Dear General Scowcroft:

Per our conversation, the Republican Task Force on Technology Transfer is honored to invite you to speak at our policy briefing scheduled for March 1, 1990 in room 1416 Longworth Building. (Meeting time will be left to your discretion.)

The informal briefing will focus on the newly emerging export control policies for Eastern Europe and the Soviet Union. As you are the renowned expert on this subject, we hope you will agree to participate.

In the past, the Task Force has held meetings on COCOM relaxation for machine tools and has examined the importance of COCOM to U.S. technology security. However, as geopolitical alliances are rewritten, the Task Force would like to take a second look at export control policies.

Certainly, this is no simple task; and any changes to international trade agreements will draw the attention of Congress. Before the discussion becomes too politicized, we would like to hear the Administration's point of view on export control and we would like to know what direction future policy might take.

In order to face the challenges of a new world order, Congress and the Administration must work together, especially in the volatile and ever-changing arena of international trade.

Thank you for your kind consideration of our request and we hope that you will agree to speak before our Task Force.

With warm regards, we are

Sincerely,

Helen D. Bentley, M.C.

RE: First City Bank of Houston/Loan

During the final approval process, First City Bank of Houston declined to make the AEI loan because AEI and its two constituent companies were all outside the Houston area. Thus, I have decided to accept the offer of American Security Bank here in Washington to replace the National Bank of Washington. I am still negotiating some terms and guaranty amounts, but I am sure we will come to an agreement.

Incidentally, Jim Nelson's new bank -- City National here in Washington -- will participate with American Security Bank.

In any event, I will need updated financial statements from each of you to be sent directly to Ms. Kristen Lamb at the following address:

MEMORANDUM

TO: THE DIRECTORS AND SHAREHOLDERS OF AMERICAN EQUITY INVESTORS,
INC. (AEI)

FROM: HARRY HUGE *HH*

Pursuant to the resolutions of the Board of Directors taken at its meeting on December 11, 1989, I am enclosing the Memorandum of John Colman reflecting the actions taken at that meeting. As you will recall, John was delegated to translate the actions taken at that meeting -- in general terms and principles -- into a specific schedule giving the percentage each shareholder will receive of any dividend or liquidating distribution taking into account the actions agreed upon at the December 11 Board meeting. That Memorandum and attached schedule from John is attached.

Please give me or John a call if you have any questions about the Memorandum and Schedule. We will schedule a telephonic board meeting in mid-January to discuss and adopt the Memorandum and schedule.

Happy New Year to everyone.

MEMORANDUM

Date: December 16, 1989

To: Harry Huge, Esq.

From: John C. Colman *cc*

Subject: American Equity Investors, Inc.
--Adjustment of Shareholder Participations

Attached is a revised schedule giving the percentage each shareholder of AEI will receive of any dividend or liquidating distribution. The format follows that given used in the analyses recently reviewed with the members of the Board and incorporates those decisions concerning adjustments decided upon by the Board at its meeting in Washington on December 11, 1989:

The allocation percentage for each shareholder will be the percentage of his shareholdings as of December 11, 1989 adjusted for the following:

1. The "Total Value" of the net assets of AEI for sake of this computation will be \$7 million before the additional values attributed to the adjustments herein.

2. The guarantors of the "second tranche" of bank borrowing (i.e., the \$2 million borrowed to finance the Hawkins purchase) will be credited with \$450,000 (which is assumed to represent a "return" of 15 per cent per annum on the \$2 million at risk for a period of 1 1/2 years).

3. The guarantors will share in this adjustment in relationship to the amount of risk of each, namely, \$2 million for Huge and \$250,000 for the other seven participants.

4. Those existing shareholders who bought or sold shares either from the company or from existing holders at a price of \$17,100 per share will be given a credit (debit) at the rate of \$8,000 per share (about two-thirds of the differential of the price paid versus \$5,000 per share paid on all other share transactions).

5. McFarlane will be given a credit of \$50,000 for the uncompensated consulting work rendered to AEI for the Hawkins/Enron activities.

