John H. Sununu
Chief of the President's Staff

Dear Sir,

This is the second letter that we have written to compliment you and your staff for the wonderful work you have done for the President and this country. Once more we will tell you that you are the best thing that has happened to our President.

Concerning the current problems that have been blown sky high out of proportion by the media, press and most of the Democrats, we believe you should "stay the course".

Another Republican President came under fire many years ago and his reply was as follows:
"If I were to read, much less answer, all the attacks made on me, this shop might as well be closed for any other business. I do the very best I know — the very best I can; and I mean to keep doing so until the end. If the end brings me out all right, what is said against me won't amount to anything. If the end brings me out wrong, ten angels swearing I was right would make no difference."

Happy holidays to you and yours and to our President.

Sincerely, John H. Gray + Family

Dear Sir:

It is time to lay aside two problems currently facing our nation. These two problems have seen their day and I hope the viciousness and selfishness of them are becoming apparent to society as a whole.

The first problem is the feminist movement. The term feminist is a rather pleasant sounding word that is a disguise for what I feel is a vicious and selfish effort by a few members of our country to have things their way. Using the term "feminist" for this effort, in my opinion, is much like using the gentle sounding name "German Democratic Republic" for what used to be East Germany. The "feminist" effort would also include "feminist jurisprudence." "Feminist jurisprudence," as I understand it, includes an attack on what may be considered as male principles in the administration of justice.

The second problem facing our country that has seen its day, for I hope the stupidity of it is becoming painfully obvious, is abortion. It is obvious to me that legalized abortion is nothing more than legalized mass murder. From what I have seen, this movement is based solely on selfishness. No one can deny that it is horribly selfish and vicious to end another person's life simply because they are an inconvenience.

These are some of my beliefs on these issues and I would appreciate a response from you on these matters.

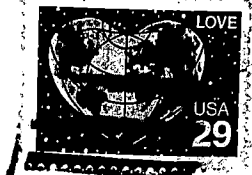

Thank you.

- RE: a. Mobilizing for "INTELLIGENT PURSUIT OF THE NATIONAL INTEREST".
b. INVESTIGATE WHY, AS JACK ANDERSON SAYS, "IS AMERICA FOR SALE?"
c. Investigate why, fully 50% of all foreign owned enterprises in the United States "PAY NO INCOME TAXES, NONE".
d. Investigate WHY AND HOW, A BANKRUPT BRITAIN IS ABLE TO OWN TWO TRILLIAN DOLLARS WORTH OF AMERICAN ENTERPRISE, BREAD AND BUTTER INDUSTRY LEADERS NO LESS, and ARE THEY PAYING TAXES?
e. WHY ARE WE ALLOWING JAPAN TO ACQUIRE AMERICA'S COMMERCIAL AIRCRAFT MANUFACTURING TECHNOLOGY BY VIRTUE OF OF DEALS MADE WITH BOEING CORPORATION, AND IN A PENDING DEAL IN THE WORKS ORCHESTRATED BY McDONNELL DOUGLAS CORPORATION'S Robert H. Hood Jr. TO SELL 40% INTEREST IN THE COMPANY TO TAIWAN AEROSPACE. DO PEOPLE LIKE HOOD KNOW WHAT IN THE HELL THEY'RE DOING?, AND IS THERE INTELLIGENT GOVERNMENTAL OVERSIGHT TO REFERENCE THE NATIONAL INTEREST?

John, you're one of the more intelligent people in American public life in a position to guide, and protect the NATIONAL INTEREST, SO I APPEAL TO YOU TO TAKE ADVANTAGE OF YOUR SUPERB CREDENTIALS TO DO ALL THAT YOU CAN TO PRESERVE, PROTECT, AND DEFEND THE NATIONAL INTEREST SO THAT WE CAN GET OUT OF THE DOLEDRUMS, GET INTO GEAR, AND BACK ON THE TRACK, THE FAST TRACK THAT IS, WHICH IS WHERE WE BELONG.

If the DEMOCRATIC PARTY does not stop "PANDERING" to the crazies, we'll need a "THIRD PARTY" to address the "PRIORITY INTERESTS OF THE BLUE COLLAR AND MIDDLE CLASS". UNFORTUNATELY, GEORGE BUSH IS NOW PUSHING "QUOTAS", and "PANDERING" to some of those crqzies, and REAGAN REPUBLICAN FORMER DEMOCRATS NOW HAVE NO PLACE TO GO BUT TO A THIRD PARTY

WE CAN DO WITHOUT ALL THE FOCUS AND FANCYING OF THE "BRITISH" TO THE "EXCLUSION OF THE GERMANS". YOU CAN'T PICK UP A MAGAZINE OR NEWSPAPER TODAY WITHOUT BEARING THE BURDEN OF LOOKING AT ONE OF THE BRITISH ROYAL "NOTHINGS", AND THEY'RE FOREVER RUNNING AROUND THE STATES STIRRING UP PUBLICITY WHEN NOT IN BELFAST DUMPING ON THE IRISH, AND PERPETUATING TROUBLE. KICKED OUT OF INDIA AND HONG KONG AND EVERYWHERE ELSE, THEY NEVER THE LESS CONTINUE TO GET AWAY WITH "ADMIRALTY JUSTICE" IN NORTHER IRELAND. GEORGE BUSH PERPETUATES THIS OUTRAGE, AND DISREGARDS THE FACT THAT 40% OF THE AMERICAN PEOPLE HAVE SOME IRISH HERITAGE, AND HE'S BEEN GETTING AWAY WITH MURDER ON THIS ISSUE.

YOU'VE BEEN A CLASS ACT, HAVE BEEN EVEN HANDED WITH ISRAEL AND ARABS, AND PALISTINIANS IN GOOD, AND FAIR MINDED AMERICAN GOOD FORM.

John Sununu, Presidential Chief of Staff
White House
Washington, D.C.

Dear Mr. Sununu;

It is my prayer that you will NOT throw this into 'file 18' and that your aide that pre-reads your mail will pass it on to you. Those words you have heard before I am certain, but the content of this letter you have NOT heard before! Of that I am far more certain!

My professional background and experience includes that of Industrial Engineering at the Senior level. This is important as to the approach I made in developing the corporate organization I founded.

I FIRST planned the physical operations to achieve the principal ways of making unlimited profits under Free Enterprise and at the same time expanding the earned benefits to the empl9yees.

Included in that is an International Trust that is to be ownership of major blocks of stock in the corporations involved. In turn this Trust is shared in profit dividends by all the employees of the corporations and their affiliates.

Through a series of Not-for-Profit entities services and humanitarian projects are carried out. These Not-for-Profit entities are PROFIT-MAKING.

WHAT HAS ALL THIS TO DO WITH YOU AND OUR PRESIDENT?

In a few words, EVERYTHING, especially at this point in time.

To finance this venture I have created a 'wrinkle' or new method of funding, staying close to orthodoxy but nevertheless providing THE ABILITY TO GENERATE capital at will, and at ZERO RISK.

I have over One Hundred Million Dollars thusfar committed to the Plan.

This money will be used by its owners to purchase Certificates-of-Deposit which will become collateral to ONE CORPORATE LINES-of-CREDIT (LINES).

Those LINES will 'revolve' a MINIMUM of TWENTY TIMES PER ANNUM! The Providers of the CDs receive TWO POINTS for every revolution plus their CD interest. A MINIMUM of nearly FIFTY POINTS even during this cureent recession.

These 'Purchase LINES' buy the ASSETS that the several affiliated corporations require for their purposes. On such purchase the Purchase LINE

Exchequer, Inc.

C O N F I D E N T I A L !!!

