HARRIS COUNTY, TEXAS

HOUSTON, TEXAS

7 August 1963

RECEIVED

AUG 9 1963

Mr. George Bush, Chairman
Harris County Republican
Executive Committee
522 Waugh Drive
Houston, Texas

Dear Mr. Bush:

The Harris County Commissioners' Court wishes to invite you to a meeting on Wednesday, August 14th, at 9:30 A.M., in the Commissioners Courtroom, 8th floor, Criminal Courts Building. The purpose of this meeting is for discussion on future improvements of the Harris County jail. Other participants in this meeting will be representatives of various civic and interested organizations who are looking for the betterment of the jail facilities. Discussion as to the advisability of the jail expansion, development of a jail farm program, the necessity and size of a bond issue for these purposes will all be freely discussed.

Many of you represent organizations that have long pressed hard for a solution to the continuing jail problem in our community. You will be particularly valuable to this meeting as one who is conversant with the problem and you can help present the program to other participants in the conference. If you personally cannot attend, the Court will appreciate your appointment of some other qualified member of your organization to attend in your place. We are hoping that those of you present will choose a chairman and, from that point on, all meetings will be conducted by the committee and any help that is needed will be furnished you by the Commissioners' Court.

A highlight of this meeting will be a tour through the present jail facilities conducted by Sheriff Kern. Everyone

will have ample opportunity to ask whatever questions he wishes of the experts present. Every effort will be made to see that all the information is available to the participants necessary to advise the Court intelligently on a proper solution to the jail problem to be presented to the voters.

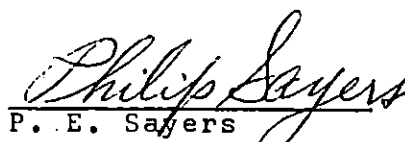

Please return the enclosed card. If, for any reason you need further information, please call any member of the Court at CA-8-8311. We will be looking forward to being with you next Wednesday..

* This figure represents net value (70% of total) of advertisements which have been received but not yet paid for. The net value of paid ads has been credited against the respective county quotas.

NOTE: This report is a tentative final report, since the advertising deadline was July 15th. However, the report does include some ads for which we have received only verbal authorizations and for which no advertising copy or checks have been received. About four pages of advertising fall into this category, although only about 1/2 page is really doubtful.

Dear Fellow Republicans:

This off year is a time for us to prepare for success next year. We have a presidential candidate to rally round but one man alone cannot do the job; we must win at all levels of government.

We must organize our campaigns now for victory. You can help. How? Renew your sustaining membership for \$12.

With enough memberships we can begin to recruit candidates and start fighting for Republican Conservatism. It will take the help of all the Republicans.

Please enclose your check for \$12 (or more if ^{at all possible} ~~you insist~~) in the postage paid, addressed envelope. You will take pride in doing your bit to realize the beliefs you hold so dear.

Very truly yours,

George H. W. Bush

Craig Peper

Dear

The Republican Party is in the midst of raising funds both locally and ~~xxxx~~ for the State headquarters. This is a big building year for the Party and it is essential that both the State and local budgets be met.

As you know, Peter O'Donnell, our State Chairman, is also chairman of the national Goldwater For President movement. He feels that only through a coordinated, properly financed effort in this State and other states can we get a good conservative slate elected to the national offices in 1964.

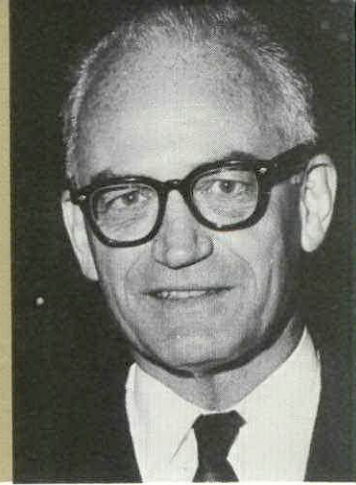

I realize that you have not been ~~publicly~~ publicly identified with the Republican Party locally, however, I am wondering if you would be willing to support our State program. A check can be made out to me personally or ~~xxx~~ to the Republican Party of Texas. I am trying to help Peter O'Donnell raise about \$2,000 and I would appreciate any help you might be able to give towards this end.

HARRIS COUNTY DRAFT GOLDWATER COMMITTEE

Telephone MO 7-4424

HOUSTON 27, TEXAS

Ross Baker, Chairman
James A. Bertron, Vice-Chairman
Roland Sledge, Vice-Chairman
Gaston Jones, Finance Chairman
Noelie R. Holtz, Executive Secretary

To: Republican County Chairman and Vice Chairmen,
Area Chairmen, Precinct Chairmen, and Workers

From: James A. Bertron and Roland Sledge

Subject: Formation of the Harris County Draft Goldwater Committee

We wish to announce the formation of the subject committee and solicit your help and assistance in its organization in your area and precinct. The committee's only purpose is to offer every person in this county an opportunity to sign a Draft Goldwater Petition and to contribute "A Buck for Barry." This committee has been formed in response to a request from our State Chairman, Peter O'Donnell who is National Chairman of the recently formed Draft Goldwater Committee. Mr. O'Donnell says, "When Senator Goldwater has seen tangible expressions of support such as this petition, signed by dedicated men and women all over the country, he will respond to that call to duty in the same selfless spirit which led him to serve America so ably in the Air Force and the United States Senate." Our minimum goal is 100,000 signatures and 100,000 dollars, our maximum goal is the signature and a dollar from every Harris County resident. Neither of these goals can be accomplished without organization.

We have divided the county into five regions and regional chairmen have been appointed as set out on page 2.

It is the regional chairman's responsibility to appoint area chairmen, and the area chairmen's responsibility to appoint precinct chairmen and the precinct chairmen's responsibility to organize his or her precinct in any manner that he or she sees fit in order to offer every resident an opportunity to sign a petition and contribute \$1.00.

Volunteers for jobs in any of the above mentioned categories should call their regional chairmen or headquarters and offer their services. Help is also needed in headquarters and your calls should be directed to Mrs. Holtz.

Petitions are available from the regional chairmen or from headquarters. The petitions are numbered and will be checked out and checked in for control purposes. The attached petition is for your

This is Our Golden Opportunity

personal handling in securing signatures and dollars. Do it today and see how easy it is!

We do not want the work of this committee to in any way interfere with the Harris County Republican Party Organization work, especially the Neighbor-to-Neighbor Fund Drive. We do feel however, that there are many people who are not now engaged in any political activity who if invited, would gladly serve with this organization.

This committee will function until Barry Goldwater is the Republican nominee for President of the United States in 1964.

As soon as possible after the entire county organization is formed, a table of organization will be printed and distributed in order that county-wide communications can be maintained.

The National Draft Goldwater Committee will hold a giant rally at 8 P. M. on July 4th in the National Guard Armory in Washington, D. C. Speakers will be our own Senator John Tower, Governor Paul Fannin of Arizona, Congressman John Ashbrook of Ohio, and entertainers, Chill Wills, Walter Brennan, Efrem Zimbalist, Jr., and William Lundigan.