American Equity Investors, Inc.
Allocated Percentages to Shareholders
December 16, 1989

Page 2

The Board recognized that the foregoing adjustments assumed that it was likely that AEI would effect a liquidating distribution or business combination shortly after the beginning of 1990. If it were necessary to extend guarantees to maintain the existing bank credit agreement or some replacement thereof, each shareholder would be asked to guarantee an amount equal to his adjusted percentage shown in the attached schedule. If that were the case, then it would not be necessary to make any further compensatory adjustment with respect to loan guarantees.

If in the future there are other disproportionate actions, such as purchase of shares or guarantees, then it was the sense of the meeting that further adjustments in the allocated percentages would be made on a basis consistent with that used at this time.

The Board also discussed the possibility that one portfolio asset of AEI might be sold for cash before any dividend or liquidating distribution were made to shareholders. It was the sense of the Board that in such event the cash proceeds from that sale would be used to reduce the debt of AEI. Thereafter, any distribution of residual cash and remaining portfolio assets would be made in proportion to the adjusted percentages shown on the attached schedule.

The number of shares of record shown for each shareholder reflect the purchases made pursuant to the most recent capital call, as of November 15, 1989 (according to the records of Cindy Carpenter), and the prior capital calls of March 1 and June 27, 1989. There are outstanding at the present time 270.4 shares.

FROM: Harry Huges *HH/may*

DATE: February 20, 1990

RE: Status Report

This memorandum is a status report on American Equity Investors, Inc. ("AEI").

The interest and principal payments due to The National Bank of Washington ("NBW") were made on February 1, 1990, following the earlier capital call. Some of you did not make the call, for various reasons, and a few of us had to double our calls. The stock certificates will be in the mail to all of you who made the call and increased your interests. I want to thank you all for your assistance and understanding.

I am meeting with the American Security Bank ("ASB") this coming week to iron out, I hope, the final details on moving the loan to ASB. I will keep you informed on this matter as it progresses.

THE PRELIMINARY EVALUATIONS OF USA CO. AND HAWKINS

The evaluations of Hawkins and USA Co. will be completed by the end of this month. As soon as I receive them, I will forward them to you. Shortly thereafter, I want to hold a Board of Directors and Shareholder's meeting. I will be polling you all in

Directors and Shareholders of
American Equity Investors, Inc.
February 20, 1990

the next several days to ascertain the best time. I expect it will be the first week in March.

It will be at this meeting that we will decide on the feasibility of exchanging our AEI shares for AESOP interests, or whether some other course is more advisable. Of course, a lot will depend upon the evaluations of the two companies.

Incidentally, both companies performed well during the past year, and once their year-end results are available, I will forward them to you as well. I will also invite John and Jim Hawkins to the Board meeting so that you can hear directly from them in the same way that you are able to hear directly from Dick Love on USA Co.

SALE OF AEI STOCK

Two shareholders, because of personal reasons, wish to sell a portion of their AEI holdings. I have spoken to a few of you individually concerning such a sale, but if others of you have an interest, please let me know. If not, I will continue to find a buyer or buyers on an individual basis among you.

If any of you have any questions concerning this memorandum, please let me know.

MEMORANDUM FOR: Brent Scowcroft (SCOWCROFT)

FROM: Timothy E. Deal (DEAL)

SUBJECT: Your Meeting Today with Owada

Karl Jackson mentioned to me that you will meet with Japanese Deputy Foreign Minister Owada today at 3:00 p.m. You may wish to take this opportunity to raise several points regarding the proposed European Bank for Reconstruction and Development (EBRD):

-- Soviet Participation. We would have preferred Soviet observership status in the Bank, but aside from Japan's initial support, we were isolated among the G-24. We may be prepared to accept Soviet participation as a non-borrowing contributor (i.e. the same status as the U.S. and Japan), but not as a borrowing member.

-- Private Sector Focus. This is critical to: (a) distinguish the EBRD from other multilateral lending institutions, and (b) prevent raids on the Bank's resources for massive infrastructure projects.

-- Size of the Bank. With a strong private sector focus, we have questioned the need for a 10 billion ECU fund (\$12 billion), which would invite the kind of large infrastructure projects that we oppose. We have proposed 5 billion ECU, but could agree to something in the mid-range (7.5 - 8.0 billion ECU) if there are adequate sound projects.