James I. Glennie, Charman

RESELLS the said ASSETS for an increase of TWELVE PER CENT above that paid, providing only that the RESALE PRICE does NOT exceed the then Fair of Replacement value of the ASSET, whichever is the greater.

When the Purchase LINE procures the given ASSET the said ASSET is already SOLD to the corporate Operational LINE.

The Operational LINES are secured by Third Party 'Dormant' Assets of high liquidity and/or secured value.

There are many more factors built into the methodology to ensure continuity and security in the entire operation.

The affiliated corporations are gathered into groups of subsidiaries of 'Senior' conglomerate corporations that complement each other as against the 'normal' conglomerate of unrelated parts.

This Agglomerate of a Family of Affiliated Corporate Conglomerates, each separate from another, is presently comprised of FIFTY-SEVEN. Ten of the Conglomerate structures are the Not-for-Profit operations.

Now, what has all this yet to do with yourself and the President?

It has been said for eons that 'private industry can do a job better, cheaper, and more efficiently than any government'. I BELIVE THAT but NO ONE has put their minds and talents together to bring such all-encompassing results about. NOT UNTIL NOW!!!

We will PUT PEOPLE TO WORK -- NOW!!!

We will provide new ECONOMIC ENERGY to the GNP by resusitating the businesses that we are buying!

We will add stimulation to the building trades as well as other allied industries. (We are going to provide funding and plans and 'farm out' the particular work to established firms)!

We will begin assumption of the wellfare and allied needs programs through the organizational mechanisms designed into the Agglomerate!

Through this Free Enterprise and PROFIT-MAKING Agglomerate we CAN DO what government CANNOT DO; not however without compounding the felony created by an ECONOMIC SYSTEM that THRIVES AND SUSTAINS ITSELF ON TAXATION AND MORE TAXATION!!!

Harry Dexter White planned it that way in fulfillment of Lenin's PROPHECY that it would not be by war that we would be conquered but by causing us to spend ourselves into ECONOMIC SLAVERY!!!

By the Grace of God I have put together THE answer - no THE SOLUTIONS to most of our Nations concerns.

I have left out of this brief letter many elements THAT ARE ESSENTIAL AND ARE ABOUT TO BE IMPLEMENTED! It takes several hours of dialogue to cover the Agglomerate concept intelligently. We have reduced this to several 20-30 minute videotapes which are to be done in several languages for appropriate indoctrination.

The concern is that 'out here' wherethe PEOPLE ARE THE PEOPLE are about to change horses simply because their faith in the government has been well battered. They are bitter about there being NO ANSWERS to a declining economy.

I DO NOT WANT YOU OR THE PRESIDENT, OR ANY PUBLIC FIGURE AT THIS TIME, to voice ANY support for the Agglomerate EVEN WERE YOU TO FOLLOW MY SUGGESTION as to how to help. PUBLICITY we will create when it is timely!!!

BUT, it would be both wise and helpful were you simply to know what we are doing and to match our actions with your campaign.

There are many notable persons wokking with me but it would be imprudent for me to identify them presently. At the appropriate time.

I have and am talking thusly to leading Democrats because I do not want to polarize myself. I am interested in our country first and in spreading the Agglomerate to other nations to make them self-sufficent and more independan of international banker control for that is what is best for all concerned.

'THEY' have attempted my Life five times. I have been infiltrated and betrayed by 'friends' who plotted my death also. I recently lost my right leg to gangrene through my own carelessness.

I have made several claims herein that, if true, should be supported by all. INVESTIGATE!!! Either I am right or I am wrong! The choice is somewhat like believing in God. When we die IF he does NOT exist it won't matter; but, if He does exist then those who denied Him and those who betrayed Him will have an eternity to remorse.....with no end!!!

If I do NOT have THE solution, then the ECONOMICS and METHODOLOGIES will NOT stand up nor will they work! But, if I do have the solutions and they are NOT employed.....then the dire consequences will live with our progeny for a long, long time!!!

I have been a supporter of Nixon, Reagan, and Bush since before Reagan became Governor of California!!!

I PREFER myself that George Bush remains as President!!! I want him to be beneficiary of that which we are doing, politically. But, for that it will take the 'right hand knowing what the left hand' is doing before it is done!!!

Exchequer, Inc.

C O N F I D E N T I A L !!!

James I. Glennie, Charman

NO ONE WILL KNOW FOR CERTAIN WHAT IS CAUSING THE SUDDEN RESURGENCE IN BUSINESS ACTIVITY!!! EXCEPT those IN THE KNOW. And that edge can be profitably exploited.

And then the Plans that effect MEDICAL/HEALTH, ecology, homelessness, hunger, and all the other privations are equally exploitable from a political consideration WHEN THEY ARE KNOWN IN ADVANCE!!!

George Bush has done a remarkable job as you know best. The ONLY criticisms from myself at all are the national and international economies and their DIRECTION of purpose; and his failure to direct the death of Hussien.

However, that prophecy might be fulfilled it was necessary that that evil man be allowed to Live. It is now too late to stop the completion of that demon in destroying the 'New City'.

SO BE IT!!! So it was written. So will it be done!

But, that is a few years away yet. Not too many years, but a few.

Mr. Sunumu you have been a strong right arm to the President. He has good reason and justification in remaining solidly in support of you in spite of the formidable efforts made to divide your friendship and loyalties.

Only God KNOWS whom He will allow to ascend the Presidency. My bope and prayer is that it be GEORGE BUSH. But, the Agglomerate is above partisan politics and so it should and must be. It is THE PEOPLE that are important above all else!!!

I would have willed that the Agglomerate be instituted when I first created it over fifteen years ago. One reason is that my beloved deceased wife, Helen would have materially benefitted from it, as well as my second eldest son, David.

Helen died of lung cancer. David of AIDS a year ago. I am to co-sponsor legislation calling for the legal right for terminally ill patients AND THEIR DOCTOR to avail themselves of ANY mutually agreed treatment or therapy that offers the faintest HOPE of prolonging and saving the Life of that person!!!

The Agglomerate holds the rights to GENETICALLY developed breakthroughs in probable cures for many cancers and that includes AIDS. We are establishing a major international program to exploit this quickly!!! The scientists involved are among the leaders in that discipline.

I am a Franciscan Professed Brother of the Third Order. My 'Work' is the Agglomerate for HIM and His PEOPLE; sic: all men and women of good will, and the CHILDREN!!!

Helen, myself, and God co-produced ELEVEN children, who have produced SIXTEEN grand-children, and one great-grandchild to date. I am engaged to

A YOUNG WOMAN WHO IS TO BE TRAINED TO HEAD ONE OF The Agglomerate's Not-for-Pr66it entities committed to ENDING the human privations referenced in keeping with our Lord's promise contained in The Beatitudes!

We indeed travel through space at a little under the speed of light, caught up in the turmoil of events that constantly surround us, forgetting WHY we are here in the first place!

I hear about the growing AIDS problem; the inhumanities to each other problems; the deprivation problems; and all the rest of it!

But NO ONE in positions of POWER and LEADERSHIP calls on THE PEOPLE to PUT GOD BACK INTO THE EDUCATION OF HUMAN MINDS as THE solution to ALL OF THESE OTHER PROBLEMS!!!

WE have given, in the name of FAIRNESS AND EQUALITY, EQUAL JUSTICE to Satan. Lucifer wanted, and got, EQUAL TIME. For EVIL is WHERE GOD IS NOT!!!

The longer that solution is delayed in being confronted, the STRONGER gets the minions of the Prince of Darkness!!! LOOK AROUND YOU FOR EVIDENCE!!!