Why not plan your summer vacation around a trip to Washington and attend the festivities? If you are unable to go, why not wire or write your support and congratulations to Senator Goldwater at P. O. Box 1964, Washington 25, D. C.? Get your friends and neighbors to do likewise. Let's get going!

William Rowland White is working hard to get 90 people at \$93.15 each for a round trip chartered plane to Washington for the rally. Call Mr. White or Mrs. Holtz for details.

A PROPOSAL FOR THE PERMANENT ORGANIZATION
OF THE REPUBLICAN PARTY
OF HARRIS COUNTY

ABC

PREAMBLE

The year 1952 saw the Republican party of Harris County expand from a small handful of dedicated workers to a vast army of enthusiastic and relatively inexperienced campaigners. This combination of professionals and amateurs produced the remarkable total of more than 146,000 votes for the Republican ticket in Harris County. Unfortunately, since November 4, there has been comparatively little activity designed to encourage the continued existence of this powerful organization.

The subscribers to this Proposal do not offer the foregoing comment in any spirit of criticism, as the burden of detail necessarily attendant upon any effort to remedy the present state of affairs is readily apparent. It is, instead, their intention to make such suggestions for the improvement of this situation as seem appropriate, out of a sincere desire to be of assistance to the Republican Party. Obviously, all must agree on a fundamental proposition - that the party organization developed in the campaign of 1952 cannot be permitted to disintegrate during the periods of comparative calm between election years. But ideas alone, however eloquently proclaimed, will not make a party. There must be organization. Such organization must be prepared to deal frankly with the dominant factor in American politics - that party workers fall into two distinct classifications: one which regards the system of political parties as an organ of democracy necessary to the free expression of the will of the people, and which devotes itself to party politics largely because of the principles involved; and one which regards political parties as armies bent on specific conquests, and which devotes itself to party politics largely because of the opportunities for advancement and personal gain in the organization. The successful party organization must maintain at all times a proper balance of power between these two elements. To achieve this stability, the groundwork for a permanent structure should be commenced immediately.

The machinery created by the new Election Code of the State of Texas is designed for the actual conduct of elections, and no more. The statutory pattern of the County Executive Committee, while nicely suited to smaller counties having relatively few precincts, is too cumbersome for efficient operation on a day-to-day basis in Harris County, containing as it does 254 precincts and some 335,000 qualified voters. However, the failure of the Legislature to provide rules for organization within the political parties must be ascribed to an exercise of sound judgment, rather than a neglect of legislative duty. Since the development of the first political machines in the American colonies, it has been the traditional right of the members of political parties to organize themselves in such fashion as to exercise the maximum influence and to achieve the greatest success. A basic principle of this right of organization has always been the power of the organization to make rules for the government of its members and for the conduct of its business, with the corollary power of amendment from time to time to meet changing conditions.

ABC

A great many of the active participants in the campaign of 1952 feel that there is an imperative need for the creation of a permanent group of party workers to serve in an advisory capacity to the County Chairman and other party officials. It is believed that these officials need and would undoubtedly welcome the active assistance of a committee which would be at the same time large enough to insure adequate representation of the entire county and small enough to be flexible, efficient, and authoritative. Accordingly, an effort has been made to reduce the foregoing observations to concrete suggestions, as a result of which there is hereby presented a Proposal for the Permanent Organization of the Republican Party of Harris County, Texas.

ARTICLE I.

OBJECTIVES

1. To establish and perpetuate a permanent campaign organization.
2. To acquaint members, and through them, the public, of significant political developments at precinct, county, district, state and national levels.
3. To encourage qualified persons to stand for political office, and to support both their candidacies and those of qualified officeholders.
4. To encourage and support all activities of the Republican Party at all levels in order to assure that it is associated in the public mind with Good Government.
5. To sponsor, support, and encourage all political functions which will strengthen the Republican Party, to the end that Texas shall have a real two-party system.
6. Recognizing that political appointments are symbols of the Republican Party's public strength, to practice vigilance in assuring that the holders of these appointments are representative of Good Government.

ARTICLE II.

BASIC PRINCIPLES OF THE PLAN

Section 1. The organization contemplated by this plan shall be supplementary to the statutory machinery. The keystone of this proposal is the principle that it shall not under any circumstances conflict with the official party organization of Harris County, but rather that it should serve primarily as a supplementary framework.

Section 2. The organization herein proposed shall be representative of all of the qualified Republican voters of Harris County. The only method of assuring such representation is, of course, popular election of the members of the advisory group. On the other hand, a body selected entirely by this method occasionally finds itself composed of such dissident elements that any decisive action becomes impossible. Therefore, it is suggested that choice of the advisory group should combine election by the party members with appointment by the County Chairman, in order to obtain the greatest possible efficiency and flexibility.

Section 3. Experience gained in the campaign of 1952 has demonstrated a definite need for some form of effective communication, in both directions, between the officers of the party and the voters at the precinct level. To bridge this gap, there

should be at least one or more intermediate levels of party organization, which should again combine the best features of democratic selection with those of effective appointment. The structure resulting from the blending of the foregoing principles thus takes the form of a pyramid:

A. The base of the pyramid is made up of all the party voters at the precinct level.

B. The intermediate level of the pyramid is made up of a comparatively small number of district organizations.

C. The apex of the pyramid consists of a small group of persons, some elected and some appointed, plus certain officers of the party, which group is hereinafter referred to as the Advisory Committee.

ARTICLE III.

TEMPORARY ORGANIZATION

Section 1. The County Chairman should, as soon as possible, subdivide Harris County into a suitable number of districts (it is believed that about 20 will be required), the boundary lines of which shall coincide with boundaries of the several precincts as established by the recent official redistricting thereof. Proper regard shall also be had for the necessity of laying out these districts so that they shall constitute an effective working organization in forthcoming election campaigns.

Section 2. Immediately upon the completion of this subdivision into districts, the County Chairman shall appoint a temporary district chairman for each district.

Section 3. It shall be the duty of each temporary district chairman to call a meeting of all of the precinct chairmen in his district not more than ten (10) days after his appointment. At such meeting, he shall present the plan of this organization to the precinct chairmen and carefully ascertain from them their reaction to and suggestions concerning such plan.

Section 4. At the first such district meeting of precinct chairmen (unless a majority of the precinct chairmen in attendance therein desire to do so at a later meeting, which shall be held not more than ten (10) days after such first meeting), the precinct chairmen present at such meeting shall, by majority vote, elect one person to represent their district on the Advisory Committee, who shall be the District Chairman. This representative shall hold office until his successor is duly elected and qualified, unless sooner removed in accordance with other provisions hereof.

Section 5. Immediately after the election of the district representatives to the Advisory Committee, the County Chairman shall appoint an equal number of members-at-large to the Advisory Committee, who shall hold office until their successors are appointed and qualified, unless sooner removed in accordance with other provisions hereof. The Advisory Committee shall convene not more than ten (10) days after the selection of the last member thereof and shall proceed immediately to the permanent organization of the County. In the event of failure of the County Chairman to appoint said members-at-large within ten (10) days after the

ABC

aforesaid elections, they shall be chosen by a two-thirds (2/3) vote of the elected members of the Advisory Committee.

