SUBJECT: Use of military aircraft

I have considered whether Admiral Howe may travel on military aircraft to return to Washington from the Presidential party in Houston on August 19 and to travel to Atlanta to join the President on August 22. Although Admiral Howe would generally not be entitled to fly on military aircraft to join or depart from the Presidential party, he may travel on these flights because the aircraft will otherwise be travelling for the use of General Scowcroft.

GERALD R. FORD

February 15, 1992

Dear Brent:

Betty and I very much hope you will be our guest at the AEI World Forum again this year. The 1992 World Forum will be held June 17-20 in Beaver Creek, Colorado.

This year as in the past, we are inviting leading government officials, legislators, business executives, and policy experts from the United States and around the globe to gather for three days of structured discussions and social events. We are expecting a particularly distinguished group this June. Considering the developments of the past year and the momentous political and economic issues now on the international agenda, I anticipate that the eleventh AEI World Forum will be the most successful ever.

If you are able to attend, Chris DeMuth at AEI will be in touch with you about the specifics of your participation in the plenary and small-group sessions.

Your participation would add very significantly to the substance and success of the 1992 World Forum. I hope you will be able to join us again and look forward to hearing from you.

Warmest, best wishes,

Lt. Gen. Brent Scowcroft

Dear Applicant:

Based on information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code.

We have further determined that you are not a private foundation within the meaning of section 509(a) of the Code, because you are an organization described in section 509(a)(2).

If your sources of support, or your purposes, character, or method of operation change, please let us know so we can consider the effect of the change on your exempt status and foundation status. Also, you should inform us of all changes in your name or address.

Generally, you are not liable for social security (FICA) taxes unless you file a waiver of exemption certificate as provided in the Federal Insurance Contribution Act. If you have paid FICA taxes without filing the waiver, you should contact us. You are not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Since you are not a private foundation, you are not subject to the excise tax under Chapter 42 of the Code. However, you are not automatically exempt from other Federal excise taxes. If you have any questions about excise, employment, or other Federal taxes, please let us know.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

The box checked in the heading of this letter shows whether you must file Form 990, Return of Organization Exempt from Income tax. If Yes is checked, you are required to file Form 990 only if your gross receipts each year are normally more than \$10,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of your annual accounting period. The law imposes a penalty of \$10 a day, up to a maximum of \$5,000, when a return is filed late, unless there is reasonable cause for the delay.

Letter 947(DO) (1

js

You are not required to file Federal income tax returns unless you are subject to the tax on unreported income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T. In this letter, we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You need an employer identification number even if you have no employees.

If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

Because this letter could help resolve any questions about your exempt status and foundation status, you should keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

To Whom It May Concern:

This is to affirm that there has been no change in the purpose, character, or method of operation of the American Enterprise Institute which would adversely affect IRS determinations concerning AEI's 501(c)(3) status or foundation classification under Section 509(a)(1), 170(b)(1)(A)(vi).

Attention: Mr. William J. Daroody
President

Gentlemen:

This is in response to your letter of April 2, 1970, requesting a ruling as to whether you qualify as an organization to which grants may be made by private foundations without subjecting such organizations or managers to the tax liabilities provided in section 4945 of the Internal Revenue Code of 1954, as added by the Tax Reform Act of 1969.

Section 4945 imposes a tax on the "taxable expenditures" of private foundations -- amounts paid or incurred by such foundations for certain proscribed purposes. Subsection (e) defines such purposes to include any attempt to influence legislation "other than through making available the results of nonpartisan analysis, study or research." Subsection (d)(2) defines "taxable expenditure" to include any amount paid or incurred by a private foundation to influence the outcome of any specific election, or to carry on any voter registration drive unless conducted by an organization which meets certain specified requirements. Subsection (d)(4) includes grants to other than an organization described in section 509(a)(1), (2), or (3), and section 509(a)(1) includes a publicly supported organization described in section 170(b)(1)(A)(vi) of the Code.

The information submitted with your request is substantially as follows:

You are exempt from Federal income tax as an organization described in section 501(c)(3) of the Code, which is substantially similar to section 170(c)(2), and contributions to you are deductible under section 170 of the Code.

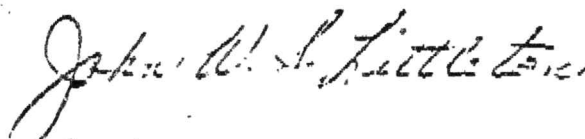

- 2 -

American Enterprise Institute
for Public Policy Research

In the years 1966 through 1969 you received support from corporations, individuals, foundations, investment income and grants from a state university. The schedule attached indicates that you applied the "mechanical test" provided in section 1.170-2(b)(5) of the Income Tax Regulations for the purpose of determining whether you are a publicly supported organization within the meaning of section 170(b)(1)(A)(vi) of the Code.

Eased on the facts stated in your letter of April 2, 1970, and the enclosed materials, we conclude that under existing regulations the Institute is a "publicly supported" organization described in section 170(b)(1)(A) of the Code and accordingly is not a "private foundation" under Code section 509. In such a case, a grant to the Institute by a private foundation will not constitute a taxable expenditure by the private foundation if: (1) it does not control or retain any veto power over the use of the funds; and (2) if the grant does not by its terms require activities which would be taxable expenditures by a private foundation under section 4945 and does not by reason of the conditions or terms under which it is given of necessity require such activities. Accordingly, a general purpose grant to the Institute not restricted in any way as to use will not constitute a taxable expenditure by a grantor private foundation.

Very truly yours,

Director, Income Tax Division

Based on the information you recently submitted, we have classified you as an organization that is not a private foundation as defined in section 509(a) of the Internal Revenue Code.

MEMORANDUM FOR THE CHIEF OF STAFF

FROM: W. HENSON MOORE *W. Henson Moore*
DEPUTY CHIEF OF STAFF

SUBJECT: Travel on March 6-8, 1992 to Accompany the President

This memorandum constitutes my determination that your travel on March 6-8, 1992 for the purpose of providing support and assistance to the President is official travel. The determination is necessary because John Gardner, Special Assistant to the President and Deputy Staff Secretary, is currently traveling with the President as an official traveler.

Pursuant to C. Boyden Gray's December 6, 1991 memorandum to my predecessor, I have determined that you are traveling for the purposes of providing logistical support to the President and providing consultation and guidance necessary for the transaction of official government business. I also have determined that you will not engage in political activity during the travel. You may, however, attend political events so long as you do so to perform the official functions listed above.

August 7, 1991

MEMORANDUM FOR ROBERT M. GATES
ASSISTANT TO THE PRESIDENT
AND DEPUTY FOR NATIONAL SECURITY AFFAIRS

FROM: C. BOYDEN GRAY **Original signed by CBG**
COUNSEL TO THE PRESIDENT

SUBJECT: Request for additional passengers on military aircraft

You have requested that your two children be allowed to accompany you on your return from Kennebunkport to Washington via military aircraft. Your children would fly only on a space available basis, and you would reimburse the Government at the appropriate commercial rate.

First, your return from Kennebunkport on a military jet must be warranted by scheduling, communications or security considerations, under the new travel policy announced on May 9. (See attached form.) We have not yet received General Scowcroft's request for approval for use of military aircraft to travel to Kennebunkport. Assuming such a request is made and approved, your return trip on the same aircraft would be appropriate.

The policy on space available travel for non-Federal travellers such as family members of Federal officials is under active consideration. At this time, I am prepared to approve the travel of your children with you only if there is no additional cost to the Government. Therefore, your children may travel only on a space available basis and only if reimbursement for the full commercial coach fare is made, in an amount to be determined by the White House Travel Office.