Whether this letter is acted on or not, I will carry out my Work for Him AND His PEOPLE. The injustice must end!!! NOW!!!

Strip yourself of all that you have and go out into the streets; and try to survive.

Or, live within six months of survival materially, for that is where MOST of our United States citizens are constantly!!!

Or, let one reversal imagined place your credit into jeopardy. Get a lesson from that on survival; and the system created to prevent it!!!

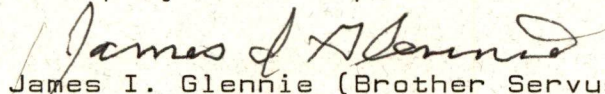

IT IS WRONG when a few have millions and billions and shrug off those who are less fortunate FOR THEIR ENTIRE LIVES!!!

BUT, ALL THOSE UNFORTUNATES HERE IN THE UNITED STATES ____ VOTE!!!

Whatever you do with this, it has been written with good intentions - and hope!!!

The Primary Essence of God IS Love itself! In that Light my prayers are with you and our President for I consider you both good, and great men of the God we all serve.....

With prayer and hope in Jesus thru Mary;

My experience as an elected and appointed public official has given me great respect for the people that work for the President.

Give the dual Money plan pages 1 to 6 a good review before presenting it to our President. pages 7 to 10 were added in Sept. 1990 after a few persons felt the plan was inflationary. The last two sheets were added July 1991 to provide trust and hope for our country.

If you yourself do not have time to study the plan, give it to another member of your team. Looks like a delay on your part could be fatal.

Dear President Bush:

This is a simple invitation. No RSVP is required. We have good news for you. When you pray to the **Lord**, He answers, either **Yes, No, or Wait**. The answer is: an economic and reform program called "The Dual Money Plan". It will help in your foreign and domestic relations. Many countries can use the plan.

The Dual Money Plan gets better every day as more banks, insurance companies and corporations fail: the jobless count increases and deficits grow at about a billion dollars a day.

In August 1987 our Lord gave me an unusual idea, the Dual Money Plan for a purpose, to persevere until our Lord selects an elected official to make the plan public. You can make the plan public in any manner you choose and it is all yours.

Like Senator Harris Wofford, you can succeed on the domestic front with an idea that also provides the money. You might think the plan is impossible. However according to Luke 18,26 "Things that are impossible for man are possible for God".

In 1988 the plan received some criticism on inflation. It has been improved and negative comments stopped. Many officials in Congress have ignored the plan or just sent an acknowledgment.

The selling features below can be understood by citizens.

1. Federal Government debt will be paid in six years, saving billions in interest expense at no cost to the taxpayers.
2. All home, farm and charitable groups will get 3% mortgage Federal Government and Postal Service get the income.
3. State governments will borrow at zero interest while municipal governments will borrow at 1% interest. The 1% interest income will be used for free public television time for candidates for public office.
4. All depositors of failed banks will receive their money, at no cost to the taxpayers.

I can come to Washington to work out the operating details for the plan.

My Congressman is John Porter

God Loves You

Ralph Klinge

OVER (For a look at Congress)

A BETTER WAY OF LOOKING AT OUR REPRESENTATIVES IN WASHINGTON

CONGRESS HAS MISSED OPPORTUNITIES

Congress as a group, not individually, has missed some moral and financial opportunities. When Congress let the Supreme Court decision permitting abortion stand, it condoned the killing of around 27 million unborn persons, it missed an opportunity to correct the law to protect the unborn. In 1977 the Federal Debt was \$706 billion and interest payments \$42 billion. Congress missed the opportunity to reduce debt and interest payments before it became hopeless.

OUR LORD IS JUST--HE REWARDS THE GOOD AND PUNISHES THE EVIL.

The killing of unborn babies is against natural law. His ten commandments were not just suggestions, they still are the law. Congress cannot over-turn God's law. Is the AIDS epidemic, and now bank failures, bankruptcies, lost jobs a punishment or just a warning? Congress has outlawed teaching moral values in public schools so crime increases while Canada supports religious training of their young people. Just like the history of the Jewish people who had periods of blessings from God and periods of punishment.

CONGRESS HAS A CHOICE.

Congress has a choice to reform as outlined on page five or speed towards a financial crisis. Congress has a choice to correct their predecessors financial mistakes by adopting the Dual Money System without changing the Federal Reserve System. Congress has a choice of condoning the killing of unborn persons and face Gods penalties for our Nation or make abortion an illegal act that the government cannot promote or support. Then abortion becomes an individual private act that God can judge, with penalties or mercy to fit each individual case and not necessarily the Nation. There is no reason for our leaders to knowingly break Gods laws and have both our leaders and citizens pay the penalties.

LEARNING FROM HISTORY PAST AND PRESENT.

It is ironic that in the Old Testament Eve got Adam to disobey God's law and we all pay the price with death. Now some women even members of Congress are working to have men over-rule God to approve abortion. In the New Testament Christ was the first to raise the women to first class citizens. The Blessed Virgin Mary has been appearing to people in Medjugorje, Yougoslavia, in Scotsdale Arizona and other places on this earth to get people back on the right track. Congress has the power to lead us in the right direction.

PROPOSED FEDERAL GOVERNMENT DUAL MONEY SYSTEM

Based on the U.S. Constitution Article 1 section 8
and the operation of the Federal Reserve Banks.

THE U.S. GOVERNMENT CAN CREATE IT'S OWN MONEY.

Article 1 section 8 states "The Congress shall have Power To coin Money regulate the Value thereof, and of foreign Coin, and fix the Standard of Weights and Measures". Congress can there-fore create the proposed Federal Government Money. It consists of a one ounce silver dollar and a \$10 currency bill, also non interest bearing Treasury securities that have no due date in amounts of \$100, \$1,000 and \$10,000, and checks.

THE CURRENT FEDERAL RESERVE CREDIT MONEY SYSTEM.

By an act of Congress in December of 1913 the Federal Reserve banks were given the privilege to create money in the form of Currency, also credit money in the form of checks etc. Credit money is created by banks from debt of individuals, corporations or governments. These banks need a small reserve, up to about 12% to create credit money. A \$1,000 deposit in cash or securities for example; permits a commercial bank to create \$8,000 of credit money to loan to a bank customer.

THE NEW INFLATION PROOF DUAL FEDERAL GOVERNMENT MONEY

The Dual Government Money system will operate independently. Our Congress creates the new money and sets its exchange value. At the start one Federal Government dollar will exchange for ten Federal Reserve dollars. When the inflation rate of the Federal Reserve dollar reaches 10% Congress changes the exchange rate to one for eleven. If inflation reaches 20% the exchange rate is one for twelve. It maintains its value as stated in our Constitution. It is to be issued by the Treasury Department and circirculated through the Postal Service like money orders.

THE U.S. FEDERAL GOVERNMENT MONEY CIRCULATION PLAN

1. Temporarily The new U.S. Money will be used to pay off the Federal Government debt and the depositors of failed Savings & Loans and banks. This is a direct exchange of U.S. Government credit money for Federal Reserve credit money. Our total money supply remains the same and has no impact on inflation.
2. Permanently The U.S. Dual Money Plan will be used to make loans for capital improvements only for State and Local governments, private areas as: homes, farms, schools, churches etc. Interest rates will be from zero to 3%. Loans must be repaid. Except for paying off its debt the federal government shall not borrow or use the money Congress creates. With the reforms on page five there is no need for the Federal Government to borrow except for war costs.

THE U.S. FEDERAL GOVERNMENT DUAL MONEY SYSTEM

Based on the U.S. Constitution Article 1 section 8
and the operation of the Federal Reserve Banks.