Section 6. The County Chairman shall have the power to remove for good cause any district chairman appointed under the provisions of this Article. The term "good cause" shall include, but not by way of limitation thereto, the failure of any such district chairman to call the meeting or failure to cause to be held the election provided for in Sections 3 and 4 of this Article.

Section 7. If during the process of such temporary organization, pending the permanent organization as hereinafter outlined, the County Chairman should fail to perform any of the duties and functions vested in him by this instrument, either by reason of illness, absence from the County, or otherwise, then the action required shall be taken by the County Chairwoman, excepting specifically the appointments provided in the foregoing Section 5 of Article III.

ARTICLE IV.

PERMANENT ORGANIZATION

Section 1. The advisory Committee

A. The Advisory Committee shall be composed of the following persons:

1. The elected representatives of the several districts.
2. The appointed representatives at-large.

 - e. State Committeewoman.

The persons named in this Subsection 4 shall serve in an advisory capacity only, and shall not be entitled to vote on any business of the Advisory Committee.

5. The National Committeeman, the National Committeewoman, the State Chairman, and the State Vice-Chairman, when resident in Harris County, shall each be honorary members of the Advisory Committee; however, in such case, none of said persons shall have a vote thereon.

B. The members of the Advisory Committee shall elect from among their number a President, a Vice-President, a Secretary, and a Treasurer, each of whom shall have the powers and duties usually associated with the respective office, except as hereinafter limited, and who shall be chosen in accordance with Roberts Rules of Order. Said officers shall receive no compensation, and shall serve until their successors are duly elected and qualified. No member of the Advisory Committee shall hold more than one office thereon; provided, however, that officers of the County Executive Committee may hold offices on the Advisory Committee. In addition to such officers, the Advisory Committee may provide for the employment of such assistants as it may deem necessary and proper.

a. To keep all of the qualified Republican voters of the County currently informed with respect to significant political developments at all levels.

b. To examine closely the records of office-holders and candidates for public office in order to be able to present to the voters factual information concerning such persons.

c. To report to the qualified Republican voters from time to time the progress of the Republican Party toward achieving the basic purposes herein outlined.

d. To establish and provide for a continuous program of political education adequate to assist all voters in arriving at decisions conducive to the advancement of good government.

4. Committee on Public Relations

a. To utilize all forms of communication to inform the public of the activities of the Republican Party in behalf of good government.

b. To promote the aims and principles of the Republican Party, to the end that a two-party system of government may become firmly established in the county.

5. Committee on Communications.

a. To establish and maintain adequate machinery, including a special telephone committee, for advising qualified Republican voters of meetings, conventions, elections, and all other activities of the Republican Party.

b. To establish, in cooperation with the County Secretary, a full and complete roster of the qualified Republican voters in the county, and to cause said roster to be maintained in such condition that the voters may be promptly and effectively rallied to immediate action pursuant to the direction of the Advisory Committee.

Section 2. The District Organizations.

A. It is contemplated that the district organizations shall be patterned after the county-wide organization as above set forth. Each district organization shall include all qualified Republican voters of the district, and as such should furnish an important link in the chain of command and of organization presently under construction; i.e., machinery is thereby provided for the selection of representatives to the Advisory Committee by the voters and for the organization of those same voters for campaign purposes.

B. A District Committee, composed of one representative selected by the qualified Republican voters of each precinct in the manner hereinafter set forth, shall be responsible for and in charge of all activity of the Republican Party in each district.

C. The functions of the District Committee shall, as nearly as possible, parallel those of the Advisory Committee, particu-

larly with respect to the election of its officers and the appointment and duties of standing committees.

Section 3. The Precinct Organizations.

A. It is likewise contemplated that precinct organizations shall be patterned after the county organization, insofar as may be practical within the limitations of the various precincts. In addition to the two major purposes similar to those served by the District Committees - furnishing the machinery for the election of representatives to the District Committees and for the active conduct of campaigns - the precinct organization serves a third important purpose, that of providing and maintaining the only section of the party organization which is able to remain in constant personal contact with the voters and which can most effectively maintain their interest.

B. A Precinct Committee, members of which shall be appointed by the precinct chairman, shall be responsible for and in charge of all activity of the Republican Party in the precinct.

C. The functions of the Precinct Committee shall, wherever practicable, parallel those of the District Committee, although it is obvious that the size and degree of organization of the Precinct Committee, as well as the scope of its activities, may vary considerably according to the number of Republican voters in the precinct. It is at this level that the success of this program in particular and of the activities of the Republican Party in general will depend in large measure upon the judgment and discretion of the precinct chairman and their workers.

ARTICLE V.

ELECTIONS, APPOINTMENTS, AND MEETINGS

Section 1. Election and appointment of representatives.

A. To the District Committee.

1. At the next regular precinct convention (Presently scheduled for July, 1954), the qualified Republican voters of each precinct shall elect one person to represent the precinct on their respective District Committees. Said representative shall continue to hold office until his successor is duly elected and qualified, except in case of death, resignation, removal from Harris County, or removal by the Advisory Committee as hereinafter provided. Thereafter, the precinct representatives to the respective District Committees shall be elected in this manner by the qualified Republican voters at the regular biennial gubernatorial precinct conventions.

2. The Advisory Committee shall have the power to remove any precinct representative to a District Committee for good cause, but only after due notice and hearing, and by a majority vote.

3. Vacancies occurring in the office of precinct representative to the District Committee shall be filled by appointment by the County Chairman.

B. To the Advisory Committee

1. Not less than ten (10) nor more than thirty (30) days after the next regular precinct convention, the precinct in each district shall elect a successor to the member of the Advisory Committee from that district, in the same manner as the election of district representatives by precinct chairmen outlined in Article III hereof. Said representatives shall hold office as prescribed by Article III.

2. Immediately after said election, the County Chairman shall appoint successors to the appointed members-at-large of the Advisory Committee, who shall hold office as prescribed by Article III hereof. In the event of failure of the County Chairman to make such appointments within ten (10) days after such district elections, said successors shall be chosen by a two-thirds (2/3) vote of the elected members of the Advisory Committee.

3. Thereafter, the election and appointment of members of the Advisory Committee shall be carried out biennially in the same manner, following the regular gubernatorial precinct conventions.

4. When an incumbent County Chairman shall have been replaced by a duly elected successor, the appointive members of the Advisory Committee shall be deemed to have resigned therefrom effective upon the due qualification of such new County Chairman, and the incoming County Chairman shall appoint their successors in the manner outlined in Subsection 2 hereof, except that such appointments must be made by him within ten (10) days after his installation in office. } Good rule!

5. The Advisory Committee shall have the power to remove any of its members for good cause, but only upon due notice and hearing, and by vote of two-thirds of the membership of the Advisory Committee.

6. Vacancies occurring in the office of district representative to the Advisory Committee shall be filled by the District Committee in accordance with the procedure outlined in Article III.

Section 2. Meetings.

A. Meetings of the Advisory Committee shall be held at such times as may be designated by the County Chairman, but in no event less frequently than once each month. Special meetings of the Advisory Committee may be called at any time by the written request of one-fourth (1/4) of the members thereof, upon not less than three (3) days notice.

