SUBJECT: Meeting with Chairman Chung

For General Scowcroft:

Your meeting with Honorary Hyundai Chairman CHUNG Ju Yong:

He is always called Chairman Chung. He started with pushcarts in Seoul and now is a true tycoon. Although ostensibly retired, he is still physically and mentally very tough. His chief objective is maximizing his own role and economic benefit in most undertakings. He presents himself as a link between the Blue House and Korean economic ventures with the USSR and North Korea. It is not in President Roh's interest to deny this, but Chung is not used as an official intermediary.

Chung's ideas are usually very big, and far bigger than the results so far achieved. Presumably he has something on his mind for the meeting today; he is very voluble. He has talked to Lilley and Gregg in the past about his dealings with the Soviet Union. Chung is less forthcoming about his activities in North Korea. If you have a chance to steer him during the courtesy call, I recommend you ask about the North Korean dealings.

Chung will need an interpreter; he prefers to bring his own and not use USG/ROK officials. I assume an interpreter will be on Florence's clearance list. I will join.

Florence: Staff consensus is that no problem if the General just listens to Coleman. He is a lawyer for both Panam and United and so has definite purpose in coming to see Brent. Rostow feels a lawyer should be present since Coleman is a lawyer.

So far we have attempted to insulate the White House from this issue, leaving State and DOT to handle what is potentially a very sensitive issue between us and the Brits.

We sent the General an info memo on the subject on Oct. 26 (8544).

SUBJECT: Egyptian Appointment Request

*Regret
this time*

Florence:

Ambassador el-Reedy would like a brief appointment with the General tomorrow. He would be accompanied by Field Marshal Abu Ghazaleh, former Minister of Defense, and Ashraf Ghorbal, former Ambassador to the United States; both gentlemen were sent here by Mubarak several weeks ago to help the Egyptian lobbying effort on the FMS debt cancellation.

The purpose of the meeting is to convey Egypt's thanks through Brent to the President. FYI: Ginny has received a request from Senator Kasten that the President receive Abu Ghazaleh for the same reason, but in view of the above Egyptian request, will be deflecting the Senator.

Abu Ghazaleh and Ghorbal intend to leave for Cairo tomorrow evening.

If you can spare 15 minutes, this is worth it -- Brent can reinforce the point that the President delivered on his word.

Ambassador Andreani

Florence, please pass to the General:

Ambassador Andreani has asked to see you later this week on the Persian Gulf. Andreani has already seen you several times since his arrival. He has seen Secretary Baker only once; the rest of his relatively frequent contacts at State have been with Under Secretary Kimmitt and with others on the seventh floor.

Unless he is charged by Mitterrand with a high-level demarche, there is no pressing need for you to see Andreani right now. Given the other demands on your schedule and the fact that Admiral Lanxade is a more useful interlocutor with France at present, I would suggest that you designate Richard Haass to brief Andreani in your stead. Richard has already briefed him in the past.

If you concur, I would convey the decision to the French Embassy personally and with tact and, should Andreani have a compelling rationale for seeing you personally, I would revise my recommendation.

Cancelled

Florence:

Late in the afternoon, Linda called to say that the AG wanted to include three of his staff people in the lunch with BS and Gates and that the General was welcome to bring a couple of staff people with him if he should like.

Before I had an opportunity to raise with BS fact that AG had added three people to lunch and did he want to take anyone, the President's scheduled departure moved from 4:00 pm to 1:00 pm. It was too late to reach AG's ofc so I called first thing this morning (8/10) and cancelled for today and said that you would work with her to reschedule sometime in September (?) when both Gates and BS were together in Washington.

From my conversation with Linda when I called back to regret that we had to cancel, she mentioned that AG just added three staff yesterday (8/9) and that he apparently had an agenda for this lunch. I suggested that she might share with you what the AG had in mind to discuss whenever you talked about rescheduling.

Dear Mr. Scowcroft:

The Washington Workshops Congressional Seminar, now in its 22nd year, provides the nation's finest young people with a forum to meet leaders at the highest level of the Federal Government--those who in large part are responsible for shaping our future.

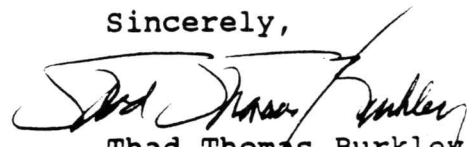

As the world stirs with the hope of new possibilities, it is more essential than ever that the youth of our country have the opportunity to talk with government leaders, and express their goals and aspirations for our nation. To this end, I would like to invite you to address a group of these students on an informal basis during our 1990 Congressional Seminars.