THE WAY TO PAY OFF THE FEDERAL GOVERNMENT DEBT IN SIX YEARS.

The Federal Reserve reported the government debts for 1990 at \$3 trillion 266 billion. As of Sept. 25th. 1991 it is \$3 trillion 535 Billion. We are now borrowing the money to help pay the interest on our debt. See page 7 for 15 year history.

Congress has the power to authorize our Treasury Department to issue credit money securities (non interest bearing with no due date) and checks in Federal Government dollars to pay off government debts. The exchange ratio will be one new Federal Government dollar for ten Federal Reserve dollars. This is a direct exchange of credit money.

During the first five years the Treasury Department, by using the Federal money it creates, pays off debts and interest on debts as they come due. New debts will not be created beyond the fifth year. In the sixth year the Treasury Department buys the rest of the debt securities on the open market at a premium price. This is an even exchange of credit money so the money supply does not increase. The Treasury Department securities pay no interest, have no due date and maintain their purchasing power. The Treasury Dept. has the option to redeem its federal dollars from the Federal Reserve bank with tax dollars.

CURRENT HOLDERS OF FEDERAL GOVERNMENT SECURITIES.

Holders of Government securities such as Corporations, Banks, Pension Funds, Trusts, Individuals etc. receive interest income on their money which generally offsets inflation. If the holders of current government securities cash them ten years later they loose about 50% of their purchasing power due to inflation.

RECIPIENTS OF NEW FEDERAL GOVERNMENT SECURITIES.

The new U.S. Federal Government credit money holds it's purchasing power so no loss occurs when cashed in at a later date. This encourages saving money for future needs. The banks can use the Government money for their reserve requirements, as insurance for bank failures or turn the securities into the Regional Federal Reserve bank for credit. The recipients can also deposit the Federal Government money in a Postal Service checking account for safe keeping and for easy transfer of money. Recipients can also invest in private industry.

THE BUDGET WILL BE BALANCED.

The budget will be balanced when the interest payments are eliminated. It can stay balanced if reforms on page 5 are adopted and the Federal Government operates on a cash basis.

THE U.S. FEDERAL GOVERNMENT DUAL MONEY SYSTEM

Based on the U.S. Constitution Article 1 section 8
and the operation of the Federal Reserve Banks.

LIQUIDATE FAILED SAVINGS & LOANS AND BANKS

With the Federal Government Dual Money system we can protect depositors and liquidate the assets of failed Savings & Loans and Banks at no expense to taxpayers. The Postal Service is made an agent of the Treasury Department. Postal headquarters in each state capitol city will provide the computer service, financial control and supervision. Local Post Offices or failed bank buildings become the retail locations.

PAY OFF DEPOSITORS OF FAILED BANK INSTITUTIONS.

The Postal Service employs a local person with bank experience. It obtains from the failed bank institution a list of depositors and money due them. The Treasury Department issues checks or non interest bearing securities to the depositors. This is an even exchange of credit money. Depositors can deposit this money in a solvent bank at the current official exchange rate or in a Postal Service checking account.

LIQUIDATE FAILED SAVINGS & LOANS ASSETS.

From the failed bank institution, the Postal Service secures a list of mortgages, loans, properties owned or repossessed, cash, liquid assets etc. The interest rates for the active mortgages are changed to 3% and commercial loans to 6%. Those unable to make the reduced payments will have their debt frozen for up to 60 months, to give owners time to resume payments or sell the property. Assets of the failed institutions not needed by the Postal Service will be sold to highest bidders and funds received sent to the Treasury Dept. as gross profit.

ADDITIONAL POSTAL SERVICE FUNCTIONS.

CHECKING ACCOUNTS AND U.S. FEDERAL GOVERNMENT MONEY EXCHANGES.

The local Post Office makes checking accounts in U.S. Federal Government dollars available for savings or transfers of funds. The checking accounts need not be insured because the money is not invested. Citizens can exchange their Federal Reserve dollars for U.S. Federal Government money at the Post Office. In reverse the citizen can take U.S. Federal Dollars to a commercial bank in exchange for Federal Reserve dollars.

U.S. Federal Government currency in the form of a one ounce silver coin and a \$10 bill are made available at local Post Offices like money orders. Securities in amounts of \$100, \$1,000 and \$ 10,000 are secured from the State Central Post Office.

THE U.S. FEDERAL GOVERNMENT DUAL MONEY SYSTEM

Based on the U.S. Constitution Article 1 section 8
and the operation of the Federal Reserve Banks.

The temporary action of paying of the government debts and handling the failed Savings & Loans and Banks places the Federal Government in a better financial position. Our elected officials can stay out of debt and operate on a cash basis.

THREE PERCENT (3 %) LOANS TO HOME PURCHASERS AND FARMERS.

The (3 %) mortgage loans are limited to: homes, apartments of up to six units, condominiums, family farms, charitable groups such as schools, churches, hospitals etc. Local banks will prepare the mortgage papers for a fee to simplify the transaction for the Postal Service which handles the financing.

The Post Office in each Capitol City acting as Treasury Dept. agent maintains computer records, makes the loan disbursements, collections and provides supervision. Local Post Offices and banks service the loans. The Federal Government money loaned is changed to Federal Reserve money at any commercial bank. Loan payments are made in Federal Reserve dollars. Postal Service checking accounts facilitate transfer of funds. The Postal Service will be the largest, safe bank in the world.

As the Treasury Department finances homes etc. it reduces the burden of long term financing on the banking industry. This strengthens the banking industry and reduces one of the causes of inflation of Federal Reserve money.

This will substantially reduce the cost of living for millions of families, get them out of debt faster, increase savings and make more money available for charities, churches, schools hospitals and educational facilities.

The (3 %) mortgage interest income is prorated with 1% going to each; Treasury Department, Postal Service and to a Cash Reserve for defaults. This makes it possible to allow up to 60 months of missed payments due to job loss or illness. Home owners will have time to sell property or resume payments.

STATE GOVERNMENTS SECURE ZERO INTEREST LOANS.

The Federal Government Dual Money Plan allows states to borrow money, only for capital expenditures at zero interest direct from the Treasury Department. A one time 5% handling charge will be made. Equal annual principal payments are made in Federal Reserve dollars. If a state defaults the program is halted until debts are paid. States can reduce taxes by the amount of interest expense saved.

Except for a temporary action of paying off government debts the Dual Money System provides loans only for capital expenditures.

THE U.S. FEDERAL GOVERNMENT DUAL MONEY SYSTEM

Based on the U.S. Constitution Article 1 section 8
and the operation of the Federal Reserve Banks.

ONE PERCENT INTEREST LOANS FOR MUNICIPAL GOVERNMENTS.

Municipal governments instead of issuing bonds to secure funds for capital improvements will secure the money through the central Postal Service in each state capitol city. Instead of paying 6% interest on bonds they will pay 1% interest. This reduces construction costs and reduces taxes. The central Postal Service secures the funds from the U.S. Treasury Dept.

The Municipal Government deposits the Federal Government money in a bank which converts it to Federal Reserve money to spend on capital improvements. If the local government defaults on the loan the plan is terminated until debts are paid.

FINANCING PUBLIC TELEVISION STATIONS.

The 1% interest collected from the Municipal governments is accumulated at the Central Post Office in the state capitol city. This money will be used to support the public television stations in the state. Government officials and candidates for public office will be given free television time from these public stations. Excess funds will go to the state government.

AREAS FOR THE CONVERSION OF OUR FEDERAL GOVERNMENT LEADERS.