B. Meetings of the District Committees shall be held at least quarterly, and at such other times as the district chairmen may designate. Special meetings may be called by written request of one third (1/3) of the members thereof, upon not less than three (3) days' notice.

C. Meetings of the Precinct Committees shall be held as often as the business of each precinct may require. Every effort should be made to hold such meetings at least quarterly.

D. Members of the Advisory Committee and of the District Committees may attend any meeting by proxy, provided that such proxy shall be in writing and signed by the member granting the same.

ARTICLE VI.

MEMBERSHIP

Section 1. Membership in this organization shall be open to all qualified Republican Voters. ✓

Section 2. Offices in this organization and membership on all committees thereof, except as hereinafter noted, shall be limited to qualified Republican voters who shall have subscribed in writing to the objectives set forth in Article I. hereof. With respect to the standing committees of the Advisory Committee, the foregoing qualifications shall apply only to the chairmen of the several standing committees. *check it!*

CONCLUSION

Although a considerable effort has been made to draft an all-inclusive plan of organization, it is recognized that the foregoing proposal may be elaborated and improved upon in many respects from time to time after it has been placed in operation. However, the proposal in its present form represents the joint attempt of a number of persons to establish a base upon which all of the Republicans of Harris County May build. In that spirit, it is respectfully submitted.

The District Chairman shall hold office until his successor is duly elected and qualified, unless sooner removed in accordance with other provisions hereof.

(b) In the same manner, the precinct chairmen in each precinct shall elect a Deputy District Chairman, who shall assist the District Chairman in the performance of his duties. In the absence of the District Chairman, the Deputy District Chairman shall have and assume all of the rights, duties and prerogatives of the District Chairman, including specifically the function of serving as a member of the Advisory Committee."

AMENDMENT NO. 6

Article V Section 1 (B) (2) is amended so that it shall hereafter read as follows:

"2. Immediately after the election of the District Chairmen as hereinabove prescribed, the County Chairman shall appoint successors to the appointive members-at-large of the Advisory Committee. The number of such appointive members shall hereafter be one-half (1/2) the number of District Chairmen elected pursuant to the provisions of the foregoing article. Said appointive members shall hold office until their successors are duly elected and qualified, unless sooner removed in accordance with other provisions hereof. In the event of failure of the County Chairman to make such appointments within thirty (30) days after such district elections, said successors shall be chosen by a two-thirds (2/3) vote of the elected members of the Advisory Committee."

AMENDMENT NO. 7

Article V, Section 1 (B) (4) is amended so that it shall hereafter read as follows:

"4. When an incumbent County Chairman shall have been replaced by a duly elected successor, the appointive members of the Advisory Committee shall be deemed to have resigned therefrom, effective upon the due qualification of such new County Chairman, and the incoming County Chairman shall appoint their successors in the manner outlined in Subsection 2 hereof, except that such appointments must be made by him within thirty (30) days after his installation in office."

AMENDMENT NO. 8

Article V Section 1 (B) (6) is amended so that it shall hereafter read as follows:

"6. Vacancies occurring in the offices of District Chairman and Deputy District Chairman shall be filled by appointment by the County Chairman. The person so appointed shall hold office until a successor shall be elected by the precinct chairman in said district, which election must be held at a meeting of said

precinct chairmen upon ten (10) days' written notice to all precinct chairmen in said district, and until such successor has duly qualified in office, unless sooner removed in accordance with other provisions hereof. Any person so elected at such special meeting shall hold office until his successor is duly elected and qualified, unless sooner removed in accordance with other provisions hereof."

AMENDMENT NO. 9

1956

Article IX, Section 1, is amended so that it shall hereafter read as follows:

"The organization contemplated by this plan shall be supplementary to the statutory machinery. The keystone of this proposal is the principle that it shall not under any circumstances conflict with the official party organization of Harris County, but rather that it should serve primarily as a supplementary framework. This plan recognizes as a basic principle of party organization the fact that the Executive Committee constitutes the governing body of the Republican Party of Harris County, and that the Executive Committee, being an elective body, is responsible directly to the Republican voters of Harris County. The plan likewise recognizes as a basic principle of party organization the fact that the County Chairman is directly responsible both to the Republican voters of Harris County, at the polls, and to the Executive Committee, during the period between elections."

AMENDMENT NO. 10.

Article III, Section 1, is amended so that it shall hereafter read as follows:

"The County Chairman should, as soon as possible, subdivide Harris County into a suitable number of districts (it is believed that about 20 will be required), the boundary lines of which shall coincide with boundaries of the several precincts as established by the recent official redistricting thereof. Proper regard shall also be had for the necessity of laying out these districts so that they shall constitute an effective working organization in forthcoming election campaigns. The County Chairman shall from time to time resubdivide Harris County so as to increase or decrease the number of districts, whenever a resubdivision may be required by such factors as an increase or decrease in population of the County or of a particular area thereof, shifts in population from one area to another, creation by the County Commissioners Court of additional precincts, and other like factors."

AMENDMENT NO. 11

Article IV, Section 1 (C) is amended so that it shall hereafter read as follows:

"(C) The County Chairman shall be the ex-officio chairman of the Advisory Committee, and shall preside at all meetings at which he is in attendance. The County Chairman shall appoint one or more Deputy County Chairmen to assist him in the Organization and development of the Republican Party of Harris County. Such Deputy County Chairman or Chairmen, if any, shall be members of the Advisory Committee, but they shall serve in an advisory capacity only, and shall not be entitled to vote on any business of the advisory committee."

AMENDMENT NO. 12

Article IV, Section 3 (B), is amended so that it shall hereafter read as follows:

"(B) A Precinct Committee, members of which shall be appointed by the Precinct Chairman, shall be responsible for and in charge of all activity of the Republican Party in the Precincts. Each Precinct Chairman shall appoint a Vice-Chairman and a Secretary, both of whom shall be members of the Precinct Committee. The Precinct Chairman, with the assistance of the Precinct Committee, shall divide the precinct into areas or sections; each such area or section to contain approximately 300 voters; and the Precinct Chairman, with the approval of the Precinct Committee, shall appoint a Deputy Chairman or Precinct Captain for each such area or section, who shall be a resident of such area or section."

FROM: RALPH A. WILKENS
SUBJECT: ANNOUNCEMENT AND PRAISE

1) I am pleased to announce the appointment of Clyde Hall, 4549 Benning (PA 3-0083) as an assistant in charge of our area precinct organization. He has considerable experience from previous campaigns and will be of great value to our organization. Clyde will be available to help each of you with your organizational set-up as required.

2) Russell Pryor has worked diligently in getting our Area Finance Drive rolling. He has worked with each precinct and according to a recent letter from County Headquarters has gotten a Finance Chairman in each of our precincts. For this we give Russell our thanks and praise.

3) We must also commend and give thanks to each of our Precinct Chairmen for getting behind this Fund Drive. Every chairman in area #25 has appointed a Finance Chairman, which to the best of my knowledge, is true only of area #25.

Thanks again for your labor and please call Russell or myself if we can be of help to you.