My colleague, Ms. Jane Knecht, will be happy to work with your appointments secretary in planning any details that are appropriate. For the convenience of your staff, our seminar sessions are as follows: January 21-27, March 4-10, April 1-7, April 22-28, June 17-23 and June 24-30.

Surely, many of our current government leaders can point to a moment in their early lives when through the words of another, they found the inspiration to serve our nation. I believe this is in part why President Bush has supported our efforts for the last eight years as a member of our National Advisory Council. I hope you will look upon this as a unique opportunity to communicate your ideas and inspire these future leaders.

Many thanks for considering this invitation. Our best wishes to you for continued success in the New Year.

Sincerely,

Thad Thomas Burkley

George Salazar called --

Due to a sudden family illness (his mother-in-law to hospital), he regrets that he will be unable to keep his 11:00 am meeting with General Scowcroft on May 7th.

He leaves next week on a USIA trip to Ecuador and would like to reschedule for May 17th. I explained that we have a foreign visitor along with a number of other things on that date and perhaps it would be best if he called you upon his return from Ecuador to reschedule for a mutually convenient time/date.

(He seemed just a little bit unsure of his schedule to me -- to call you after his return seemed the best way to handle.)

General von Uslar, at the FRG Embassy, called to ask if General Scowcroft would be present at a private meeting between Minister Stoltenberg and Dr. Kissinger in New York on April 28-29. If the General will not be at that meeting, Minister Stoltenberg would be interested in seeing the General on May 1 at the White House. Stoltenberg will also be seeing Cheney and Baker.

We think such a meeting between the General and Stoltenberg would be a good idea.

THE WHITE HOUSE

Subject: Appointment Request: Gerhard Stoltenberg, FRG Defense Minister

Gerhard Stoltenberg, FRG Defense Minister, has requested an appointment with you during his visit to Washington on May 1. Stoltenberg is a key player in the FRG's attempt to define the future security arrangements under which a united Germany would remain in NATO. He lost in a public disagreement with Foreign Minister Genscher over whether, in a unified Germany, Bundeswehr troops would be stationed in former East German territory. Nevertheless, Stoltenberg remains engaged in trying to define appropriate arrangements for that region after unification.

Stoltenberg's Defense Ministry is also responsible for managing Germany's relationship with U.S. and other Allied forces stationed in the FRG. Unification has seized the attention of the German public, but pressures remain for changes in Allied stationing practices. These pressures can be expected to increase as the unification process raises questions in the public's mind about the reasons for stationing foreign forces on German soil.

Stoltenberg will meet with Secretary Cheney the morning of May 1, and has also requested a meeting with Secretary Baker. If possible, Stoltenberg's staff has asked for an appointment with you between 1:30 and 5:00 p.m. on May 1.

Dear Brent,

I will be in Washington the week of the 29th of April.
Would it be possible meeting together ? I would like to resume our previous
discussions, especially on super-computers and, may-be, on Space. Things
have moved on this side of the Atlantic since we have met.

I would like also to give you my own views on evolution of
Europe and, not easy, Germany and US-Europe relations.

Looking forward to see you.

Guillaume SCHLUMBERGER became Vice-President of HCI in 1990.

As a Senior Civil Servant, he has filled several posts in the French Ministry of Defense, dealing with security policy-making, defense equipment exports and cooperation programs :

- 1988-1989 : Financial Advisor to the Delegate for International Affairs ;
- 1987-1988 : Advisor to the Minister of Defense ;
- 1985-1986 : Directorate for International Affairs ; economic affairs, European cooperation, relations with NATO.

In these different posts, Guillaume SCHLUMBERGER acquired valuable experience in areas as varied as the financing of defense equipment exports, multilateral negotiations and strategic issues.

He graduated from the Ecole Polytechnique in 1979 and from the Ecole Nationale et Administration in 1985. He is a member of X-Europe an association of former students from Ecole Polytechnique.

INTERNATIONAL COUNCIL CONFERENCE III

Dear Distinguished Participants:

It is my pleasure to welcome you to the nation's capital and to the third USIA International Council Conference. Your presence here honors us and is an affirmation of your commitment to our shared goals of peace with prosperity and freedom throughout the world.

We are faced today, just as we were when we met in 1988, with complex global challenges that can only be met if we work in concert. The issues we will address during this Conference are critical: The Future of Europe; The Ascendancy of the Democratic Idea; Implications of the Communications Revolution; Narcotics; The Environment; Terrorism and Refugees. The exchange of views and insights which will take place over the next three days will make an important contribution towards their resolution.