-- Eligibility Criteria. We want to build on a probable majority among the G-24 which favors specific criteria including democratic conditionality (e.g. commitment to a multiparty system and the rule of law) to determine eligibility to borrow.

-- Japan's position. We hope that Japan will stand firm with the U.S. on these points and look forward to further cooperation with your delegation during the negotiations.

FYI: Sonny Montgomery got in trouble with the Koreans today because he went beyond his talking points on sending a delegation to pick up the MIA remains. Not supposed to be until April - said it will probably hit newspapers soon. Apparently Baker is going to have something in his Evening Report tonight on this.

Re Peace Pearl Program. DOD has been told there will be a \$130M overrun. Apparently there is no flexibility on our side or on the Chinese side. Doug said maybe someone in the West Wing who knows the higher ups in Grumman could call and find out if they are trying to get out of the deal or what.

Finally, met with Leonard Woodcock who said he is going to try to be helpful with an article in the POST and letters to key members on China.

as you will see from the attached Memorandum, we have proposed a meeting slightly earlier than we had discussed, i.e. for 2:30pm.

We suggested this earlier time, as we noted that the President has a 3:30pm meeting scheduled the same day, and an earlier time might make the planning for a Matsunaga drop-by a little easier.

Please advise me if you have any questions. Many thanks for your assistance-- and all the best for 1990.

SUBJECT: Proposed Meeting with Minister Hikaru Matsunaga
January 11, 1990, 2:30 p.m.

Hikaru Matsunaga, Japan's Minister of International Trade and Industry (MITI), will be in Washington January 10-11. Given the number of issues currently outstanding, a meeting with you would be productive. State concurs.

As part of your proposed meeting, I suggest a brief drop-by meeting with the President to allow the President to stress the necessity for real progress on trade issues as soon as the Japanese election, of February 18, 1990, has taken place. A preliminary review of the President's schedule indicates that such an informal meeting could be arranged in the time frame of the proposed meeting with you. State concurs with a brief meeting, but not a lengthy, formal one.

We have been advised by MITI from Tokyo that Minister Matsunaga will be carrying a letter from Prime Minister Kaifu to the President.

Matsunaga will be in Washington for the expressed purpose of discussing his Ministry's import promotion plan, events in Eastern Europe (including discussing Prime Minister Kaifu's upcoming visit there), and other related issues.

SUBJECT: Appointment Request for Umberto Vattani,
Diplomatic Advisor to Italian Prime
Minister Andreotti

The Italian DCM received a call from Vattani, who requests a meeting with you the morning of January 5 or 8. We do not know what is on Vattani's mind. He will be in Key West over the weekend for a Sherpas' meeting, but it is unlikely that the G-7 summit is the reason for his request.

Vattani is a well respected career diplomat whom Andreotti brought over from the Ministry of Foreign Affairs to serve as his chief foreign policy advisor. We recommend that you agree to see him.

RECOMMENDATION

That you agree to meet with Vattani for 30 minutes on the morning of January 5 or the morning of January 8.

THE WHITE HOUSE

WASHINGTON

January 3, 1990

MEETING WITH
SECRETARY OF DEFENSE CHENEY

DATE: January 4, 1990

LOCATION: Oval Office

TIME: 1:30 - 2:00 pm

FROM: BRENT SCOWCROFT I. PURPOSE

With ground work on the Defense Management Review largely completed, Secretary Cheney will brief you and solicit your approval on the broad directions he will be taking before he issues additional directives and calls for Congressional action.

II. BACKGROUND

In NSR-11 (February 1989) you directed a review of defense management practices to improve defense acquisition, to fully implement the recommendations of the Packard Commission and to manage DoD and defense resources more effectively. A report was forwarded to you in July along with a commitment from Secretary Cheney to implement its findings. You subsequently forwarded the report to the Congressional leadership, giving the recommendations your strong personal support and asking for their cooperation in implementation.

To date substantial progress has been made in several areas. Management efficiencies have been identified. New internal Pentagon organizations like the Executive Committee (chaired by the Secretary with membership including the Service Secretaries) and the Defense Planning and Resources Board have been chartered and are up and running. Service Secretaries have submitted reports on streamlining acquisition.