Best regards,

Ralph

In selecting companies to be considered as prospective Almanac advertisers, two approaches may be considered. One is the grab bag or "Who can we get?" approach. The other is to try to give a representational picture of Houston thru our advertisers. This would mean being selective and consequently exclusive. As a first go around, the second approach appeals to me. If this approach is to be used, it is necessary to establish categories and then decide who is to be chosen for each category. Then comes "Who knows whom?".

A list of suggested categories and advertisers follows: (partial only)

Dear George, thought you would be interested in Walter Mansell's conversation the other day. He is greatly concerned that the ex-Democrats will make a rightist extremist party of us. His fears are backed up by his years of observing and reporting the activities of the leaders. He fears a takeover by them and also splinter movements if they are displeased with any of our candidates. He also feels that most of the leaders will leave eventually if they are unable to control the party and make it do their bidding.

He is also concerned lest they join hands with the Mengden group. He asked me if I thought you would be able to heal all the rifts in the party. I told him I thought you had, but that there is one group that will always be apart, the Birchers.

He also said that he thought it was somewhat dishonest for our candidates to run as Conservatives rather than as Republicans. He thought we would do better as Republicans.

He is against partisan politics in the city races as it breeds Bossism and would destroy the city's Civil Service. This was in answer to my saying that I had been mulling over an answer to the Chronicle's and Dallas Morning News position on the Republican's efforts to take part in city politics.

MEMO TO ALL PRECINCT CHAIRMEN

I. Grievance Committee - In an effort to avoid washing the Party's dirty linen in public I have set up a Grievance Committee. It is my sincere hope that any committeeman, area chairman or other Republican who has a grievance to express will bring this grievance before the Grievance Committee. I have appointed the following people to the Grievance Committee:

The proper procedure to be followed when you have a grievance which should be presented to the Committee is to contact the chairman, or in his absence any member of the Committee, with a request that within 7 days the Committee be convened to discuss the complaint. ¶ The establishment of the Grievance Committee is not intended to remove from any committeeman the right to take up any matter of his choosing on the floor of the Executive Committee. I am extremely hopeful, however, that through this committee we can iron out many of our problems of this nature without having to take up the Executive Committee's time and without having to expose to the press any interparty bickering.

II. AREA REORGANIZATION COMMITTEE - Quite a few members of the Executive Committee have called to my attention the fact that several of our areas are in need of reorganization. They have pointed out to me that certain areas are more than 3 times as large as other areas and that in some instances precinct chairmen feel that they should be in other areas than the one to which they are presently assigned. In order to take an objective look at this problem I have appointed an Area Reorganization Committee comprised of the following members:

This Committee shortly will commence a study to look into this broad problem. They will make a firm recommendation to the County Chairman as to any changes that should be made. If you have any suggestions or complaints about the geographical complexion of your area, will you please contact Mr. _____, chairman and request that you be heard before his Committee.

I shall from time to time keep you advised of Party matters and we shall probably be scheduling another Executive Committee meeting with the next month.

Very truly yours,

REPUBLICAN PARTY OF HARRIS COUNTY
3200 Audley, Suite 101

March 5, 1963

TO: ALL AREA CHAIRMEN

FROM: GEORGE BUSH, COUNTY CHAIRMAN

I am calling a meeting of all Area Chairmen for Monday,^{*} March 11, at 7:30 P.M. The purpose of this meeting is to brief you on certain matters that will come before the Executive Committee meeting which we have scheduled for Wednesday, March 13, at 7:30 P.M. The principal discussion will be about organization matters and I am hoping that you will be able to attend since I would like you to have this information prior to the meeting of the precinct chairmen.

One important matter which I had planned to announce at our area meeting and then again at the Executive Committee meeting has to do with the new County Executive Director. However, the situation has progressed faster than I had even hoped for and I would like to let you know now that the new Executive Director will be W. R. Simmons. I am sure all of you know Bill Simmons, who was one of our best candidates for the State Legislature last year. He has a burning interest in politics. This, coupled with his legal background and his sincere sense of purpose, in my opinion, will make him an excellent Executive Director. Bill will be starting to work immediately, and, of course, I would appreciate any support you could give him. Please do not hesitate to call on him.

This appointment does not require ratification by the Executive Committee but it certainly will be one of the highlights in my report to the Executive Committee on March 13.

See you Monday evening---I promise not to keep you too long.

Dear Fellow Citizen:

On January 24, 1963, President Kennedy recommended four changes in the tax provisions applying to the natural resources and extractive industries. It has been estimated that these tax changes would increase the tax-take of the Federal Government by some 300 million dollars. This 300 million dollars would ultimately come from the pockets of every American citizen who uses any product made from mineral or petroleum raw materials. This is you!!! Yes, this tax will come from your pocket. The American citizen who drives a car, who uses natural gas to cook with, who uses coal or oil to heat his home, or even the housewife who uses the copper bottom cooking utensil. Make no mistake about it, this increased tax burden will finally be paid by you, the American citizen, through increased cost of production which naturally will result in higher retail prices.

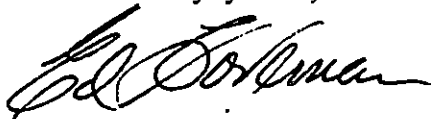

The first change proposed would serve to reduce the net income from producing properties for the purpose of calculating depletion. This would have the effect of reducing the amount of the depletion allowance. The depletion is a time honored principle of taxation on extractive industries and has been held repeatedly as a just and fair tax allowance by Congress after Congress.

The other proposals would repeal the provisions permitting properties to be aggregated for tax purposes; tax as ordinary income a part of what is now treated as a capital gain in the sale of properties; and limit the application of foreign development expenditures.

The changes are designed to affect directly the mining and petroleum industries. If these proposed changes are enacted, the Federal government will be increasing the tax burden on two industries that can ill afford an increase in their tax load. Both industries are suffering from unemployment and reduced profits. There are practically no new mining starts and drilling is at a 19 year low.

Therefore, since the President's proposed tax changes would result in a serious damaging blow being levied on two already economically ill industries, and since this tax increase would be ultimately paid by an already overburdened American taxpayer, I am urging all of the citizens of this country to join with me in opposition to these unwarranted tax changes by signing the accompanying petition.

Sincerely yours,

Ed Foreman, M.C.

I.

1. This action is brought under and the court has jurisdiction by virtue of 42 USC, Sec. 1983 and 1988 and under 28 USC, Sec. 1343 to redress deprivation of Federal Constitutional rights.

II.

1. Each of the Plaintiffs is a citizen of the United States and of the State of Texas, and is a resident of Harris County, Texas. Plaintiffs Bush, Thawley and Sledge are residents of the 22nd Congressional District of Texas. Plaintiffs Farris and Barrett are residents of the 8th Congressional District of Texas. Each Plaintiff as a taxpayer and duly qualified voter in said State, County and respective District, is entitled to vote in primary, general and special elections for the Members of Congress for the 8th or 22nd Congressional Districts of Texas.

The aforesaid Plaintiffs bring this action on their own behalf and on behalf of all qualified voters of Harris County and of the 8th and 22nd Congressional Districts of Texas and on behalf of all voters of the State of Texas who are similarly situated.