What none of us could have foreseen two years ago, however, is the remarkable events which have taken place, particularly in the Soviet Union and Eastern Europe, and which have brought democracy closer to the lives of millions of people.

The Conference is neither the beginning of our work -- you would not be here today if you were not already concerned with these vital matters -- nor is it the end of our work -- the challenges before us are formidable.

What this Conference affirms is that men and women of good will can come together to create and advance a vision of a world of liberty, mutual understanding and security for all of its citizens.

Please accept my personal thanks for coming to Washington and participating in the USIA International Council Conference III.

UNITED STATES INFORMATION AGENCY

INTERNATIONAL COUNCIL CONFERENCE III

USIA INTERNATIONAL COUNCIL STATEMENT OF PURPOSE

The International Council of the United States Information Agency is a nonpartisan assembly of distinguished private foreign and American citizens who are leading opinion makers.

In 1978, Congress designated the USIA Director to advise the President, the Secretary of State and the National Security Council about foreign perceptions of United States policies and actions. Creation of this Council in October 1987 added a new private sector dimension to that process.

The Council's principal role is to provide a forum for the expression of candid and unvarnished views, not only about foreign attitudes toward America, but important global trends and concerns which may affect participant nations.

During two and one-half days of formal and informal sessions, opinion leaders from over 40 nations have an opportunity to engage in frank exchanges of views and information with Cabinet members, high-ranking White House officials, Members of Congress and leading experts in various fields. Participants learn directly about American policies from our leaders and, just as importantly, they share their views and perceptions of the United States and its policies.

The International Council Conference is noted for its private sector participation and voluntarism. The prominent Co-Chairmen and Vice Chairmen represent the private sector and provide advice on all substantive aspects of the Conference. All participants donate their time and travel expenses. Expenses of the Conference are paid by private sector donations.

The topics at the May 1-4, 1990 International Council Conference will include The Future of Europe, The Ascendancy of the Democratic Idea, Implications of the Communications Revolution, and Transnational Issues: the environment, terrorism, narcotics and refugees.

Robert Kleiman, formerly with NYT now at Stanford writing a book, said he is an old friend and met you at the dinner the other night. He said you told him to call the office to set up an appointment. He will be in town today and tomorrow only, departing at 2:30. I explained that both today and tomorrow were extremely heavy schedule days for you -- foreign Heads of State in town, etc., etc. He asked about lunch -- you had the Endara luncheon today and tomorrow you go to the Hill w/Ginny for the Senate Republican Cmte luncheon. Shall I continue to plead heavy schedule or do you want me to try to schedule something later this evening.

Richard Helms wants you to meet with A. B. Vajpayee, Head of the B.J.P. Party -- Hindu Fundamentalists. He will be in town only on Thursday, April 26.

I checked with Sandy Charles who checked with State. Apparently Helms has already talked with State and State is not going beyond the John Kelly level -- Kelly will meet with him but Kimmitt will not. Sandy and Richard both think you should not meet with him because you will give him more stature than he deserves. You should tell Helms that your schedule will not permit the meeting and suggest he meet with "your experts," Richard and Sandy.

Please advise.

MEMORANDUM FOR BRENT SCOWCROFT

THROUGH: ROBERT D. BLACKWILL *RB*
FROM: CONDOLEEZZA RICE *CL*
SUBJECT: Request for President to Meet with Soviet Emigre

At Tab I is a memorandum from you to Fred McClure, who has asked whether the President ought to see a Soviet emigre trying to gain the release of her husband who is still in the Soviet Union. Senator Humphrey passed the request to Fred, thinking that a photo opportunity with the President would help the woman's cause. Mrs. Raiz has already had a photo opportunity with the President on the occasion of the Hanukkah ceremony at which time the President mentioned Mrs. Raiz' husband. NSC recommends against an appointment.

SUBJECT: Appointment Requests

OK
1. Austrian Ambassador Hoess will be receiving a letter to the President from Chancellor Vranitzky concerning the European Bank for Reconstruction and Development. Hoess would like to deliver it personally to General Scowcroft or Bob Gates next week (March 5-9), using the opportunity to share his thoughts on Europe. We recommend that both decline, leaving it to us to receive Hoess and the letter.

General
OOT
2. John Weinmann, U.S. Ambassador to Finland, will be back for consultations March 13-15 and would like to see General Scowcroft. We understand the two spoke by phone. As Ambassador Weinmann has indicated no particular agenda save a possible official visit by President Koivisto in early 1991, we see no particular reason to recommend that the General see Weinmann.

Could you please seek guidance on these two requests? We will be glad to handle the necessary notifications. Thanks.