But implementation has been uneven. The Defense Planning Guidance (the keystone document in the planning process) has received a great deal of effort but has repeatedly been overtaken by events and has yet to be published.

cc: Vice President
Chief of Staff

Implementation of other key recommendations has also been delayed. In particular, we have not yet seen a White Paper on DoD and the Congress that was chartered to recommend needed reforms in Congress' own processes and procedures and was due to you on October 1.

Secretary Cheney will likely present the White Paper during this meeting. This paper is particularly important as some of the most important reforms will require the cooperation of Congress to accomplish. And Congress remains skeptical. Senator Grassley (R-IA) personally told me last month that he believed the management review did not go far enough, that left to its own devices DoD was incapable of fundamental change, and that no amount of self-policing would correct what he views to be widespread corruption in the defense industry.

Your talking points emphasize your personal commitment to DoD reform, highlight the need for Congressional support and cooperation, and stress that defense management reform must be viewed as an integral part of the adjustments we will be making in our defense program in response to changes in the international environment.

POINTS TO BE MADE FOR MEETING WITH
SECRETARY OF DEFENSE CHENEY

CARD 1 OF 4

- THANK YOU FOR THE UPDATE ON THE DEFENSE MANAGEMENT REVIEW. AS YOU KNOW, I AM PERSONALLY COMMITTED TO ENSURING WE SPEND OUR LIMITED DEFENSE DOLLARS EFFECTIVELY AND EFFICIENTLY.
- I SUPPORTED THE PACKARD COMMISSION'S RECOMMENDATIONS WHEN THEY WERE ISSUED AND I CONTINUE TO BELIEVE THAT THEIR FULL IMPLEMENTATION IS ESSENTIAL.
- THE CONGRESSIONAL LEADERSHIP HAS ALSO MADE IT VERY CLEAR TO US THAT THEY VIEW DEFENSE REFORM AS AN INDISPENSABLE FOUNDATION TO ANY COHERENT RESPONSE TO THE CHANGES WE ARE SEEING IN THE INTERNATIONAL ENVIRONMENT.
- I SHARE THAT VIEW. AS WE ARTICULATE THE DEFENSE PROGRAM FOR FY 1991 AND BEYOND WE MUST MAKE IT CLEAR THAT THE DIRECTION AND PACE WE

CARD 2 OF 4

- HAVE CHOSEN IS APPROPRIATE. WE HAVE A "GOOD STORY" TO TELL AND WE MUST MAKE SURE THAT WE PORTRAY IT CLEARLY AND CONSISTENTLY TO THE CONGRESS.
- IT IS EQUALLY IMPORTANT THAT CONGRESS AND THE PUBLIC BELIEVE THE MECHANISMS USED TO DETERMINE AND IMPLEMENT THE DEFENSE PROGRAM ARE EQUALLY APPROPRIATE. THIS PUTS AN INCREASED PREMIUM ON PROMPT AND COMPLETE IMPLEMENTATION OF THE MEASURES IDENTIFIED IN THE DEFENSE MANAGEMENT REVIEW.
- ~~EVEN~~ MORE SO THAN IN THE PAST, THE DEMANDS OF FISCAL CONSTRAINTS AND A RAPIDLY CHANGING ENVIRONMENT DICTATE THAT THE DEFENSE PROGRAM REFLECT THE BROAD PERSPECTIVE OF THE EXECUTIVE AND BE INSULATED FROM THE MORE SHORT TERM AND LOCAL INTERESTS THAT FREQUENTLY MOTIVATE CONGRESS.