2. The Defendants are all citizens of the United States and of the State of Texas, residing within said State, and in particular:

to each county judge, and to certify to each county clerk a list of all candidates who have been nominated for state office and for district office where the district consists of more than one county (Art. 1.03, V.A.T.S. Election Code - all references in this Paragraph II are to the Election Code unless otherwise noted); to receive certification from the county judge of the fact of death of any state, or district officer or member of Congress, or member of the legislature from the county judge of the county where the death occurs (Art. 1.04); to examine and approve voting machines (Art. 7.14(1)); to approve the form of a statement of canvass where voting machines are used in either primary or general elections (Art. 7.14, Sec. 19); to receive returns of state and district elections from county judges (Art. 8.37); to receive returns of elections to the State Senate (Art. 194a, V.A.T.S.); to open and count the returns of the election with the Governor and Attorney General on the 17th day after the election (Art. 8.38); to receive from the county judge a certificate as to the returns in special elections for the State Legislature and for Congress (Art. 8.44); to receive from county conventions certified list of delegates to the state conventions of political parties holding same and to deliver to the Chairman of the State Executive Committee certified list of delegates, et cetera (Art. 13.34); to receive from the Chairman of the State Executive Committee a notice of the hour and place of the holding of state conventions (Art. 13.34).

He is the Chief Executive Officer of the State, has authority to call special sessions of the Legislature, and has the duty to "cause the laws to be faithfully executed." (Art. 4, Sec. 1, 8, 9, 10, Texas Constitution).

(3) The Defendant WAGGONER CARR is the duly elected, qualified and acting Attorney General of the State of Texas, with his offices in the City of Austin, Travis County, Texas. The Attorney General of Texas is a constitutional officer, a part of the Executive Branch of the government of the State. He is charged with the duty of giving legal advice to the Governor and other executive officers and performing such other duties as may be required by law (Art. 4, Sec. 22, Texas Constitution). The provisions of 28 USC, Sec. 2284 require that he be served with a copy of the proceeding and that he is entitled to be heard in any proceeding involving a statute of this State, and Art. 2524-1, V.A.T.S., requires that he receive a notice of hearing of any such proceeding. He is charged with certain duties and responsibilities regarding the conduct and holding of primaries and elections, including, among others, the duties of investigating and prosecuting election fraud (Art. 9.02); and being present with the Governor while the Secretary of State counts the election returns (Art. 8.38).

(4) Defendants PETER O'DONNELL, JR. and EUGENE LOCKE are the duly elected, qualified and acting Chairmen of

the Texas State Republican Executive Committee and of the Texas State Democratic Executive Committee, respectively; residing in Dallas County. The Chairman of the State Executive Committee of a political party in Texas is charged by law with crucial and major responsibilities in the holding and conduct of primaries and elections, including, among other things, receiving for filing requests of candidates for state-wide offices to be placed on the primary ballot (Art. 13.12), designating the place of meeting of the State Executive Committee on the second Monday in March, and after this meeting, certifying, as directed by the Committee, to each county chairman the names and county of residence of each candidate who has requested to be placed upon the official primary ballot (Art. 13.12); receiving from candidates for state offices the statutory filing fees (Art. 13.15); receiving from each county chairman within 24 hours after votes have been canvassed by the county executive committee complete returns as to the results of party primary elections as to the state and district offices (Art. 13.23); certifying to each county clerk the names of the district candidates, including candidates for Congress, receiving the highest vote to be placed on the general election ballot (Art. 13.25); receiving from the chairman of each county executive committee a tabulated statement of the votes cast in each county for each candidate for nomination for a state, district, county or precinct office, and presenting same to the State Executive Committee meeting on the first Saturday following the day of the first primary election, and certifying the names of all candidates for district offices who receive a majority of the votes in the first primary, and ordering on behalf of the State Executive Committee that the names of the two candidates receiving the most votes, where no candidate received a majority, be printed upon the official ballot for the second primary election (Art. 13.27); receiving from the

chairman of each county convention minutes and lists of delegates chosen at each county convention (Art. 13.34); filing with the Secretary of State a notice of the hour and place of holding the state convention and mailing a copy of such notice to each county chairman (Art. 13.35); certifying a statement adopted by the State Executive Committee showing the number of votes received by each candidate in the first primary and in the second primary and presenting, on behalf of the State Executive Committee, to the state convention a tabulated statement and list of the delegates to the state convention (Art. 13.36), appointing, when authorized and empowered by the State Executive Committee of a political party, subcommittees to look after, supervise and conduct primary elections and general election campaigns and procedures, and doing any and all things which the State Executive Committee and the chairman thereof could do under provisions of the Texas Election Code.

(5) Defendant WILLIAM M. ELLIOTT, County Judge, Harris County, Texas, is sued herein individually and, in a class action under Rule 23, Federal Rules of Civil Procedure, as representative of all other county judges in the State of Texas who are similarly situated, such county judges being so numerous as to make it impractical to bring them all before the court. The rights and remedies sought to be enforced by the Plaintiffs involve questions of law and fact affecting such rights common to all such county judges, and a common relief is sought. County judges in the State of Texas are charged with various and certain responsibilities and duties for conducting primaries and elections in the State of Texas, including serving with the sheriff and county clerk on a board to provide supplies necessary to hold and conduct elections (Art. 7.07); making election returns for state and district offices and certifying and sending same to the Secretary of State and to the County Clerk (Art. 8.37);

certifying to the Secretary of State which candidates were elected in the county (Art. 8.43); receiving from the Secretary of State forms for blanks for ballots for each general election (Art. 1.03); receiving from the presiding judges in the election precincts in general and special elections written returns of elections, and, after the returns have been canvassed by the Commissioners Court, forwarding same to the Secretary of State (Art. 8.30); causing notice of general election or any special election to be posted (Art. 4.05); opening and counting returns in special elections to the Legislature or to Congress and certifying same to the Secretary of State (Art. 8.44); designating the places of holding primary elections, when the chairmen of the executive committees of the different parties cannot agree (Art. 13.04); receiving the proclamation by the Governor calling for the election (Art. 4.01); delivering to the candidate or candidates for whom the greatest number of votes have been polled for county and precinct officers, and for single county senatorial or representative districts, certificates of election and transmitting a duplicate to the Secretary of State (Art. 8.36).

(6) Defendant ROBERT E. TURRENTINE, JR., County Clerk of Harris County, is sued herein individually and, in a class action under Rule 23, Federal Rules of Civil Procedure, as representative of all other county clerks in the State of Texas who are similarly situated, such county clerks being so numerous as to make it impractical to bring them all before the court, there being common questions of law and fact affecting the rights and remedies sought to be enforced and which are the subject of this action, and a common relief sought. County clerks in Texas are charged with certain duties and responsibilities for conducting primaries and elections, including serving with the sheriff and county judge on a board to provide supplies necessary to hold and conduct elections (Art. 7.07); preparing ballots and labels for voting machines (Art. 7.14(10)); supervising absentee

voting (Art. 5.05 and 7.14); receiving from the Secretary of State a certified list of all candidates who have been nominated for state office and for district office where the districts consist of more than one county (Art. 1.03); receiving from each of the managers of the election ballots voted, ballot boxes, and a copy of the report of the returns (Art. 8.32); receiving certified election returns, together with poll lists and tally lists (Art. 8.29); receiving returns of primary elections (Art. 13.23, 13.24); destroying contents of the ballot boxes sixty days after primaries (Art. 13.28); receiving notice of hour and place of precinct and county conventions and filing same (Art. 13.34); receiving for filing notice of precinct conventions (Art. 3158a, V.A.T.S.); preparing voting machines for elections (Art. 7.14, Sec. 10); forwarding returns of election to the Secretary of State (Art. 3026a, V.A.T.S.); preparing stub boxes (Art. 8.15); tabulating unofficial returns (Art. 8.25); preparing the unofficial ballot for voting machines (Art. 7.14), Sec. 17); posting the names of candidates certified to the county clerk to be printed on the official ballot (Art. 13.32); printing the official ballot containing the names of all nominees (Art. 13.31); and carrying out such other duties and responsibilities as are provided for in the Texas Election Code.