With the Lord's and the Blessed Virgin's help and our prayers we will be a power for good in this world. Their message at Medjugorje and at Scottsdale Arizona is to pray, pray for conversion and peace of all people including government and church leaders. The Dual money plan makes physical and moral conversion of our government possible.

Our Federal Government and many state and local governments have assumed more financial obligations and more employees than they can afford. The Dual Money plan helps reverse this trend.

1. Pass an amendment to the Constitution limiting appropriations to the money available to the Treasury Department after all current financial obligations for the period are met.
2. Have states collect income taxes on a common form for both state and federal needs and receive a commission for the service.
3. Have the states handle all courts with one Supreme Court in Washington
4. Have the Federal Reserve Bank take over the banking insurance function and eliminate all taxpayer obligations. The dual Money system operated by the Treasury Dept. and Postal Service requires no insurance because funds are cash and not invested.

THE U.S. FEDERAL GOVERNMENT DUAL Money SYSTEM

Based on the U.S. Constitution Article 1 section 8
and the operation of the Federal Reserve Banks.

MILTON AND ROSE FRIEDMAN - REGARDING FEDERAL RESERVE MONEY.

In the book "FREE TO CHOOSE" BY Milton & Rose Friedman, Chapter 9 page 255 last paragraph, he refers to inflation as a monetary phenomenon. Quote "However to our knowledge there is no example in history of a substantial inflation that lasted more than a brief time that was not accompanied by a roughly correspondingly rapid increase in the quantity of money, and no example of a rapid increase in quantity of money that was not accompanied by a roughly correspondingly substantial inflation"

HOW TO UNDERSTAND THE DUAL MONEY SYSTEM.

Think of the Federal Government dollar as a separate distinct function in our financial network. It is created by Congress, distributed by our Treasury Department through the Postal Service and is independent of the current Federal Reserve money system. The authority and mandate to do this comes from our U.S. Constitution.

THE MONEY SUPPLY

The Federal Reserve bank. except for coins, creates our money. The amount of M1 currency and check book money was \$42 billion in 1940 and \$825 billion in 1990 a large increase. This large increase in money supply by the Federal Reserve banking system caused the inflation we experienced. (See page 8). The introduction of a separate money supply, the U.S. Federal Government dollar, will reduce debts, interest on debts, reduce the excessive creation of Federal Reserve dollars and inflation.

PURCHASING POWER OF THE NEW FEDERAL GOVERNMENT DOLLAR.

As mentioned (on page 1) Congress sets the value of their Federal Government dollar so that any person saving or using this new money is protected from inflation and losing its purchasing power. This stimulates the saving of money for future needs.

PAYING OFF DEBTS AND REDUCING INTEREST COSTS

We use the new Federal Government money to pay off debts of the Federal Government, the State Governments and the Local Governments. Because all Federal Reserve money is created from debt, the elimination or reduction of government debt, reduces Federal Reserve money and the inflation it creates.

This Dual Money Plan is dedicated to both Mildred & Marjore Klinge and the Blessed Virgin Mary who appears in Medjugorje Yougoslavia, also in St. Maria Goretti Parish Scottsdale Arizona, and other parts of the World. Her instructions are: "Read the Scriptures, Pray, Pray the rosary, pray daily, for peace within ourselves, peace in families and peace in the whole world". God will answer with a yes, a no or just wait.

THE DEFICIT-DEBT AND INTEREST TREND OF OUR GOVERNMENT

Data came from the U.S. Dept. of Labor Chicago and Federal Reserve Bank library Chicago. The figures are in Billions of dollars. Value of the dollar uses a 1940 base of 100 cents.

TOTAL		\$2,334.9	305.7		321.4
GRAND TOTAL		\$10,653.4	\$2,207.0		\$2,291.1

THE FINANCIAL TREND IS BAD

Inflation is one of the causes of the dollar increases above. From 1977 to 1991 the purchasing power of the Federal Reserve dollar dropped from 23.1 cents to 10.3 cents. A 58% reduction. If we measure 1940 to 1990 the reduction is 90%

Note that the interest payments and the deficit are about equal for 15 years. Interest payments amounted to 22% of our 15 year gross income. If our Congress had operated on a cash basis there would be no deficit and less inflation.

The Federal Government Dual Money System outlined on the preceding six pages when adopted by Congress will put the government on a cash basis with no more debt and no more interest expense. That is provided Congress stops appropriating more money than the Treassury Department will have available for the period covered by the appropriation.

This data shows inflation starts slowly and then keeps on accumulating until it reaches high figures. Our Federal Reserve banking system and our Congress have both failed to control inflation and maintain the purchasing power of the 1940 dollar.

My first wife Mildred died in 1976. I married Marjore January 6th. 1979. This raised our 1979 joint income and income taxes. She died Nov.1989 which reduced the income and taxes for 1990.

ARE THERE ALTERNATIVES TO THE DUAL MONEY PLAN?

1. The great depression is an alternative. I lost my job and was out of work for seven months. My new job paid less than half of my previous job with the telephone company. Some stocks I owned went out of existence. Relatives lost their property.
2. Individuals, corporations and governments can go bankrupt, delay or cancel debt obligations.
3. The government can start the printing of barrels of money like Germany did to meet its obligations with fantastic inflation as the result.
4. Savings & Loans, Banks and Insurance Companies can continue to default on their financial responsibilities. I recently received advance information of six insurance companies that will be following the route of Executive Life. My neighbor had heart surgery and his insurance company closed it's doors before he could collect.
5. The bankers could limit government financing to a 3 to 5 percent annual increase to curtail inflation. This would handicap government activities and cause layoffs of employees in order to meet the annual interest expense.
6. The President could declare an emergency and function without a Congress using the (FEMA) Federal Emergency Management Agency which could activate the Dual Money System.
7. The bankers could set up a new world bank organization to take over bank and government debt. Instead of paying interest to ourselves it would go to the World bank.
8. When the government runs short of money it could reduce payroll, social security and welfare checks creating serious hardships.

There may be other alternatives not mentioned above. The odds are none would be a benefit to the citizens or the leaders of our country like the benefits of the Dual Money System.

It is doubtful that Congress can avert a money crisis. People have been sold on the idea of leverage, of going into debt, buy now and pay later. Congress has been influenced by the idea that debt is good since we pay it to ourselves.

It will take a Miracle like Medjugorje, Yougoslavia for our Congress to adopt the Dual Money System and operate on a cash basis. Luke 18, 24-28 "Things that are impossible for men are possible for God"

PROPOSED FEDERAL GOVERNMENT DUAL MONEY PLAN

SOME QUESTIONS, ANSWERS AND EXPLANATIONS

ARE THERE BOOKS ON THE SUBJECT OF MONEY?

For persons that wish a simple story about money, two books are available at Liberty Library, 300 Independence Ave. S.E. Washington D.C. 20003. Titles are: Money Questions and Answers by Rev. Charles Coughlin and The Truth in Money Book by Theodore Thoren & Richard Warner.

WHEN AND HOW DID THE IDEA OF THE DUAL MONEY PLAN COME ABOUT?

In August 1987 during the long Congressional investigation of Colonel Oliver North the idea came. Why not have Congress spend the same time on investigating our economy and our money creating system. This resulted in a letter to Senator Daniel Inouye suggesting Congress study a new money; The Freedom Dollar, free from inflation. It then grew to the six page Dual Money Plan.

WILL THIS NEW MONEY CAUSE DIFFICULTIES FOR CITIZENS AND BANKS?

