WOODFOREST BANK CLUB

Located in the North Plaza of The Pavilion, the Woodforest Bank Club's relaxed patio is perfect for soaking up the beautiful scenery with The Pavilion's peaks and hill as the backdrop. The new building, which opened in August 2017, boasts two floors of expansive seating, three bars, a catering kitchen and expanded restrooms. A memorabilia wall showcases photographs, signed guitars and concert posters of various artists who have performed on the venue's main stage since its inception in 1990.

The Woodforest Bank Club is a year-round facility, so use is not limited to The Pavilion's season. Even though the club is not available for rental during performances, it is available for group meetings or private functions every other day of the year.