CARD 3 OF 4

- THIS WILL REQUIRE AN UNUSUAL DEGREE OF CONGRESSIONAL COOPERATION AND WILL BE SHORT-LIVED UNLESS THE HILL IS PERSUADED THAT THE DEFENSE PROGRAM REFLECTS BOTH PHILOSOPHICAL CONSISTENCY AND MANAGEMENT EFFICIENCY.
- CONGRESS AND THE PUBLIC MUST UNDERSTAND THAT INTERNAL DOD REFORM IS CONTINUING APACE AND, MOST IMPORTANTLY, THAT WE NEED THE HILL'S COOPERATION IN CORRECTING CONGRESSIONALLY IMPOSED INEFFICIENCIES LIKE MICROMANAGEMENT, EXCESSIVE REPORTING REQUIREMENTS, AND THE CONTINUATION OF UNNEEDED PROGRAMS.
- THIS WILL BE CHALLENGING BUT IT IS ESSENTIAL IF WE ARE TO SUSTAIN THE STRENGTH THAT HAS PRODUCED THE FAVORABLE INTERNATIONAL TRENDS WE ARE WITNESSING.
- LET ME OR BRENT KNOW WHAT WE NEED TO DO TO HELP YOU IN THIS EFFORT.

CARD 4 OF 4

- [IF SECRETARY CHENEY PRESENTS THE WHITE PAPER ON DOD AND THE CONGRESS] THANK YOU FOR THIS WHITE PAPER ON WHAT WILL LIKELY PROVE TO BE THE MOST CRITICAL ELEMENT OF THE ENTIRE DEFENSE REFORM PROCESS. I WILL REVIEW ITS RECOMMENDATIONS CAREFULLY.

POINTS TO BE MADE FOR MEETING WITH
SECRETARY OF DEFENSE CHENEY

- Thank you for the update on the Defense Management Review. As you know, I am personally committed to ensuring we spend our limited defense dollars effectively and efficiently.
- I supported the Packard Commission's recommendations when they were issued and I continue to believe that their full implementation is essential.
- The Congressional leadership has also made it very clear to us that they view defense reform as an indispensable foundation to any coherent response to the changes we are seeing in the international environment.
- I share that view. As we articulate the defense program for FY 1991 and beyond we must make it clear that the direction and pace we have chosen is appropriate. We have a "good story" to tell and we must make sure that we portray it clearly and consistently to the Congress.
- It is equally important that Congress and the public believe the mechanisms used to determine and implement the defense program are equally appropriate. This puts an increased premium on prompt and complete implementation of the measures identified in the Defense Management Review.
- Even more so than in the past, the demands of fiscal constraints and a rapidly changing environment dictate that the defense program reflect the broad perspective of the executive and be insulated from the more short term and local interests that frequently motivate Congress.

- This will require an unusual degree of Congressional cooperation and will be short-lived unless the Hill is persuaded that the defense program reflects both philosophical consistency and management efficiency.
- Congress and the public must understand that internal DoD reform is continuing apace and, most importantly, that we need the Hill's cooperation in correcting Congressionally imposed inefficiencies like micromanagement, excessive reporting requirements, and the continuation of unneeded programs.
- This will be challenging but it is essential if we are to sustain the strength that has produced the favorable international trends we are witnessing.
- Let me or Brent know what we need to do to help you in this effort.
- [If Secretary Cheney presents the White Paper on DoD and the Congress] Thank you for this White Paper on what will likely prove to be the most critical element of the entire defense reform process. I will review its recommendations carefully.

MEMORANDUM FOR BRENT SCOWCROFT

THROUGH: ARNOLD KANTER *AK*

FROM: MICHAEL HAYDEN *MH* / DON PILLING *DP*

SUBJECT: The President's Meeting with the Secretary of
Defense

The President will meet with Secretary Cheney and Deputy Secretary Atwood on January 4th to discuss the status of the Defense Management Review. At Tab I is the meeting memorandum to the President. The Secretary may take this opportunity to present the President his White Paper on DoD and the Congress which was due on October 1.

Despite repeated inquiries, we have not been able to get a draft or advance copy of the White Paper. If Secretary Cheney does present the White Paper to the President, the President should stop short of endorsing it and offering to send it to the Hill pending our review.

You may recall from your visit with Senator Grassley that defense reform remains a very hot topic in Congress. The proposed talking points for the President emphasize this fact and the need to integrate management reforms into the broader portrayal of the defense program for FY 1991 and beyond.

Concurrence by: Virginia Lampley *in draft*

RECOMMENDATION

That you sign the proposed Meeting Memorandum to the President.