The Dual Money plan uses the current silver dollar with an exchange value of one silver dollar for ten Federal Reserve dollars. A new \$10 bill of a different design will have the same value as a \$100 Federal Reserve note. This is the only money that citizens will use for daily transactions. The Post Offices will make the money available and all banks will honor the money at the exchange rate. This is less complicated than dealing with Canadian Dollars or currency of other countries.

WHAT IS THE BENEFIT OF THIS NEW FEDERAL GOVERNMENT MONEY?

It keeps its value. If you had cash savings today in Federal Government Dollars to buy a car, the same cash savings would buy a car many years from now. You keep up with inflation or price increases. In saving the new Federal Government money there is no interest income to be taxed and you beat inflation.

Home mortgages would be at 3% interest instead of 8% or more. All public improvements would be financed for 1% or less interest which saves citizens taxes used to cover interest on bond issues.

WILL PAYING OFF FEDERAL GOVERNMENT DEBTS BRING MORE INFLATION?

Currently the Federal Government debt is in the form of bonds, notes and bills. These can be called near money because their owners can always exchange them for currency or checkbook money. When the Federal Government issues its own money to pay off the debt it is an even exchange and the total amount of credit money has not increased. Interest payments would stop, less money needs to be created for interest payments and it would then have a negative affect on inflation.

PRAYERS OF THE ROSARY

THE SIGN OF THE CROSS —

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

THE APOSTLES' CREED —

I believe in God, the Father almighty, creator of heaven and earth. I believe in Jesus Christ, his only son, our Lord. He was conceived by the power of the Holy Spirit, and born of the Virgin Mary. He suffered under Pontius Pilate, was crucified, died, and was buried. He descended to the dead. On the third day he rose again. He ascended into heaven, and is seated at the right hand of the Father. He will come again to judge the living and the dead. *I believe in the Holy Spirit, the holy Catholic Church, the communion of saints, the forgiveness of sins, the resurrection of the body, and the life everlasting. Amen.*

OUR FATHER —

Our Father, Who art in heaven; hallowed be Thy name; Thy kingdom come; Thy will be done on earth as it is in heaven. *Give us this day our daily bread; and forgive us our trespasses as we forgive those who trespass against us, and lead us not into temptation; but deliver us from evil. Amen.*

HAIL MARY —

Hail Mary, full of grace, the Lord is with thee; blessed art thou among women, and blessed is the fruit of thy womb, Jesus. *Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death. Amen.*

GLORY BE TO THE FATHER —

Glory be to the Father, and to the Son, and to the Holy Spirit. *As it was in the beginning, is now, and ever shall be, world without end. Amen.*

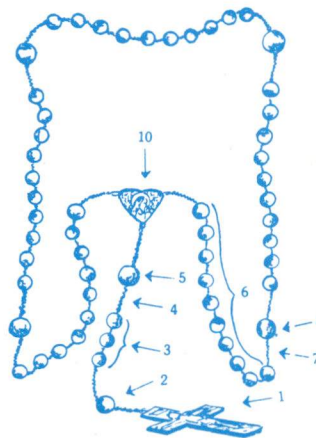

HAIL, HOLY QUEEN —

Hail, Holy Queen, Mother of Mercy, our life, our sweetness and our hope, to you do we cry, poor banished children of Eve; to you do we send up our sighs, mourning and weeping in this vale of tears; turn, then, most gracious Advocate, your eyes of mercy towards us, and after this, our exile, show unto us the blessed fruit of your womb, Jesus. O clement, O loving, O sweet Virgin Mary!

Pray for us, O holy Mother of God, that we may be made worthy of the promises of Christ.

HOW TO PRAY THE ROSARY

1. Make the Sign of the Cross and say the "Apostles Creed."
2. Say the "Our Father."
3. Say three "Hail Marys."
4. Say the "Glory be to the Father."
5. Announce the First Mystery; then say the "Our Father."
6. Say ten "Hail Marys," while meditating on the Mystery.
7. Say the "Glory be to the Father."
8. After each decade say the following prayer requested by the Blessed Virgin Mary at Fatima: "O my Jesus, forgive us our sins, save us from the fires of hell, lead all souls to Heaven, especially those who have most need of your mercy."
9. Announce the Second Mystery: then say the "Our Father." Repeat 6, 7 and 8 and continue with the Third, Fourth and Fifth Mysteries in the same manner.
10. Say the 'Hail, Holy Queen' after the five decades are completed.
11. As a general rule, the Joyful Mysteries are said on Monday and Thursday; the Sorrowful Mysteries on Tuesday and Friday; the Glorious Mysteries on Wednesday and Saturday. Depending on the Season, each of the Mysteries is recommended for Sunday.

REPORT ON MEDJUGORJE, YUGOSLAVIA TRIP April 23-30, 1990
By Ralph Klinge 822 17th. Street Wilmette Illinois.

My view before and after the trip is that the apparitions, revelations, messages from Our Lady are real. The Bishop of the diocese, Pavao Zanic, in Mostar where we landed now says it is a fraud and disgrace. Early opposition by the government and now the local Bishop is a benefit since it increases publicity so that more people become aware of the happenings. Christ had problems with the Jewish leaders and prevailed, The Blessed Virgin Mother of all human beings will prevail.

Our group from St. Josephs Church had the opportunity to see and hear separately three Visionaries two women and one man and also a Locutionist who could converse with the Blessed Virgin but could not see her. We climbed the Apparition mountain where the Virgin Mary appeared to the six Visionaries. Appearances have been daily in Medjugorje since June 25, 1981. She spoke to the two Locutionaries starting Dec. 15, 1982. We also climbed the Cross Mountain which had the fourteen stations, with the last one on top. We were greeted at the top by a fifteen minute rain, snow and hail storm, the only rain all week. The trip up and down took four hours.

ABOUT THE MESSAGES FROM THE BLESSED MOTHER. There are many: for example, "Moslems, Orthodox, Catholics, to my Son and myself are one. You are all my children". "Love your Moslem brothers, Love your Orthodox brothers, Love those who govern you" (the Communists). "Every Thursday re-read and put into practice the passage from the Gospel of St. Matthew chapter 6, 24-34: Do not be worried; look at the birds of the air; make it your first care to find the Kingdom of God". On Good Friday she said "You must be very happy; today Jesus died for your salvation". The dominate theme is return to God through Conversion, Prayer, Fasting, Peace, Reconciliation and reading the Sacred Scripture.

ABOUT PRAYER AND FASTING. The Blessed Mother taught these eight young people as we were educated in our eight years of grade school. First, she asked that they start with at least seven Our Father's, Hail Mary's, Glory Be's and the Creed every day. Fast on Fridays on bread and water, later she added fast also on Wednesdays. Only the sick can substitute alms-giving and prayer for fasting. Next, monthly confession and full participation in the Holy Eucharist, (communion) at daily mass. "Start preparing for Mass as you leave home and never leave the church without thanking God". Later pray the complete fifteen decades of the rosary. Next, pray continuously. Pray from the heart not just from the lips. Not just quantity but quality.

If you use your time for God, God will use time for you. If you reduce your prayers to a minimum, then you will receive a minimum: it will be given to you according to your measure. Pray sufficiently in the morning, read a page of the Gospel and root the Divine Word in your hearts,

QUESTIONS AND ANSWERS Visitors to Medjugorje had plenty of opportunity to question the visionaries who could see and talk to the Blessed Virgin. We learned that all of us have one guardian angel for life. There is music in heaven in the form of singing and not instruments. Some of the visionaries were shown heaven, some hell and some purgatory. When asked how the Virgin looked the reply was, she wore a gray dress, had rosy cheeks and dark hair and appeared in three dimensions. The young man Ivan was asked about his experience in the army. He said the Virgin did not appear when he was in camp but did when he was outside of camp. On Friday evening a large number of people, using flash lights, accompanied Ivan up Apparition mountain. Around 10 P.M. the Blessed Virgin appeared to him.