SUBJECT: CFE MANPOWER LIMITS

Reschedule

Florence: Please give the following message to Brent and Bob. It would be useful if they saw it before the meeting this morning with General Galvin.

Thanks.

-- Arnie

Brent:

Reporters are picking up the story that the military is unhappy with the Ottawa decision on U.S. and Soviet stationed manpower (195/30), and are trying to walk the decision back. As one part of this effort, the story continues, they are looking for ways to avoid recording the 30,000 "ceiling" in the CFE treaty (which is true).

As you know, the military (among others) does not like the way the Ottawa decision came out. Specifically, they think that will not be able to support what they need (and believe the budget will permit them to have) outside the Central Zone if they are only allowed to have 30,000. That is, they will have to cut units solely to stay within the 30,000 limit. This is one of the main reasons they were looking for some flexibility to go lower than 195,000 in the Central Zone and go higher outside the zone, all within a 225,000 cap. (They think that, given the budget realities, there isn't a chance in the world that they can keep 195,000 in the Central Zone.)

You may want to go over this ground with Gen Galvin this morning and, in doing so, urge him to do what he kind to discourage the kinds of news leaks about the military's unhappiness that are beginning to emerge.

Marcus Raskin, former member of NSC staff under Kennedy, called to see you with George McGovern, James Abourezk, William Fullbright, Rod MacArthur, Publisher of Harpers, and Saul Landau regarding the Panama Question. He referred specifically to an ad in last Thursday's New York Times (attached) criticizing the Administration's decision to go to Panama. Several thousand wrote in in support of the ad.

Bill Pryce recommends against your seeing this group - said it wouldn't do any good.

Dear Mr. President:

Your invasion of Panama is illegal.

This invasion, undertaken without consulting Congress, is a violation of the Constitution of the United States, Article 1, Section 8 which clearly states that Congress, not the President, has the power to declare war.

It also violates the U.N. Charter, the OAS Charter and the Canal Treaties.

In resorting to force rather than diplomacy against a Latin American neighbor, you have continued the disastrous pattern of your predecessors and the undermining of U.S. credibility abroad.

Small wonder that the people of Latin America distrust the U.S. For them this is not Operation Just Cause but Operation Just Business.

Granted General Noriega's regime, like all too many around the world, was repressive.

But that does not justify your violating the U.S. Constitution. Nor does it justify interfering with the sovereign nation of Panama.

By sending 24,000 American troops into Panama, you have caused immense damage to this already damaged country. You have killed at least 400 Panamanians, injured hundreds more, caused more than \$100 million in destruction, and left thousands homeless.

And 26 Americans lie dead and hundreds are wounded.

We object to this lawlessness, the carnage and the damage.

We object to the mockery of our Constitution and the freedom it safeguards.

We object to the idea that we can impose democracy on another nation.

We call on you to withdraw the troops now, restore sovereignty to Panama and make reparations to the civilian victims immediately.

Sincerely,

James Abourezk

General:

Senator Charles Percy called with two questions:

(1) Invites you to his home in Georgetown for lunch next Friday to meet with Foreign Secretary Prlja of Serbia, who will be in Washington next week; he is also inviting Larry Eagleburger. If you are unable to come, he would like for you to send a staff member. Millie, ~~she~~ said that Larry was giving a lunch next Friday and could not attend. I happened to be talking with Condi so asked her opinion. She recommends against getting involved with Serbia, that it would be fine if Bob Hutchings who handles Yugoslavia attends, if you want him to.

Should I check with Bob Hutchings to see if he is interested _____ ✓

(2) Would like to set up appointment for you to see Bob Price, Chairman & CEO of Control Data Corporation who will be in town Feb 6 (meeting with Watkins & others). This concerns CDC's sale of computers to the Soviet Union, pending export license case. Condi also recommended you not get involved in this, that Tim Deal offer to see them. They would end up quoting what you say to them and seeing Time would get them into the WH which is what they want.

Ask Tim to see them _____ ✓

Congressman Livingston called to ask a "favor" of you -- he said he had spoken to you earlier about it.

Eric Melby is going to be meeting with Layton Stewart and Frank Walker regarding strategic oil reserves tomorrow at 2:00. Congressman Livingston said it would be very nice if you could put your head in for a minute and say hello.

Livingston said it was not necessary for you to call him back.

If this is something you want to do, I will work with Eric and see what we can work out.

She said it was a personal matter. I called Peter to find out more. He said she wants to discuss something very sensitive re Soviet subject -- he would not tell me anything more. I asked if he would tell you more if you asked and he said he would. Do you want me to have Peter come over tomorrow?