III.

Plaintiffs are now denied the equal protection of the laws accorded them by the Fourteenth Amendment to the Constitution of the United States and the guarantee of equal rights, the right to republican form of government, and the right to franchise guaranteed by the Constitution of the State of Texas, Art. 1. Secs. 2, 3, and 19.

Pursuant to provisions of 28 USC, Sec. 2201, Plaintiffs seek a declaration of their rights and a declaration as to the validity or invalidity of Art. 197a, V.A.T.S., which purports to apportion the Congressional Districts among the

counties and citizens of the State of Texas. Pursuant to 28 USC, Sec. 2281, et seq., Plaintiffs further seek such injunctive relief as may be proper to assure them and all other voters of the State of Texas free and equal suffrage and equal protection under the law which are now denied them by the Defendants and their predecessors in office who have complied and unless enjoined will continue to comply with Art. 197a, V.A.T.S., and certain other acts and practices which unconstitutionally and illegally apportion the Congressional Districts of the State of Texas, all of which is more particularly set forth hereafter.

IV.

1. Amendment XIV, Sec. 1, of the Constitution of the United States guarantees to each citizen the equal protection of the law, implicit in which is the right to vote and the right of each citizen to have his vote counted equally with the vote cast by other citizens:

"No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any state deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws."

2. Art. 1, Sec. 2 of the Texas Constitution guarantees a republican form of government, which must encompass equal suffrage and an equal vote for each citizen:

"All political power is inherent in the people, and all free governments are founded on their authority, and instituted for their benefit. The faith of the people of Texas stands pledged to the preservation of a republican form of government, and, subject to this limitation only, they have at all times the inalienable right to alter, reform, or abolish their government in such manner as they may think expedient."

3. Art. 1, Sec. 3, of the Texas Constitution requires that all free men must have equal rights in the eyes of the government:

"All free men, when they form a social compact, have equal rights, and no man, or set of men, is entitled to exclusive separate public emoluments, or privileges, but in consideration of public services."

4. Art. 1, Sec. 19, of the Texas Constitution prohibits the disfranchising of any Texas citizen:

"No citizen of this state shall be deprived of life, liberty, property, privileges or immunities, or in any manner disfranchised, except by the due course of the law of the land."

5. The right to free and equal suffrage is further assured by the provisions of Art. 6, Secs. 2 and 4 of the Texas Constitution:

Section 2.

"Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one (21) years and who shall be a citizen of the United States and who shall have resided in this state for one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector"

Section 4.

"In all elections by the people the vote shall be by ballot and the legislature shall provide for the numbering of tickets and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of the ballot box,"

6. The provisions of Art. 16, Sec. 2, of the Texas Constitution further declare the right of free suffrage:

"The privilege of free suffrage shall be protected by laws regulating elections and prohibiting under adequate penalties all undue influence therein from power, bribery, tumult or other improper practices."

7. The right of free and equal suffrage is further guaranteed, declared and assured by the provisions of the Texas Election Code, V.A.T.S. Election Code, Art. 1.01, et seq.

Art. 1.01 of the Texas Election Code provides:

"The aim in adopting this Code is to state in plain language the laws governing the nomination and election of officers and of holding other elections, to simplify, clarify and harmonize the existing laws in regard to parties, suffrage, nominations, and elections, and to safeguard the purity of the ballot box against error, fraud, mistake and corruption, to the end that the will of the people shall prevail and that true democracy shall not perish from the Lone Star State."

8. The foregoing provisions of the Constitution of the United States and of the laws and Constitution of the State of Texas contain guarantees to each citizen of the right to vote in elections and the right to have his vote given the same weight as the vote of any other citizen.

V.

1. Plaintiffs, as citizens of the United States and the State of Texas, and as qualified voters in their respective Congressional Districts, have the right conferred by the Constitution of the United States and by the Constitution and laws of the State of Texas to have the Congressional Districts for the State of Texas reapportioned on the basis of the 1960 Federal Census.

2. The present Congressional District Apportionment Act is Art. 197a, V.A.T.S., Acts 1957, 55th Legislature, p. 681, ch. 286. This Reapportionment Act purported to be based on the 1950 United States Census. Though the Census of 1950 gave Texas sufficient increase in population for an additional Representative in Congress, the Legislature took no action from 1951 until 1957 and Texas was served by a Congressman-at-Large in addition to its 21 representatives elected from their respective districts. The Legislature in 1957, by the current Article 197a, abolished the position of Congressman-at-Large and divided District 8 (Harris County) into two districts, designating them District 8 and District 22. The Legislature also made District 12 a single county (Tarrant) district. Johnson, Hood and Somervell Counties were transferred from District 12 to District 6. Parker County was transferred from District 12 to District 17. In addition, Angelina County was transferred from District 2 to District 7; Shelby from District 2 to District 3; Haskell, Kent, King and Stonewall from District 19 to District 13; Scurry from District 19 to District 17.

The next preceding congressional redistricting of Texas was in 1933 by the 43rd Legislature, on the basis of the

1930 Census. At that time the number of districts was raised from 18 to 21. Acts 1933, 43rd Leg., p. 344, ch. 135. Prior Reapportionment Acts were adopted in 1917, 1909, 1905, and 1903. Acts 1917, ch. 119; Act 1909, p. 156; Acts. 1905, p. 96; and Acts. 1903, p. 44.

In the decade from 1950 to 1960, Texas population increased 24.2% from 7,711,194 to 9,579,677, resulting in an increase of one Congressman in the House delegation under the 1960 Federal Census apportionment. Thus, Texas now has 23 Congressmen. Because the Texas Legislature took no action in 1961 or 1962 to reapportion the State to allow for the new seat, there are 22 Congressional districts and a 23rd Congressman who serves as Congressman-at-Large.

3. The apportionment provided for in Art. 197a, V.A.T.S. is unconstitutional. It is invidiously discriminatory against the Plaintiffs, and all other voters of the 8th and 22nd Congressional Districts and other Texas citizens similarly situated, in that such apportionment accords to voters in the 8th and 22nd Congressional Districts representation and voting power which is arbitrarily and substantially less than that accorded to voters in other areas of the State.

4. For the 22 presently constituted Congressional Districts, as apportioned under Art. 197a, V.A.T.S., the average population per congressional district is 435,440 (the at-large seat is not included in the computation of the average). The following table compares the population for each Congressional District for 1950 and 1960, and shows the percentage variation from the average population per Congressional District in 1960.