SCHEDULE We had breakfast prepared by the woman in whose home we stayed. The Peace Center Tour guide transported us about 8 blocks to the St. James church. We attended English Mass at 10 A.M. week-days and 12 A.M. Sunday. Peace Tours then transported us to visionarie's homes and to both mountains. At 6to7 P.M. we prayed 10 decades of the rosary in St. James Church. The apparition took place in the church about 6:45. Mass started at 7 P.M. At 8:30 we were driven to our home for dinner which was a fun event plus excellent home cooking.

The way to get a seat at our English Mass was to arrive at church during the previous German Mass, stand near a pew and when Mass ended quickly get the vacated seat. About forty concelebrating priests were seated behind the altar, who later distributed communion to a large crowd inside and outside of the church.

Some of us took a trip on Saturday to a 12th. century coastal walled city Dubrovnik, about a 2 1/2 hour scenic ride along the coast of the Adriatic sea. About 5000 people live inside the walled area. We saw the old Dominican monastery and attended an English mass at old St. Blaise church.

John,

(1) Our President should not have cancelled the Asia trip just because some Democrats complained.

(2) And you should not quit! If you do "they" will go after Bush in other ways and sap away his power -

My recommendation is that the press is dead wrong and that

you should stay as a valuable member of the team. Secondly, the President should go to Asia before his Jan '92 State of the Union address.

In the long run people want a strong President... not a wishy-washy one. He could show his strength by going to Asia and by doing what is RIGHT!

Warm Regards,

D

A PRESIDENTIAL CAMPAIGN IN SEARCH OF A RUDDER

When Lee Atwater died last March, all of political Washington knew that George Bush would miss the architect of his 1988 electoral triumph once the '92 campaign got rolling. But until the President's polls nose-dived this fall, no one realized just how keenly the loss would be felt.

Atwater earned a search-and-destroy reputation in the '88 campaign by making furloughed prisoner Willie Horton a household name and ridiculing Michael S. Dukakis for being soft on the Pledge of Allegiance. But Atwater's real genius was his feel for the pulse of the middle class. He helped the patrician Bush harness the seething resentments of average Americans.

That instinct has been sorely lacking in recent White House maneuvers. Hurting workers are not assuaged by Bush's assurances that the economy is mending, that a cut in capital-gains taxes will be good for them, and that he'll tackle the problem of inadequate medical insurance when he's good and ready. **'NOBODY IN CHARGE.'** Bush has delayed putting the White House into campaign mode for two reasons. He thinks he'll benefit from staying "Presidential" for as long as possible. And he has been unwilling to resolve a bitter internal struggle over who will be top dog in the '92 campaign—White House Chief of Staff John H. Sununu or a longtime adviser such as Robert M. Teeter. Despite Sununu's many gaffes, Bush appears to have no immediate plans to ditch the combative staff chief—or to freeze him out of campaign decision-making.

Until Bush stops dithering—and finds a new Atwater—the problems will persist. "They have no plan, and nobody in charge," says top GOP strategist Stuart Spencer. Normally, Bush intimate James A. Baker III would step in to take command. But the peripatetic Secretary of State is working full-time on the Middle East peace conference. In Baker's absence, such veteran GOP pols as consultant Charles Black

and former Reagan Staff Chief Kenneth M. Duberstein could be tapped for top roles in the reelection effort.

But first, Bush must free himself from the iron grip of his politically maladroit advisers, including Sununu, Budget Director Richard G. Darman, and Treasury Secretary Nicholas F. Brady. Murmuring that "good policy is good politics," they predict that the economy will soon snap back, allowing the President to resume his glide to reelection.

Such confidence is shared by few in GOP ranks. Republicans are terrified by polls showing Bush's approval rating down to 51% and nervous over growing signs of a GOP bloodbath in the '92 Senate races. Some even worry that the President's passivity indicates lack of interest in a second-term domestic program. In fact, morale is so low in the White House that James P. Pinkerton, who has pushed the concept of empowering the poor as a substitute for traditional Democratic social programs, is thinking of quitting as director of policy planning. Pinkerton has been frustrated to see many of his ideas picked up not by Bush but by Democratic contender Arkansas Governor Bill Clinton (page 60).

"The President didn't expect to be in this spot," concedes one close adviser. Now, Bush is pinning his turnaround on his January State of the Union Address. He's promising a bold offensive that will, as one intimate puts it,

"show the American people the President is as interested in bringing change at home as he has been to the world."

But, hamstrung by the deficit, Bush is unlikely to offer much more than rhetoric. And if he offers merely a slick public relations effort, the Democrats will keep pounding him with charges of domestic neglect. So finding a street fighter like Atwater is all the more important. As former Reagan political director Mitchell E. Daniels Jr. says: "I don't care who he picks, but the President has to pick somebody real soon."

Dear Mr. Sumner,

I have been voting republican since the year 24 B.C.

When President Bush recently signed the "Quota" bill and endorsed "affirmative action", my loyalty to the party has weakened.

Unless the President reverses his position I will sit out future elections, or vote for candidates that agree with me.

Dear Sir

I am a Medical Practitioner working for the Ministry of Defence. I am a British Subject of Iraqi origin and I have lived in England for 20 years. I am the eldest son of a middle class family and my brother and sisters are all university graduates. My father, who died in 1990, was a university administrator in Mosul, Iraq.

Since 1968, due to the political repression in Iraq, members of my family have sought political asylum abroad. My mother, three sisters and brother were left behind in Iraq.

One of my sisters is a medical practitioner the other two, an economist, and a lecturer in history and literature. My brother was a post-graduate researcher in civil engineering at the University of Mosul, Iraq. My family, in the last 20 years, have suffered unrelenting harassment and victimisation by the Iraqi Regime. My brother had his passport removed and was interrogated weekly, travel outside Mosul was denied.

On 6 January 1986, my sister, on returning to Iraq from Egypt, was arrested and detained at Baghdad Security Prison. She was interrogated by the Security Police about the whereabouts of her brothers whom the Police accused of being British spies.

A large part of my familys' land and properties, including a new car, were confiscated gradually since 1978.

After suffering the deprivation of war and unceasing intimidation and surveillance by the Security Police, my family managed to escape from Iraq to Jordan and from there to Alexandria, Egypt where they managed to obtain temporary visas.

My family have suffered a catalogue of oppression, denial of human rights and have lived in fear of their lives. They cannot return to Iraq. They urgently seek political asylum in USA.

Washington Post Staff Writer

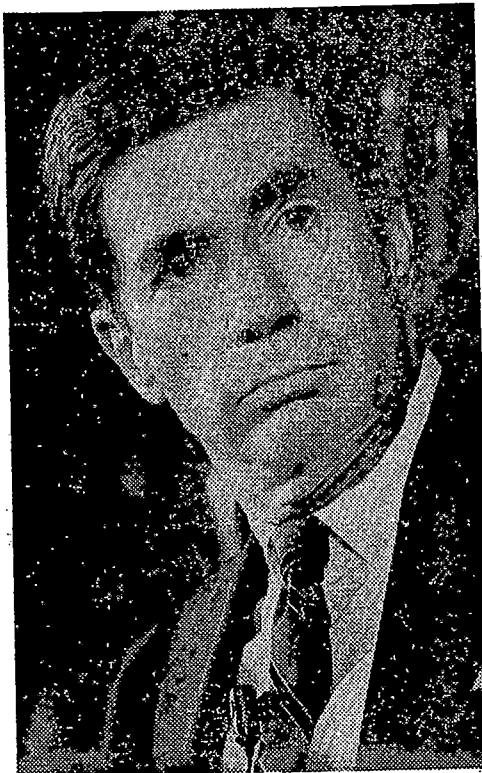

Margaret Thatcher, unlike her good pal Ronald Reagan, may have missed out on her big moment to go for the gold in selling her memoirs. Writer Maureen Orth reports in the June *Vanity Fair* magazine that the hard-nosed former British prime minister is unhappy about being out of office and clearly listens too much to her adored son Mark, who may have hurt her chances to get a book contract with bad advice. He, incidentally, is described by people close to Thatcher as "that dreadful son."

