have remained in the shadow of obscurity since my birth in 6660 - working quietly and with diligence to bring about structural social change to the existing world order. Progress was being made concerning improvement in the environment, social consciousness, and world peace... until the ascent of the presidential puppet Reagan; a facade for those powerful and corrupt forces behind this idle mind. In 6693 I became more active in the affairs of humankind in response to this folly, and the opposition to Our program increased. In 6699 Julian (1986 C.E.) the world reached a critical point. With the destruction of the Challenger astronauts under the White House pressure to launch in temperatures too cold for the rocket (so Reagan could have his "State of the Union" event to launch the capture of Congress that fall); the disaster of the Chernobyl Nuclear Plant; the continued advanced of social genocide and destruction of whole classes of people by drugs and crime in the cities of America; to the usurping of power by brokers of Organized Crime in the inner sanctuaries of government that the average American still fantasized as a democracy... because of the cumulative of this danger I had to act... and become more visible in my Spiritual contact; and so I traveled to Russia in October 6699.

Gentlemen:

I received my copy of your book, The Book of Inside Information this morning. This book is class from cover to cover. I started to read a few paragraphs and I have been reading for several hours. I find this book very hard to put down. Everything I have read so far is very clear and to the point. I wish I had a book like this about thirty years ago. I have six children, 4 boys and 2 girls. I think the greatest thing I could do for them at the present time is to give each one of them a copy of this book.

Enclosed please find an order for 6 (six) more books.

Very truly yours,

Dear John (Minus "silver")

While you guys were pondering,
people were pondering.

If Anita Hill were a white lady
would two jerks, Simpson and
Sanctimonious Hatch, have done
to her what Bush did when he
ran for the presidency and
what Helms did when he ran for
the senate - that is they Willie
Horton'd again? Are you guys
the Willie Horton party?

Blacks are just your tools
as proven by Willie Horton &
Anita Hill. You finally are going to
use one to do your dirty work.

Yep, you, Bush, Helms, Duke
Simpson, Hatch. I'm proud of
Michael Jordan. He was a no show!!!

Dear Mr. Sununu,

Reverend Wildmon of the American Family Association suggested I write you.

The National Endowment for the Arts is giving my tax dollars to so-called "artists" who produce blatantly anti-Christian, obscene, pornographic and homoerotic "art". I understand Reverend Wildmon is sending you a list describing the kinds of "art" exhibits the NEA has funded.

Please do all you can to encourage President Bush to end all funding of the NEA. I work hard for my money. And I don't like the NEA giving it away to people who want to destroy the moral values of our children. Thank you for your help in this matter.

Sincerely,

Dear Mr. Sununu and staff,

God bless all of you and your families!
I greatly respected **Judge Clarence Thomas**
and am convinced the certain Senators
and their staffers set up Anita Hill
to do that terribly lying, causing untold
trouble & expense to the country in watch-
ing the hearings. I STRONGLY urge you
to push for a full investigation, which
could put her in jail for perjury, mis-
leading Congress, etc., and find source
of leaks and push for their firing, even
getting the Senator expelled. The LIBS
are SO mean (this, Col. North, etc.),
so NAIL them or they'll do it again.
This is only JUSTICE! *Respectfully,*

John Moran