District	Population		Variation from Average (1960)
	1950	1960	
1	276,945	245,942	-43.5%
2	341,492	420,402	- 3.4
3	294,499	293,942	-32.5
4	227,735	216,371	-50.3
5	614,799	951,527	+118.5
6	267,331	248,149	-43.0
7	284,361	265,629	-39.0

District	Population		Variation from Average (1960)
	1950	1960	
8	401,642	568,193	+30.5
9	406,311	498,775	+14.5
10	314,467	353,454	-18.8
11	282,447	322,484	-25.9
12	361,253	538,495	+23.7
13	312,581	326,781	-24.9
14	457,290	539,262	+23.8
15	455,421	515,716	+18.4
16	351,710	573,438	+31.7
17	271,046	287,889	-33.9
18	289,449	363,596	-16.5
19	326,002	424,774	- 2.4
20	500,460	687,151	+57.8
21	268,894	262,742	-39.7
22	405,059	674,965	+55.0
At Large	7,711,194	9,579,677	

5. The arbitrary and discriminatory nature of the present apportionment clearly appears from the foregoing tabulation. Many comparisons may be drawn to illustrate this discrimination, but suffice it to say that the vote of a citizen in District 8 is worth less than one-half the vote of a citizen in Districts 1, 4, 6, 7 and 21 while the vote of a citizen in District 22 is worth less than half the vote of a citizen in Districts, 1, 3, 4, 6, 7, 11, 13, 17 and 21. In fact the value of a vote in District 22 is less than one-third the value of a vote in District 4.

By virtue of such invidious discrimination, the citizens and voters of the 8th and 22nd Congressional Districts are deprived of the equal protection of the laws and the right to equal suffrage and equal vote. They are, in short, treated as second class citizens.

6. This invidious discrimination exists not only against the residents and voters of the 8th and 22nd Congressional Districts, but also against those of other Congressional Districts in Texas as well. Both the 20th and 5th Congressional Districts provide even more glaring examples of irrational and arbitrary discrimination than does the 22nd. One needs only compare the 1960 populations of the 4th (216,371) and 5th (951,527) Districts to see that a substantial and insupportable violation of Constitutional guarantees exists. A

look at the 1950 Census figures for these same two districts (4th - 227,735, 5th - 614,799) further shows that this invidious discrimination is long-standing and, to date, unremedied.

As a further illustration of this discrimination, Districts 8 and 22 (Harris - Houston), 5 (Dallas), and 20 (San Antonio) have a combined aggregate population of 2,881,836, or approximately 30% of the total population of the State. Yet they have a total of only 4 Congressmen -- 18% of the total number of Congressmen (exclusive of the at-large seat).

In contrast, Districts 1, 4, 6, and 21 have a combined total of 10% (973,204) of the State's population, yet have 18% (4) of the State's Congressmen (exclusive of the at-large seat).

7. The great disparity of voting power and representation among the various Congressional Districts in the State of Texas constitutes invidious discrimination.

Such discrimination is irrational and arbitrary and has no sound or lawful historical basis. What may have been a reasonable apportionment by population at one time has, because of shifts in population to the urban areas, become an unreasonable system, the continuance of which cannot be justified.

The violation of Plaintiffs' constitutional rights is clear. Due to the extreme disparities existing between congressional districts, it is obvious that the present Apportionment Act, Art. 197a V.A.T.S., amounts to invidious discrimination against the Plaintiffs and all others who are residents of the 8th and 22nd Congressional Districts, as well as against other Texas voters similarly situated. The continued operation of Art. 197a as presently written violates Plaintiffs' rights to equal protection of the law as guaranteed to them by the Fourteenth Amendment of the United States

Constitution and the right of fair and equal suffrage under the Constitution and laws of the State of Texas.

8. There is not likely to be a political remedy for this invidious discrimination. In Texas there is no provision for an initiative or referendum to bring about a change in the apportionment laws. Nor is it likely the State Legislature will remedy the situation. The Legislature in 1961 and 1962 adjourned without passing any reapportionment act to reapportion the Congressional Districts of the State in accordance with the Federal Census of 1960, although a number of reapportionment bills were introduced from time to time during such sessions.

The State Legislature is presently in session, and although several bills have been introduced to reapportion the Congressional Districts of Texas during this session, no bill has been passed, nor is any such bill presently pending in the Legislature which would comply with the mandate of the Fourteenth Amendment of the Constitution of the United States or of the Constitution and laws of the State of Texas.

VI.

The Defendants, or their successors in office, unless prevented by the Court, will perform their duties as they and their predecessors in office have performed those duties in the past, such duties having been performed in accordance with, under and by virtue of Art. 197a, V.A.T.S., and previous apportionment acts, and under and by virtue of the Texas Election Code.

The rights of these Plaintiffs and all others similarly situated can be protected only by decree of this court declaring Art. 197a, V.A.T.S., to be unconstitutional, by enjoining the Defendants from holding another unconstitutional primary or election for the members of Congress in 1964, or in any year thereafter, and by requiring that the Defendants obey a decree of this Court reapportioning and redistricting the State into 23 Congressional Districts in

proportion to population by referring to the 1960 official United States Census population figures of the various counties of the State, unless and until the Legislature of the State of Texas, by proper law, reapportions the members of Congress among the counties of the State.

VII.

Wherefore, premises considered, Plaintiffs respectfully pray:

1. That this Court take jurisdiction of this matter and that a special three-judge court be called to hear and determine this cause pursuant to 28 USC, Sec. 2281, et seq.
2. That the Court declare the rights of the Plaintiffs pursuant to 28 USC, Sec. 2201, et seq., to the following effect:
 - a. That the present apportionment of congressional districts in the State of Texas is invidiously discriminatory and has deprived and continues to deprive the Plaintiffs of equal protection under the law and of their rights to equal suffrage, in violation of the Fourteenth Amendment of the Constitution of the United States and in violation of the Constitution and laws of the State of Texas and that Art. 197a, V.A.T.S., is unconstitutional, void, and invalid.
 - b. That the right of Plaintiffs to vote as guaranteed by the laws and Constitution of the State of Texas and the Constitution of the United States has been impaired.
3. That the Court grant further relief by way of injunction under 28 USC, Sec. 2281 and additional relief under 28 USC, Sec. 2202 as follows:
 - a. That Defendants, individually and in their representative capacities, their agents, officers and employees and committees, be restrained and enjoined from conducting primaries or elections for members of Congress under Art. 197a, V.A.T.S., or in any other manner or fashion until the State Legislature shall have reapportioned the Congressional Districts of Texas in accordance with the Constitution and laws of the United States and of the State of Texas.
 - b. That if the State Legislature shall fail to adopt a valid, lawful and constitutional reapportionment act within a reasonable time and in no event later than July 1, 1963, then that this Court enter an Order reapportioning the Congressional Districts in conformity with legal standards

in order that all congressional elections in 1964 may be on a valid, constitutional basis.

4. That the Court grant such other and further relief, legal and equitable, general and special which may be just, equitable and proper.

Respectfully submitted,