Super-agent Irving "Swift" Lazar, who advises Thatcher, says, "The son is the fly in the ointment. The son thinks he can be the agent. . . . He overestimates the value of the book, and what's worse, when he had the chance to strike he didn't." Because of arrogance and delaying tactics, a number of American publishers are reportedly cooling toward her book. Thatcher told Orth there is no hurry to sign a book contract, saying the memoirs "will be a vigorous intellectual historical record of what we did and what happened." Lazar answers that with, "What she doesn't realize is that there's a hot moment when you can get a lot of money. . . . What's happening now is that a lot of her glamour is being dissipated."

Out and About

Arthur Bildman, who runs the charter department of Airpark Sales & Service at St. Mary's County Airport, has an answer to John Sununu's negative publicity about wasting taxpayers' money on all those flights. In a letter to the White House chief of staff, Bildman says his company can fly almost anywhere on 24-hour notice and his services are even cheaper than military flights. He hasn't heard back from Sununu, but then he didn't emphasize that he could also fly to where the skiing is good . . .

That was Sen. Chuck Robb and wife

It is sometimes amazing what movie buffs will pay for memorabilia of the stars. The biggest moneymaker at a Hollywood auction Sunday was a gold-framed, autographed portrait of James Dean that drew the top bid of \$16,000. Lucille Ball's driver's license sold for an amazing \$2,750, and W.C. Fields's trademark gray felt top hat went for \$9,000. Marilyn Monroe items were also, as ever, popular. Two rhinestone-studded bracelets that she wore in various films went for \$2,250. But to top that, some of her other personal items, including a shot glass, a cup and saucer and several ashtrays, brought in \$2,750. And

Consumers were complaining about Japanese toymaker Yonezawa Corp.'s new game "Bacteria Panic," to the surprise of the company. This is a game in which the loser ends up holding a card marked AIDS. According to columnist John Barry, other illnesses in the game included hepatitis, rubella and influenza. The unsold stock of the game has been recalled after protests. An incredulous Yonezawa spokesman said the firm "never meant to hurt the feelings of patients and their families." The game's instructions did warn, "Never play this game with the real victims of disease" . . .

It demonstrates a spiteful
attitude at having "Lost" or been
"humiliated" by a smaller country.

We have relations with ALL sorts
of dictatorships like Guatemala,
Paraguay, Syria ^{not} at all - why, Cuba?
Because Castro was "rude" to us.
That's the kind of pettiness which
is unseemly.

I do think the President
should go on radio every week with
a question + answer session - not
a speech.

2/ He has to discuss the fact that he is Not the sole source of power in USA.

Housing for example is very much under Local authority.

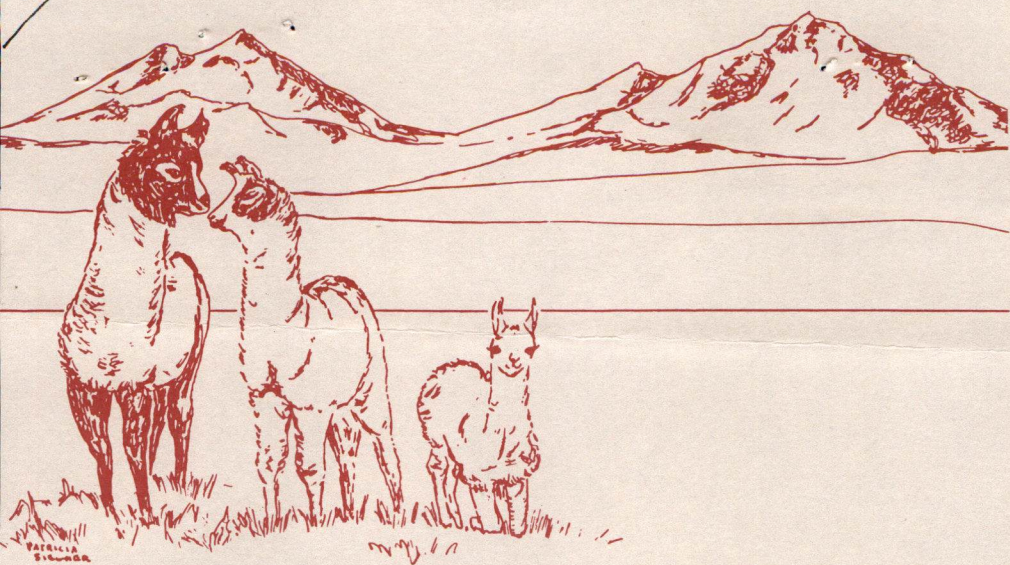

But there ARE legitimate ways to help our workers.

(1) Don't permit unfinished wood products to be exported.

(2) Don't subsidize rice, sugar & tobacco - none of which is necessary. We grow many grains which are just as good as rice and our wetlands are important to the fishing industry as primary food sources for sea fish.

Don't insist Japan import rice - it's an island - it must be able to feed itself if USA decides to blockade it - like Cuba.

Explain to America that cut backs in Defence spending which everyone wanted is one way the recession is fueled but WE CAN

NOT go on spending more than we can + simply printing money to do it.

I hope for the best but I fear that a reversal of Roe vs Wade will end the conservative-chief-executive state we have had for some years.

The women's movement is about as unified now as it ever has been - and I can't see that they will kneel under to a court reversal.

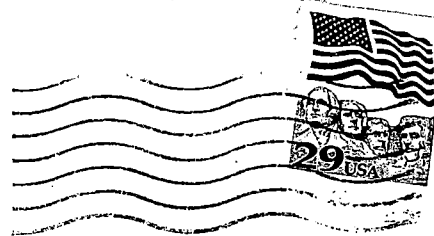

Hostage release

Any horse trainer or people
trainer for that matter knows
that "yielding when the horse
yields" is an excellent way to
get more voluntary cooperation.
I am not sure if
riding skills are a part of the
education of world leaders as
once it was - but you can cer-
tainly still extrapolate.

It is also known as
"give + take" or "canot and stich"
I do hope Sheikh odel
will be released soon

We need to release
food surplus - butter, grains
& sugar to USSR soon.
But 4 Bil is what we give
that + my pest Israel +
we are refusing more than
that to Russia Fed.?

Dear Don:

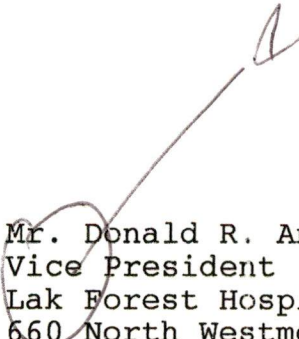

It really meant a lot to receive your message of good wishes. As I begin my new duties today, I am looking forward with enthusiasm and some trepidation. I cannot tell you how helpful it is to know that I have the support of good friends as I face the formidable challenge the President has offered me.

Thank you for your confidence in me. I look forward to catching up with you when the pace slows down a bit.

With warmest personal regards,

Sincerely,

Chief of Staff
